

FIRE SERVICE MANAGEMENT MINOR

A minor in fire service management provides an in depth cross-section of the fire service profession. The minor provides expertise in emergency fire response, and prepares students for the management of fire service and public safety personnel, physical and financial resources, and risk identification. The minor is a stepping-stone for those interested in careers related to fire.

Fire Service Management Minor Requirements

The minor requires the following 18 credit hours with grades of C- or better:

Code	Title	Credits
All of the following		18
EMGT 1000	INTRODUCTION TO EMERGENCY MANAGEMENT	
FSMT 2200	CODES AND INSPECTIONS
