SOCIOLOGY (SOC)

SOC 8010 CLASSICAL SOCIOLOGICAL THEORY (3 credits)
This course surveys the nineteenth century writers whose ideas have had a strong influence on the development of contemporary sociology and sociological theories. It examines work in such areas as: structural functionalism; conflict theory; rationalism; and the beginnings of modern symbolic interaction, feminist, and race theory. The course emphasizes a close reading of original texts, as well as seminar-style class discussions. Prerequisite(s)/Corequisite(s): Graduate; permission of instructor if outside Sociology MA program.

SOC 8020 CONTEMPORARY SOCIOLOGICAL THEORY (3 credits)
This course reviews some of the most important developments in contemporary sociological theory. It examines work in such areas as: symbolic interactionism, phenomenology and ethnomethodology; dramaturgical analysis; functionalism and neo-functionalism; structuralism, post-structuralism and postmodernity; postcolonial and subaltern studies; neo-marxism; critical theory; critical race studies; feminist theory; cultural theory; and world systems and globalization theory. The course emphasizes a close reading of original texts, as well as seminar-style class discussions. Prerequisite(s)/Corequisite(s): Graduate; permission of instructor if outside Sociology MA program.

SOC 8026 COLLECTIVE BEHAVIOR (3 credits)
Group and individual processes of ephemeral social action and institution formation are studied. The development of transitory groups and ideologies in new movements and organizations through opinion formation; case and comparative investigations of the origins and growth of collective movements are made and relevant social theories are applied. (Cross-listed with SOC 4020)

SOC 8030 SOCIOLOGICAL INQUIRY & RESEARCH DESIGN (3 credits)
This course focuses on the research design process from a sociological perspective. It gives broad, intermediate-level coverage to social science research methodology, with an emphasis on the logic of research procedures. Topics covered include the relationship of theory and research, causal analysis, sampling, and quantitative and qualitative design approaches. Prerequisite(s)/Corequisite(s): Graduate; undergraduate course in research methods; permission of instructor if outside Sociology MA program.

SOC 8040 SOCIOLOGICAL STATISTICS (3 credits)
This course focuses on intermediate statistics and data analysis as applied to social research. Topics include descriptive statistics, probability, significance tests, multiple regression, and more advanced topics as time permits. Students will also learn how to utilize computer software packages to perform statistical analyses. Prerequisite(s)/Corequisite(s): Graduate; undergraduate statistics course; permission of instructor if outside Sociology MA program.

SOC 8050 SEMINAR ON TEACHING: PEDAGOGICAL THEORY AND PRACTICE (3 credits)
A survey of various approaches to teaching at the college level (including critical, feminist, and other pedagogical theories) as well as strategies that can be employed in teaching. Topics include: syllabus and course design, evaluation and assessment strategies, developing a teaching style and philosophy, and the scholarship of teaching and learning. Emphasis is on preparing new teachers in sociology, but the course is intended for any graduate student who may already be teaching or anticipates teaching in the future. Prerequisite(s)/Corequisite(s): Enrollment in the graduate program in sociology or permission of the instructor.

SOC 8060 QUALITATIVE METHODS (3 credits)
This course familiarizes students with contemporary qualitative methodologies and techniques by which the social sciences explore social and cultural relations in natural settings. Students will conduct individual and/or group field projects. Prerequisite(s)/Corequisite(s): Graduate standing or permission of the instructor.

SOC 8080 THEORIES OF FAMILIES (3 credits)
A core course in sociology and anthropology of the family. Gender and kinship systems are analyzed in the comparative study of family institutions and relationships. In addition to substantive material on the family in various societies, the course covers theoretical perspectives on the family and the history of family studies in sociology and anthropology. Prerequisite(s)/Corequisite(s): Enrollment in the graduate program in sociology or permission of the instructor. SOC 8080

SOC 8100 SOCIAL INEQUALITY (3 credits)
This course examines social inequality from a sociological vantage point. Students will review theoretical frameworks for studying social inequality, processes that result in the unequal distributions of individual resources, empirical analyses of inequality, and the consequences of various inequalities for intergenerational social mobility. While the course focuses on inequality in the United States, global and international dimensions of social inequality are also covered. Prerequisite(s)/Corequisite(s): Graduate; permission of instructor if outside Sociology MA program.

SOC 8106 THE COMMUNITY (3 credits)
A basic course in community sociology. Sociological theory and the techniques of empirical research are applied to published studies of communities in the United States and elsewhere. The comparative social scientific method is elaborated as it pertains to data derived from community investigation. (Cross-listed with SOC 4100)

SOC 8110 SOCIAL PROBLEMS OF THE DISADVANTAGED (3 credits)
A survey of the social problems existing in disadvantaged communities. The effects upon individuals of such settings. The subculture of poverty. Prerequisite(s)/Corequisite(s): SOC 8110

SOC 8120 SEMINAR IN SOCIAL GERONTOLOGY (3 credits)
A topical seminar focusing on the sociology of aging. Students are encouraged to develop proposals for research, programs or social policy. Focus is upon generational differences and age changes throughout the adult life. Prerequisite(s)/Corequisite(s): Permission of instructor.

SOC 8136 SOCIOLOGY OF DEVIANT BEHAVIOR (3 credits)
A theoretical analysis of the relation of deviant group behavior and subcultures to community standards of conventional behavior as expressed in law and norms. (Cross-listed with SOC 4130)

SOC 8146 URBAN SOCIOLOGY (3 credits)
Examines urban theoretical perspectives, urbanization processes, the diversity of metropolitan communities, urban stratification, metropolitan growth, urban neighborhoods, community power and urban policy and planning. (Cross-listed with SOC 4140)

SOC 8156 AMERICAN FAMILY PROBLEMS (3 credits)
This course explores the problems and issues faced by contemporary American families, such as racism and sexism; the challenges of childhood and adolescence; divorce and remarriage; work and family conflict; and family violence. The difficulty of defining both "family" and "problems" is addressed throughout the course. (Cross-listed with SOC 4150)

SOC 8176 SOCIOLOGY OF FATHERHOOD (3 credits)
This course examines the existing social science research on fatherhood, exploring topics such as the evolution, history, demography, and politics of fatherhood; father involvement and its relationship to both children's and men's well-being; the effects of diversity and family structure on fatherhood; and public policy surrounding fatherhood. (Cross-listed with SOC 4170) Prerequisite(s)/Corequisite(s): Graduate standing. Not open to non-degree graduate students.
SOC 8200  SOCIETY & HEALTH (3 credits)
The course provides a critical sociological understanding of health, illness, healing, and medical care within a social context. The focus ranges from examining health and illness behavior and patient-provider interaction to issues addressing the social organization of health care and medicine. 
Prerequisite(s)/Corequisite(s): Enrollment in sociology graduate program or permission of the instructor.

SOC 8216  DISABILITY AND SOCIETY (3 credits)
This course takes a sociologically grounded but interdisciplinary look at the past, present, and potential future of disability. Along the way, competing models and theories of disability are critically explored and substantive issues pertaining to the social experiences and social responses to people with disabilities are discussed. (Cross-listed with SOC 4210)
Prerequisite(s)/Corequisite(s): SOC 1010 and junior or senior standing; or permission of instructor. Not open to non-degree graduate students.

SOC 8256  LATINO/A MIGRATION (3 credits)
The course covers major issues related to: 1) the political-economic and socio-cultural factors that have shaped Latino migration streams historically and in today's world economy and, 2) contemporary empirical methodologies and findings related to the causes and multiple socioeconomic costs and benefits of migration streams for immigrants as well as "sending" and "receiving" communities.

SOC 8316  SOCIOLOGY OF SEXUALITIES (3 credits)
This class focuses on the social construction of sexualities - especially heterosexual sexualities, bisexual sexualities, and homosexual sexualities. A primary focus of the class will be LGBT/Queer Studies. The class examines how sexual desires/identities/orientations vary or remain the same in different places and times, and how they interact with other social and cultural phenomenon such as government, family, popular culture, scientific inquiry, and race, gender, and class. (Cross-listed with SOC 4310)
Prerequisite(s)/Corequisite(s): Not open to non-degree graduate students.

SOC 8356  WORK & FAMILY (3 credits)
This course examines the contemporary problems that individuals, families and communities in the U.S. have in integrating work and family/personal life. (Cross-listed with SOC 4350)

SOC 8500  COMPLEX ORGANIZATIONS (3 credits)
This graduate seminar provides an overview focused on the understanding and analysis of intricate internal and external organizational forces such as organizational bureaucracy, organizational culture, autonomy and control systems, which affect performance of organizational members as well as influence organizational survival. (Cross-listed with CACT 8500)
Prerequisite(s)/Corequisite(s): Graduate enrollment or permission of class instructor.

SOC 8506  LAW, THE FAMILY AND PUBLIC POLICY (3 credits)
This course analyzes law and public policy affecting the family in a variety of areas, which include: family violence; divorce, child custody, and child support; reproductive technology, contraception, and abortion; unmarried couples' and parents' rights; welfare; care and support of the aged; rights of parents to determine education and health care of their children; adoption and foster care, etc. New policy proposals and likely changes in law are considered, as well as the process of policy formation and legal change. The role of the professional in this system, including legal regulation and ethical issues, is considered. (Cross-listed with SOC 4500)
Prerequisite(s)/Corequisite(s): Six hours social science or human services or permission.

SOC 8550  ORGANIZATIONAL CULTURE (3 credits)
As a core course in sociology of organizations, this course provides a sociological understanding of the processes of cultural formation as well as the nature of cultures within organizations. Emphasis will be placed on the roles of organizational culture and subcultures to organizational processes. 
Prerequisite(s)/Corequisite(s): Graduate standing, graduate certificate enrollment or permission.

SOC 8556  SOCIAL DIVERSITY IN ORGANIZATIONS (3 credits)
This course focuses on the sociological understanding, analysis and management of social diversity in the workplace. Major issues and attitudes toward racial and ethnic minorities, older workers and workers with disabilities, as well as strategies for implementing diversity in the workplace are examined. (Cross-listed with SOC 4550)
Prerequisite(s)/Corequisite(s): Graduate students or certificate students.

SOC 8600  SEMINAR IN SOCIAL ORGANIZATION (3 credits)
Assigned reading, discussion, specialized individual work leading to the writing and presentation of a paper applicable to a general topic in social organization selected by the instructor. As seminar topics change, this course may be repeated in a student's program without implying duplication.
Prerequisite(s)/Corequisite(s): Permission.

SOC 8626  SOCIOLOGY OF FORMAL ORGANIZATIONS (3 credits)
Examines organizational theory and research. Analyzes organizational problems such as goals and effectiveness; authority, leadership and control; professionals in organizations; communications; clients; organizational change; and organizations and their environments. Comparative analysis of many types of organizations such as business, industry, schools, prisons and hospitals with special attention given to human-service organizations. (Cross-listed with SOC 4620)
Prerequisite(s)/Corequisite(s): Nine hours of sociology including SOC 1010 or permission of instructor.

SOC 8650  SEMINAR IN OCCUPATIONS AND PROFESSIONS (3 credits)
Assigned reading, discussion, specialized individual work leading to the writing and presentation of a paper applicable to the sociology of occupations and professions. Questions relating to theory, research and practical application are considered. 
Prerequisite(s)/Corequisite(s): Graduate and permission of instructor.

SOC 8700  SEMINAR IN SOCIOLOGICAL THEORY (3 credits)
Assigned reading, discussion, specialized individual work leading to the writing and presentation of a paper applicable to a general topic in sociological theory selected by the instructor. As seminar topics change, this course may be repeated in a student's program without implying duplication.
Prerequisite(s)/Corequisite(s): Permission.

SOC 8706  WOMEN'S HEALTH AND ISSUES OF DIVERSITY (3 credits)
This course provides a critical understanding of the inter-relationship between socio-cultural, economic, and political factors and women's physical and mental health. The aim is to provide an overview of the experience with the health care system. Emphasis will be on critically examining recent scholarship from a sociological, behavioral, health policy perspective. (Cross-listed with SOC 4700, HED 4700, HED 8706)
Prerequisite(s)/Corequisite(s): Graduate standing.

SOC 8746  SOCIAL JUSTICE AND SOCIAL CHANGE (3 credits)
This course investigates the economic, political and social constraints on equality present in local, national and global arrangements. Students will gain a theoretical understanding of these conditions as well as those that lead to social change, spanning from day-to-day resistance techniques to large scale social movements. Students will participate in a service learning or applied project as they explore contemporary social justice issues and learn both theoretical and practical tools needed to become successful change makers, activists, or community organizers. Examples of social justice movements or campaigns form the basis for understanding injustice at a local, national, and global level. (Cross-listed with SOC 4740)
Prerequisite(s)/Corequisite(s): SOC 1010 and junior standing; or permission of instructor.
SOC 8756 SOCIAL CHANGE AND GLOBALIZATION (3 credits)
A historical and comparative review of theories, models, and political ideologies of social change. Topics include the globalization model of social change and the role that governments, transnational corporations, multilateral agencies, and local groups and organizations play today in creating and responding to social change. (Cross-listed with SOC 4750)

SOC 8766 ENVIRONMENTAL SOCIOLOGY (3 credits)
This course is an introduction to environmental sociology, a field of sociology that explores the interaction between the environment and society. Environmental sociologists consider how political, social, and economic factors have come to shape our patterns of interaction with the natural and built environment. Students will be expected to use the sociological perspective to understand the landscape of environmental problems, focusing on such issues as environment and health, disaster, environmental policy, climate change, environmental risk, human and animal interactions, sustainability, environmental justice and social movements. (Cross-listed with SOC 4760).

SOC 8806 CONTEMPORARY TOPICS IN SOCIOLOGY (3 credits)
This course reviews research and writing in an area of current interest in the field of sociology. The specific topic(s) to be covered will be announced at the time the course is being offered. Since the topics will vary, students may elect to take this course more than once. (Cross-listed with SOC 4800)

Prerequisite(s)/Corequisite(s): Sociology major; or permission of instructor.

SOC 8826 TEAM RESEARCH SEMINAR (3 credits)
Students participate in a semester-long class research project. Students will be involved in all stages of research: problem formulation, literature review, research design, measurement construction, data collection, data analysis, report writing and presentation of findings. The project's focus will vary, but it may often involve issues confronting Omaha, a particular organization or a specific group of people. (Cross-listed with SOC 4820)

Prerequisite(s)/Corequisite(s): Junior and SOC 2510 and permission of instructor.

SOC 8836 SOCIOLOGY OF MENTAL HEALTH & ILLNESS (3 credits)
This course will apply the sociological perspective to various topics regarding mental health and illness. The course will cover topics such as the social construction of mental illness, the social epidemiology of mental illness, labeling and stigma of those with a mental illness, and mental health policy/treatment. (Cross-listed with SOC 4830)

Prerequisite(s)/Corequisite(s): SOC 1010, and junior standing or permission of the instructor.

SOC 8856 SOCIOLOGY OF RELIGION (3 credits)
Analysis of religious behaviors from a sociological and social-psychological perspective and utilizing both theoretical and empirical materials. The class is designed as an introductory approach to the sociology of religion, and the first in a two-step sequence, undergraduate and graduate. (Cross-listed with SOC 4850)

SOC 8950 PRACTICUM IN APPLIED SOCIOLOGY (3 credits)
A practical work experience under supervision that provides opportunity for applying principles from the student's academic area of concentration.

Prerequisite(s)/Corequisite(s): Graduate sociology major. Not open to non-degree graduate students.

SOC 8960 APPLIED PROJECT (1-6 credits)
This capstone experience in the applied project option is an independent research project conducted in an applied setting under the supervision of a graduate faculty member in the department.

Prerequisite(s)/Corequisite(s): Graduate sociology major; permission of the graduate program chair. Not open to non-degree graduate students.
