Music, MM
School of Music, College of Communication, Fine Arts & Media

Vision Statement
The Master of Music degree at the University of Nebraska at Omaha is divided into three concentrations: Music Education, Music Performance, and Conducting. The Music Performance concentration is a thirty-hour program that emphasizes performance and applied music. Courses dealing with history, theory, and pedagogy (as they relate to performance) are included, and opportunities for internships and performances in local professional organizations such as Opera Omaha and the Omaha Symphony are enjoyed by students at UNO. The Music Education concentration is available in both a thirty-hour thesis and thirty-six hour non-thesis option. Music Education graduate courses emphasize pedagogy and practical application of music skills and research for teachers at all levels. The Conducting concentration is a thirty-hour program that emphasizes individualized instruction in conducting and maximizes experiences in front of an ensemble. Courses in music history, literature, and theory supplement the practical experience to help produce well-rounded graduates with considerable knowledge of techniques and literature.
