GLOBAL INFORMATION OPERATIONS CERTIFICATE

Departments of Political Science, Computer Science and Religion, College of Arts and Sciences and Information Science and Technology

Vision Statement

The certificate in Global Information Operations is a program designed to meet the need for a broad-based, interdisciplinary understanding of international cultures and related issues in today's global society by graduate students, active duty military and civilian professionals working in the fields of public service, national security, defense policy and intelligence analysis. The program seeks to satisfy varying academic, career, and professional post graduate goals of traditional and non-traditional students that prepare them for their responsibility as active citizens through leadership, participation and employment in diverse environments throughout the nation and the world. At this point in time, this certificate is not offered for online students.

Admissions

Application Deadlines

- Fall: June 15
- Spring: October 15
- Summer: March 15

Program Specific Requirements

For students applying to, or who are already in a UNO graduate program

- 3.0 GPA (most recent GPA)
- Applies for certificate via the UNO application system

For students applying for this certificate as a stand-alone program:

- Bachelor's degree and/or Master's degree
- 3.0 GPA (most recent GPA)
- 2 Letters of Recommendation from a former professor, supervisor, or individual that can speak to one's academic potential in a graduate program
- Professional resume
- Official transcripts from all institutions previously attended.
- Applicants whom English is not the language of nurture should have a score of 80, internet-based TOEFL, with no sub-score under 15. The IELTS and PTE English proficiency tests are also accepted. Those scores must translate to the minimum internet-based TOEFL equivalent to be considered for admission. Passing with a minimum score does not guarantee admission into the program.
