BUSINESS ADMINISTRATION, MBA AND UNMC PHARMD (MBA/PHARMD)

Department of Business Administration, College of Business Administration; UNMC College of Pharmacy

Vision Statement
The MBA/PharmD dual degree program is designed for pharmacy students who desire to possess both clinical skills and an understanding of business management, leadership, and strategic decision making. Graduates will be prepared to anticipate change and to make decisions that balance patient outcomes and the overall cost of care.

MBA Project-Focused Capstone

The MBA project-focused capstone course for the Master's of Business Administration (MBA) degree will focus on the students completing a service-learning consulting project for a nonprofit or other organization. This consulting project will focus on the application of the knowledge and skills learned in the MBA program. A minimum grade of B (3.0 on a 4.0 scale) grade required to complete the course successfully and qualify for graduation. Prerequisite: Students must successfully complete BSAD 8630, BSAD 8420, and BSAD 8830 before taking the Capstone course. Students must also complete this course in the final semester or within the last nine (9) hours of their MBA program. Not open to non-degree graduate students.

Other MBA Requirements

Attendance at a minimum of two (2) MBA Leadership Seminars.

Academic Performance

MBA Program Two Strikes Rule

A UNO MBA student may enroll only twice in each MBA course. If the class is not successfully completed on the second attempt then the student will be dismissed from the MBA program. An enrollment is defined as being enrolled in the course after the last day to withdraw via MavLINK and receive a 100% refund. The last day for withdrawal will be as stated in the current academic calendar for a full semester course (3 credits); for an eight-week course (2 credits) the last day for withdrawal will be the third day (including the start date) of the course as designated in MavLINK.

MBA Program Academic Performance

Students earning a third grade of "C+" or lower (or any single grade below "C" 1.67 on a 4.0 scale) will be automatically dismissed from the MBA program. Dismissed students will be immediately administratively withdrawn from all courses in which they are enrolled for MBA credit.

Students who have been dismissed may not enroll in any courses for MBA credit in any subsequent semester or summer session until reinstatement has been granted by the College of Business Administration's Graduate Program Council (CBA GPC) and graduate dean.

Students who have been dismissed from the MBA program may submit a written petition for reinstatement to the CBA GPC. Students who have petitioned the CBA GPC for reinstatement may not enroll in any courses for MBA credit. Upon receiving a petition for reinstatement, the CBA GPC will evaluate the student's written petition for reinstatement. As part of the reinstatement petitioning process, the CBA GPC reserves the right to examine the student's academic record and reserves the right to speak to any previous instructor who has taught the student and this information may be used by the CBA GPC in the reinstatement decision. Information provided by previous instructors will not be shared with the student.

Reinstatement is a privilege and not all students who are dismissed will be reinstated. Students who have been reinstated will serve a probationary period of the CBA GPC's discretion and must satisfy the probationary conditions specified by the CBA GPC. In addition to probationary conditions, reinstated students will be subject to additional reinstatement conditions as specified by the CBA GPC. These reinstatement conditions will include retaking one or more courses in which the student must earn a grade of "B" (3.0) or higher (the exact grade requirements for retaken courses may in fact be higher than "B" (3.0)). Students not achieving the probationary or reinstatement conditions will be automatically dismissed.

CBA GPC Will Consider Grades Earned in Repeat Courses

When making decisions based on Quality of Work Standards issues, the CBA GPC will consider the initial grade(s) received in a course as well as the most recent grade received for the course. This approach differs from the method used to calculate GPA in a student's MavLINK file, where the most recent grade replaces the grade received in the previous attempt.

Student Responsibilities

- Each student admitted to graduate studies is responsible for knowing the procedures and regulations of the Graduate College.
- Each student admitted to the MBA/PharmD will, within the first semester of their enrollment in the MBA program, file a plan of study in close consultation with a graduate advisor.
• Once admitted to the MBA/PharmD dual degree program, the MBA director in the College of Business Administration will oversee the student’s progress in the MBA curriculum, and faculty in the College of Pharmacy will oversee the student’s progress in the PharmD curriculum.
• Each student has to complete the MBA orientation.
• Students must maintain academic eligibility as defined by each degree program.
