| Elective            |               | 2 |

Complete your final advising check before graduation. Polish your resume, cover letters, and LinkedIn profile. Stay connected by joining alumni networks and professional organizations. Apply for graduation via MavLink.

**Credits** **15**

**Total Credits** **120-122**

**College Breadth:** Students should plan on using at least 15 hours of "Electives" to fulfill Option 1, 2, or 3, of the College of Arts and Sciences' breadth requirement.

**Upper Level Credits:** Students need 27 upper level credits throughout the degree with at least 18 upper level credits within the major. Electives may need to be selected at the 3000-4000 level to reach these minimums.

#### Additional Information About this Plan:

**University Degree Requirements:** The minimum number of hours for a UNO undergraduate degree is 120 credit hours. Please review the requirements for your specific program to determine all requirements for the program. In order to graduate on-time (four years for an undergraduate degree), you need to take 30 hours each year.

**Placement Exams:** For Math, English, Foreign Language, a placement exam may be required. More information on these exams can be found at <https://www.unomaha.edu/enrollment-management/testing-center/placement-exams/information.php>

Transfer credit or placement exam scores may change suggested plan of study.

**GPA Requirements:** 2.0

**Note:** This plan provides a general guide, but your specific courses, experiences, and career goals may differ. Work with your academic advisor to ensure you're meeting degree requirements and consult with career advisors to explore internships, research opportunities, and post-graduation plans. Regular check-ins will help you stay on track and make the most of your time at UNO!

## Anthropology Sociology, Bachelor of Science with a Concentration in Anthropology Requirements

Select two 3-credit courses from the following\* 6

|           |   |
|-----------|---|
| SOC 3840  | WORLD POPULATION AND SOCIAL ISSUES (** ^)   |
| SOC 4180  | OCCUPATIONS & CAREERS: FULFILLMENT AND CHALLENGES AT WORK (^)   |
| SOC 4350  | WORK & FAMILY (^)   |
| SOC 4550  | ORGANIZATIONAL DIVERSITY AND INCLUSION (^)  |
| SOC 4620  | APPLIED FORMAL ORGANIZATIONS (^)  |
| SOC 4800  | CONTEMPORARY TOPICS IN SOCIOLOGY (^ When topic is relevant to the concentration and by approval of major advisor) |
| ANTH 4210 | CULTURAL ANTHROPOLOGY (^)   |

\*One of the following courses may be substituted for one of the “select two” courses listed above:

|          |   |
|----------|---|
| SOC 3300 | SOCIOLOGY OF GENDER (** ^)                |
| SOC 3690 | SOCIAL INEQUALITY (^)                     |
| SOC 3700 | INTRODUCTION TO LGBTQ STUDIES (** ^)      |
| SOC 3900 | RACE AND ETHNIC RELATIONS IN THE U.S. (^) |

College Breadth (choose one option) 15-30+

Option 1: Complete any UNO minor or undergraduate certificate - 15+ hours

Option 2: Additional General Education Requirements - 18+ hours

- Additional quantitative literacy - 3 hours
- Additional Social Science Gen. Ed. from another Discipline - 3 hours
- Additional Humanities Gen. Ed. from another Discipline - 3 hours
- HIST 1000 and HIST 1010 - 6 hours
- Additional Nat. and Physical Science w/ or without Lab - 3-5 hours

Option 3: CAS comprehensive major (50+ hours) OR any second UNO major (30+ hours)

Bachelor Science Cognate Requirement 15

Students in the BS degree program are required to complete 15 hours of cognate coursework, a field of specialization outside of sociology based on their interests and/or career aspirations. Cognates are designed by the student in consultation with the undergraduate adviser.

ELECTIVES

Elective hours as required to reach a total of 120 hours

# Sociology Minor

## Sociology, Minor Requirements

A minor in sociology requires 15 hours. The sociology minor is available on campus, entirely online, or a combination of the two. Students are required to complete the following:

| Code   | Title                  | Credits |
|--|------------------------|---------|
| SOC 1010   | INTRODUCTORY SOCIOLOGY | 3       |
| Additionally, select 12 credit hours in sociology electives with a minimum of 9 credit hours at the 3000-4000 level. |                        | 12      |

No more than nine hours will be accepted as transfer credit. All course work satisfying the minor must be completed with a grade of “C” (2.0) or better.

# Anthropology Minor

## Anthropology, Minor Requirements

A minor in anthropology requires 15 hours. The minor may be completed on campus, entirely online, or a combination of the two. Students are required to complete the following:

| Code  | Title                        | Credits |
|---|------------------------------|---------|
| ANTH 1050   | INTRODUCTION TO ANTHROPOLOGY | 3       |
| Additionally, select 12 credit hours in anthropology electives with a minimum of 9 credit hours at the 3000-4000 level. |                              | 12      |

No more than nine hours will be accepted as transfer credit. All course work satisfying the minor must be completed with a grade of “C” (2.0) or better. Up to six ANTH credits may be double counted toward the minor in anthropology and the major in sociology.

# Women's and Gender Studies

## Mission

The UNO Women’s and Gender Studies Program offers individuals and communities paths to transformation and empowerment through the collaborative work of students and faculty, who together study and explore all women’s lives and all constructions of gender across time, place, and culture, using a feminist and/or queer lens. Our interdisciplinary faculty teach a curriculum that emphasizes the intersections of gender, race/ethnicity, nationality, socioeconomic class, ability levels, sexuality, and additional dimensions of difference.

We envision a world in which differences offer paths to meaningful and fulfilling contributions. Our program employs the tools of different disciplines, including communication, arts and humanities, social sciences, natural sciences, and history. Graduating students are prepared for many opportunities beyond graduation.

## Description

Women’s and Gender Studies is a liberal arts degree that prepares students for a wide variety of career and avocational paths. Majors or minors find employment in a variety of areas, choosing to work in advocacy or social services-related positions, community development, large and small business, and government.

## Other Information

All coursework taken for the Women’s and Gender Studies major or minor must be completed with a grade of “C-” or better.

All coursework taken for the LGBTQ-Sexuality Studies minor must be completed with a grade of “C” or better.

Please be advised that students who elect to complete both the WGST minor and LGBTQ-Sexuality Studies minor may count no more than two upper-division courses toward the completion of both minors.

## Special Requirements

Courses presented for credit toward the minor or major must have been taught by a member of the Women's and Gender Studies faculty. Students should select WGST electives in consultation with their major adviser.

## Residency

Students may transfer in no more than 9 credits earned at other institutions to the WGS minor and no more than 15 credits earned at other institutions to the WGS major.

## Student Groups

Iota Iota Iota (Triota) is a club and honorary society that recognizes excellence in Women's and Gender Studies. Membership is available to any student who has completed two introductory courses in Women's and Gender Studies and has a cumulative GPA of at least 3.0. In addition, students majoring or minoring in Women's and Gender Studies can be involved with campus organizations such as the Women's and Gender Equity Resource Center, and the Queer and Trans Services.

## Contact

Women's and Gender Studies Program Director 402.554.4841

## Degree Offered

- Women's and Gender Studies, Bachelor of Arts (p. 363)

## Minor Offered

- Women's and Gender Studies Minor (p. 366)
- LGBTQ/Sexuality Studies Minor (p. 366)

Women, gender, and sexuality studies majors may find employment in a variety of areas depending on their skills and experience. Some of our majors pursue post-baccalaureate training in medicine, law, education, and other graduate programs. Others choose employment directly after graduation, following career paths in advocacy or social services-related positions, community development, business, and government. Some career-path examples include:

### Business

- Human Resources Manager
- Financial Planner
- Business Manager
- Office Manager
- Convention/Event Planner

### Education

- K-12 School Teacher (with additional certification)
- Childcare Center Lead Teacher

### Health

- Community Health Outreach Worker
- Community Health Advocate
- Public Health Coordinator
- Health Services Project Administrator

### Law

- Victim Assistance Case Manager
- Mediator

## Media/Publications

- Magazine Freelance Writer/Researcher
- Independent Film Maker/Producer
- Editor
- Social Media Specialist
- Film Publicist
- Production Artist

## Social and Public Service

- Counseling Services Director
- Training Coordinator
- Rape Crisis Center/Community Education Coordinator
- Women's Crisis Support Center Community Educator
- Girl Scouts of America Program Officer
- Food Bank Program Manager
- Community Service Agency Case Manager
- Community Service Resource Navigator
- Grant Writer

| Elective   |  | 3         |
| Elective   |  | 2         |
| Complete your final advising check before graduation. Polish your resume, cover letters, and LinkedIn profile. Stay connected by joining alumni networks and professional organizations. Apply for graduation via MavLink. |  |           |
| <b>Credits</b>   |  | <b>14</b> |

### Total Credits

120-121

**College Breadth:** Students should plan on using at least 15 hours of "Electives" to fulfill Option 1, 2, or 3, of the College of Arts and Sciences' breadth requirement.

**Upper Level Credits:** Students need 27 upper level credits throughout the degree with at least 18 upper level credits within the major. Electives may need to be selected at the 3000-4000 level to reach these minimums.

#### Additional Information About this Plan:

**University Degree Requirements:** The minimum number of hours for a UNO undergraduate degree is 120 credit hours. Please review the requirements for your specific program to determine all requirements for the program. In order to graduate on-time (four years for an undergraduate degree), you need to take 30 hours each year.

**Placement Exams:** For Math, English, Foreign Language, a placement exam may be required. More information on these exams can be found at <https://www.unomaha.edu/enrollment-management/testing-center/placement-exams/information.php>

Transfer credit or placement exam scores may change suggested plan of study

#### GPA Requirements: 2.0

**Note:** This plan provides a general guide, but your specific courses, experiences, and career goals may differ. Work with your academic advisor to ensure you're meeting degree requirements and consult with career advisors to explore internships, research opportunities, and post-graduation plans. Regular check-ins will help you stay on track and make the most of your time at UNO!

## Women's and Gender Studies Minor

### Women's and Gender Studies Minor Requirements

The WGST minor requires 18 credits, as detailed below. Please be advised that students who elect to complete both the WGST minor and LGBTQ-Sexuality Studies minor may count no more than two upper-division courses toward the completion of both minors.

| Code   | Title   | Credits   |
|--|---|-----------|
| <b>All of the following:</b>   |   | <b>6</b>  |
| WGST 2010  | INTRODUCTION TO WOMEN'S AND GENDER STUDIES: SOCIAL AND BEHAVIORAL SCIENCE |           |
| WGST 2020  | INTRODUCTION TO WOMEN'S AND GENDER STUDIES: HUMANITIES                    |           |
| <b>Select 12 credits of approved upper-division (3000-4000 level) WGST courses (see below)</b> |   | <b>12</b> |

#### Approved WGST courses

## LGBTQ/Sexuality Studies Minor

LGBTQ (lesbian, gay, bisexual, transgender, and queer)/Sexuality Studies is an interdisciplinary field that examines the identities, experiences, and social positions of people often referred to as sexual/gender minorities. The field also examines sexual behaviors, identities, and communities as sex plays a key role in many people's lives. LGBTQ/Sexuality Studies has origins in many disciplines, including anthropology, art, English, history, media studies, psychology, public health, sociology, theatre, and women's and gender studies, among others. The field includes topics such as: identity formation of non-heterosexual sexualities, non-binary gender identities, health and well being of sexual/gender minorities, cultural groups, the politics of identity, and representations of queer lives in popular culture. This minor acknowledges that sexuality is an important distinguishing factor of our lives on par with race, social class, and gender.

The LGBTQ/Sexuality Studies minor will offer students courses that complement and support their majors in many ways. The minor is intentionally flexible and interdisciplinary. Students who complete this minor will gain increased knowledge in the following:

- sexual identity, orientation, and behaviors, including heterosexualities, homosexualities, gay sexualities, lesbian sexualities, bisexualities, queer sexualities, etc.
- gender identities including trans identities, including but not limited to: genderqueer, non-binary, trans man, trans woman, gender non-conforming, gender creative, etc.
- sexology, or the study of sex and sexual behaviors, and human sexuality broadly
- sexual health such as STIs, HIV, and sexual reproduction
- theories of identity development, queer theory, and other social theories related to sexuality
- intersectionality of sexuality with race, class, gender, religion, ability, nationality, and other social characteristics

- diversity of human behavior and experience as it relates to sex and sexuality
- history and diversity of representations of LGBTQ in culture.

## Minors Offered

LGBTQ/Sexuality Studies Minor

## Other Information

All coursework taken for the LGBTQ/Sexuality Studies minor must be completed with a grade of "C" or better.

## Contact

The LGBTQ/Sexuality Studies minor is a minor option under Women's and Gender Studies.

Arts and Sciences Advising Center  
220 Arts and Sciences Hall  
402.554.2458

## LGBTQ/Sexuality Studies Minor Requirements

Undergraduate students will be expected to complete at least 15 credit hours of LGBTQ/Sexuality courses with a grade of C or higher. Nine credit hours must be upper division (3000 or higher) courses. No more than nine credit hours will be accepted as transfer credit.

Courses not on the list can be petitioned to be accepted by approval of the Advisor of the minor.

| Code  | Title   | Credits  |
|---|---|----------|

<sup>1</sup> ART 4930 when offered as: *Gender and Sexuality in Antiquity: Fashion in Modern Art & Culture*

<sup>2</sup> ENGL 2000 and ENGL 3000 when topic is sexuality

<sup>3</sup> ENGL 4960 when offered as: *Language, Gender, and Sexuality, Writing Women's Lives; Writing Graphic Memoirs*

<sup>4</sup> HONR 3030 when offered as: *LGBTQ Health*

<sup>5</sup> Select sections of PSYC 3540, per approval of the minor advisor.

Please be advised that students who elect to complete both the WGS minor and LGBTQ-Sexuality Studies minor may count no more than two upper-division courses toward the completion of both minors.

## World Languages and Literature

The Department of World Languages and Literature (WLL) offers a Bachelor of Arts (B.A.) in World Languages and Literature with concentrations in French, German, Spanish, and Spanish for Health Sciences. A total of 30 upper-division (3000-4000 level) credit hours are required for a concentration in French, German, or Spanish. A total of 31 credit hours (Spanish 1140 and additional upper-division courses) are required for the concentration in Spanish for Health Sciences. These concentrations foster linguistic, cultural, pragmatic, and sociohistorical knowledge/abilities in the target language. The department also offers minors in French, German, Japanese, Spanish, and Spanish for Health Sciences, in addition to introductory courses in Italian and Egyptian hieroglyphs.

It should be noted that the Spanish and German minors may be earned on campus, entirely online, or via a combination of the two.

In addition, the department participates in such interdisciplinary programs as International Studies, Latino and Latin American Studies, Women's and Gender Studies, Medical Humanities, Business, and Sustainability and offers study abroad programs in France, Germany, Canada, Mexico and Spain.

## Double Majors for Secondary Education World Language Majors

Students pursuing a B.S. from the College of Education, Health and Human Sciences with a primary major in Secondary Education (World Language-French or German or Spanish 7-12 Endorsement) and working toward Nebraska State Certification to teach in this area may also earn a second major in World Languages and Literature by declaring that major with the College of Arts & Sciences Advising Center (<https://www.unomaha.edu/college-of-arts-and-sciences/academic-advising-center/>) or at the main office for the World Languages and Literature department.

Students will complete 30 credit hours in French, German, or Spanish with grades of C or above (this is different from the World Languages and Literature Department's requirement of a minimum grade of C- or above). Students declaring this second major should work with their advisor to select courses that align with both programs and require no additional coursework on the part of the student.

Other Information

Courses in the 1110 (or 1100), 1120 (or 1200), 2110 (or 2100), 2120 sequences may not be taken out of order. Students must pass the prerequisite course with a grade of “C-” or better before taking the next course in the sequence and may not take an earlier course in any sequence for credit once they have received credit in a later course in any sequence. Spanish 1140 has no prerequisites and students can take it at any point.

All 3000 and 4000 level courses may be taken for honors credit in cooperation with the University Honors Program.

There is a laboratory fee for all world language courses at the 1000 and 2000 levels. Fees are used to support student learning through services that provide opportunities for language practice and communication.

Special Requirements

The Department of World Languages and Literature does not accept transfer credits from any institution for its 1000/2000 level courses except for those as allowed by the College of Arts and Sciences. To enroll in any French, German, or Spanish course beyond 1110, a student who has not successfully completed the prerequisite courses at UNO must take the appropriate placement exam (<https://www.unomaha.edu/college-of-arts-and-sciences/academic-advising-center/placement-information/flng.php>) and qualify for the desired course. Native and heritage speakers of French, German or Spanish wishing to take a course in their language of nurture are exempt from this requirement. They are advised to make an appointment with an advisor (<https://www.unomaha.edu/college-of-arts-and-sciences/world-languages-and-literature/academics/advising.php>) in the Department of World Languages and Literature for appropriate placement. All other students are subject to this requirement including transfer students. UNK/UNL students are not exempt from this requirement. The Department of World Languages and Literature reserves the right to cancel the registration of any student who has not met the prerequisites for a course. Transfer courses at the 3000/4000 level are subject to the approval of a departmental adviser and the department chair. All our language courses must be completed with a grade of C- or better in order for the student to continue to the next course.

Residency

All majors in World Languages and Literature must complete a minimum of 12 credit hours in their major language at the 3000 or 4000 level in residence at UNO.

All minors in World Languages and Literature must complete a minimum of 9 credit hours in their minor language at the 3000 or 4000 level in residence at UNO.

Student Groups

The department of World Languages has active student groups such as: Le Cercle Français, Stammtisch, and Sigma Delta Pi. Visit the department website (<https://www.unomaha.edu/college-of-arts-and-sciences/world-languages-and-literature/>) for more information.

Degrees Offered

World Languages and Literature, Bachelor of Arts (p. 368)

Minors Offered

- French Minor (p. 378)
- German Minor (p. 378) - Available online or on campus
- Japanese Minor (p. 378)
- Spanish Minor (p. 379) - Available online or on campus
- Spanish for Health Sciences Minor (p. 379) - Available online or on campus

In the Department of Foreign Languages and Literature at UNO, our goal is to provide students with the linguistic and cultural proficiency required of a global education. Language study at UNO provides a myriad of opportunities to use the language you are studying both within and outside of the classroom through study abroad opportunities and engagement in the Omaha community. Foreign Languages & Literature majors often pursue career paths such as the following:

- business: human resources, sales, marketing, logistics, international business
- law/law enforcement: police, immigration, law (international, immigration or environmental law)
- government and non-profit services: non-profit management or administration, Peace Corps, Foreign Service, linguistics, social work, environmental justice, research (for think tanks, non-profits, government)
- healthcare: healthcare navigation, patient relations, nursing, medicine, dentistry, speech therapy
- education (p-16): teaching, bilingual assistance, administration (OPS requires that principals be or become bilingual), counseling, special education, library services
- communication/journalism: radio, television, publishing (e.g. newspapers, magazines, blogs, books), and advertising. Specialized areas include writing, editing, proofreading, transcribing, subtitling, voice-over recording
- travel and hospitality: travel agency services, tour guiding, event coordination, concierge services.

World Languages and Literature, Bachelor of Arts  
World Languages and Literature, Bachelor of Arts Requirements

| Code   | Title   | Credits |
|--|---|---------|
| GENERAL EDUCATION REQUIREMENTS - 34 Hours Required |   |         |

or MATH 1300 COLLEGE ALGEBRA WITH SUPPORT

### Data Literacy – 3 hrs.

Select one from the following:

STAT 1100 DATA LITERACY AND VISUALIZATION

STAT 1530 ELEMENTARY STATISTICS

Until Fall 2028, students can satisfy this requirement with an approved data literacy course, or any approved natural or social science general education course.

### Breadth of Knowledge 13

Social Science – 3 hrs.

Humanities – 3 hrs.

Natural & Physical Science (must complete a lab) – 4 hrs.

Arts – 3 hrs.

### Individual and Social Responsibility 6

Cultural Knowledge – 3 hrs.

Civic Knowledge and Engagement – 3 hrs.

### MAJOR REQUIREMENTS

#### Select a Concentration: 30-31

French Concentration

German Concentration

Spanish Concentration

Spanish for Health Sciences Concentration

It is strongly recommended that all world language majors include a study abroad component of at least one month during the second half of their program of study. All courses credited to a major or minor in a world language must be passed with a grade of “C-” or better.

#### College Breadth (choose one option) 15-30+

Option 1: Complete any UNO minor or undergraduate certificate - 15+ hours

Option 2: Additional General Education Requirements - 19+ hours

Additional quantitative literacy - 3 hours

Additional Social Science Gen. Ed. from 3rd Discipline - 3 hours

Additional Humanities Gen. Ed. from 3rd Discipline - 3 hours

HIST 1000 and HIST 1010 - 6 hours

Additional Nat. and Physical Science w/ or without Lab - 3-5 hours

Option 3: CAS comprehensive major (50+ hours) OR any second UNO major (30+ hours)

#### Bachelor of Arts Language Requirement - 16 Hours Required 16

FREN, GERM, Or SPAN, 1110\*\*, 1120, 2110 and 2120

### ELECTIVES

Elective hours as required to reach a total of 120 hours

## Foreign Languages and Literature, Bachelor of Arts Concentrations

- French Concentration (p. 369)
- German Concentration (p. 371)
- Spanish Concentration (p. 373) - Available online or on campus
- Spanish for Health Sciences Concentration (p. 376) - Available online or on campus

## French Concentration World Languages and Literature, Bachelor of Arts with a Concentration in French Requirements

| Code | Title | Credits |
|------|-------|---------|
|------|-------|---------|

Complete your final advising check before graduation. Polish your resume, cover letters, and LinkedIn profile. Stay connected by joining alumni networks and professional organizations. Apply for graduation via MavLink.

**Credits** **15**

**Total Credits** **120-121**

**College Breadth:** Students should plan on using at least 15 hours of "Electives" to fulfill Option 1, 2, or 3, of the College of Arts and Sciences' breadth requirement.

**Upper Level Credits:** Students need 27 upper level credits throughout the degree with at least 18 upper level credits within the major. Electives may need to be selected at the 3000-4000 level to reach these minimums.

**Additional Information About this Plan:**

**University Degree Requirements:** The minimum number of hours for a UNO undergraduate degree is 120 credit hours. Please review the requirements for your specific program to determine all requirements for

the program. In order to graduate on-time (four years for an undergraduate degree), you need to take 30 hours each year.

**Placement Exams:** For Math, English, World Language, a placement exam may be required. More information on these exams can be found at <https://www.unomaha.edu/enrollment-management/testing-center/placement-exams/information.php>

Transfer credit or placement exam scores may change suggested plan of study

**GPA Requirements:** 2.0

**Note:** This plan provides a general guide, but your specific courses, experiences, and career goals may differ. Work with your academic advisor to ensure you're meeting degree requirements and consult with career advisors to explore internships, research opportunities, and post-graduation plans. Regular check-ins will help you stay on track and make the most of your time at UNO!

**Credits** **15**

**Total Credits** **119-121**

**College Breadth:** Students should plan on using at least 15 hours of "Electives" to fulfill Option 1, 2, or 3, of the College of Arts and Sciences' breadth requirement.

**Upper Level Credits:** Students need 27 upper level credits throughout the degree with at least 18 upper level credits within the major. Electives may need to be selected at the 3000-4000 level to reach these minimums.

#### Additional Information About this Plan:

**University Degree Requirements:** The minimum number of hours for a UNO undergraduate degree is 120 credit hours. Please review the requirements for your specific program to determine all requirements for the program. In order to graduate on-time (four years for an undergraduate degree), you need to take 30 hours each year.

**Placement Exams:** For Math, English, World Language, a placement exam may be required. More information on these exams can be found at <https://www.unomaha.edu/enrollment-management/testing-center/placement-exams/information.php>

Transfer credit or placement exam scores may change suggested plan of study

**GPA Requirements:** 2.0

**Note:** This plan provides a general guide, but your specific courses, experiences, and career goals may differ. Work with your academic advisor to ensure you're meeting degree requirements and consult with career advisors to explore internships, research opportunities, and post-graduation plans. Regular check-ins will help you stay on track and make the most of your time at UNO!

## Spanish Concentration

### World Languages and Literature, Bachelor of Arts with a Concentration in Spanish Requirements

**Code** **Title** **Credits**

#### GENERAL EDUCATION REQUIREMENTS - 34 hours required

Minimum of "C-" required

#### Fundamental Skills **15**

##### Writing – 6 hrs.

|           |   |
|-----------|---|
| ENGL 1150 | ENGLISH COMPOSITION I                     |
| ENGL 1160 | COLLEGE RESEARCH AND INFORMATION LITERACY |

Complete your final advising check before graduation. Polish your resume, cover letters, and LinkedIn profile. Stay connected by joining alumni networks and professional organizations. Apply for graduation via MavLink.

| Credits              |  | 15             |
|----------------------|--|----------------|
| <b>Total Credits</b> |  | <b>119-121</b> |

**College Breadth:** Students should plan on using at least 15 hours of "Electives" to fulfill Option 1, 2, or 3, of the College of Arts and Sciences' breadth requirement.

**Upper Level Credits:** Students need 27 upper level credits throughout the degree with at least 18 upper level credits within the major. Electives may need to be selected at the 3000-4000 level to reach these minimums.

#### Additional Information About this Plan:

**University Degree Requirements:** The minimum number of hours for a UNO undergraduate degree is 120 credit hours. Please review the

requirements for your specific program to determine all requirements for the program. In order to graduate on-time (four years for an undergraduate degree), you need to take 30 hours each year.

**Placement Exams:** For Math, English, World Language, a placement exam may be required. More information on these exams can be found at <https://www.unomaha.edu/enrollment-management/testing-center/placement-exams/information.php>

Transfer credit or placement exam scores may change suggested plan of study

**GPA Requirements:** 2.0

**Note:** This plan provides a general guide, but your specific courses, experiences, and career goals may differ. Work with your academic advisor to ensure you're meeting degree requirements and consult with career advisors to explore internships, research opportunities, and post-graduation plans. Regular check-ins will help you stay on track and make the most of your time at UNO!

## Spanish for Health Sciences Concentration

### World Languages and Literature, Bachelor of Arts with a Concentration in Spanish for Health Sciences Requirements

| Code  | Title   | Credits   |
|---|---|-----------|
| <b>GENERAL EDUCATION REQUIREMENTS - 34 hours required</b>   |   |           |
| Minimum of "C-" required  |   |           |
| <b>Fundamental Skills</b>   |   | <b>15</b> |
| <b>Writing – 6 hrs.</b>   |   |           |
| ENGL 1150   | ENGLISH COMPOSITION I                                   |           |

## Spanish Minor

### Spanish Minor Requirements

The Spanish minor may be completed by taking courses on campus, entirely online, or a combination of the two.

| Code  | Title                            | Credits   |
|---|----------------------------------|-----------|
| <b>Select one of the following options:</b>   |                                  | <b>9</b>  |
| Option 1 for students learning Spanish as a second language:                              |                                  |           |
| SPAN 3030   | SPANISH CONVERSATION             |           |
| SPAN 3040   | SPANISH GRAMMAR AND COMPOSITION  |           |
| SPAN 3060   | READINGS IN SPANISH              |           |
| Option 2 for heritage Spanish speakers:   |                                  |           |
| SPAN 3010   | SPANISH FOR HERITAGE SPEAKERS I  |           |
| SPAN 3020   | SPANISH FOR HERITAGE SPEAKERS II |           |
| SPAN 3060   | READINGS IN SPANISH              |           |
| <b>Additionally, select 6 credit hours in Spanish electives at the 3000 or 4000 level</b> |                                  | <b>6</b>  |
| <b>Total Credits</b>  |                                  | <b>15</b> |

Native/heritage speakers of this language should see a departmental advisor regarding placement.

Spanish minor residency requirement: A minimum of 9 credits at the 3000-4000 levels must be taken in residence at UNO.

## Spanish for Health Sciences Minor

### Spanish for Health Sciences Minor Requirements

|----------------------|--|-----------|
| SPAN 4060            | INTRODUCTION TO TRANSLATION AND INTERPRETATION                               |           |
| or SPAN 4330         | LINGUISTIC JUSTICE AND LATINO HEALTH   |           |
| or SPAN 4510         | ILLNESS AND DISEASE IN SOUTHERN CONE LATIN AMERICAN LITERATURES AND CULTURES |           |
| SPAN 4130            | SPANISH IN THE UNITED STATES   |           |
| <b>Total Credits</b> |  | <b>16</b> |

Spanish for Health Sciences minor residency requirement: A minimum of 9 credits at the 3000-4000 levels must be taken in residence at UNO.

Native/heritage speakers of this language should see a departmental advisor regarding placement.

## College of Business Administration (CBA)

### College of Business Administration Mission

The mission of the UNO College of Business Administration is to teach and inspire diverse learners and connect them to organizations within and beyond the classroom, emphasizing innovative and career-focused learning, combined with transformative research, business collaboration, and community engagement that advance individual and regional prosperity.

### College of Business Administration Vision

The vision of the UNO College of Business Administration is to be the business school of choice for hard-working learners of all backgrounds.

## Other Information Relevant to the College of Business Administration

### Attendance at First CBA Class Meeting

Students not present at the first class meeting of a College of Business Course, without prior notification to the instructor, may be administratively withdrawn from the course.

## Accreditation Information

The UNO College of Business Administration undergraduate and graduate programs are accredited by AACSB International (Association to Advance Collegiate Schools of Business). This is the highest level of accreditation possible for a College of Business.

The Accounting Programs in the UNO College of Business Administration hold supplemental Accounting Accreditation by AACSB. Less than 200 Accounting Programs worldwide have earned this supplemental AACSB Accounting Accreditation.

| Major                   | Degree        | Accreditation Body  |
|-------------------------|---------------|---|
| Accounting              | BSBA MAcc     | Association to Advance Collegiate Schools of Business (AACSB International) |
| Business Administration | Executive MBA | Association to Advance Collegiate Schools of Business (AACSB International) |

|   |                  |   |
|---|------------------|---|

| Logistics & Supply Chain Management       | BSBA             | Association to Advance Collegiate Schools of Business (AACSB International) |

## Beta Gamma Sigma

Beta Gamma Sigma is the international scholastic honor society in the field of business. Election to membership is available to both undergraduate

and graduate students in business. Selection is based upon outstanding scholastic achievement.

## Careers

Business is a broad, flexible, and valuable field of study. Students who graduate with a business degree can choose from a variety of professions in numerous industries and fields. Individuals with business degrees may find career opportunities working in government, large, mid-size, and small companies, nonprofit organizations, and institutions of higher education. A business degree prepares students for a wide variety of fulfilling and flexible careers, thus providing the opportunity to match personal interests and skills with professional ambitions, as well as allowing for the opportunity to pivot and flex careers as opportunities arise. Examples of potential business-related careers are provided by each department.

For additional information about Business careers, please contact the CBA Career Center. Website (<https://www.unomaha.edu/college-of-business-administration/career-center/>):

**Program Website (<https://www.unomaha.edu/college-of-business-administration/>)**

## Admission Requirements

Incoming freshman must meet general university admission requirements to be admitted into the College of Business Administration. Transfer students and students with an established NU-system GPA must have a minimum 2.50 cumulative GPA to be admitted into the College of Business Administration.

## Bachelor of Science in Business Administration (BSBA) Requirements

To earn a BSBA degree, students must fulfill the university, college, and program requirements including:

- Complete a minimum of 120 credit hours in courses approved by the College of Business Administration (CBA)
- Complete a minimum of 42 credit hours in upper-division (3000- or 4000-level) coursework
- Complete 24 upper-division (3000- or 4000-level) credit hours in the business core curriculum
- Complete 18-24 credit hours in a BSBA concentration

## Credit Restrictions

- A maximum of 24 credit hours of non-business courses may be taken on a Credit/No Credit Basis. More information about UNO's Credit/No Credit policy can be found at the following link: <https://>

[nextcatalog.unomaha.edu/aboutuno/registration-to-graduation/grades/](https://nextcatalog.unomaha.edu/aboutuno/registration-to-graduation/grades/) (p. 37)

- A maximum of 4 credit hours of physical education activity (PEA) courses may count toward the degree.
- A maximum of 6 hours of professional development courses evaluated by the American Council on Education (ACE) as equivalent to collegiate credit may count toward the degree. Additional information can be found under "Evaluated Non-College Programs."
- All remedial courses and any orientation courses from non-NU-system institutions will not count toward the degree.

## Minimum GPA/Additional Requirements

To graduate with a BSBA, students must meet the following GPA and grade requirements:

- Maintain a cumulative GPA of 2.50 or higher across all courses taken in the University of Nebraska system (UNO, UNL, UNK, and UNMC).
- Maintain a cumulative Business GPA of 2.50 or higher.
- For students earning the Accounting concentration or secondary concentration, maintain a cumulative GPA of 2.50 or higher in all upper-division accounting courses (excluding ACCT 3000 (<https://catalog.unomaha.edu/search/?P=ACCT%203000>), ACCT 4500 (<https://catalog.unomaha.edu/search/?P=ACCT%204500>), and ACCT 4510 (<https://catalog.unomaha.edu/search/?P=ACCT%204510>)).

For any BSBA business core, BSBA concentration, or business elective course to fulfill BSBA requirements, it must be taken on a letter-grade basis and the student must earn a grade of "C" or higher.

No grade below a "C" will be counted as satisfactory completion of BSBA degree major requirements, including CBA BSBA business core courses, BSBA concentration courses, business elective courses, ENGL 1150 (<https://catalog.unomaha.edu/search/?P=ENGL%201150>), ENGL 1160 (<https://catalog.unomaha.edu/search/?P=ENGL%201160>), CMST 1110 (<https://catalog.unomaha.edu/search/?P=CMST%201110>), and MATH 1370 (<https://catalog.unomaha.edu/search/?P=MATH%201370>) (or MATH 1930 (<https://catalog.unomaha.edu/search/?P=MATH%201930>)).

Some concentrations require specific foundation courses to be completed with a grade of "C+" or higher, including:

- Business Finance, Banking and Financial Markets, and Investment Science & Portfolio Management Concentrations or Secondary Concentrations: FNBK 3250 (<https://catalog.unomaha.edu/search/?P=FNBK%203250>) and FNBK 3300
- Marketing Concentration or Secondary Concentration: MKT 3310 (<https://catalog.unomaha.edu/search/?P=MKT%203310>)
- Human Resource Management Concentration: MGMT 4030
- Sales Concentration or Secondary Concentration: MKT 3310 (<https://catalog.unomaha.edu/search/?P=MKT%203310>) and MKT 3100 (<https://catalog.unomaha.edu/search/?P=MKT%203100>)

## Credit for Prior Learning

Credit for prior learning is evaluated based on institutional, college, and program policies. CBA professional academic advisors assist students in determining how such credits apply toward their degree.

## Transfer Credit

Transfer credits are evaluated as follows:

- **Regionally Accredited Institutions:** Coursework equivalent in content and scope to UNO offerings will generally transfer if completed at regionally accredited colleges and universities.
- **Limits on Two-Year College Credits:** Students may apply a maximum of 64 semester credit hours from regionally accredited two-year institutions.

- **Four-Year Institution Credits:** There is no limit on credits transferred from regionally accredited four-year institutions, provided residency requirements are met.

For upper-division courses:

- Credits from AACSB-accredited institutions require a grade of "C" or higher to apply as a BSBA business core course, BSBA concentration course, or BSBA elective course
- Credits from non-AACSB-accredited institutions require a grade of "C" or higher and must be validated by completing an additional upper-division course at an AACSB-accredited institution in the same department to apply as a business core course.

## Evaluated Non-College Programs

A maximum of six hours of professional development course credit may be taken from any educational body if evaluated by the American Council on Education (ACE) as equivalent to collegiate credit, and then may be applied toward the degree. Such credit may be used for non-business electives. The department chair must give written approval if a course is to be used for concentration elective hours or as a substitute for a required concentration course. Professional development courses are not applicable to BSBA business core courses.

## Military Training and Experience

### Army, Coast Guard, Marine Corps and Navy

Students can earn up to 4 credits of Physical Education Activity (PEA) for completing basic training and up to 6 additional credits for ACE-evaluated courses as documented on their Joint Services Transcript (JST).

### Air Force

Air Force training is certified by the Community College of the Air Force (CCAF). CCAF is regionally accredited by the Southern Association of Colleges and Schools through Air University, therefore, CCAF courses are considered transfer credits at UNO.

### Defense Language Institute (DLI)

Operated by the U.S. Department of Defense (DoD), DLI provides linguistic and cultural instruction to members of the DoD and federal agencies. DLI courses are considered transfer credits at UNO as it is regionally accredited by the Western Association of Schools and Colleges.

## Residency Requirement

The last 30 of 36 consecutive semester hours for a degree must be earned following admission to the University of Nebraska at Omaha. A minimum of nine (9) of the twenty-four (24) required business core hours and one-half of the required concentration hours must be completed at UNO.

## Retroactive Credit Policy

<https://nextcatalog.unomaha.edu/aboutuno/registration-to-graduation/undergraduate-transfer-credit/> (p. 33)

## Advanced Placement Credits

<https://nextcatalog.unomaha.edu/aboutuno/registration-to-graduation/undergraduate-transfer-credit/> (p. 33)

## Military Credit

<https://nextcatalog.unomaha.edu/aboutuno/registration-to-graduation/undergraduate-transfer-credit/> (p. 33)

## IB Credit

## Placement Exams and Credit by Department Policies/Practices

<https://nextcatalog.unomaha.edu/aboutuno/student-services-a-z/testing-center/> (p. 63)

## Quality of Work

Any students earning below a 2.50 cumulative GPA for any semester while enrolled in the BSBA degree program will be placed on a "warning status." No grade below a "C" (2.0) will be counted as satisfactory completion of BSBA degree MAJOR REQUIREMENTS, including CBA BSBA business core courses, BSBA concentration courses, business elective courses, ENGL 1150, ENGL 1160, CMST 1110, and MATH 1370 (or MATH 1930).

## Good Academic Standing Policy

<https://nextcatalog.unomaha.edu/aboutuno/registration-to-graduation/grades/> (p. 37)

## Credit/No Credit (CR/NC) Grades

<https://nextcatalog.unomaha.edu/aboutuno/registration-to-graduation/grades/> (p. 37)

## Completion of Incomplete Grade

<https://nextcatalog.unomaha.edu/aboutuno/registration-to-graduation/grades/> (p. 37)

## Repeatable Grades/Courses

Effective Fall 2002, a student may only attempt each required business core course three times.

This policy applies to the following courses:

| Code      | Title                                   | Credits |
|-----------|---|---------|
| ACCT 2010 | PRINCIPLES OF ACCOUNTING I              | 3       |
| ACCT 2020 | PRINCIPLES OF ACCOUNTING II             | 3       |
| BSAD 2130 | PRINCIPLES OF BUSINESS STATISTICS       | 3       |
| BSAD 3160 | MANAGERIAL STATISTICS FOR BUSINESS      | 4       |
| ECON 2200 | PRINCIPLES OF ECONOMICS (MICRO)         | 3       |
| ECON 2220 | PRINCIPLES OF ECONOMICS (MACRO)         | 3       |
| FNBK 3250 | PRINCIPLES OF FINANCIAL MANAGEMENT      | 3       |
| LAWS 3930 | BUSINESS LAW FUNDAMENTALS               | 3       |
| MGMT 3100 | MANAGEMENT INFORMATION SYSTEMS          | 3       |
| MGMT 3490 | MANAGING PEOPLE AND ORGANIZATIONS       | 3       |
| MGMT 4480 | CORPORATE AND BUSINESS STRATEGY         | 3       |
| MKT 3200  | BUSINESS COMMUNICATIONS                 | 3       |
| MKT 3310  | PRINCIPLES OF MARKETING                 | 3       |
| SCMT 3500 | MANAGING OPERATIONS IN THE SUPPLY CHAIN | 3       |

Any grade earned, excluding CR, W, NC, NR, I, IP, AU, S, U or R will count as an attempt for the three times limit.

The Undergraduate Program Council will only consider appeals of the three-attempt rule when the circumstances for the appeal are documented and the reason for the appeal is extraordinary.

Upper-division accounting courses may be taken only twice.

## Appeal Process

<https://nextcatalog.unomaha.edu/aboutuno/registration-to-graduation/grades/> (p. 37)

## Grade Appeal Policy

Students who wish to appeal a grade which they feel was capriciously or prejudicially awarded shall first discuss the matter with the instructor and/or the department chairperson. If a satisfactory agreement cannot be reached, the student may submit a written appeal to the CBA Associate Dean by the deadlines listed below.

- For a course completed during the fall semester: The last business day in January
- For a course completed during the spring semester: The last business day in June
- For a course completed during any of the summer sessions: the last business day in September

The CBA Undergraduate Grade Appeal Committee will hold a grade appeal hearing to make a final determination based on the facts presented.

## Academic Amnesty

A student may remove one or two semester's grades from the student's cumulative GPA and degree consideration by petitioning for academic amnesty in the CBA advising office. Removal of grades via academic amnesty shall be by entire semester(s). Students are allowed a maximum of two (2) semesters of amnesty.

Petitioning students, after the term(s) for which they are seeking amnesty, must have completed 12 consecutive hours with a minimum GPA of 2.75.

Students who are granted academic amnesty will not be eligible for degree with academic honors.

Academic amnesty will remove a CBA core course attempt from the Three-Attempt Rule under Repeatable Grades/Courses. The petition for academic amnesty is submitted to the academic advisor and the advisor will apply this policy to approve or deny the petition on behalf of the Undergraduate Program Council.

## Academic Probation and Suspension

<https://nextcatalog.unomaha.edu/aboutuno/registration-to-graduation/grades/> (p. 37)

## Reinstatement Policy Following Academic Suspension

<https://nextcatalog.unomaha.edu/aboutuno/registration-to-graduation/grades/> (p. 37)

## Academic Advising

The mission of the UNO College of Business Administration Undergraduate Advising Team is to empower and inspire diverse learners to make informed and fulfilling decisions about their academic and professional journeys through individualized support for setting goals, navigating the curriculum, and making meaning of their experiences within and beyond the classroom.

The purpose of academic advising is to help students understand and meet the requirements of their degree program while also clarifying college policies related to academics. In the College of Business Administration, academic advising is provided by CBA's professional undergraduate

advisors. Students are encouraged to contact their academic advisor whenever they have questions about their academic program.

## Advising Holds

Advising holds are automatically placed each semester for any student whose GPA is below a 2.5, including students without an NU-system GPA. The purpose of this hold is to ensure students understand degree requirements, make informed decisions about next classes, and connect to other resources on campus.

## Student Holds

<https://nextcatalog.unomaha.edu/aboutuno/registration-to-graduation/enrollment/> (p. 30)

## Declaring a Concentration

Students may declare a BSBA concentration when applying to the university or at any point.

Students who did not declare a BSBA concentration when applying to the university must contact a CBA advisor to declare their concentration.

## Senior Check

Students are encouraged to contact their Academic Advisor in the last 30 credit hours to verify their remaining requirements. Final responsibility for scheduling courses and satisfactorily completing curriculum requirements for any degree rests with the student.

## Bachelor of Science in Business Administration (BSBA) Degree

Undergraduate students who complete a degree from UNO's College of Business Administration earn a Bachelor of Science in Business Administration (BSBA) with at least one area of concentration. (See the complete list of BSBA concentrations)

To earn a BSBA degree, students must fulfill the university, college, and program requirements including:

- Complete a minimum of 120 credit hours in courses approved by the College of Business Administration (CBA)
- Complete a minimum of 42 credit hours in upper-division (3000- or 4000-level) coursework
- Complete 24 upper-division (3000- or 4000-level) credit hours in the business core curriculum
- Complete 18-24 credit hours in a BSBA concentration

To graduate with a BSBA, students must meet the following GPA and grade requirements:

- Maintain a cumulative GPA of 2.50 or higher across all courses taken in the University of Nebraska system (UNO, UNL, UNK, and UNMC).
- Maintain a cumulative Business GPA of 2.50 or higher.
- For students earning the Accounting concentration or secondary concentration, maintain a cumulative GPA of 2.50 or higher in all upper-division accounting courses (excluding ACCT 3000 (<https://catalog.unomaha.edu/search/?P=ACCT%203000>), ACCT 4500 (<https://catalog.unomaha.edu/search/?P=ACCT%204500>), and ACCT 4510 (<https://catalog.unomaha.edu/search/?P=ACCT%204510>)).

For any BSBA business core, BSBA concentration, or business elective course to fulfill BSBA requirements, it must be taken on a letter-grade basis and the student must earn a grade of "C" or higher.

No grade below a "C" will be counted as satisfactory completion of BSBA degree major requirements, including CBA BSBA business core courses, BSBA concentration courses, business elective courses, ENGL 1150 (<https://catalog.unomaha.edu/search/?P=ENGL%201150>), ENGL 1160 (<https://catalog.unomaha.edu/search/?P=ENGL%201160>), CMST 1110 (<https://catalog.unomaha.edu/search/?P=CMST%201110>), and MATH 1370 (<https://catalog.unomaha.edu/search/?P=MATH%201370>) (or MATH 1930 (<https://catalog.unomaha.edu/search/?P=MATH%201930>)).

Some concentrations require specific foundation courses to be completed with a grade of "C+" or higher, including:

- Business Finance, Banking and Financial Markets, and Investment Science & Portfolio Management Concentrations or Secondary Concentrations: FNBK 3250 (<https://catalog.unomaha.edu/search/?P=FNBK%203250>) and FNBK 3300
- Marketing Concentration or Secondary Concentration: MKT 3310 (<https://catalog.unomaha.edu/search/?P=MKT%203310>)
- Human Resource Management Concentration: MGMT 4030
- Sales Concentration or Secondary Concentration: MKT 3310 (<https://catalog.unomaha.edu/search/?P=MKT%203310>) and MKT 3100 (<https://catalog.unomaha.edu/search/?P=MKT%203100>)

Advising holds are automatically placed each semester for any student whose GPA is below a 2.5, including students without an NU-system GPA. The purpose of this hold is to ensure students understand degree requirements, make informed decisions about next classes, and connect to other resources on campus.

## MBA Fast Track

The College of Business Administration MBA program has developed a Fast Track program for highly qualified and motivated students providing the opportunity to complete a BSBA degree and a master's degree in an accelerated time frame. With Fast Track, students may count up to 9 graduate hours toward the completion of their undergraduate program as well as the graduate degree program.

Program Specifics:

- This program is available for undergraduate students pursuing a BSBA degree and desiring to pursue an MBA
- Students must have completed no less than 60 undergraduate hours
- Students must have a minimum undergraduate GPA of 3.0
- Students must complete the Fast Track Approval form and obtain all signatures and submit to the Office of Graduate Studies prior to first enrollment in a graduate course
- Students will work with their undergraduate advisor to register for the graduate courses
- A minimum cumulative GPA of 3.0 is required for graduate coursework to remain in good standing
- Students remain undergraduates until they meet all the requirements for the undergraduate degree and are eligible for all rights and privileges granted undergraduate status including financial aid.
- Near the end of the undergraduate program, formal application to the graduate program is required. The application fee will be waived, the applicant will need to contact the Office of Graduate Studies for a fee waiver code.
  - Admission to Fast Track does NOT guarantee admission to the graduate program.
  - The admit term must be after the completion term of the undergraduate degree.

| Graduating seniors with a 2.5 GPA are given enrollment priority. Must be taken in the graduating semester. |   |   |

Students must complete at least six hours of course work beyond the general education Cultural Knowledge requirement with a global perspective. A list of approved International Dimension courses can be found on the student's degree audit.

Students must complete MGMT 4480 their last semester. Students who have not completed FNBK 3250, MKT 3310, MKT 3200 and MGMT 3490 with a C (2.00) or better or who have a GPA below 2.50 will be administratively withdrawn from MGMT 4480. Preference is given to students who will graduate that semester.

The college reserves the right to institute and make effective, after due notice, during the course of a student's work toward a degree, any new ruling which may be necessary for the general good of the college, and to substitute courses currently offered for those no longer offered.

Each student admitted to the college is responsible for becoming familiar with the procedures and regulations in the undergraduate catalog.

Specific requirements for each CBA concentration are identified in the following section of this catalog.

Credits not required under general education requirements, the required business core curriculum, or a BSBA concentration can be taken as electives in business and/or in non-business areas to complete the required 120 hours for the BSBA degree.

<sup>1</sup> This course has not been offered since 2020.

Note: No one course may be applied toward more than one minor area of specialization in the Department of Management.

This minor has an online delivery mode

## Marketing for Non-Business Majors Minor

Students must meet all prerequisites to enroll in MKT 3310. Students must complete MKT 3310 ([https://catalog.unomaha.edu/search/?P=MKT %203310](https://catalog.unomaha.edu/search/?P=MKT%203310)) with a C+ or above in order to take additional marketing courses and to complete the marketing minor. At least one of the courses must be MKT 4300 or MKT 4340. Any course that may be utilized for the marketing concentration may also be used for the marketing minor, with the exception of MKT 4500 & MKT 3200. A grade of C (2.00) or better is required for a course to apply to the marketing minor and an overall GPA within the minor of 2.5 is required to earn the minor.

## BSBA as a Second Bachelor's Degree

All BSBA concentrations require 18 credit hours, except Accounting, which requires 24 credit hours.

Some concentrations or secondary concentrations require students to earn a "C+" or better in specific foundation courses. Specifically, MKT 3310 is the foundation course for the Marketing concentration as well as for the Marketing secondary concentration. MKT 3310 & MKT 3100 are the foundation courses for Sales concentration as well as for the Sales secondary concentration. Finally, FNBK 3250 & FNBK 3300 are the foundation courses for the Business Finance, Banking and Financial Markets, and Investment Science & Portfolio Management concentrations as well as the Business Finance, Banking and Financial Markets, and Investment Science & Portfolio Management secondary concentrations.

To meet requirements for the BSBA degree, students must earn a minimum of 120 credit hours in courses acceptable to the College of Business Administration: 42 of those credits must be upper division courses (3000-4000 level), with the following requirements:

- Business GPA of 2.50 or above
- Cumulative GPA of 2.50 or above
- GPA of 2.50 or above for all upper division accounting courses (excluding ACCT 3000, ACCT 4500, and ACCT 4510) for the accounting concentration and secondary concentration.
- No grade below a "C" (2.0) will be counted as satisfactory completion of BSBA degree MAJOR REQUIREMENTS, including CBA BSBA business core courses, BSBA concentration courses, business elective courses, ENGL 1150, ENGL 1160, CMST 1110 and MATH 1370 (or MATH 1930).

An Advising hold will be placed if a student does not meet the 2.5 GPA. The hold will not be removed until the requirements are met or the student chooses a major outside the College of Business Administration.

### Concentration Courses

**18-24**

### ELECTIVES

Elective hours as required to reach a total of 120 hours

Students who previously earned a business degree cannot earn a second business degree. If a student completes all requirements (including any necessary prerequisites) associated with an additional BSBA concentration after earning a business degree, the student's transcript will only list the courses completed, not the additional BSBA concentration. If desired, upon completion of all BSBA concentration requirements, the student may request (through CBA's Undergraduate Advising Office) a letter indicating that the student has completed all requirements for the additional BSBA concentration.

## Accounting Mission Statement

The UNO School of Accounting leverages its distinctive metropolitan position to:

- Prepare students for professional accounting and business careers by delivering AACSB Accounting Accredited and IMA Endorsed BSBA-Accounting and Master of Accounting programs,
- Create and disseminate knowledge that impacts students, the academy, and business professionals by engaging in relevant scholarly activities, and
- Enrich relationships among students, faculty, and business professionals in the Omaha region by providing and supporting engagement opportunities.

The UNO School of Accounting has earned supplemental accounting accreditation by the AACSB International (Association to Advance Collegiate Schools of Business) for its undergraduate and graduate programs in accounting. This accreditation is in addition to the UNO College of Business Administration's AACSB business accreditation. Fewer than 200 institutions worldwide hold both AACSB business and accounting accreditation. Information about AACSB accreditation is available here (<https://www.aacsb.edu/educators/accreditation/business-accreditation/>).

The UNO School of Accounting has received the IMA Endorsement of Higher Education from the Institute of Management Accountants for its management accounting curricula. UNO's accounting programs meet the educational standards enabling students to pursue the Certified Management Accountant (CMA) credential and careers in private and public accounting. Information about the IMA's endorsement program

is available here (<https://www.imanet.org/educators/higher-education-endorsement-program/?ssopc=1>).

The UNO School of Accounting is recognized by the Institute of Internal Auditors (IIA) as an IIA Internal Audit Awareness Program School, acknowledging our incorporation of internal auditing concepts in auditing courses. See information about the this IIA program here (<https://www.theiia.org/en/about-us/initiatives-and-awards/academic-relations/internal-audit-academic-awareness-program/>).

Accounting students have the opportunity to acquire an excellent accounting education that provides a foundation to pursue one of the numerous career paths in accounting. Accounting faculty members use appropriate and varied teaching methodologies and who incorporate the most recent developments in their discipline into the curriculum. Accounting instructors seek to create an environment which maximizes the development of critical skills such as problem solving, analysis, technology agility, communication and teamwork. Students are strongly encouraged to continue their professional development and to enhance their careers by seeking a Master of Accounting and one or more professional certifications or designations. Well-recognized and valued accounting certifications include the Certified Public Accountant (CPA), the Certified Management Accountant (CMA), the Certified Internal Auditor (CIA), the Certified Fraud Examiner (CFE), and the Certified Information Systems Auditor (CISA).

Complete information on the MAcc degree program is available online (<https://www.unomaha.edu/college-of-business-administration/accounting/graduate-program/>) or in the UNO graduate catalog. Additional information about the undergraduate accounting program, including links to professional associations and certification resources, is available online (<https://www.unomaha.edu/college-of-business-administration/accounting/>).

BSBA degree candidates may earn a concentration in accounting, and BSBA degree candidates earning a concentration in other business areas may earn a secondary concentration in accounting.

## Special Requirements

Course-related items:

1. Students interested in taking the CPA Exam in Nebraska must complete ACCT 4070 or ACCT 8076 or ACCT 8090.
2. Students pursuing an accounting concentration who complete ACCT 3080 with a grade of C or better are not required to take the business core course MGMT 3100.

### Concentration-related items:

- A student may enroll only twice in any upper-division accounting course. You are enrolled in a course if your name appears on the final class list published immediately after drop/add week. Therefore, you may drop a course only one time (excluding drops during drop/add week). If you drop the same course twice (or receive any grade below a C twice), you will not be permitted to enroll in this course a third time.
- A minimum GPA of 2.50 overall is required for enrollment in any upper-division (3000-level or 4000-level) accounting course.
- Accounting courses at the 4000-level also require a minimum GPA of 2.50 in all upper-division UNO accounting courses successfully completed to date (excluding ACCT 3000, ACCT 4500, and ACCT 4510).
- Students who wish to contract to take upper-division accounting courses as "honors" courses should contact the course instructor.

**Accounting** study at UNO provides the skills for numerous career choices in the accounting field as well as an excellent foundation to pursue CPA, CMA, and other types of certifications. Accounting career options include professional positions in the areas of auditing and information systems, financial accounting, management accounting, and taxation. The School of Accounting offers Power Dinners and the annual Meet the Firms Expo as part of its Accounting Careers Program for students to explore numerous

accounting career paths and to engage with accounting professionals.

The School of Accounting's Accounting Career Advisor and Internship Coordinator mentors and advises students and provides guidance for internships and other career opportunities.

## Student Groups

### Beta Alpha Psi

Beta Alpha Psi (BAP) is an honor organization for financial information students and practicing professionals. The primary objective of Beta Alpha Psi is to encourage and give recognition to scholastic and professional excellence. This includes promoting the study and practice of accounting, finance, and information systems; providing opportunities for self-development, service and the association of members with practicing professionals; and encouraging a sense of ethical, social and civic responsibility. Membership into Beta Alpha Psi is based on scholastic achievement. The UNO BAP chapter also leads the Accounting Careers Program.

<sup>1</sup> Requires English Composition Placement

<sup>2</sup> This course may or may not be required depending on Math Placement.

<sup>3</sup> For this requirement students must choose from the following list: MKT 3100, CMST 2120, CMST 3130, CMST 3140, CMST 3150, or CMST 3160.

<sup>4</sup> Cumulative upper-division Accounting GPA of at least 2.5 is required for enrollment in any 4000-level accounting course.

<sup>5</sup> See DegreeWorks or Stellic for approved elective options.

This roadmap is a suggested plan of study and does not replace meeting with an advisor. Please note that students may need to adjust the actual sequence of courses based on course availability. Please consult an advisor in your major program for further guidance.

This plan is not a contract and curriculum is subject to change

#### Additional Information About this Plan:

**University Degree Requirements:** The minimum number of hours for a UNO undergraduate degree is 120 credit hours. Please review the requirements for your specific program to determine all requirements for the program. In order to graduate on-time (four years for an undergraduate degree), you need to take 30 hours each year.

**Placement Exams:** For Math, English, Foreign Language, a placement exam may be required. More information on these exams can be found at <https://www.unomaha.edu/enrollment-management/testing-center/placement-exams/information.php>

**\*\*Transfer credit or placement exam scores may change suggested plan of study**

#### GPA Requirements:

Courses within the College of Business require students to obtain a minimum NU GPA of 2.5 or better.

#### Graduation Requirements:

- Students must earn a minimum of 120 credit hours for a BSBA.
- 42 of those credit hours must be in upper division courses.
- For a BSBA business core, BSBA concentration, or business elective course to fulfill BSBA requirements, it must be taken on a letter-grade basis and the student must earn a grade of "C" (2.0) or higher.

CBA students must earn a minimum NU GPA of 2.50 and a minimum Business GPA of 2.50. If students are earning an accounting concentration or secondary concentration, a minimum upper division accounting GPA of 2.50 is additionally required.

## Internal Audit, Fraud, and Control Certificate

The objective of the Internal Audit, Fraud, and Control Certificate is to provide students with current information in the profession of internal audit, accounting information systems, and fraud risk assessment. The certificate provides a foundation for the Certified Internal Auditor (CIA) examination and certification. Earning this certificate will encourage and prepare students to pursue the CIA credential. This certificate and potential professional certification will help students sharpen their skills and earn a

standard of credibility and recognition of competence in the field. Students interested in pursuing the IAFC certificate may contact CBA Advising ([unocbaadvising@unomaha.edu](mailto:unocbaadvising@unomaha.edu)).

## Internal Auditing, Fraud, and Control (IAFC) Certificate Requirements

| <b>Total Credits</b> |                                | <b>12</b> |

## Economics

Economists are problem solvers. The profession has produced methods to better match organ recipients with donors (saving countless lives), improved the financial savings rate for U.S. veterans, and reduced crime through small incentives.

The field is a method of studying humans using models and data; it is not a series of facts about the economy you memorize. While economics includes the study of what people buy and how products are produced, the field is far more expansive. Economics can be applied to numerous fields including art, education, law, medicine, psychology, sociology, and urban studies. Further, economics is the foundational science on which all business fields are built.

*Economics is a systematic and scientific way of looking at human choices.*

Economics has been the steppingstone to a future career for many of the nation's most ambitious people. In addition to numerous CEOs and U.S. Presidents, economics is the most popular degree at six out of the eight Ivy League schools (Business Insider, "The three most popular majors at every Ivy League school").

Career opportunities are vast when you hold an economics degree. Warren Buffett (Berkshire Hathaway), Sheryl Sandberg (Meta/Facebook), Sandra Day O'Connor (former Associate Justice of the U.S. Supreme Court), and Nate Silver (FiveThirtyEight) all hold economics degrees. While their careers are very different, they all use the methods and data analysis tools taught in economics to further their success.

Economists are employed by private businesses, public sectors, and non-profit organizations and are among the highest paid disciplines. In businesses, economists' duties include various forms of analysis to help make business decisions. Common job titles include Data Analyst, Data Scientist, Market Research Analyst, Financial Analyst, Technical Analyst, and Research Associate.

Here at UNO, we offer three different undergraduate programs in economics: A STEM-designated Bachelor of Science in Economics (<https://catalog.unomaha.edu/undergraduate/college-arts-sciences/economics/economics-bs/>), a Bachelor of Arts in Economics (<https://catalog.unomaha.edu/undergraduate/college-arts-sciences/economics/economics-ba/>), and a Bachelor of Science in Business Administration - Economics Concentration (<https://catalog.unomaha.edu/undergraduate/college-business-administration/bs-business-administration/economics/>). These programs contain nearly the same economics courses: which degree makes the most sense for you depends on your other interests.

In addition, economics is superb preparation for graduate work in areas such as business, law, political science, international relations, gerontology, and public administration. Economics also is an excellent dual **major** or **minor** for other areas of study.

## Economics Club

The main purpose of the UNO Economics Club is to increase awareness and knowledge of economic issues among Economics Club members and the overall UNO community. The organization also provides a venue for student-members to examine issues related to academic success, career success, and related matters. The organization shall work towards increasing the membership's engagement with the Omaha community.

Membership eligibility includes all currently enrolled students in good standing who pay University Program and Facilities Fees (UPFF) at UNO. Any individual from the community is eligible for membership without voting privileges and the ability to run for office.

Any person who satisfies the eligibility requirements may become a member of the organization by completing an Economics Club Membership Form. The membership form is available at MH 332C or may be downloaded here (<https://www.unomaha.edu/college-of-business-administration/>). Contact phone number: 402.554.2803

## Economics Fast Track Program

The Department of Economics has developed a Fast Track program for highly qualified and motivated students providing the opportunity to complete a bachelor's degree and a master's degree in an accelerated time frame. With Fast Track, students may count up to 9 graduate hours toward the completion of their undergraduate program as well as the graduate degree program.

### Program Specifics:

- The program is available for undergraduate students pursuing the BS in Business Administration (with a concentration in Economics), BS in Economics, or BA in Economics, desiring to pursue a MS in Economics.
- Students must have completed no less than 60 undergraduate hours.
- Students must have a minimum undergraduate GPA of 3.5.
- Students must complete the Fast Track Approval form and obtain all signatures and submit to the Office of Graduate Studies prior to first enrollment in a graduate course.
- Students will work with their undergraduate advisor to register for the graduate courses.
- A minimum cumulative GPA of 3.0 is required for graduate coursework to remain in good standing.
- Students remain undergraduates until they meet all the requirements for the undergraduate degree and are eligible for all rights and privileges granted undergraduate status including financial aid.
- Near the end of the undergraduate program, formal application to the graduate program is required. The application fee will be waived, the applicant will need to contact the Office of Graduate Studies for a fee waiver code.
  - Admission to Fast Track does NOT guarantee admission to the graduate program.
  - The admit term must be after the completion term of the undergraduate degree.

Students in the Fast Track program must only enroll in dual-level ECON courses (ECON 8xx6) as their graduate coursework prior to admittance to the graduate program.

## Degrees Offered

Bachelor of Science in Business Administration (<https://catalog.unomaha.edu/undergraduate/college-business-administration/bs-business-administration/>)

## Concentrations Offered

- Business Analytics Concentration (p. 400)
- Economics Concentration (p. 394)

## Secondary Concentrations Offered

- Secondary Concentration in Economics (p. 394)
- Secondary Concentration in Business Analytics (p. 400)

- Actuary
- Business Journalist
- Consultant
- Data and Analytics Specialist
- Economic Analyst
- Economic Researcher
- Economic Strategist
- Financial Advisor
- Financial Analyst
- Market Analyst
- Policy Analyst
- Statistician
- Supply Chain Analyst

## Economics Concentration

## BSBA Degree with Economics Concentration Requirements

| Code  | Title   | Credits   |
|---|---|-----------|
| <b>General Education Requirements - 34 Hours Required</b> |   |           |
| <b>Fundamental Skills</b>                                 |   | <b>15</b> |

**Credits 15**

**Total Credits 120**

<sup>1</sup> Requires English Composition Placement

<sup>2</sup> This course may or may not be required depending on Math Placement.

<sup>3</sup> For this requirement students must choose from the following list: MKT 3100, CMST 2120, CMST 3130, CMST 3140, CMST 3150, or CMST 3160.

<sup>4</sup> This Economics Concentration Elective must be a 3000- or 4000-level course within the Economics department.

<sup>5</sup> This Economics Concentration Elective must be a 3000- or 4000-level course within the Economics department.

This roadmap is a suggested plan of study and does not replace meeting with an advisor. Please note that students may need to adjust the actual

sequence of courses based on course availability. Please consult an advisor in your major program for further guidance.

This plan is not a contract and curriculum is subject to change

#### **Additional Information About this Plan:**

**University Degree Requirements:** The minimum number of hours for a UNO undergraduate degree is 120 credit hours. Please review the requirements for your specific program to determine all requirements for the program. In order to graduate on-time (four years for an undergraduate degree), you need to take 30 hours each year.

**Placement Exams:** For Math, English, Foreign Language, a placement exam may be required. More information on these exams can be found at <https://www.unomaha.edu/enrollment-management/testing-center/placement-exams/information.php>

\*\*Transfer credit or placement exam scores may change suggested plan of study

#### **GPA Requirements:**

Courses within the College of Business require students to obtain a minimum NU GPA of 2.5 or better.

#### **Graduation Requirements:**

- Students must earn a minimum of 120 credit hours for a BSBA.
- 42 of those credit hours must be in upper division courses.
- For a BSBA business core, BSBA concentration, or business elective course to fulfill BSBA requirements, it must be taken on a letter-grade basis and the student must earn a grade of "C" (2.0) or higher.
- CBA students must earn a minimum NU GPA of 2.50 and a minimum Business GPA of 2.50. If students are earning an accounting concentration or secondary concentration, a minimum upper division accounting GPA of 2.50 is additionally required.

## **Finance, Banking and Real Estate**

### **Contact**

Chair, Department of Finance, Banking and Real Estate  
402.554.2418

**Website** (<http://www.unomaha.edu/college-of-business-administration/finance-banking-real-estate/>)

### **Degrees Offered**

- Business Administration, Bachelor of Science (<https://catalog.unomaha.edu/undergraduate/college-business-administration/bs-business-administration/>)

### **Concentrations Offered**

- Banking and Financial Markets Concentration (p. 397)
- Business Finance Concentration (p. 402)
- Certified Financial Planning Concentration (p. 404)
- Investment Science and Portfolio Management Concentration (p. 406)
- Real Estate and Land Use Economics Concentration (p. 409)

### **Secondary Concentrations Offered**

- Secondary Concentration in Banking and Financial Markets (p. 397)
- Secondary Concentration in Business Finance (p. 402)

- Secondary Concentration in Investment Science and Portfolio Management (p. 406)
- Secondary Concentration in Real Estate and Land Use Economics (p. 409)

Note: A careful structuring of course work will allow students to obtain a triple concentration in Investment Science and Portfolio Management, Business Finance, and Banking and Financial Markets, without extra courses. In addition, students may earn a concentration in Real Estate and Land Use Economics and a corresponding Finance concentration. Students must complete FNBK 3300 and FNBK 3300 with a C+ or above in order to specialize in any Finance and Banking concentration or secondary concentration.

## **Certificates Offered**

UNO Real Estate Certificate (p. 411)

Finance, Banking, and Real Estate

- Appraiser
- Bank Operations Manager
- Commercial Banking Officer
- Commercial or Residential Broker
- Corporate Financial Officer
- Corporate Lawyer
- Financial Advisor
- Insurance Management
- Investment Analyst
- Mortgage Officer
- Portfolio Manager
- Real Estate Agent
- Retail Banking Officer
- Risk Management Specialist
- Stockbroker
- Underwriting Specialist

## **Banking and Financial Markets Concentration**

The objective of the Banking and Financial Markets concentration is to provide additional study in the areas of financial management of commercial banks including the organization, operation, financing and functions of banks and certain related financial institutions. This program is specifically designed for those students interested in pursuing careers in banking, bank regulatory agencies, or in related financial institutions, such as credit unions, sales and consumer finance companies, and government agencies.

The completion of specified courses in business finance, banking, and investment science and portfolio management may be applied toward concentration requirements in all three areas.

Banking and Financial Markets concentration and secondary concentration students are required to earn a "C+" or better in FNBK 3250 and FNBK 3300.

## BSBA Degree with Banking and Financial Markets Concentration Requirements

| Code  | Title  | Credits   |
|---|--|-----------|
| <b>General Education Requirements - 34 Hours Required</b>   |  |           |
| <b>Fundamental Skills</b>   |  | <b>15</b> |
| <b>Writing – 6 hrs.</b>   |  |           |
| ENGL 1150   | ENGLISH COMPOSITION I                                      |           |
| ENGL 1160   | COLLEGE RESEARCH AND INFORMATION LITERACY                  |           |

|----------------------|------------|

<sup>1</sup> Requires English Composition Placement

<sup>2</sup> This course may or may not be required depending on Math Placement.

<sup>3</sup> Students with a Banking & Financial Markets concentration must earn a grade of "C+" or better in FNBK 3250.

<sup>4</sup> For this requirement students must choose from the following list: MKT 3100, CMST 2120, CMST 3130, CMST 3140, CMST 3150, or CMST 3160.

<sup>5</sup> Students with a Banking & Financial Markets concentration must earn a grade of "C+" or better in FNBK 3300.

<sup>6</sup> See DegreeWorks or Stellic for approved elective options.

This roadmap is a suggested plan of study and does not replace meeting with an advisor. Please note that students may need to adjust the actual sequence of courses based on course availability. Please consult an advisor in your major program for further guidance.

This plan is not a contract and curriculum is subject to change

### Additional Information About this Plan:

**University Degree Requirements:** The minimum number of hours for a UNO undergraduate degree is 120 credit hours. Please review the requirements for your specific program to determine all requirements for the program. In order to graduate on-time (four years for an undergraduate degree), you need to take 30 hours each year.

**Placement Exams:** For Math, English, Foreign Language, a placement exam may be required. More information on these exams can be found at <https://www.unomaha.edu/enrollment-management/testing-center/placement-exams/information.php>

\*\*Transfer credit or placement exam scores may change suggested plan of study

**GPA Requirements:**

Courses within the College of Business require students to obtain a minimum NU GPA of 2.5 or better.

**Graduation Requirements:**

- Students must earn a minimum of 120 credit hours for a BSBA.
- 42 of those credit hours must be in upper division courses.
- For a BSBA business core, BSBA concentration, or business elective course to fulfill BSBA requirements, it must be taken on a letter-grade basis and the student must earn a grade of "C" (2.0) or higher.
- CBA students must earn a minimum NU GPA of 2.50 and a minimum Business GPA of 2.50. If students are earning an accounting concentration or secondary concentration, a minimum upper division accounting GPA of 2.50 is additionally required.

## Business Analytics Concentration

Because domain knowledge is critical to business analytics, the BSBA Business Analytics concentration is required to be completed together with another BSBA concentration within the College of Business Administration.

## BSBA Degree with Business Analytics Concentration Requirements

| Code  | Title   | Credits   |
|---|---|-----------|
| <b>General Education Requirements - 34 Hours Required</b>   |   |           |
| <b>Fundamental Skills</b>   |   | <b>15</b> |
| <b>Writing – 6 hrs.</b>   |   |           |
| ENGL 1150   | ENGLISH COMPOSITION I                                   |           |
| ENGL 1160   | COLLEGE RESEARCH AND INFORMATION LITERACY               |           |
| <b>Oral Communication – 3 hrs.</b>  |   |           |
| CMST 1110   | PUBLIC SPEAKING FUNDS                                   |           |
| or CMST 2120  | ARGUMENTATION AND DEBATE                                |           |
| <b>Quantitative Literacy – 3 hrs.</b>   |   |           |
| MATH 1120   | INTRODUCTION TO MATHEMATICAL AND COMPUTATIONAL THINKING |           |
| or MATH 1130  | QUANTITATIVE LITERACY                                   |           |
| or MATH 1140  | QUANTITATIVE REASONING FOR HEALTHCARE PROFESSIONALS     |           |
| or MATH 1300  | COLLEGE ALGEBRA WITH SUPPORT                            |           |
| <b>Data Literacy – 3 hrs.</b>   |   |           |
| Select one from the following:  |   |           |
| STAT 1100   | DATA LITERACY AND VISUALIZATION                         |           |
| STAT 1530   | ELEMENTARY STATISTICS                                   |           |
| Until Fall 2028, students can satisfy this requirement with an approved data literacy course, or any approved natural or social science general education course. |   |           |
| <b>Breadth of Knowledge</b>   |   |           |
| Social Science – 3 hrs.   |   |           |
| Humanities – 3 hrs.   |   |           |
| Natural & Physical Science (must complete a lab) – 4 hrs.   |   |           |
| Arts – 3 hrs.   |   |           |
| <b>Individual and Social Responsibility</b>   |   | <b>6</b>  |
| Cultural Knowledge – 3 hrs.   |   |           |
| Civic Knowledge and Engagement – 3 hrs.   |   |           |

**MAJOR REQUIREMENTS - 87 Hours Required**

Must complete all MAJOR REQUIREMENTS with a grade of C (2.0) or higher

\*\*Course will satisfy UNO's General Education requirement

^Course requires pre-requisite(s)

**All of the following:**

|           |  |
|-----------|--|
| ENGL 1150 | ENGLISH COMPOSITION I (** ^)                     |

<sup>1</sup> Requires English Composition Placement

<sup>2</sup> This course may or may not be required depending on Math Placement.

<sup>3</sup> See DegreeWorks or Stellic for approved elective options.

<sup>4</sup> For this requirement students must choose from the following list: MKT 3100, CMST 2120, CMST 3130, CMST 3140, CMST 3150, or CMST 3160.

This roadmap is a suggested plan of study and does not replace meeting with an advisor. Please note that students may need to adjust the actual sequence of courses based on course availability. Please consult an advisor in your major program for further guidance.

This plan is not a contract and curriculum is subject to change

#### Additional Information About this Plan:

University Degree Requirements: The minimum number of hours for a UNO undergraduate degree is 120 credit hours. Please review the requirements for your specific program to determine all requirements for the program. In order to graduate on-time (four years for an undergraduate degree), you need to take 30 hours each year.

Placement Exams: For Math, English, Foreign Language, a placement exam may be required. More information on these exams can be found at <https://www.unomaha.edu/enrollment-management/testing-center/placement-exams/information.php>

\*\*Transfer credit or placement exam scores may change suggested plan of study

#### GPA Requirements:

Courses within the College of Business require students to obtain a minimum NU GPA of 2.5 or better.

#### Graduation Requirements:

- Students must earn a minimum of 120 credit hours for a BSBA.
- 42 of those credit hours must be in upper division courses.
- For a BSBA business core, BSBA concentration, or business elective course to fulfill BSBA requirements, it must be taken on a letter-grade basis and the student must earn a grade of "C" (2.0) or higher.
- CBA students must earn a minimum NU GPA of 2.50 and a minimum Business GPA of 2.50. If students are earning an accounting concentration or secondary concentration, a minimum upper division accounting GPA of 2.50 is additionally required.

## Business Finance Concentration

The objective of the business finance concentration is to prepare students for careers in such areas as financial management, capital budgeting, and

international financial management. The focus is on the functions of finance in the firm, cash management, sources of financing, the financial system and strategic capital budgeting.

The completion of specified courses in business finance, banking, and investment science and portfolio management may be applied toward concentration requirements in all three areas.

Business Finance concentration and secondary concentration students are required to earn a "C+" or better in FNBK 3250 and FNBK 3300.

## BSBA Degree with Business Finance Concentration Requirements

| Code  | Title   | Credits   |
|---|---|-----------|
| <b>General Education Requirements - 34 Hours Required</b>   |   |           |
| <b>Fundamental Skills</b>   |   | <b>15</b> |
| <b>Writing – 6 hrs.</b>   |   |           |
| ENGL 1150   | ENGLISH COMPOSITION I                                   |           |
| ENGL 1160   | COLLEGE RESEARCH AND INFORMATION LITERACY               |           |
| <b>Oral Communication – 3 hrs.</b>  |   |           |
| CMST 1110   | PUBLIC SPEAKING FUNDS                                   |           |
| or CMST 2120  | ARGUMENTATION AND DEBATE                                |           |
| <b>Quantitative Literacy – 3 hrs.</b>   |   |           |
| MATH 1120   | INTRODUCTION TO MATHEMATICAL AND COMPUTATIONAL THINKING |           |
| or MATH 1130  | QUANTITATIVE LITERACY                                   |           |
| or MATH 1140  | QUANTITATIVE REASONING FOR HEALTHCARE PROFESSIONALS     |           |
| or MATH 1300  | COLLEGE ALGEBRA WITH SUPPORT                            |           |
| <b>Data Literacy – 3 hrs.</b>   |   |           |
| Select one from the following:  |   |           |
| STAT 1100   | DATA LITERACY AND VISUALIZATION                         |           |
| STAT 1530   | ELEMENTARY STATISTICS                                   |           |
| Until Fall 2028, students can satisfy this requirement with an approved data literacy course, or any approved natural or social science general education course. |   |           |
| <b>Breadth of Knowledge</b>   |   | <b>13</b> |
| <b>Social Science – 3 hrs.</b>  |   |           |
| <b>Humanities – 3 hrs.</b>  |   |           |
| <b>Natural &amp; Physical Science (must complete a lab) – 4 hrs.</b>  |   |           |
| <b>Arts – 3 hrs.</b>  |   |           |
| <b>Individual and Social Responsibility</b>   |   | <b>6</b>  |
| <b>Cultural Knowledge – 3 hrs.</b>  |   |           |
| <b>Civic Knowledge and Engagement – 3 hrs.</b>  |   |           |
| <b>MAJOR REQUIREMENTS - 69 Hours Required</b>   |   |           |
| Must complete all MAJOR REQUIREMENTS with a grade of C (2.0) or higher  |   |           |
| **Course will satisfy UNO's General Education requirement   |   |           |
| ^Course requires pre-requisite(s)   |   |           |

<sup>1</sup> Requires English Composition Placement

<sup>2</sup> This course may or may not be required depending on Math Placement.

<sup>3</sup> Students with a Business Finance concentration must earn a grade of "C +" or better in FNBK 3250.

<sup>4</sup> For this requirement students must choose from the following list: MKT 3100, CMST 2120, CMST 3130, CMST 3140, CMST 3150, or CMST 3160.

<sup>5</sup> Students with a Business Finance concentration must earn a grade of "C +" or better in FNBK 3300.

<sup>6</sup> See DegreeWorks or Stellic for approved elective options.

This roadmap is a suggested plan of study and does not replace meeting with an advisor. Please note that students may need to adjust the actual sequence of courses based on course availability. Please consult an advisor in your major program for further guidance.

This plan is not a contract and curriculum is subject to change

**Additional Information About this Plan:**

**University Degree Requirements:** The minimum number of hours for a UNO undergraduate degree is 120 credit hours. Please review the requirements for your specific program to determine all requirements for

the program. In order to graduate on-time (four years for an undergraduate degree), you need to take 30 hours each year.

**Placement Exams:** For Math, English, Foreign Language, a placement exam may be required. More information on these exams can be found at <https://www.unomaha.edu/enrollment-management/testing-center/placement-exams/information.php>

\*\*Transfer credit or placement exam scores may change suggested plan of study

**GPA Requirements:**

Courses within the College of Business require students to obtain a minimum NU GPA of 2.5 or better.

**Graduation Requirements:**

- Students must earn a minimum of 120 credit hours for a BSBA.
- 42 of those credit hours must be in upper division courses.
- For a BSBA business core, BSBA concentration, or business elective course to fulfill BSBA requirements, it must be taken on a letter-grade basis and the student must earn a grade of "C" (2.0) or higher.
- CBA students must earn a minimum NU GPA of 2.50 and a minimum Business GPA of 2.50. If students are earning an accounting concentration or secondary concentration, a minimum upper division accounting GPA of 2.50 is additionally required.

## Certified Financial Planning Concentration

### BSBA Degree - Certified Financial Planning Concentration Requirements

This plan is not a contract and curriculum is subject to change

#### Additional Information About this Plan:

University Degree Requirements: The minimum number of hours for a UNO undergraduate degree is 120 credit hours. Please review the requirements for your specific program to determine all requirements for the program. In order to graduate on-time (four years for an undergraduate degree), you need to take 30 hours each year.

General Education courses (Humanities, Social Science & Natural Science) must be from at least two different disciplines <https://www.unomaha.edu/general-education/overview/index.php>. Placement Exams: For For Math, English, Foreign Language, a placement exam may be required. More information on these exams can be found at [athttps://www.unomaha.edu/enrollment-management/testing-center/placement-exams/information.php](https://www.unomaha.edu/enrollment-management/testing-center/placement-exams/information.php)

\*\*Transfer credit or placement exam scores may change suggested plan of study

#### GPA Requirements:

Courses within the College of Business require students to obtain a minimum NU GPA of 2.5 or better.

#### Graduation Requirements:

- Students must earn a minimum of 120 credit hours for a BSBA.
- 42 of those credit hours must be in upper division courses.
- For a BSBA business core, BSBA concentration, or business elective course to fulfill BSBA requirements, it must be taken on a letter-grade basis and the student must earn a grade of C (2.00) or above.
- CBA students must earn a minimum NU GPA of 2.50 and a minimum Business GPA of 2.50. If students are earning an accounting concentration or secondary concentration, a minimum upper division accounting GPA of 2.50 is additionally required.

## Investment Science and Portfolio Management Concentration

The investment science and portfolio management concentration provides theoretical and practical application of security analysis, asset pricing, and dynamic portfolio management for students interested in the investment management field. Students will have the opportunity to apply theoretical models discussed in class by managing funds in the student managed investment club. Students are encouraged to actively participate in the club early in their academic career.

The completion of specified courses in business finance, banking, and investment science and portfolio management may be applied toward concentration requirements in all three areas.

Investment Science and Portfolio Management concentration and secondary concentration students are required to earn a "C+" or better in FNBK 3250 and FNBK 3300.

| Elective                   |   | 3          |
| Elective                   |   | 3          |
| <b>Credits</b>             |   | <b>15</b>  |
| <b>Total Credits</b>       |   | <b>120</b> |

<sup>1</sup> Requires English Composition Placement

<sup>2</sup> This course may or may not be required depending on Math Placement.

<sup>3</sup> Students with an Investment Science & Portfolio Management concentration must earn a grade of "C+" or better in FNBK 3250.

<sup>4</sup> For this requirement students must choose from the following list: MKT 3100, CMST 2120, CMST 3130, CMST 3140, CMST 3150, or CMST 3160.

<sup>5</sup> Students with an Investment Science & Portfolio Management concentration must earn a grade of "C+" or better in FNBK 3300.

<sup>6</sup> See DegreeWorks or Stellic for approved elective options.

This roadmap is a suggested plan of study and does not replace meeting with an advisor. Please note that students may need to adjust the actual sequence of courses based on course availability. Please consult an advisor in your major program for further guidance.

This plan is not a contract and curriculum is subject to change

### Additional Information About this Plan:

**University Degree Requirements:** The minimum number of hours for a UNO undergraduate degree is 120 credit hours. Please review the requirements for your specific program to determine all requirements for the program. In order to graduate on-time (four years for an undergraduate degree), you need to take 30 hours each year.

**Placement Exams:** For Math, English, Foreign Language, a placement exam may be required. More information on these exams can be found at <https://www.unomaha.edu/enrollment-management/testing-center/placement-exams/information.php>

\*\*Transfer credit or placement exam scores may change suggested plan of study

### GPA Requirements:

Courses within the College of Business require students to obtain a minimum NU GPA of 2.5 or better.

### Graduation Requirements:

- Students must earn a minimum of 120 credit hours for a BSBA.
- 42 of those credit hours must be in upper division courses.
- For a BSBA business core, BSBA concentration, or business elective course to fulfill BSBA requirements, it must be taken on a letter-grade basis and the student must earn a grade of "C" (2.0) or higher.

- CBA students must earn a minimum NU GPA of 2.50 and a minimum Business GPA of 2.50. If students are earning an accounting concentration or secondary concentration, a minimum upper division accounting GPA of 2.50 is additionally required.

## Real Estate and Land Use Economics Concentration

The objective of the real estate and land use economics concentration is to prepare students for careers in areas such as commercial real estate finance, asset management, investment analysis, property management, appraisal, corporate real estate management, brokerage, development, as well as other real estate-related careers in the public and private sectors.

## BSBA Degree with Real Estate and Land Use Economics Concentration Requirements

| Code  | Title   | Credits   |
|---|---|-----------|
| <b>General Education Requirements - 34 Hours Required</b>   |   |           |
| <b>Fundamental Skills</b>   |   | <b>15</b> |
| <b>Writing – 6 hrs.</b>   |   |           |
| ENGL 1150   | ENGLISH COMPOSITION I                                   |           |
| ENGL 1160   | COLLEGE RESEARCH AND INFORMATION LITERACY               |           |
| <b>Oral Communication – 3 hrs.</b>  |   |           |
| CMST 1110   | PUBLIC SPEAKING FUNDS                                   |           |
| or CMST 2120  | ARGUMENTATION AND DEBATE                                |           |
| <b>Quantitative Literacy – 3 hrs.</b>   |   |           |
| MATH 1120   | INTRODUCTION TO MATHEMATICAL AND COMPUTATIONAL THINKING |           |
| or MATH 1130  | QUANTITATIVE LITERACY                                   |           |
| or MATH 1140  | QUANTITATIVE REASONING FOR HEALTHCARE PROFESSIONALS     |           |
| or MATH 1300  | COLLEGE ALGEBRA WITH SUPPORT                            |           |
| <b>Data Literacy – 3 hrs.</b>   |   |           |
| Select one from the following:  |   |           |
| STAT 1100   | DATA LITERACY AND VISUALIZATION                         |           |
| STAT 1530   | ELEMENTARY STATISTICS                                   |           |
| Until Fall 2028, students can satisfy this requirement with an approved data literacy course, or any approved natural or social science general education course. |   |           |
| <b>Breadth of Knowledge</b>   |   | <b>13</b> |
| Social Science – 3 hrs.   |   |           |
| Humanities – 3 hrs.   |   |           |
| Natural & Physical Science (must complete a lab) – 4 hrs.   |   |           |
| Arts – 3 hrs.   |   |           |
| <b>Individual and Social Responsibility</b>   |   | <b>6</b>  |
| Cultural Knowledge – 3 hrs.   |   |           |
| Civic Knowledge and Engagement – 3 hrs.   |   |           |
| <b>MAJOR REQUIREMENTS - 69 Hours Required</b>   |   |           |
| Must complete all MAJOR REQUIREMENTS with a grade of C (2.0) or higher  |   |           |
| **Course will satisfy UNO's General Education requirement   |   |           |
| ^Course requires pre-requisite(s)   |   |           |
| <b>All of the following:</b>  |   |           |

<sup>1</sup> Requires English Composition Placement

<sup>2</sup> This course may or may not be required depending on Math Placement.

<sup>3</sup> For this requirement students must choose from the following list: MKT 3100, CMST 2120, CMST 3130, CMST 3140, CMST 3150, or CMST 3160.

<sup>4</sup> At least one RELU Elective must be one of the following: RELU 3460, RELU 4440, or FNBK 3000. See DegreeWorks or Stellic for other approved elective options.

This roadmap is a suggested plan of study and does not replace meeting with an advisor. Please note that students may need to adjust the actual sequence of courses based on course availability. Please consult an advisor in your major program for further guidance.

This plan is not a contract and curriculum is subject to change

#### Additional Information About this Plan:

**University Degree Requirements:** The minimum number of hours for a UNO undergraduate degree is 120 credit hours. Please review the requirements for your specific program to determine all requirements for the program. In order to graduate on-time (four years for an undergraduate degree), you need to take 30 hours each year.

**Placement Exams:** For Math, English, Foreign Language, a placement exam may be required. More information on these exams can be found at <https://www.unomaha.edu/enrollment-management/testing-center/placement-exams/information.php>

**\*\*Transfer credit or placement exam scores may change suggested plan of study**

#### GPA Requirements:

Courses within the College of Business require students to obtain a minimum NU GPA of 2.5 or better.

#### Graduation Requirements:

- Students must earn a minimum of 120 credit hours for a BSBA.
- 42 of those credit hours must be in upper division courses.

- For a BSBA business core, BSBA concentration, or business elective course to fulfill BSBA requirements, it must be taken on a letter-grade basis and the student must earn a grade of "C" (2.0) or higher.
- CBA students must earn a minimum NU GPA of 2.50 and a minimum Business GPA of 2.50. If students are earning an accounting concentration or secondary concentration, a minimum upper division accounting GPA of 2.50 is additionally required.

## Management

### Contact

UNO Management Department  
402.554.2525

### Degrees Offered

- Bachelor of Science in Business Administration (<https://catalog.unomaha.edu/undergraduate/college-business-administration/bs-business-administration/>)

## Management Concentrations

Management concentrations include Management & Leadership, Human Resource Management, and Supply Chain Management. Managers combine human and material resources to accomplish organizational objectives. Such results are achieved through the managerial processes of planning, leading, organizing and controlling. Today's competitive, global business environment presents many challenges to managers including managing change and innovation, developing a global perspective, becoming an effective leader, and improving organizational performance by focusing on quality and continuous improvement. The management concentrations are designed to prepare students to effectively face these challenges in an environment of risk, uncertainty, and ambiguity. All Management concentrations require a minimum of eighteen (18) credit hours. A student may choose more than one concentration with a resulting increase in the number of required courses.<sup>1</sup>

<sup>1</sup> Note: Students completing more than one Management concentration cannot apply more than six common credits to each Management concentration.

## Concentrations Offered:

- Management & Leadership Concentration (p. 412)
- Human Resource Management Concentration (p. 414)
- Logistics & Supply Chain Management Concentration (p. 416)

## Secondary Concentrations Offered:

- Secondary Concentration in Management & Leadership (p. 412)
- Secondary Concentration in Logistics & Supply Chain Management (p. 416)

## Management

- Account Executive
- Business Analyst
- Business Development Manager
- Business Systems Analyst
- Compliance Analyst
- Customer Relationship Manager
- Human Resources and Management Consultant
- Human Resources Executive
- Human Resources Manager
- Logistics Analyst
- Office Manager
- Operations Officer
- Project Manager
- Purchasing Specialist
- Retail Manager
- Training and Development Specialist

## Management & Leadership Concentration

The Management & Leadership concentration provides students with opportunities to develop the technical, interpersonal, conceptual, diagnostic, communication, and decision-making skills to effectively carry out management functions. The Management & Leadership concentration is designed with the flexibility to permit students to select management courses that will meet their specific interests and career objectives.

| <b>Total Credits</b>       |   | <b>120</b> |

<sup>1</sup> Requires English Composition Placement

<sup>2</sup> This course may or may not be required depending on Math Placement.

<sup>3</sup> For this requirement students must choose from the following list: MKT 3100, CMST 2120, CMST 3130, CMST 3140, CMST 3150, or CMST 3160.

<sup>4</sup> See DegreeWorks or Stellic for approved elective options.

This roadmap is a suggested plan of study and does not replace meeting with an advisor. Please note that students may need to adjust the actual sequence of courses based on course availability. Please consult an advisor in your major program for further guidance.

This plan is not a contract and curriculum is subject to change

#### Additional Information About this Plan:

**University Degree Requirements:** The minimum number of hours for a UNO undergraduate degree is 120 credit hours. Please review the requirements for your specific program to determine all requirements for the program. In order to graduate on-time (four years for an undergraduate degree), you need to take 30 hours each year.

**Placement Exams:** For Math, English, Foreign Language, a placement exam may be required. More information on these exams can be found at <https://www.unomaha.edu/enrollment-management/testing-center/placement-exams/information.php>

\*\*Transfer credit or placement exam scores may change suggested plan of study

#### GPA Requirements:

Courses within the College of Business require students to obtain a minimum NU GPA of 2.5 or better.

#### Graduation Requirements:

- Students must earn a minimum of 120 credit hours for a BSBA.
- 42 of those credit hours must be in upper division courses.
- For a BSBA business core, BSBA concentration, or business elective course to fulfill BSBA requirements, it must be taken on a letter-grade basis and the student must earn a grade of "C" (2.0) or higher.

CBA students must earn a minimum NU GPA of 2.50 and a minimum Business GPA of 2.50. If students are earning an accounting concentration

or secondary concentration, a minimum upper division accounting GPA of 2.50 is additionally required.

## Human Resource Management Concentration

The Human Resource Management concentration is for students who wish to focus on the human resource management functions of an organization. These functions include workforce staffing (recruitment and selection), talent development (training and development), performance management, total rewards (compensation and benefits), employee and labor relations, and strategic human resource planning.

Students must complete MGMT 4030 (<https://catalog.unomaha.edu/search/?P=MGMT%204030>) with a C+ or above in order to complete the Human Resource Management concentration.

## BSBA Degree with Human Resource Management Concentration Requirements

| Code  | Title   | Credits   |
|---|---|-----------|
| <b>General Education Requirements - 34 Hours Required</b>   |   |           |
| <b>Fundamental Skills</b>   |   | <b>15</b> |
| <b>Writing – 6 hrs.</b>   |   |           |
| ENGL 1150   | ENGLISH COMPOSITION I                                   |           |
| ENGL 1160   | COLLEGE RESEARCH AND INFORMATION LITERACY               |           |
| <b>Oral Communication – 3 hrs.</b>  |   |           |

<sup>1</sup> Requires English Composition Placement

<sup>2</sup> This course may or may not be required depending on Math Placement.

<sup>3</sup> For this requirement students must choose from the following list: MKT 3100, CMST 2120, CMST 3130, CMST 3140, CMST 3150, or CMST 3160.

<sup>4</sup> Students with a Human Resource Management concentration must earn a grade of "C+" or better in MGMT 4030.

This roadmap is a suggested plan of study and does not replace meeting with an advisor. Please note that students may need to adjust the actual sequence of courses based on course availability. Please consult an advisor in your major program for further guidance.

This plan is not a contract and curriculum is subject to change

**Additional Information About this Plan:**

**University Degree Requirements:** The minimum number of hours for a UNO undergraduate degree is 120 credit hours. Please review the requirements for your specific program to determine all requirements for the program. In order to graduate on-time (four years for an undergraduate degree), you need to take 30 hours each year.

**Placement Exams:** For Math, English, Foreign Language, a placement exam may be required. More information on these exams can be found at <https://www.unomaha.edu/enrollment-management/testing-center/placement-exams/information.php>

\*\*Transfer credit or placement exam scores may change suggested plan of study

**GPA Requirements:**

Courses within the College of Business require students to obtain a minimum NU GPA of 2.5 or better.

**Graduation Requirements:**

- Students must earn a minimum of 120 credit hours for a BSBA.
- 42 of those credit hours must be in upper division courses.
- For a BSBA business core, BSBA concentration, or business elective course to fulfill BSBA requirements, it must be taken on a letter-grade basis and the student must earn a grade of "C" (2.0) or higher.

CBA students must earn a minimum NU GPA of 2.50 and a minimum Business GPA of 2.50. If students are earning an accounting concentration

or secondary concentration, a minimum upper division accounting GPA of 2.50 is additionally required.

## Logistics & Supply Chain Management Concentration

The Logistics & Supply Chain Management concentration is for students who wish to focus on the supply chain functions within an organization. These functional areas include logistics (transportation management and scheduling), procurement (purchasing and materials management), effective resource management (lean manufacturing and lean supply chain management), and the three pillars of sustainable chains (people, profit, and planet).

## BSBA Degree with Logistics and Supply Chain Management Concentration Requirements

| Code  | Title   | Credits   |
|---|---|-----------|
| <b>General Education Requirements - 34 Hours Required</b>   |   |           |
| <b>Fundamental Skills</b>   |   | <b>15</b> |
| <b>Writing – 6 hrs.</b>   |   |           |

Elective 3

Elective 3

Elective 3

**Credits 15**

**Total Credits 120**

<sup>1</sup> Requires English Composition Placement

<sup>2</sup> This course may or may not be required depending on Math Placement.

<sup>3</sup> For this requirement students must choose from the following list: MKT 3100, CMST 2120, CMST 3130, CMST 3140, CMST 3150, or CMST 3160.

<sup>4</sup> See DegreeWorks or Stellic for approved elective options.

This roadmap is a suggested plan of study and does not replace meeting with an advisor. Please note that students may need to adjust the actual sequence of courses based on course availability. Please consult an advisor in your major program for further guidance.

This plan is not a contract and curriculum is subject to change

### Additional Information About this Plan:

**University Degree Requirements:** The minimum number of hours for a UNO undergraduate degree is 120 credit hours. Please review the requirements for your specific program to determine all requirements for the program. In order to graduate on-time (four years for an undergraduate degree), you need to take 30 hours each year.

**Placement Exams:** For Math, English, Foreign Language, a placement exam may be required. More information on these exams can be found at <https://www.unomaha.edu/enrollment-management/testing-center/placement-exams/information.php>

\*\*Transfer credit or placement exam scores may change suggested plan of study

### GPA Requirements:

Courses within the College of Business require students to obtain a minimum NU GPA of 2.5 or better.

### Graduation Requirements:

- Students must earn a minimum of 120 credit hours for a BSBA.
- 42 of those credit hours must be in upper division courses.
- For a BSBA business core, BSBA concentration, or business elective course to fulfill BSBA requirements, it must be taken on a letter-grade basis and the student must earn a grade of "C" (2.0) or higher.

CBA students must earn a minimum NU GPA of 2.50 and a minimum Business GPA of 2.50. If students are earning an accounting concentration or secondary concentration, a minimum upper division accounting GPA of 2.50 is additionally required.

## Marketing

### Contact:

UNO Marketing Department  
402.554.3986

### Degrees Offered

- Bachelor of Science in Business Administration (<https://catalog.unomaha.edu/undergraduate/college-business-administration/bs-business-administration/>)

### Concentrations Offered:

- Entrepreneurship Concentration (p. 419)
- International Business Concentration (p. 421)
- Marketing Concentration (p. 424)
- Sales Concentration (p. 426)

### Secondary Concentrations Offered:

- Secondary Concentration in Entrepreneurship (p. 419)
- Secondary Concentration in International Business (p. 421)
- Secondary Concentration in Marketing (p. 424)
- Secondary Concentration in Sales (p. 426)

## Marketing and Entrepreneurship

- Advertising Specialist
- Brand Specialist
- Business Owner
- Communications Director
- Copywriter
- Design and Digital Content Specialist
- Entrepreneur
- Market Research Analyst
- Marketing and Communications Consultant
- Marketing Specialist
- Sales and Marketing Manager
- Sales Representative
- Search Engine Optimization (SEO) Specialist

**Credits** 15

**Total Credits** 120

<sup>4</sup> See DegreeWorks or Stellic for approved elective options.

This roadmap is a suggested plan of study and does not replace meeting with an advisor. Please note that students may need to adjust the actual sequence of courses based on course availability. Please consult an advisor in your major program for further guidance.

This plan is not a contract and curriculum is subject to change

### Additional Information About this Plan:

**University Degree Requirements:** The minimum number of hours for a UNO undergraduate degree is 120 credit hours. Please review the requirements for your specific program to determine all requirements for the program. In order to graduate on-time (four years for an undergraduate degree), you need to take 30 hours each year.

**Placement Exams:** For Math, English, Foreign Language, a placement exam may be required. More information on these exams can be found at <https://www.unomaha.edu/enrollment-management/testing-center/placement-exams/information.php>

\*\*Transfer credit or placement exam scores may change suggested plan of study

### GPA Requirements:

Courses within the College of Business require students to obtain a minimum NU GPA of 2.5 or better.

### Graduation Requirements:

- Students must earn a minimum of 120 credit hours for a BSBA.
- 42 of those credit hours must be in upper division courses.
- For a BSBA business core, BSBA concentration, or business elective course to fulfill BSBA requirements, it must be taken on a letter-grade basis and the student must earn a grade of "C" (2.0) or higher.
- CBA students must earn a minimum NU GPA of 2.50 and a minimum Business GPA of 2.50. If students are earning an accounting concentration or secondary concentration, a minimum upper division accounting GPA of 2.50 is additionally required.

## International Business Concentration

A concentration in International Business (IB) provides students with the knowledge, skills and experience necessary for successful careers in the global business environment. BSBA students must combine the International Business Concentration with another BSBA Concentration. With this preparation, graduates will be prepared for employment in many manufacturing, service, or knowledge-based industries with international markets, international suppliers, international sources of finance, or an international workforce.

The completion of specified courses in international business may be applied toward the course requirements in other concentration areas.

## BSBA Degree with International Business Concentration Requirements

| Code  | Title | Credits   |
|---|-------|-----------|
| <b>General Education Requirements - 34 Hours Required</b> |       |           |
| <b>Fundamental Skills</b>                                 |       | <b>15</b> |
| <b>Writing – 6 hrs.</b>                                   |       |           |

<sup>1</sup> Requires English Composition Placement

<sup>2</sup> This course may or may not be required depending on Math Placement.

<sup>3</sup> For this requirement students must choose from the following list: MKT 3100, CMST 2120, CMST 3130, CMST 3140, CMST 3150, or CMST 3160.

|   |  |
|---|--|
| ENGL 1150   | ENGLISH COMPOSITION I                                      |
| ENGL 1160   | COLLEGE RESEARCH AND INFORMATION LITERACY                  |
| <b>Oral Communication – 3 hrs.</b>  |  |
| CMST 1110   | PUBLIC SPEAKING FUNDS                                      |
| or CMST 2120  | ARGUMENTATION AND DEBATE                                   |
| <b>Quantitative Literacy – 3 hrs.</b>   |  |
| MATH 1120   | INTRODUCTION TO MATHEMATICAL AND COMPUTATIONAL THINKING    |
| or MATH 1130  | QUANTITATIVE LITERACY                                      |
| or MATH 1140  | QUANTITATIVE REASONING FOR HEALTHCARE PROFESSIONALS        |
| or MATH 1300  | COLLEGE ALGEBRA WITH SUPPORT                               |
| <b>Data Literacy – 3 hrs.</b>   |  |
| Select one from the following:  |  |
| STAT 1100   | DATA LITERACY AND VISUALIZATION                            |
| STAT 1530   | ELEMENTARY STATISTICS                                      |
| Until Fall 2028, students can satisfy this requirement with an approved data literacy course, or any approved natural or social science general education course. |  |
| <b>Breadth of Knowledge 13</b>  |  |
| Social Science – 3 hrs.   |  |
| Humanities – 3 hrs.   |  |
| Natural & Physical Science (must complete a lab) – 4 hrs.   |  |
| Arts – 3 hrs.   |  |
| <b>Individual and Social Responsibility 6</b>   |  |
| Cultural Knowledge – 3 hrs.   |  |
| Civic Knowledge and Engagement – 3 hrs.   |  |
| <b>MAJOR REQUIREMENTS - 87 Hours Required</b>   |  |
| Must complete all MAJOR REQUIREMENTS with a grade of C (2.0) or higher  |  |
| **Course will satisfy UNO's General Education requirement   |  |
| ^Course requires pre-requisite(s)   |  |
| <b>All of the following:</b>  |  |
| ENGL 1150   | ENGLISH COMPOSITION I (** ^)                               |

<sup>1</sup> Requires English Composition Placement

<sup>2</sup> This course may or may not be required depending on Math Placement.

<sup>3</sup> Students with an International Business concentration must earn a grade of "C+" or better in MKT 3310 to meet the prerequisite for MKT 3380.

<sup>4</sup> Students with an International Business concentration must earn a grade of "C+" or better in FNBK 3250 to meet the prerequisite for FNBK 3700.

<sup>5</sup> For this requirement students must choose from the following list: MKT 3100, CMST 2120, CMST 3130, CMST 3140, CMST 3150, or CMST 3160.

<sup>6</sup> See DegreeWorks or Stellic for approved elective options.

This roadmap is a suggested plan of study and does not replace meeting with an advisor. Please note that students may need to adjust the actual sequence of courses based on course availability. Please consult an advisor in your major program for further guidance.

This plan is not a contract and curriculum is subject to change

#### Additional Information About this Plan:

**University Degree Requirements:** The minimum number of hours for a UNO undergraduate degree is 120 credit hours. Please review the requirements for your specific program to determine all requirements for the program. In order to graduate on-time (four years for an undergraduate degree), you need to take 30 hours each year.

**Placement Exams:** For Math, English, Foreign Language, a placement exam may be required. More information on these exams can be found at <https://www.unomaha.edu/enrollment-management/testing-center/placement-exams/information.php>

\*\*Transfer credit or placement exam scores may change suggested plan of study

#### GPA Requirements:

Courses within the College of Business require students to obtain a minimum NU GPA of 2.5 or better.

#### Graduation Requirements:

- Students must earn a minimum of 120 credit hours for a BSBA.
- 42 of those credit hours must be in upper division courses.
- For a BSBA business core, BSBA concentration, or business elective course to fulfill BSBA requirements, it must be taken on a letter-grade basis and the student must earn a grade of "C" (2.0) or higher.
- CBA students must earn a minimum NU GPA of 2.50 and a minimum Business GPA of 2.50. If students are earning an accounting concentration or secondary concentration, a minimum upper division accounting GPA of 2.50 is additionally required.

## Marketing Concentration

Students earning a concentration in marketing learn research skills necessary for discovering the needs or desires of their firm's target market. These skills enable marketers to develop a thorough understanding of their target market(s), the marketplace—whether local, national, global or virtual, the firm's competitors, and the competitive environment. Working together with other units in the firm, marketers design products and services that provide benefits and/or solve customer problems better or more efficiently than competitors' products. In other words, marketers contribute to the firm's competitive advantages to avoid being easily copied by competitors. Marketers design and implement strategic marketing plans in order to

1. Communicate effectively with the target market so customers understand the benefits offered by the firm relative to competitors;
2. Distribute products and services in ways that maximize customer satisfaction while simultaneously minimizing the firm's costs; and
3. Provide value to the target market so that customers are satisfied with the benefits received for the price paid, especially when compared to value available from competitors.

Students must complete MKT 3310 (<https://catalog.unomaha.edu/search/?P=MKT%203310>) with a C+ or above in order to take additional marketing courses, to complete the marketing concentration, or to complete the secondary concentration in marketing.

## BSBA Degree with Marketing Concentration Requirements

| Code  | Title  | Credits   |
|---|--|-----------|
| <b>General Education Requirements - 34 Hours Required</b>   |  |           |
| <b>Fundamental Skills</b>   |  | <b>15</b> |
| <b>Writing – 6 hrs.</b>   |  |           |
| ENGL 1150   | ENGLISH COMPOSITION I                                      |           |
| ENGL 1160   | COLLEGE RESEARCH AND INFORMATION LITERACY                  |           |
| <b>Oral Communication – 3 hrs.</b>  |  |           |
| CMST 1110   | PUBLIC SPEAKING FUNDS                                      |           |
| or CMST 2120  | ARGUMENTATION AND DEBATE                                   |           |
| <b>Quantitative Literacy – 3 hrs.</b>   |  |           |
| MATH 1120   | INTRODUCTION TO MATHEMATICAL AND COMPUTATIONAL THINKING    |           |
| or MATH 1130  | QUANTITATIVE LITERACY                                      |           |
| or MATH 1140  | QUANTITATIVE REASONING FOR HEALTHCARE PROFESSIONALS        |           |
| or MATH 1300  | COLLEGE ALGEBRA WITH SUPPORT                               |           |
| <b>Data Literacy – 3 hrs.</b>   |  |           |
| Select one from the following:  |  |           |
| STAT 1100   | DATA LITERACY AND VISUALIZATION                            |           |
| STAT 1530   | ELEMENTARY STATISTICS                                      |           |
| Until Fall 2028, students can satisfy this requirement with an approved data literacy course, or any approved natural or social science general education course. |  |           |
| <b>Breadth of Knowledge</b>   |  | <b>13</b> |
| Social Science – 3 hrs.   |  |           |
| Humanities – 3 hrs.   |  |           |
| Natural & Physical Science (must complete a lab) – 4 hrs.   |  |           |
| Arts – 3 hrs.   |  |           |
| <b>Individual and Social Responsibility</b>   |  | <b>6</b>  |
| Cultural Knowledge – 3 hrs.   |  |           |
| Civic Knowledge and Engagement – 3 hrs.   |  |           |
| <b>MAJOR REQUIREMENTS - 69 Hours Required</b>   |  |           |
| Must complete all MAJOR REQUIREMENTS with a grade of C (2.0) or higher  |  |           |
| **Course will satisfy UNO's General Education requirement   |  |           |
| ^Course requires pre-requisite(s)   |  |           |

| MKT 4370                                   | MARKETING ANALYTICS                     |         |
| MKT 4420                                   | BUSINESS DEMOGRAPHICS                   |         |
| MKT 4510                                   | MARKETING INTERNSHIP                    |         |
| MKT 4720                                   | INNOVATION VENTURES                     |         |
| MKT 4800                                   | HONORS STUDIES IN MARKETING             |         |
| MKT 4760                                   | SELLING IN AN ENTREPRENEURIAL CONTEXT   |         |

Students must meet all prerequisites to enroll in MKT 3310 (<https://catalog.unomaha.edu/search/?P=MKT%203310>). For students who wish to complete a secondary concentration in marketing, at least one of the courses must be MKT 4300 (<https://catalog.unomaha.edu/search/?P=MKT%204300>) or MKT 4340 (<https://catalog.unomaha.edu/search/?P=MKT%204340>). For the remaining six (6) hours of upper-division (3000 or 4000 level) marketing courses, any course approved for the marketing concentration may also be used for the secondary concentration in marketing, with the exception of MKT 4500 (<https://catalog.unomaha.edu/search/?P=MKT%204500>). A grade of C (2.00) or better is required for a course to apply to the secondary concentration.

## BSBA Degree with Marketing Concentration Four Year Plan

### Freshman

| Fall                                 |  | Credits   |
|--------------------------------------|--|-----------|
| ENGL 1150                            | ENGLISH COMPOSITION I <sup>1</sup>                               | 3         |
| MATH 1300                            | COLLEGE ALGEBRA WITH SUPPORT <sup>2</sup>                        | 4         |
| CMST 1110                            | PUBLIC SPEAKING FUNDS  | 3         |
| General Education Course or Elective |  | 3         |
| BSAD 1100                            | BUSINESS MAVERICKS: COLLEGE AND CAREER FOUNDATIONS (Recommended) | 1         |
| <b>Credits</b>                       |  | <b>14</b> |

### Spring

<sup>1</sup> Requires English Composition Placement

<sup>2</sup> This course may or may not be required depending on Math Placement.

<sup>3</sup> Students with a Marketing concentration must earn a grade of "C+" or better in MKT 3310.

<sup>4</sup> See DegreeWorks or Stellic for approved elective options.

This roadmap is a suggested plan of study and does not replace meeting with an advisor. Please note that students may need to adjust the actual sequence of courses based on course availability. Please consult an advisor in your major program for further guidance.

This plan is not a contract and curriculum is subject to change

### Additional Information About this Plan:

**University Degree Requirements:** The minimum number of hours for a UNO undergraduate degree is 120 credit hours. Please review the requirements for your specific program to determine all requirements for the program. In order to graduate on-time (four years for an undergraduate degree), you need to take 30 hours each year.

**Placement Exams:** For Math, English, Foreign Language, a placement exam may be required. More information on these exams can be found at <https://www.unomaha.edu/enrollment-management/testing-center/placement-exams/information.php>

\*\*Transfer credit or placement exam scores may change suggested plan of study

### GPA Requirements:

Courses within the College of Business require students to obtain a minimum NU GPA of 2.5 or better.

### Graduation Requirements:

- Students must earn a minimum of 120 credit hours for a BSBA.
- 42 of those credit hours must be in upper division courses.
- For a BSBA business core, BSBA concentration, or business elective course to fulfill BSBA requirements, it must be taken on a letter-grade basis and the student must earn a grade of "C" (2.0) or higher.
- CBA students must earn a minimum NU GPA of 2.50 and a minimum Business GPA of 2.50. If students are earning an accounting concentration or secondary concentration, a minimum upper division accounting GPA of 2.50 is additionally required.

## Sales Concentration

The Sales concentration provides students with the opportunity to develop communication, interpersonal, decision-making, and critical-thinking skills that will enable them to effectively carry out sales functions across a

variety of contexts, career paths, and industries. The Sales concentration is specifically designed to develop knowledge and skills in relational and consultative selling.

Sales concentration and Sales secondary concentration students are required to earn a "C+" or better in MKT 3310 or MKT 3100.

## BSBA Degree with Sales Concentration Requirements

| Code  | Title  | Credits   |
|---|--|-----------|
| <b>General Education Requirements - 34 Hours Required</b>   |  |           |
| <b>Fundamental Skills</b>   |  | <b>15</b> |
| <b>Writing – 6 hrs.</b>   |  |           |
| ENGL 1150   | ENGLISH COMPOSITION I                                      |           |
| ENGL 1160   | COLLEGE RESEARCH AND INFORMATION LITERACY                  |           |
| <b>Oral Communication – 3 hrs.</b>  |  |           |
| CMST 1110   | PUBLIC SPEAKING FUNDS                                      |           |
| or CMST 2120  | ARGUMENTATION AND DEBATE                                   |           |

**Credits 15**

**Total Credits 120**

<sup>1</sup> Requires English Composition Placement

<sup>2</sup> This course may or may not be required depending on Math Placement.

<sup>3</sup> Students with a Sales concentration must earn a grade of "C+" or better in MKT 3310.

<sup>4</sup> Students with a Sales concentration must earn a grade of "C+" or better in MKT 3100.

<sup>5</sup> See DegreeWorks or Stellic for approved elective options.

This roadmap is a suggested plan of study and does not replace meeting with an advisor. Please note that students may need to adjust the actual sequence of courses based on course availability. Please consult an advisor in your major program for further guidance.

This plan is not a contract and curriculum is subject to change

### Additional Information About this Plan:

**University Degree Requirements:** The minimum number of hours for a UNO undergraduate degree is 120 credit hours. Please review the requirements for your specific program to determine all requirements for

the program. In order to graduate on-time (four years for an undergraduate degree), you need to take 30 hours each year.

**Placement Exams:** For Math, English, Foreign Language, a placement exam may be required. More information on these exams can be found at <https://www.unomaha.edu/enrollment-management/testing-center/placement-exams/information.php>

**\*\*Transfer credit or placement exam scores may change suggested plan of study**

#### **GPA Requirements:**

Courses within the College of Business require students to obtain a minimum NU GPA of 2.5 or better.

#### **Graduation Requirements:**

- Students must earn a minimum of 120 credit hours for a BSBA.
- 42 of those credit hours must be in upper division courses.
- For a BSBA business core, BSBA concentration, or business elective course to fulfill BSBA requirements, it must be taken on a letter-grade basis and the student must earn a grade of "C" (2.0) or higher.
- CBA students must earn a minimum NU GPA of 2.50 and a minimum Business GPA of 2.50. If students are earning an accounting concentration or secondary concentration, a minimum upper division accounting GPA of 2.50 is additionally required.

## **College of Communication, Fine Arts and Media**

### **College Vision Statement**

The College of Communication, Fine Arts and Media (CFAM) is united by its common conviction that imagination and human communication are inseparable aspects of the same intellectual process. Through innovative and traditional teaching and the use of emerging technologies, the college promotes learning, research, scholarship, creative activity, and service to the profession and to the broader community in all aspects of human communication.

Central to the college's educational mission is the instruction of students in the essential, practical and theoretical knowledge that they will need to succeed in their chosen disciplines. Through its diverse outreach activities, the college is equally committed to the engagement of a broad constituency. The college makes important contributions to the cultural growth and well-being of the people of the region and prepares students to participate in a global community.

## **General Information**

### **Overview of Degree Programs**

The college is structured as three distinct schools: the School of the Arts (Art & Art History, Theatre, Writer's Workshop), the School of Communication and the School of Music.

The College of Communication, Fine Arts and Media (CFAM) offers the following degree programs:

- Bachelor of Arts
- Bachelor of Fine Arts
- Bachelor of Music
- Bachelor of Science
- Graduate Degrees (offered through Graduate Studies)

## **Accreditation Information**

| Major                              | Degree   | Accreditation Body  |
|------------------------------------|----------|---|
| Art History                        | BA       | National Association of Schools of Art and Design (NASAD)   |
| Music                              | BA       | National Association of Music (NASM)  |
| Music Conducting                   | MM       | National Association of Schools of Music (NASM)   |
| Music Education                    | BM       | - National Association of Schools of Music (NASM) - Association for Advancing Quality in Educator Preparation (AAQEP) - Nebraska Department of Education          |
| Music Education                    | MM       | National Association of Schools of Music (NASM)   |
| Music Performance                  | BM MM    | National Association of Schools of Music (NASM)   |
| Studio Art                         | BASA BFA | National Association of Schools of Art and Design (NASAD)   |
| Studio Art with K-12 Certification | BASA BFA | - National Association of Schools of Art and Design (NASAD) - Association for Advancing Quality in Educator Preparation (AAQEP)- Nebraska Department of Education |

## **Program Contact Information**

College of Communication, Fine Arts and Media Dean's Office:  
402.554.3857

Program Website (<https://www.unomaha.edu/college-of-communication-fine-arts-and-media/>)

## **Admission Requirements**

Admission to programs in the College of Communication, Fine Arts and Media follow regular admission procedures of the University outlined in the current undergraduate catalog. The application deadline for admission to a degree seeking program is August 1 for fall semester, December 1 for spring semester. Student seeking a degree in music should also consult the School of Music website (<https://www.unomaha.edu/college-of-communication-fine-arts-and-media/music/about-us/area-pages/>) for additional information on admission to the music program.

Students who wish to transfer into CFAM from another college within the University must obtain written permission from and meet with a CFAM Dean's Office advisor. A minimum cumulative grade point average (GPA) of 2.25 is required to transfer into the college.

# Academic Requirements for the College Degrees

## Number of Hours to Graduate

Students must complete a minimum of 120 semester hours of college credit toward the degree of Bachelor of Science in Communication, Bachelor of Arts in Communication, Bachelor of Arts in Art History, Bachelor of Arts in Studio Art, Bachelor of Fine Arts (Studio Art and Creative Writing), Bachelor of Arts in Theatre, Bachelor of Arts in Music or Bachelor of Music. The minimum credit hour requirement for students in art or music seeking K-12 certification may vary according to current guidelines for teacher certification. Students must maintain close contact with an advisor each semester to insure progress toward fulfillment of their course of study. No student may count more than 87 semester hours of credit in any one discipline toward graduation. Actual limits are determined by faculty in the various disciplines.

## General Education Requirements

Students are required to complete the UNO General Education requirements. Specific information about general education can be found here (<https://www.unomaha.edu/general-education/overview/>).

Academic advisors can provide information about the specific course required for each degree program.

## Foreign Language Requirement for BA degrees in Music, Theater, and Studio Art degrees

While Bachelor of Arts degrees typically require foreign language as part of the degree requirements, students in music, theatre, and studio arts are exempt from this requirement.

## Minimum GPA/Additional Requirements

All students who have not yet earned any college credit and who are eligible to enter the university are accepted for admission to the college. Students who are seeking a degree within the School of Music are also required to complete an entrance audition for admission into the music program.

Admission of transfer students or students who have previously been enrolled at UNO is evaluated on an individual basis. A 2.25 grade point average in previous course work is required.

Application deadline for admission: August 1 for fall semester, December 1 for spring semester

## Transfer Credit Policy

Students may apply no more than 96 quarter hours (64 semester hours), transferred from a two year institution, towards a UNO bachelor's degree. Academic advisors retain the right to accept or reject courses based on their transferability and validity to fulfill major requirements.

## Unacceptable Credits

Credits in any courses classified as "remedial" or courses in other colleges of the university not approved by the College of Communication, Fine Arts and Media faculty may not be applied toward degrees offered by CFAM.

## Other types of transfer credits

Information on credit for Advanced Placement Credit, American Council of Education (ACE) Credit, College Level Examination Credit, Military Credit, Retroactive Credit, International Baccalaureate, or Cambridge International can be found here

## Placement Exams and Credit by Department Policies/Practices

At UNO, placement exams may be used to help ensure that you enroll in the correct courses based on your academic skill level. Information

on placement exams can be found here (<https://www.unomaha.edu/enrollment-management/testing-center/information.php>).

## Residency Requirement

Thirty (30) of the last 36 hours required for the degree must be registered for and completed at the University of Nebraska at Omaha

## Quality of Work

A grade of "C" or higher will be required for any major course accepted for any College of Communication, Fine Arts and Media degree requirement. All students must maintain a minimum 2.0 grade point average (GPA) in all course work, including work transferred from other institutions, to remain in good standing in the college.

The School of Communication requires students to earn a minimum of "C" in all major course work. Furthermore, students who take sophomore level or above journalism and media communication courses, or junior level or above communication studies courses must maintain at least a 2.25 cumulative GPA.

The School of the Arts requires students to earn a minimum of "C" in all major course work. Students pursuing the BFA in Studio Arts must maintain a 3.0 GPA in all art courses including the BFA sequence. Students seeking Art, K-12 certification must adhere to the GPA/grading standards set for the UNO Educator Preparation Program.

The School of Music requires a 2.5 GPA in all music courses. Students enrolled in the Bachelor of Music, performance concentration must maintain a 3.0 average in their major applied field. Students seeking K-12 certification must adhere to the GPA/grading standards set for the UNO Educator Preparation Program

All grades reported by the faculty to the registrar become a part of the student's permanent record and are included in computation of the cumulative grade point average, regardless of the total number required for the degree.

## Good Academic Standing Policy

<https://nextcatalog.unomaha.edu/aboutuno/registration-to-graduation/grades/> (p. 37)

## Credit/No Credit (CR/NC) Grades

<https://nextcatalog.unomaha.edu/aboutuno/registration-to-graduation/grades/> (p. 37)

## Completion of Incomplete Grade

Students have one semester after an incomplete is awarded to complete the course work. After this, the grade changes to a withdrawal. Students who complete the required course work outside of the allotted time frame may still receive credit by re-enrolling and paying tuition for the course. Exceptions are made when a student has been working in good faith continuously to complete the course work, with no breaks in work submitted, or within contracted terms determined by the faculty member.

## Repeatable Grades/Courses

<https://nextcatalog.unomaha.edu/aboutuno/registration-to-graduation/grades/> (p. 37)

## Appeal Process

<https://nextcatalog.unomaha.edu/aboutuno/registration-to-graduation/grades/> (p. 37)

## Grade Appeal Policy

Undergraduate students wanting to appeal a grade received in a College of Communication, Fine Arts and Media unit course should first discuss the matter directly with the instructor. If a satisfactory agreement is not reached, the student may submit an appeal in writing to the chair/director of the academic unit in which the course is offered.

If the student and chair/director of the academic unit do not reach a satisfactory agreement, the student may submit an appeal in writing to the Dean of the College of Communication, Fine Arts and Media, at which point the appeal may be referred to the Education Policy Committee of the College for review. The student's written appeal to the Dean must be made by the end of the following semester after the academic unit's decision. For example, if the academic unit's decision is made in the fall semester, the student has until the end of the spring semester to submit a written appeal. If the Education Policy Committee of the College reviews the appeal it may request additional information from the student, the instructor, the academic unit or its chair/director as needed. Education Policy Committee members who have voted on the case at the academic unit level must recuse themselves from the Committee's vote. Upon making a decision, the Education Policy Committee will send its recommendation to the Dean's office in writing, and the Dean's office will notify the student of the College's decision.

## Academic Amnesty

A student enrolled in the College of Communication, Fine Arts and Media may request to have one or two semesters (taken at UNO, UNL, and/or UNK) removed from their cumulative grade point average and degree consideration by petitioning for academic amnesty. The form for applying for Academic Amnesty can be found here ([https://www.unomaha.edu/college-of-communication-fine-arts-and-media/\\_files/docs/AcademicAmnestyPetition.pdf](https://www.unomaha.edu/college-of-communication-fine-arts-and-media/_files/docs/AcademicAmnestyPetition.pdf))

The following conditions for academic amnesty apply:

- Have been out of the Nebraska system for at least one calendar year (12-month period).
- Have substandard coursework ("F" or "D" grades) earned within the University of Nebraska system (UNO, UNL, UNK, UNMC) prior to the year out (substandard grades earned after the year out will not be included in the Academic Amnesty contract).
- Be admitted as a degree-seeking student at the University of Nebraska.

Requirements:

- Academic Amnesty will begin with the first course(s) taken upon return to UNO.
- Students may apply for Academic Amnesty at any time after taking the one-year break.
- After returning from the one-year break, demonstrate academic success in new UNO coursework.
- Academic success may be demonstrated by one of the following:
  - Completing at least 12 semester hours (simultaneous or sequential) with a minimum of 3.0 cumulative GPA,
  - Completing at least 24 semester hours (simultaneous or sequential) with a minimum of 2.5 cumulative GPA.
- Students must maintain continuous enrollment (at least six (6) semester hours completed within any 12-month period).
- Students will work with their academic advisor to select the coursework to be amnestyed.
- Students must inform an academic advisor when the Academic Amnesty requirements are met.

Notes:

- All amnestyed coursework will remain on the student's academic record (transcript); however, the courses will not be included in calculation of the student's grade point average. Courses will be annotated "Academic Amnesty Excluded from GPA" on the transcript.
- Once Academic Amnesty is granted, students will not be eligible for honors at graduation. Students are still eligible for Dean's List and Chancellor's List honors.
- While demonstrating academic success, no changes are made to the student's academic record. If a student's cumulative GPA is still below standard, the students will continue to be reported as "continued on probation." Should the student revert to substandard academic performance while working on Academic Amnesty, the student can still be suspended. Academic Amnesty is intended to provide relief from the past without providing immunity from future substandard academic performance.
- Students must still meet all university and college requirements to graduate.

## Academic Probation and Suspension

## Reinstatement Policy Following Academic Suspension

[https://nextcatalog.unomaha.edu/aboutuno/registration-to-graduation/grades/\(p.37\)](https://nextcatalog.unomaha.edu/aboutuno/registration-to-graduation/grades/(p.37))

## Academic Advising

Each student enrolled in a College of Communication, Fine Arts and Media degree program is encouraged to review requirements for their intended degree with an assigned academic advisor. (<https://www.unomaha.edu/college-of-communication-fine-arts-and-media/academics/advising.php>) Additionally, students can contact academic advisors via MavCONNECT (<https://www.unomaha.edu/enterprise-systems/mavconnect/>). Review of specific degree requirements should be conducted with an advisor each semester in preparation for and prior to each enrollment/registration period.

## Advising Holds

[https://nextcatalog.unomaha.edu/aboutuno/registration-to-graduation/enrollment/\(p.30\)](https://nextcatalog.unomaha.edu/aboutuno/registration-to-graduation/enrollment/(p.30))

## Student Holds

[https://nextcatalog.unomaha.edu/aboutuno/registration-to-graduation/enrollment/\(p.30\)](https://nextcatalog.unomaha.edu/aboutuno/registration-to-graduation/enrollment/(p.30))

## Senior Check

Students who have completed 91+ credit hours toward their chosen degree program are required to have a senior check completed by an academic advisor. This process will assure the student's graduation date, assuming satisfactory completion of all approved courses. All substitutions and/or changes to a student's degree requirements must be noted in writing during the advising process. Should this procedure not be followed, responsibility for meeting graduation requirements falls on the student. Errors made could prevent timely graduation.

# School of Communication

## Mission

The School of Communication provides a student-centered, dynamic environment designed to elevate, empower, and engage students to become skilled, ethical citizens and professionals who can excel in diverse local and global communities.

## Vision

Our vision is to be a recognized leader in innovative teaching, leading-edge research/creative activity, and community-engagement initiatives. We will achieve this by supporting and attracting exceptional faculty and outstanding undergraduate and graduate students from within and outside the metropolitan area.

## Other information

For School of Communication majors, courses that have been applied toward general education requirements may also be applied to the major, minor, or second-field of concentration requirements, with the exception of the courses used to fulfill the general education oral communication requirement.

All students who take most sophomore-level or above (2000-, 3000- or 4000-level) journalism and media communication courses (JMC), or junior-level or above (3000- or 4000-level) communication studies (CMST) courses, are required to have a cumulative grade-point average of at least 2.25. Any exceptions will be by written permission of the school. Students will receive a worksheet listing requirements to track their progress toward a degree.

Communication Studies students may not complete more than a total of three hours of credit for forensics activities (CMST 3150 and CMST 3160) or more than a total of six hours of credit for Internships and Independent Study. Exceptions to these limits can be made by the School of Communication director.

Journalism and Media Communication students may not complete more than a total of six hours of credit for Internships and Independent Study. Exceptions to these limits may be made by the School of Communication director.

Students may double major within the School of Communication by completing the requirements for both CMST and JMC programs. Some classes, such as JMC 4970 and CMST 4970 Internship Experience, may count toward both majors with advisor approval.

The Bachelor of Arts in Communication (BAC) degree includes a foreign language requirement (16 credit hours or high school equivalent), while the Bachelor of Science in Communication (BSC) degree includes a minimum of 15 hours in a second field of study (or a minor as specified by a department or school). A second field of study is defined as courses within a single department of the university or as courses that all relate to a single subject area or topic. The second field of study must include at least six hours of upper-level courses (3000- or 4000-level) except as specifically exempted in writing by a school advisor or the school director.

Students must earn at least a "C" in all courses required for the major, as well as in all foreign language courses required for the Bachelor of Arts in Communication and in all classes in the second field of study (or minor) required for the Bachelor of Science in Communication.

## Contact

The School of Communication office areas are located in Arts and Sciences Hall Room 140, Room 107, Room 108, and Room 105. Phone: 402.554.2600 or 402.554.2520.

Website (<http://communication.unomaha.edu/>)

## Degrees Offered

The School of Communication offers Bachelor of Arts and Bachelor of Science degree programs in the Communication Studies (course prefix is CMST) and Journalism and Media Communication (course prefix is JMC) programs.

- Communication Studies, Bachelor of Arts (p. 433)
- Communication Studies, Bachelor of Science (p. 435)
- Journalism and Media Communication, Bachelor of Arts (p. 436)
- Journalism and Media Communication, Bachelor of Science (p. 441)

## Communication Studies

The requirements for the Communication Studies program include 57 credits, plus 15 credits in a second field of study for a Bachelor of Science in Communication and 16 hours in a foreign language for a Bachelor of Arts in Communication. A total of 120 credits are required, including general education requirements and general electives.

## Journalism and Media Communication

The requirements for the Journalism and Media Communication program include 57 credits, plus 15 credits in a second field of study for a Bachelor of Science in Communication degree and 16 hours in a foreign language for a Bachelor of Arts in Communication degree. A total of 120 credits are required, including general education requirements and general electives.

Journalism and Media Communication students must select one of two concentrations: Emerging Media or Public Relations and Advertising.

## Minors Offered

- Communication Studies Minor (p. 436)
- Journalism and Media Communication Minor (p. 445)
- Public Relations and Advertising (PR/Ad) Minor (p. 445)

## Communication Studies

Effective communication, whether written, spoken or non-verbal is essential for success in any career field and Communication Studies students develop and hone these critical skills. Besides strong verbal, nonverbal, and written communication skills, Communication Studies students also develop critical thinking skills including synthesizing information, building a cohesive argument, and analytical proficiency. Students may also apply their classroom knowledge externally by completing internships with nationally and internationally recognized organizations, both profit and non-profit.

### Possible careers include:

- Corporate/Organizational Trainer & Facilitator
- Talent developer
- Mediator
- Project Manager
- Human Resources director
- Customer service industry
- Executive director-nonprofit & for profit
- Fundraising/Foundation Officer
- Event planner
- Property Manager
- Corporate Recruiter

## Journalism and Media Communication

Journalism and Media Communication provides a comprehensive education in emerging media and public relations and advertising. Coursework in media writing, media production principles, media theory, and communication research provide a strong foundation for any form of mediated communication career.

Beyond the classroom, students get hands-on experiences working in the field through internships; service learning projects; production of *The Omaha News* and *Consider This* - programs produced in the UNO Television studio; working both on-air and behind the scenes at MavRadio (<https://www.mavradio.fm/>) - UNO's student-run radio station; broadcasts of UNO athletic events held at Baxter Arena; and working directly with professional clients the PR and Advertising Capstone course. Regardless of the path a student chooses, the JMC major can lead to multiple career opportunities.

### Possible careers include:

- Content creator and influencer
- Strategic communication specialist
- Journalist or magazine writer or editor
- Social media marketer
- Corporate communication director
- Nonprofit or government communication director
- Sports media marketer or broadcaster
- Podcaster
- News broadcaster or producer
- Media researcher

| General Elective Course       |  | 3          |
| General Elective Course       |  | 3          |
| <b>Credits</b>                |  | <b>15</b>  |
| <b>Total Credits</b>          |  | <b>120</b> |

This roadmap is a suggested plan of study and does not replace meeting with an advisor. Please note that students may need to adjust the actual sequence of courses based on course availability. Please consult an advisor in your major program for further guidance.

This plan is not a contract and curriculum is subject to change

### Additional Information About this Plan:

**University Degree Requirements:** The minimum number of hours for a UNO undergraduate degree is 120 credit hours. Please review the requirements for your specific program to determine all requirements for the program. In order to graduate on-time (four years for an undergraduate degree), you need to take 30 hours each year.

**Placement Exams:** For Math, English, Foreign Language, a placement exam may be required. More information on these exams can be found at <https://www.unomaha.edu/enrollment-management/testing-center/placement-exams/information.php>

\*\*Transfer credit or placement exam scores may change suggested plan of study

This roadmap is a suggested plan of study and does not replace meeting with an advisor. Please note that students may need to adjust the actual sequence of courses based on course availability. Please consult an advisor in your major program for further guidance.

This plan is not a contract and curriculum is subject to change

Additional Information About this Plan:

University Degree Requirements:

The minimum number of hours for a UNO undergraduate degree is 120 credit hours. Please review the requirements for your specific program to determine all requirements for the program. In order to graduate on-time (four years for an undergraduate degree), you need to take 30 hours each year.

**Placement Exams:**

For Math, English, Foreign Language, a placement exam may be required. More information on these exams can be found at <https://www.unomaha.edu/enrollment-management/testing-center/placement-exams/information.php>

\*\*Transfer credit or placement exam scores may change suggested plan of study

## Communication Studies Minor

### Communication Studies Minor Requirements

Students may earn a minor in communication studies. To earn a minor students must complete at least 15 credits in Communication Studies, including CMST 2100, with at least 9 credits coming from courses at the 3000/4000 level. CMST courses used to fulfill the general education fundamental academic skills (CMST 1110 or CMST 2120) may not be used toward the minor

## Journalism and Media Communication, Bachelor of Arts

### Journalism and Media Communication, Bachelor of Arts in Communication Requirements

| Code  | Title                                     | Credits   |
|---|---|-----------|
| <b>GENERAL EDUCATION REQUIREMENTS - 34 Hours Required</b> |   |           |
| Minimum of "C-" required                                  |   |           |
| <b>Fundamental Skills</b>                                 |   | <b>15</b> |
| <b>Writing – 6 hrs.</b>                                   |   |           |
| ENGL 1150   | ENGLISH COMPOSITION I                     |           |
| ENGL 1160   | COLLEGE RESEARCH AND INFORMATION LITERACY |           |

**Oral Communication – 3 hrs.**

CMST 1110 PUBLIC SPEAKING FUNDS  
or CMST 2120 ARGUMENTATION AND DEBATE

**Quantitative Literacy – 3 hrs.**

MATH 1120 INTRODUCTION TO MATHEMATICAL  
AND COMPUTATIONAL THINKING  
or MATH 1130 QUANTITATIVE LITERACY  
or MATH 1140 QUANTITATIVE REASONING FOR HEALTHCARE  
PROFESSIONALS  
or MATH 1300 COLLEGE ALGEBRA WITH SUPPORT

**Data Literacy – 3 hrs.**

Select one from the following:

STAT 1100 DATA LITERACY AND VISUALIZATION  
STAT 1530 ELEMENTARY STATISTICS

Until Fall 2028, students can satisfy this requirement with an approved data literacy course, or any approved natural or social science general education course.

**Breadth of Knowledge 13**

Social Science – 3 hrs.  
Humanities – 3 hrs.  
Natural & Physical Science (must complete a lab) – 4 hrs.  
Arts – 3 hrs.

**Individual and Social Responsibility 6**

Cultural Knowledge – 3 hrs.  
Civic Knowledge and Engagement – 3 hrs.

**MAJOR REQUIREMENTS - 57 Hours Required**

\*\*Course will satisfy UNO's General Education requirement

^Course requires pre-requisite(s)

Minimum of "C" required

This roadmap is a suggested plan of study and does not replace meeting with an advisor. Please note that students may need to adjust the actual sequence of courses based on course availability. Please consult an advisor in your major program for further guidance.

This plan is not a contract and curriculum is subject to change

#### Additional Information About this Plan:

##### University Degree Requirements:

The minimum number of hours for a UNO undergraduate degree is 120 credit hours. Please review the requirements for your specific program to

determine all requirements for the program. In order to graduate on-time (four years for an undergraduate degree), you need to take 30 hours each year.

#### Placement Exams:

For Math, English, Foreign Language, a placement exam may be required. More information on these exams can be found at <https://www.unomaha.edu/enrollment-management/testing-center/placement-exams/information.php>

\*\*Transfer credit or placement exam scores may change suggested plan of study

#### GPA Requirements:

2.25 cumulative GPA

## Public Relations and Advertising Concentration Journalism & Media Communication, Bachelor of Science - Public Relations and Advertising Concentration Requirements

This roadmap is a suggested plan of study and does not replace meeting with an advisor. Please note that students may need to adjust the actual sequence of courses based on course availability. Please consult an advisor in your major program for further guidance.

This plan is not a contract and curriculum is subject to change.

#### **Additional Information About this Plan:**

**University Degree Requirements:** The minimum number of hours for a UNO undergraduate degree is 120 credit hours. Please review the requirements for your specific program to determine all requirements for the program. In order to graduate on-time (four years for an undergraduate degree), you need to take 30 hours each year.

**Placement Exams:** For Math, English, Foreign Language, a placement exam may be required. More information on these exams can be found at <https://www.unomaha.edu/enrollment-management/testing-center/placement-exams/information.php>

\*\*Transfer credit or placement exam scores may change suggested plan of study

**GPA Requirements:** 2.25 cumulative GPA

## **Journalism and Media Communication Minor**

### **Journalism and Media Communication Minor Requirements**

Students may earn a minor in Journalism and Media Communication with courses selected from JMC offerings. To fulfill the minor, students must complete 18 hours in JMC offerings with 9 of those credit hours in JMC 1500, JMC 2100, and JMC 2200 and 9 credits of chosen courses at

the 3000 or 4000 level. All courses in the minor must be completed with a grade of "C" or higher.

## **Public Relations and Advertising (PR/Ad) Minor**

### **Public Relations and Advertising (PR/Ad) Minor Requirements**

Students may earn a minor in Public Relations and Advertising (PR/Ad) with courses selected from JMC's PR/Ad Concentration offerings. To fulfill the minor, students must complete 18 hours with 12 of those credit hours in JMC 2100, JMC 2500, JMC 3230, and JMC 3620 and 6 credits at the 2000 or higher level of PR/Ad Concentration courses (with 3 of those credits at the 4000 level). All courses in the minor must be completed with a grade of "C" or higher.

## **School of Music**

The School of Music is one of three schools within the College of Communication, Fine Arts, and Media. It is located in the newly renovated Janet A. and Willis S. Strauss Performing Arts Center, which is nestled near the focal point of the campus, a campanile that houses a carillon of forty-seven bells. The complex itself boasts a tunable 420 seat concert hall and 100 seat recital hall, impressive acoustic isolation, recording studio, and well-equipped classrooms and rehearsal spaces. The center serves as a nexus of musical activity not only for the university, but for the city of Omaha as well.

The School of Music has a faculty of 45 full and part time members and is a fully accredited member of the National Association of Schools of Music (NASM). Degrees offered include the Bachelor of Music degree in performance, the Bachelor of Music with K-12 certification and the Bachelor of Arts in Music degree with concentrations in music studies, jazz studies, music technology, and music industry.

## **Other Information**

All students wishing to declare a major in music must be accepted by audition. Audition requirements can be accessed at [music.unomaha.edu](http://music.unomaha.edu) (<http://music.unomaha.edu>). Prospective majors should contact the Coordinator of Music Outreach and Recruitment at 402.554.2177 to discuss audition requirements.

For students who are not music majors, the School of Music offers many courses that will satisfy the general education requirements for Humanities/Fine Arts as well as Cultural Diversity. Click here (<https://www.unomaha.edu/general-education/overview/distribution-requirements.php>) for a list of music courses that are approved for general education. Additionally, the School of Music has numerous ensembles that are open to both majors and non-majors. Some ensembles require acceptance by audition. Auditions for select ensembles occur during the week before the semester begins. Information on all ensembles can be found online (<https://www.unomaha.edu/college-of-communication-fine-arts-and-media/music/student-involvement/>)

## **Information for All Students**

The specific requirements for the degrees in music are listed below. In addition to the specific music requirements, all students are required to complete the general education requirements found here (<https://www.unomaha.edu/general-education/>)

## **Contact**

402.554.3411

Website (<https://www.unomaha.edu/college-of-communication-fine-arts-and-media/music/>)

## Degrees Offered

- Music, Bachelor of Arts (p. 446)
- Music Performance, Bachelor of Music (p. 457)
- Music, Bachelor of Music, K-12 Certification (p. 470)

## Bachelor of Music

The professional program in music provides a comprehensive music education that prepares students with the technical skills, historical context, and theoretical knowledge to create meaningful musical contributions.

Students in the music performance track are prepared for advanced graduate study in music while students in the music education track pursue teacher certification to apply their musical skills in the K-12 classroom.

### Performance

- Studio musician
- Concert musician
- Tutor/instructor
- Director
- National guard member
- Accompanist

### Music, K-12 Education

- Elementary music educator
- Secondary music educator
- Tutor/instructor

## Bachelor of Arts in Music

The Bachelor of Arts degrees allow students to develop advanced musical skills within a comprehensive liberal arts degree. Concentrations in instrumental, keyboard, or voice studies train students in classical music repertoire to prepare them for careers in a music field outside the concert hall or classroom. Jazz studies is similar, but focuses specifically on jazz and commercial applications of music. The concentration in music technology prepares students for audio recording, sound editing, and other computer-based applications of music. Finally, the concentration in Entrepreneurial Studies brings skills of innovation and application of business principles in a musical setting.

### Jazz Studies

- Recording musician
- Concert musician
- Instructor
- Music librarian
- Composer/arranger

### Music Technology

- Audio engineer
- Music producer
- Sound mixing artist
- Broadcast technician
- Multimedia specialist
- Foley artist
- Engraving technician

### Music Industry

- Arts administrator
- Music/licensing publisher

- Event planner
- Development specialist
- Publicist

### Music Studies

- Music librarian
- Music director
- Entertainment/music attorney
- Critic
- Music therapist

**Total Credits** **120**

sequence of courses based on course availability. Please consult an advisor in your major program for further guidance.

This plan is not a contract and curriculum is subject to change

#### Additional Information About this Plan:

**University Degree Requirements:** The minimum number of hours for a UNO undergraduate degree is 120 credit hours. Please review the requirements for your specific program to determine all requirements for the program. In order to graduate on-time (four years for an undergraduate degree), you need to take 30 hours each year.

**Placement Exams:** For Math, English, Foreign Language, a placement exam may be required. More information on these exams can be found at <https://www.unomaha.edu/enrollment-management/testing-center/placement-exams/information.php>

\*\*Transfer credit or placement exam scores may change suggested plan of study

## Music Studies Instrumental Concentration

### Music, Bachelor of Arts Music - Concentration in Music Studies Instrumental Requirements

| Code  | Title | Credits |
|---|-------|---------|
| <b>GENERAL EDUCATION REQUIREMENTS - 34 Hours Required</b> |       |         |

Minimum of "C-" required

**Fundamental Skills** **15**

#### Writing – 6 hrs.

ENGL 1150 ENGLISH COMPOSITION I

ENGL 1160 COLLEGE RESEARCH AND INFORMATION LITERACY

#### Oral Communication – 3 hrs.

CMST 1110 PUBLIC SPEAKING FUNDS

or CMST 2120 ARGUMENTATION AND DEBATE

#### Quantitative Literacy – 3 hrs.

MATH 1120 INTRODUCTION TO MATHEMATICAL AND COMPUTATIONAL THINKING

or MATH 1130 QUANTITATIVE LITERACY

or MATH 1140 QUANTITATIVE REASONING FOR HEALTHCARE PROFESSIONALS

or MATH 1300 COLLEGE ALGEBRA WITH SUPPORT

#### Data Literacy – 3 hrs.

Select one from the following:

STAT 1100 DATA LITERACY AND VISUALIZATION

STAT 1530 ELEMENTARY STATISTICS

Until Fall 2028, students can satisfy this requirement with an approved data literacy course, or any approved natural or social science general education course.

**Breadth of Knowledge** **13**

Social Science – 3 hrs.

Humanities – 3 hrs.

Natural & Physical Science (must complete a lab) – 4 hrs.

This roadmap is a suggested plan of study and does not replace meeting with an advisor. Please note that students may need to adjust the actual

|   |  |
|---|--|
| Arts – 3 hrs.   |  |
| <b>Individual and Social Responsibility</b>   | <b>6</b>   |
| Cultural Knowledge – 3 hrs.   |  |
| Civic Knowledge and Engagement – 3 hrs.   |  |
| <b>MAJOR REQUIREMENTS - 47 Hours Required</b>   |  |
| **Course will satisfy UNO's General Education requirement   |  |

This roadmap is a suggested plan of study and does not replace meeting with an advisor. Please note that students may need to adjust the actual sequence of courses based on course availability. Please consult an advisor in your major program for further guidance.

This plan is not a contract and curriculum is subject to change

#### Additional Information About this Plan:

**University Degree Requirements:** The minimum number of hours for a UNO undergraduate degree is 120 credit hours. Please review the requirements for your specific program to determine all requirements for the program. In order to graduate on-time (four years for an undergraduate degree), you need to take 30 hours each year.

**Placement Exams:** For Math, English, Foreign Language, a placement exam may be required. More information on these exams can be found at <https://www.unomaha.edu/enrollment-management/testing-center/placement-exams/information.php>

\*\*Transfer credit or placement exam scores may change suggested plan of study

This roadmap is a suggested plan of study and does not replace meeting with an advisor. Please note that students may need to adjust the actual sequence of courses based on course availability. Please consult an advisor in your major program for further guidance.

This plan is not a contract and curriculum is subject to change

#### Additional Information About this Plan:

**University Degree Requirements:** The minimum number of hours for a UNO undergraduate degree is 120 credit hours. Please review the requirements for your specific program to determine all requirements for the program. In order to graduate on-time (four years for an undergraduate degree), you need to take 30 hours each year.

**Placement Exams:** For Math, English, Foreign Language, a placement exam may be required. More information on these exams can be found at <https://www.unomaha.edu/enrollment-management/testing-center/placement-exams/information.php>

\*\*Transfer credit or placement exam scores may change suggested plan of study

## Music Technology Concentration

### Music, Bachelor of Arts in Music - Concentration in Music Technology Requirements

| Code  | Title   | Credits   |
|---|---|-----------|
| <b>GENERAL EDUCATION REQUIREMENTS - 34 Hours Required</b>   |   |           |
| Minimum of "C-" required  |   |           |
| <b>Fundamental Skills</b>   |   | <b>15</b> |
| <b>Writing – 6 hrs.</b>   |   |           |
| ENGL 1150   | ENGLISH COMPOSITION I                                   |           |
| ENGL 1160   | COLLEGE RESEARCH AND INFORMATION LITERACY               |           |
| <b>Oral Communication – 3 hrs.</b>  |   |           |
| CMST 1110   | PUBLIC SPEAKING FUNDS                                   |           |
| or CMST 2120  | ARGUMENTATION AND DEBATE                                |           |
| <b>Quantitative Literacy – 3 hrs.</b>   |   |           |
| MATH 1120   | INTRODUCTION TO MATHEMATICAL AND COMPUTATIONAL THINKING |           |
| or MATH 1130  | QUANTITATIVE LITERACY                                   |           |
| or MATH 1140  | QUANTITATIVE REASONING FOR HEALTHCARE PROFESSIONALS     |           |
| or MATH 1300  | COLLEGE ALGEBRA WITH SUPPORT                            |           |
| <b>Data Literacy – 3 hrs.</b>   |   |           |
| Select one from the following:  |   |           |
| STAT 1100   | DATA LITERACY AND VISUALIZATION                         |           |
| STAT 1530   | ELEMENTARY STATISTICS                                   |           |
| Until Fall 2028, students can satisfy this requirement with an approved data literacy course, or any approved natural or social science general education course. |   |           |
| <b>Breadth of Knowledge</b>   |   | <b>13</b> |
| Social Science – 3 hrs.   |   |           |
| Humanities – 3 hrs.   |   |           |

Natural &amp; Physical Science (must complete a lab) – 4 hrs.

Arts – 3 hrs.

**Individual and Social Responsibility 6**

Cultural Knowledge – 3 hrs.

Civic Knowledge and Engagement – 3 hrs.

**MAJOR REQUIREMENTS - 48 Hours Required**

\*\*Course will satisfy UNO's General Education requirement

^Course requires pre-requisite(s)

**All of the following: 46**

MUS 1390 BASIC MUSICIANSHIP (^)  
 MUS 1400 MUSIC FUNDAMENTALS (^)  
 MUS 1430 COMMERCIAL MUSIC THEORY I (^)  
 MUS 2430 COMMERCIAL MUSIC THEORY 2 (^)  
 MUS 1070 MUSIC OF THE PEOPLE: ROCK AND POP (\*\*)

MUS 1170 FOUNDATIONS OF MUSIC TECHNOLOGY

MUS 4300 BUSINESS OF MUSIC (^)

MUS 4590 AFRICAN-AMERICAN POPULAR MUSIC FROM BEBOP TO HIP-HOP

MUS 1010 MUSIC TECHNOLOGY NOW (^ 8 semesters)

MUS 2800 SOUND REINFORCEMENT (^)

MUS 3180 ELECTRONIC MUSIC PRODUCTION

MUS 2300 SOUND DESIGN FOR VIDEO GAMES, FILM, AND SOUND ART

MUS 2200 AUDIO RECORDING TECHNIQUES I (^)

MUS 3210 AUDIO RECORDING TECHNIQUES II (^)

MUS 4240 ADVANCED AUDIO RECORDING TECHNIQUES (^)

MUS 4280 ADVANCED TOPICS IN MUSIC TECHNOLOGY (^)

MUS 4290 MUSIC CAPSTONE PROJECT (^)

**ENSEMBLES: 2 courses at 1 credit hour 2**

MUS 2700 UNIVERSITY CHORUS (\*\* ^)

This roadmap is a suggested plan of study and does not replace meeting with an advisor. Please note that students may need to adjust the actual sequence of courses based on course availability. Please consult an advisor in your major program for further guidance.

This plan is not a contract and curriculum is subject to change

**Additional Information About this Plan:**

**University Degree Requirements:** The minimum number of hours for a UNO undergraduate degree is 120 credit hours. Please review the requirements for your specific program to determine all requirements for the program. In order to graduate on-time (four years for an undergraduate degree), you need to take 30 hours each year.

**Placement Exams:** For Math, English, Foreign Language, a placement exam may be required. More information on these exams can be found at <https://www.unomaha.edu/enrollment-management/testing-center/placement-exams/information.php>

\*\*Transfer credit or placement exam scores may change suggested plan of study

## Music Studies Voice Concentration

### Music, Bachelor of Arts in Music - Concentration in Music Studies Voice Requirements

| Code  | Title   | Credits   |
|---|---|-----------|
| <b>GENERAL EDUCATION REQUIREMENTS - 34 Hours Required</b> |   |           |
| Minimum of "C-" required                                  |   |           |
| <b>Fundamental Skills</b>                                 |   | <b>15</b> |
| <b>Writing – 6 hrs.</b>                                   |   |           |
| ENGL 1150   | ENGLISH COMPOSITION I                                   |           |
| ENGL 1160   | COLLEGE RESEARCH AND INFORMATION LITERACY               |           |
| <b>Oral Communication – 3 hrs.</b>                        |   |           |
| CMST 1110   | PUBLIC SPEAKING FUNDS                                   |           |
| or CMST 2120  | ARGUMENTATION AND DEBATE                                |           |
| <b>Quantitative Literacy – 3 hrs.</b>                     |   |           |
| MATH 1120   | INTRODUCTION TO MATHEMATICAL AND COMPUTATIONAL THINKING |           |
| or MATH 1130  | QUANTITATIVE LITERACY                                   |           |

|              |   |
|--------------|---|
| or MATH 1140 | QUANTITATIVE REASONING FOR HEALTHCARE PROFESSIONALS |
| or MATH 1300 | COLLEGE ALGEBRA WITH SUPPORT                        |

**Data Literacy – 3 hrs.**

Select one from the following:

|           |                                 |
|-----------|---------------------------------|
| STAT 1100 | DATA LITERACY AND VISUALIZATION |
| STAT 1530 | ELEMENTARY STATISTICS           |

Until Fall 2028, students can satisfy this requirement with an approved data literacy course, or any approved natural or social science general education course.

**Breadth of Knowledge 13**

Social Science – 3 hrs.

Humanities – 3 hrs.

Natural & Physical Science (must complete a lab) – 4 hrs.

Arts – 3 hrs.

**Individual and Social Responsibility 6**

Cultural Knowledge – 3 hrs.

Civic Knowledge and Engagement – 3 hrs.

**MAJOR REQUIREMENTS – 47 Hours Required**

\*\*Course will satisfy UNO's General Education requirement

^Course requires pre-requisite(s)

**All of the following: 40**

**Credits 15****Total Credits 120**

This roadmap is a suggested plan of study and does not replace meeting with an advisor. Please note that students may need to adjust the actual sequence of courses based on course availability. Please consult an advisor in your major program for further guidance.

This plan is not a contract and curriculum is subject to change

**Additional Information About this Plan:**

**University Degree Requirements:** The minimum number of hours for a UNO undergraduate degree is 120 credit hours. Please review the requirements for your specific program to determine all requirements for the program. In order to graduate on-time (four years for an undergraduate degree), you need to take 30 hours each year.

**Placement Exams:** For Math, English, Foreign Language, a placement exam may be required. More information on these exams can be found at <https://www.unomaha.edu/enrollment-management/testing-center/placement-exams/information.php>

\*\*Transfer credit or placement exam scores may change suggested plan of study

This roadmap is a suggested plan of study and does not replace meeting with an advisor. Please note that students may need to adjust the actual sequence of courses based on course availability. Please consult an advisor in your major program for further guidance.

This plan is not a contract and curriculum is subject to change

#### Additional Information About this Plan:

**University Degree Requirements:** The minimum number of hours for a UNO undergraduate degree is 120 credit hours. Please review the requirements for your specific program to determine all requirements for the program. In order to graduate on-time (four years for an undergraduate degree), you need to take 30 hours each year.

**Placement Exams:** For Math, English, Foreign Language, a placement exam may be required. More information on these exams can be found at <https://www.unomaha.edu/enrollment-management/testing-center/placement-exams/information.php>

\*\*Transfer credit or placement exam scores may change suggested plan of study

## Music Performance Jazz Concentration

### Music Performance, Bachelor of Music - Jazz Concentration Requirements

| Code  | Title   | Credits   |
|---|---|-----------|
| <b>GENERAL EDUCATION REQUIREMENTS - 34 Hours Required</b>   |   |           |
| Minimum of "C-" required  |   |           |
| <b>Fundamental Skills</b>   |   | <b>15</b> |
| <b>Writing – 6 hrs.</b>   |   |           |
| ENGL 1150   | ENGLISH COMPOSITION I                                   |           |
| ENGL 1160   | COLLEGE RESEARCH AND INFORMATION LITERACY               |           |
| <b>Oral Communication – 3 hrs.</b>  |   |           |
| CMST 1110   | PUBLIC SPEAKING FUNDS                                   |           |
| or CMST 2120  | ARGUMENTATION AND DEBATE                                |           |
| <b>Quantitative Literacy – 3 hrs.</b>   |   |           |
| MATH 1120   | INTRODUCTION TO MATHEMATICAL AND COMPUTATIONAL THINKING |           |
| or MATH 1130  | QUANTITATIVE LITERACY                                   |           |
| or MATH 1140  | QUANTITATIVE REASONING FOR HEALTHCARE PROFESSIONALS     |           |
| or MATH 1300  | COLLEGE ALGEBRA WITH SUPPORT                            |           |
| <b>Data Literacy – 3 hrs.</b>   |   |           |
| Select one from the following:  |   |           |
| STAT 1100   | DATA LITERACY AND VISUALIZATION                         |           |

**Credits 13**

**Total Credits 120**

This roadmap is a suggested plan of study and does not replace meeting with an advisor. Please note that students may need to adjust the actual sequence of courses based on course availability. Please consult an advisor in your major program for further guidance.

This plan is not a contract and curriculum is subject to change

### Additional Information About this Plan:

**University Degree Requirements:** The minimum number of hours for a UNO undergraduate degree is 120 credit hours. Please review the requirements for your specific program to determine all requirements for the program. In order to graduate on-time (four years for an undergraduate degree), you need to take 30 hours each year.

**Placement Exams:** For Math, English, Foreign Language, a placement exam may be required. More information on these exams can be found at <https://www.unomaha.edu/enrollment-management/testing-center/placement-exams/information.php>

\*\*Transfer credit or placement exam scores may change suggested plan of study

# Music Performance Percussion Concentration

## Music Performance, Bachelor of Music - Percussion Concentration Requirements

**Code Title Credits**

**GENERAL EDUCATION REQUIREMENTS - 34 Hours Required**

Minimum of "C-" required

**Fundamental Skills 15**

### Writing – 6 hrs.

ENGL 1150 ENGLISH COMPOSITION I

ENGL 1160 COLLEGE RESEARCH AND INFORMATION LITERACY

### Oral Communication – 3 hrs.

CMST 1110 PUBLIC SPEAKING FUNDS

or CMST 2120 ARGUMENTATION AND DEBATE

### Quantitative Literacy – 3 hrs.

MATH 1120 INTRODUCTION TO MATHEMATICAL AND COMPUTATIONAL THINKING

|              |   |
|--------------|---|
| or MATH 1130 | QUANTITATIVE LITERACY                               |
| or MATH 1140 | QUANTITATIVE REASONING FOR HEALTHCARE PROFESSIONALS |
| or MATH 1300 | COLLEGE ALGEBRA WITH SUPPORT                        |

**Data Literacy – 3 hrs.**

Select one from the following:

|           |                                 |
|-----------|---------------------------------|
| STAT 1100 | DATA LITERACY AND VISUALIZATION |
| STAT 1530 | ELEMENTARY STATISTICS           |

Until Fall 2028, students can satisfy this requirement with an approved data literacy course, or any approved natural or social science general education course.

**Breadth of Knowledge 13**

Social Science – 3 hrs.

Humanities – 3 hrs.

Natural &amp; Physical Science (must complete a lab) – 4 hrs.

Arts – 3 hrs.

**Individual and Social Responsibility 6**

Cultural Knowledge – 3 hrs.

Civic Knowledge and Engagement – 3 hrs.

**MAJOR REQUIREMENTS – 30 Hours Required**

\*\*Course will satisfy UNO's General Education requirement

^Course requires pre-requisite(s)

**All of the following: 30**

|          |                                |

This roadmap is a suggested plan of study and does not replace meeting with an advisor. Please note that students may need to adjust the actual sequence of courses based on course availability. Please consult an advisor in your major program for further guidance.

This plan is not a contract and curriculum is subject to change

#### Additional Information About this Plan:

**University Degree Requirements:** The minimum number of hours for a UNO undergraduate degree is 120 credit hours. Please review the requirements for your specific program to determine all requirements for the program. In order to graduate on-time (four years for an undergraduate degree), you need to take 30 hours each year.

**Placement Exams:** For Math, English, Foreign Language, a placement exam may be required. More information on these exams can be found at <https://www.unomaha.edu/enrollment-management/testing-center/placement-exams/information.php>

\*\*Transfer credit or placement exam scores may change suggested plan of study

## Music Performance String Concentration

### Music Performance, Bachelor of Music - String Concentration Requirements

| Code  | Title   | Credits   |
|---|---|-----------|
| <b>GENERAL EDUCATION REQUIREMENTS - 34 Hours Required</b>   |   |           |
| Minimum of "C-" required  |   |           |
| <b>Fundamental Skills</b>   |   | <b>15</b> |
| <b>Writing – 6 hrs.</b>   |   |           |
| ENGL 1150   | ENGLISH COMPOSITION I                                   |           |
| ENGL 1160   | COLLEGE RESEARCH AND INFORMATION LITERACY               |           |
| <b>Oral Communication – 3 hrs.</b>  |   |           |
| CMST 1110   | PUBLIC SPEAKING FUNDS                                   |           |
| or CMST 2120  | ARGUMENTATION AND DEBATE                                |           |

This roadmap is a suggested plan of study and does not replace meeting with an advisor. Please note that students may need to adjust the actual sequence of courses based on course availability. Please consult an advisor in your major program for further guidance.

This plan is not a contract and curriculum is subject to change

**Additional Information About this Plan:**

**University Degree Requirements:** The minimum number of hours for a UNO undergraduate degree is 120 credit hours. Please review the requirements for your specific program to determine all requirements for the program. In order to graduate on-time (four years for an undergraduate degree), you need to take 30 hours each year.

**Placement Exams:** For Math, English, Foreign Language, a placement exam may be required. More information on these exams can be found at <https://www.unomaha.edu/enrollment-management/testing-center/placement-exams/information.php>

\*\*Transfer credit or placement exam scores may change suggested plan of study

# Music Performance Voice Concentration

## Music Performance, Bachelor of Music - Voice Concentration Requirements

| Code  | Title   | Credits   |
|---|---|-----------|
| <b>GENERAL EDUCATION REQUIREMENTS - 34 Hours Required</b>   |   |           |
| Minimum of "C-" required  |   |           |
| <b>Fundamental Skills</b>   |   | <b>15</b> |
| <b>Writing – 6 hrs.</b>   |   |           |
| ENGL 1150   | ENGLISH COMPOSITION I                                   |           |
| ENGL 1160   | COLLEGE RESEARCH AND INFORMATION LITERACY               |           |
| <b>Oral Communication – 3 hrs.</b>  |   |           |
| CMST 1110   | PUBLIC SPEAKING FUNDS                                   |           |
| or CMST 2120  | ARGUMENTATION AND DEBATE                                |           |
| <b>Quantitative Literacy – 3 hrs.</b>   |   |           |
| MATH 1120   | INTRODUCTION TO MATHEMATICAL AND COMPUTATIONAL THINKING |           |
| or MATH 1130  | QUANTITATIVE LITERACY                                   |           |
| or MATH 1140  | QUANTITATIVE REASONING FOR HEALTHCARE PROFESSIONALS     |           |
| or MATH 1300  | COLLEGE ALGEBRA WITH SUPPORT                            |           |
| <b>Data Literacy – 3 hrs.</b>   |   |           |
| Select one from the following:  |   |           |
| STAT 1100   | DATA LITERACY AND VISUALIZATION                         |           |
| STAT 1530   | ELEMENTARY STATISTICS                                   |           |
| Until Fall 2028, students can satisfy this requirement with an approved data literacy course, or any approved natural or social science general education course. |   |           |
| <b>Breadth of Knowledge</b>   |   | <b>13</b> |
| Social Science – 3 hrs.   |   |           |
| Humanities – 3 hrs.   |   |           |
| Natural & Physical Science (must complete a lab) – 4 hrs.   |   |           |
| Arts – 3 hrs.   |   |           |
| <b>Individual and Social Responsibility</b>   |   | <b>6</b>  |
| Cultural Knowledge – 3 hrs.   |   |           |
| Civic Knowledge and Engagement – 3 hrs.   |   |           |
| <b>MAJOR REQUIREMENTS – 30 Hours Required</b>   |   |           |
| **Course will satisfy UNO's General Education requirement   |   |           |
| ^Course requires pre-requisite(s)   |   |           |

This roadmap is a suggested plan of study and does not replace meeting with an advisor. Please note that students may need to adjust the actual sequence of courses based on course availability. Please consult an advisor in your major program for further guidance.

This plan is not a contract and curriculum is subject to change

**Additional Information About this Plan:**

**University Degree Requirements:** The minimum number of hours for a UNO undergraduate degree is 120 credit hours. Please review the requirements for your specific program to determine all requirements for the program. In order to graduate on-time (four years for an undergraduate degree), you need to take 30 hours each year.

**Placement Exams:** For Math, English, Foreign Language, a placement exam may be required. More information on these exams can be found at <https://www.unomaha.edu/enrollment-management/testing-center/placement-exams/information.php>

\*\*Transfer credit or placement exam scores may change suggested plan of study

# Music Performance Woodwind Concentration

## Music Performance, Bachelor of Music - Woodwind Concentration Requirements

| Code  | Title                                     | Credits   |
|---|---|-----------|
| <b>GENERAL EDUCATION REQUIREMENTS - 34 Hours Required</b> |   |           |
| Minimum of "C-"required                                   |   |           |
| <b>Fundamental Skills</b>                                 |   | <b>15</b> |
| <b>Writing – 6 hrs.</b>                                   |   |           |
| ENGL 1150   | ENGLISH COMPOSITION I                     |           |
| ENGL 1160   | COLLEGE RESEARCH AND INFORMATION LITERACY |           |
| <b>Oral Communication – 3 hrs.</b>                        |   |           |
| CMST 1110   | PUBLIC SPEAKING FUNDS                     |           |
| or CMST 2120  | ARGUMENTATION AND DEBATE                  |           |

**Quantitative Literacy – 3 hrs.**

|              |   |
|--------------|---|

**Credits 15**

**Total Credits 120**

This roadmap is a suggested plan of study and does not replace meeting with an advisor. Please note that students may need to adjust the actual sequence of courses based on course availability. Please consult an advisor in your major program for further guidance.

This plan is not a contract and curriculum is subject to change

**Additional Information About this Plan:**

**University Degree Requirements:** The minimum number of hours for a UNO undergraduate degree is 120 credit hours. Please review the requirements for your specific program to determine all requirements for the program. In order to graduate on-time (four years for an undergraduate degree), you need to take 30 hours each year.

**Placement Exams:** For Math, English, Foreign Language, a placement exam may be required. More information on these exams can be found at <https://www.unomaha.edu/enrollment-management/testing-center/placement-exams/information.php>

**\*\*Transfer credit or placement exam scores may change suggested plan of study**

**Music Education, Bachelor of Music, K-12 Certification**  
**Music Education, Bachelor of Music Requirements**

| Code  | Title   | Credits   |
|---|---|-----------|
| <b>GENERAL EDUCATION REQUIREMENTS - 34 Hours Required</b>   |   |           |
| Minimum of “C-“required   |   |           |
| <b>Fundamental Skills</b>   |   | <b>15</b> |
| <b>Writing – 6 hrs.</b>   |   |           |
| ENGL 1150   | ENGLISH COMPOSITION I                                   |           |
| ENGL 1160   | COLLEGE RESEARCH AND INFORMATION LITERACY               |           |
| <b>Oral Communication – 3 hrs.</b>  |   |           |
| CMST 1110   | PUBLIC SPEAKING FUNDS                                   |           |
| or CMST 2120  | ARGUMENTATION AND DEBATE                                |           |
| <b>Quantitative Literacy – 3 hrs.</b>   |   |           |
| MATH 1120   | INTRODUCTION TO MATHEMATICAL AND COMPUTATIONAL THINKING |           |
| or MATH 1130  | QUANTITATIVE LITERACY                                   |           |
| or MATH 1140  | QUANTITATIVE REASONING FOR HEALTHCARE PROFESSIONALS     |           |
| or MATH 1300  | COLLEGE ALGEBRA WITH SUPPORT                            |           |
| <b>Data Literacy – 3 hrs.</b>   |   |           |
| Select one from the following:  |   |           |
| STAT 1100   | DATA LITERACY AND VISUALIZATION                         |           |
| STAT 1530   | ELEMENTARY STATISTICS                                   |           |
| Until Fall 2028, students can satisfy this requirement with an approved data literacy course, or any approved natural or social science general education course. |   |           |
| <b>Breadth of Knowledge</b>   |   | <b>13</b> |
| Social Science – 3 hrs.   |   |           |
| Humanities – 3 hrs.   |   |           |
| Natural & Physical Science (must complete a lab) – 4 hrs.   |   |           |
| Arts – 3 hrs.   |   |           |
| <b>Individual and Social Responsibility</b>   |   | <b>6</b>  |
| Cultural Knowledge – 3 hrs.   |   |           |
| Civic Knowledge and Engagement – 3 hrs.   |   |           |
| <b>MAJOR REQUIREMENTS – 86 Hours Required</b>   |   |           |

**\*\*Course will satisfy UNO's General Education requirement**

## School of the Arts

### School of the Arts

The School of the Arts is one of three schools in the College of Communication, Fine Arts and Media. It comprises Art & Art History, Theatre, and Writer's Workshop. Formed in 2015 the School is located in the award-winning Weber Fine Arts Building which houses along with traditional lecture and seminar rooms and computer labs, dedicated studio spaces for art-making, acting, directing, and theatrical design. Weber's Black Box Theater and Art Gallery and unit programming make Weber and the School campus's theatrical and artistic hub.

The units in the School of the Arts offer several degree programs. Art & Art History is a fully accredited member of the National Association of Schools of Art and Design (NASAD). In the Studio Arts area, students can earn a Bachelor of Arts or a Bachelor of Fine Arts in 2D, 3D, Media Arts, Illustration, or Graphic Design. Studio Art students can also earn a K-12 certification. Art History majors can concentrate in Academic Art History or Arts Management. Theatre offers a Bachelor of Arts degree with concentrations in Acting/Directing, Musical Theatre, Stage Management, Design, and Technology. Students in Writer's Workshop (Creative Writing) can earn a BFA or an MFA in Creative Writing. Writer's Workshop offers concentrations in Poetry, Fiction, Creative Nonfiction, and Screenwriting.

For students who are not majors in the School of the Arts, there are many opportunities to minor in one of its subject areas. The School has minors in Studio Art, Art History, Theatre, Musical Theatre, Arts Entrepreneurship, and Creative Writing.

The specific requirements for the School of the Arts degrees are listed under each unit: Art & Art History, Theatre and Writer's Workshop. In addition to the major requirements students must complete UNO's General Education program.

## Art and Art History

Art & Art History educates artists, scholars and teachers by fostering creative expression, visual literacy, and critical thinking through practice and research. By developing mastery of various disciplines in art, students are prepared to become leaders in their chosen careers and make positive contributions to the world. Art & Art History is fully accredited by the National Association of Schools of Art and Design (NASAD).

Contact Information

For more information, contact Art & Art History at 402.554.2420.

Website (<http://www.unomaha.edu/college-of-communication-fine-arts-and-media/art-and-art-history/>)

Admissions

Any student enrolled in the College of Communication, Fine Arts and Media may declare a major in Art & Art History. Students working on their BASA must pass a portfolio review (ART 2000), which is normally conducted after a student has completed the Studio Core I courses, or the equivalents.

Degrees Offered

- Art History, Bachelor of Arts (p. 472)
- Studio Art, Bachelor of Arts (p. 477)
- Studio Art, Bachelor of Fine Arts (p. 487)

Minors Offered

- Art History Minor (p. 477)
- Studio Art Minor (p. 490)
- Arts Entrepreneurship Minor (p. 502)

Art History

Art History is an interdisciplinary field that studies the most significant artists and artworks in human history and emphasizes the role of visual culture from the past to the present. Students majoring in Art History at UNO can prepare for advanced graduate study in art history as well as careers in museum studies or art administration.

- Museum curator
- Gallerist
- Exhibit Installation technician
- Art conservationist/restorer
- Art law/anti-forgery specialist
- Interior designer
- Art/estate appraiser

Studio Art

The programs in studio art provide a comprehensive art education that prepares students with the technical skills, historical context, and theoretical knowledge to create meaningful artistic contributions. Visual imagery created through painting, drawing, printmaking, book arts, ceramics, sculpture, graphic design, media arts, or game design are emphasized in this program. Additionally, students can also pursue teacher certification to apply their artistic skills in the K-12 classroom.

2D

- Artist
- Fashion illustrator
- Comic illustrator
- Storyboarder
- Medical illustrator
- Art therapist
- Concept artist
- Art educator

3D

- Sculptor
- Art educator

- Special effects artist
- 3D animator

- Preproduction for Animation (storyboard artist, concept artist, production management)
- Editorial Illustrator
- Children's Illustrator
- Webcomic artist
- Comic colorist, inker or penciler
- Creative business owner

Media Arts (Intermedia and Digital Art/ Game Design)

- Concept/character artist
- Photographer
- Animator
- Digital Artist
- Game art director
- Video Artist

Art Education

- Elementary art educator
- Secondary art educator
- Tutor

Art History, Bachelor of Arts

Art History studies the artistic traditions of different cultures and time periods, artists and their creative processes, and approaches to analyzing and interpreting art. The curriculum consists of survey and period courses and topical courses such as Technical Art History, Gods, Gladiators, & Gore: Antiquity on the Big Screen, and LatinX Art. There are two concentrations in the Art History major. The Academic Art History concentration prepares students for graduate school and has enhanced language and history requirements. For gallery, museum, and arts non-profit career preparation, the Arts Management concentration includes leadership, fundraising, public relations, and collections management courses.

Art History, Bachelor of Arts Requirements

| Code   | Title                                     | Credits |
|--|---|---------|
| GENERAL EDUCATION REQUIREMENTS - 34 Hours Required |   |         |
| Minimum of "C-"required                            |   |         |
| Fundamental Skills                                 |   | 15      |
| Writing – 6 hrs.                                   |   |         |
| ENGL 1150  | ENGLISH COMPOSITION I                     |         |
| ENGL 1160  | COLLEGE RESEARCH AND INFORMATION LITERACY |         |
| Oral Communication – 3 hrs.                        |   |         |
| CMST 1110  | PUBLIC SPEAKING FUNDS                     |         |

|   |   |              |
|---|---|--------------|
| or CMST 2120  | ARGUMENTATION AND DEBATE                                |              |
| <b>Quantitative Literacy – 3 hrs.</b>   |   |              |
| MATH 1120   | INTRODUCTION TO MATHEMATICAL AND COMPUTATIONAL THINKING |              |
| or MATH 1130  | QUANTITATIVE LITERACY                                   |              |

| <b>Total Credits</b>  |                      | <b>120</b> |

This roadmap is a suggested plan of study and does not replace meeting with an advisor. Please note that students may need to adjust the actual sequence of courses based on course availability. Please consult an advisor in your major program for further guidance.

This plan is not a contract and curriculum is subject to change

### Additional Information About this Plan:

**University Degree Requirements:** The minimum number of hours for a UNO undergraduate degree is 120 credit hours. Please review the requirements for your specific program to determine all requirements for the program. In order to graduate on-time (four years for an undergraduate degree), you need to take 30 hours each year.

**Placement Exams:** For Math, English, Foreign Language, a placement exam may be required. More information on these exams can be found at <https://www.unomaha.edu/enrollment-management/testing-center/placement-exams/information.php>

## Studio Art, Bachelor of Arts

The Bachelor of Arts in studio art (BASA) requires a minimum of 120 credit hours of course work.

The BASA provides a general liberal arts degree program with specialization in studio art. For the BASA, 54 of the required 120 credit hours are in ART courses.

### Studio Art, Bachelor of Arts Requirements

| Code  | Title                                     | Credits   |
|---|---|-----------|
| <b>GENERAL EDUCATION REQUIREMENTS - 34 Hours Required</b> |   |           |
| Minimum of "C-" required                                  |   |           |
| <b>Fundamental Academic Skills</b>                        |   | <b>15</b> |
| <b>Writing – 6 hrs.</b>                                   |   |           |
| ENGL 1150   | ENGLISH COMPOSITION I                     |           |
| ENGL 1160   | COLLEGE RESEARCH AND INFORMATION LITERACY |           |
| <b>Oral Communication – 3 hrs.</b>                        |   |           |

<sup>1</sup> \*This course is repeatable

This roadmap is a suggested plan of study and does not replace meeting with an advisor. Please note that students may need to adjust the actual sequence of courses based on course availability. Please consult an advisor in your major program for further guidance.

This plan is not a contract and curriculum is subject to change

#### Additional Information About this Plan:

**University Degree Requirements:** The minimum number of hours for a UNO undergraduate degree is 120 credit hours. Please review the requirements for your specific program to determine all requirements for the program. In order to graduate on-time (four years for an undergraduate degree), you need to take 30 hours each year.

**Placement Exams:** For Math, English, Foreign Language, a placement exam may be required. More information on these exams can be found at <https://www.unomaha.edu/enrollment-management/testing-center/placement-exams/information.php>

\*\*Transfer credit or placement exam scores may change suggested plan of study

## Illustration Concentration

### Studio Art, Bachelor of Arts in Studio Art Concentration in Illustration Requirements

| Code  | Title                                     | Credits   |
|---|---|-----------|
| <b>GENERAL EDUCATION REQUIREMENTS - 34 Hours Required</b> |   |           |
| Minimum of "C-" required                                  |   |           |
| <b>Fundamental Skills</b>                                 |   | <b>15</b> |
| <b>Writing – 6 hrs.</b>                                   |   |           |
| ENGL 1150   | ENGLISH COMPOSITION I                     |           |
| ENGL 1160   | COLLEGE RESEARCH AND INFORMATION LITERACY |           |
| <b>Oral Communication – 3 hrs.</b>                        |   |           |
| CMST 1110   | PUBLIC SPEAKING FUNDS                     |           |
| or CMST 2120  | ARGUMENTATION AND DEBATE                  |           |
| <b>Quantitative Literacy – 3 hrs.</b>                     |   |           |

|   |   |
|---|---|
| MATH 1120   | INTRODUCTION TO MATHEMATICAL AND COMPUTATIONAL THINKING |
| or MATH 1130  | QUANTITATIVE LITERACY                                   |
| or MATH 1140  | QUANTITATIVE REASONING FOR HEALTHCARE PROFESSIONALS     |
| or MATH 1300  | COLLEGE ALGEBRA WITH SUPPORT                            |
| <b>Data Literacy – 3 hrs.</b>   |   |
| Select one from the following:  |   |
| STAT 1100   | DATA LITERACY AND VISUALIZATION                         |
| STAT 1530   | ELEMENTARY STATISTICS                                   |
| Until Fall 2028, students can satisfy this requirement with an approved data literacy course, or any approved natural or social science general education course. |   |
| <b>Breadth of Knowledge</b>   |   |
| <b>13</b>   |   |
| Social Science – 3 hrs.   |   |
| Humanities – 3 hrs.   |   |
| Natural & Physical Science (must complete a lab) – 4 hrs.   |   |
| Arts – 3 hrs.   |   |
| <b>Individual and Social Responsibility</b>   |   |
| <b>6</b>  |   |
| Cultural Knowledge – 3 hrs.   |   |
| Civic Knowledge and Engagement – 3 hrs.   |   |
| <b>MAJOR REQUIREMENTS - 54 Hours Required</b>   |   |
| **Course will satisfy UNO's General Education requirement   |   |
| ^Course requires pre-requisite(s)   |   |
| Minimum of "C" required   |   |
| <b>STUDIO CORE I</b>  |   |

<sup>1</sup> \*This course is repeatable

This roadmap is a suggested plan of study and does not replace meeting with an advisor. Please note that students may need to adjust the actual sequence of courses based on course availability. Please consult an advisor in your major program for further guidance.

This plan is not a contract and curriculum is subject to change

**Additional Information About this Plan:**

**University Degree Requirements:** The minimum number of hours for a UNO undergraduate degree is 120 credit hours. Please review the requirements for your specific program to determine all requirements for

the program. In order to graduate on-time (four years for an undergraduate degree), you need to take 30 hours each year.

**Placement Exams:** For Math, English, Foreign Language, a placement exam may be required. More information on these exams can be found at <https://www.unomaha.edu/enrollment-management/testing-center/placement-exams/information.php>

\*\*Transfer credit or placement exam scores may change suggested plan of study

## Studio Art, Bachelor of Fine Arts

The Bachelor of Fine Arts (BFA) in Studio Art requires a minimum of 120 credit hours of course work.

The BFA provides a more extensive, well-rounded, performance-oriented art background which prepares students for a professional life in fine arts and post graduate study. For the BFA, 78 of the required 120 credit hours are ART classes.

To be admitted to the BFA program, students must meet other eligibility requirements (see the unit website (<http://www.unomaha.edu/college-of-communication-fine-arts-and-media/art-and-art-history/undergraduate-programs/bfa-studio-art.php>) or a Art & Art History advisor for details).

## Studio Art, Bachelor of Fine Arts Requirements

**Credits 15****Total Credits 120**

This roadmap is a suggested plan of study and does not replace meeting with an advisor. Please note that students may need to adjust the actual sequence of courses based on course availability. Please consult an advisor in your major program for further guidance.

This plan is not a contract and curriculum is subject to change

**Additional Information About this Plan:**

**University Degree Requirements:** The minimum number of hours for a UNO undergraduate degree is 120 credit hours. Please review the requirements for your specific program to determine all requirements for the program. In order to graduate on-time (four years for an undergraduate degree), you need to take 30 hours each year.

**Placement Exams:** For Math, English, Foreign Language, a placement exam may be required. More information on these exams can be found at <https://www.unomaha.edu/enrollment-management/testing-center/placement-exams/information.php>

# Studio Art Minor

## Studio Art Minor Requirements

| Code   | Title                     | Credits   |
|--|---------------------------|-----------|
| <b>Studio Core Classes</b>   |                           | <b>6</b>  |
| Select two of the following courses:   |                           |           |
| ART 1100   | FOUNDATION: DRAWING       |           |
| ART 1110   | FOUNDATION: 3D DESIGN     |           |
| ART 1210   | FOUNDATION: 2-D DESIGN    |           |
| ART 1220   | FOUNDATION: DIGITAL MEDIA |           |
| <b>Upper Level Studio Classes</b>  |                           |           |
| <b>Select four (4) courses from the following list of concentrations. Students are responsible for pre-requisites:</b> |                           | <b>12</b> |
| Two Dimensional Arts   |                           |           |
| Three Dimensional Arts   |                           |           |
| Graphic Design   |                           |           |
| Media Arts   |                           |           |
| Illustration   |                           |           |

## Art Education Concentration, Bachelor of Arts in Studio Art

Students in the Art Education concentration will also receive K-12 Art certification. This option gives students the opportunity to teach K-12 art or the capacity to pursue graduate level work in an M.A. or M.Ed. program in art education. The Bachelor of Arts in Studio Art with a concentration in Art Education is a 120 credit hour program of which 57 are in ART and 30 are from the College of Education, Health and Human Sciences.

## Art Education Concentration, Bachelor of Arts in Studio Art

| Code  | Title   | Credits   |
|---|---|-----------|
| <b>GENERAL EDUCATION REQUIREMENTS - 34 Hours Required</b> |   |           |
| Minimum of "C-" required                                  |   |           |
| <b>Fundamental Skills</b>                                 |   | <b>15</b> |
| <b>Writing – 6 hrs.</b>                                   |   |           |
| ENGL 1150   | ENGLISH COMPOSITION I                                   |           |
| ENGL 1160   | COLLEGE RESEARCH AND INFORMATION LITERACY               |           |
| <b>Oral Communication – 3 hrs.</b>                        |   |           |
| CMST 1110   | PUBLIC SPEAKING FUNDS                                   |           |
| or CMST 2120  | ARGUMENTATION AND DEBATE                                |           |
| <b>Quantitative Literacy – 3 hrs.</b>                     |   |           |
| MATH 1120   | INTRODUCTION TO MATHEMATICAL AND COMPUTATIONAL THINKING |           |
| or MATH 1130  | QUANTITATIVE LITERACY                                   |           |
| or MATH 1140  | QUANTITATIVE REASONING FOR HEALTHCARE PROFESSIONALS     |           |
| or MATH 1300  | COLLEGE ALGEBRA WITH SUPPORT                            |           |
| <b>Data Literacy – 3 hrs.</b>                             |   |           |
| Select one from the following:                            |   |           |
| STAT 1100   | DATA LITERACY AND VISUALIZATION                         |           |
| STAT 1530   | ELEMENTARY STATISTICS                                   |           |

Until Fall 2028, students can satisfy this requirement with an approved data literacy course, or any approved natural or social science general education course.

This roadmap is a suggested plan of study and does not replace meeting with an advisor. Please note that students may need to adjust the actual sequence of courses based on course availability. Please consult an advisor in your major program for further guidance.

\* For a comprehensive list of elective courses please consult your advisor.

This plan is not a contract and curriculum is subject to change

#### Additional Information About this Plan:

**University Degree Requirements:** The minimum number of hours for a UNO undergraduate degree is 120 credit hours. Please review the requirements for your specific program to determine all requirements for the program. In order to graduate on-time (four years for an undergraduate degree), you need to take 30 hours each year.

**Placement Exams:** For Math, English, Foreign Language, a placement exam may be required. More information on these exams can be found at <https://www.unomaha.edu/enrollment-management/testing-center/placement-exams/information.php>

\*\*Transfer credit or placement exam scores may change suggested plan of study  
Students in the BASA w/ PK-12 Certification program must complete the Praxis Core Academic Skills test by the completion of TED 2400. Prior to the completion of Clinical Practice students must successfully complete the Praxis II Art Content Knowledge exam. More information on both exams can be found at <https://www.unomaha.edu/college-of-education-health-and-human-sciences/student-services/academics/required-exams.php>

**GPA Requirements:** BASA w/ PK-12 students must have at least a 2.5 GPA at the time of applying for the Pre-Professional Education Core classes (TED 2100 and TED 2200). By the time students formally apply to the College of Education, Health, and Human Sciences (TED 2300 and TED 2400) student GPA must be 2.75.

**Graduation Requirements:** Should students unsuccessfully complete their Clinical Practice or choose to not move forward with the PK-12 Art Certification, students may still graduate with a BASA degree.

## Theatre

Theatre coursework is designed to provide students with well-rounded experiences encompassing the varied components that work together to create the theatrical experience. These areas include performance (acting/directing/musical theatre), production design (scenic, costume, lighting, sound), box office, publicity, house management, dramaturgy, stage management, and much more. Above all, we're committed to each student's individual development toward artistic and cultural maturity and growth that cultivates global diversity and service to our community. Through in-class and production work, students gain valuable life skills including discipline, collaboration, communication, project management, research, planning, achieving deadlines, and problem-solving.

The unit's mission is to ignite in the student, teacher, and community: critical thinking, compassionate feeling, collaborative vision, and the capacity to delight.

## Other Information

The general areas of study in theatre are acting, directing, musical theatre, dramatic literature, theatre history and criticism, and design/production including stagecraft, stage lighting, scene design, costume, and makeup. Beyond the general theatre core, students may pursue a concentration in a specialized area such as acting, musical theatre, design, production, technology, stage management, or theatre scholarship.

Theatre majors are required to participate actively and consistently in productions sponsored by the department. The department stages a minimum of four major productions per academic year. These productions encompass the breadth and vitality of live theatre, from musicals to classics to new plays. A variety of production opportunities are also offered in the Studio theatre space.

Contact Information

For more information contact Theatre at 402.554.2406

Degrees Offered

- Theatre, Bachelor of Arts (p. 493)

Minors Offered

- Arts Entrepreneurship Minor (p. 502)
- Theatre Minor (p. 503)
- Musical Theatre Minor (p. 503)

Theatre, Bachelor of Arts

The Bachelor of Arts in Theatre degree program delivers a holistic understanding of theatrical artistry, instilling foundational competencies essential for wide-ranging roles in production, including performance, design, directing, producing, box office management, publicity, and more. Our curriculum strikes a balance between traditional academic coursework and hands-on training, ensuring students receive a comprehensive education. At the heart of our program lies a commitment to nurturing each student's artistic and cultural development. By blending a broad-based liberal arts foundation with focused professional training, the BA in Theatre equips students with the skills and knowledge needed to excel in the field.

Students may elect to pursue either a General Major or a concentration in **Acting/Directing, Musical Theatre, Stage Management, Design, or Technology**. Students pursuing a concentration are required to participate in formal juries each semester to receive faculty feedback and evaluation of their progress in the program.

Learn more about the BA in Theatre, here (p. 493).

This roadmap is a suggested plan of study and does not replace meeting with an advisor. Please note that students may need to adjust the actual sequence of courses based on course availability. Please consult an advisor in your major program for further guidance.

This plan is not a contract and the curriculum is subject to change

**Additional Information About this Plan:**

**University Degree Requirements:** The minimum number of hours for a UNO undergraduate degree is 120 credit hours. Please review the requirements for your specific program to determine all requirements for the program. In order to graduate on time (four years for an undergraduate degree), you need to take 30 hours each year.

**Placement Exams:** For Math, English, and Foreign Languages, a placement exam may be required. More information on these exams can be found at <https://www.unomaha.edu/enrollment-management/testing-center/placement-exams/information.php>

\*\*Transfer credit or placement exam scores may change the suggested plan of study

# Acting/Directing Concentration

## Theatre, Bachelor of Arts in Theatre - Acting/Directing Concentration Requirements

| Code  | Title   | Credits   |
|---|---|-----------|
| <b>GENERAL EDUCATION REQUIREMENTS - 34 Hours Required</b> |   |           |
| Minimum of "C-" required                                  |   |           |
| <b>Fundamental Skills</b>                                 |   | <b>15</b> |
| <b>Writing – 6 hrs.</b>                                   |   |           |
| ENGL 1150   | ENGLISH COMPOSITION I                                   |           |
| ENGL 1160   | COLLEGE RESEARCH AND INFORMATION LITERACY               |           |
| <b>Oral Communication – 3 hrs.</b>                        |   |           |
| CMST 1110   | PUBLIC SPEAKING FUNDS                                   |           |
| or CMST 2120  | ARGUMENTATION AND DEBATE                                |           |

## Arts Entrepreneurship Minor

## Arts Entrepreneurship Minor Requirements

The Arts Entrepreneurship minor is an interdisciplinary course of study that helps students in the arts develop the business acumen that supports their future as artists who are adaptable to a range of different employment opportunities. Classes and experiences prepare students for the constantly shifting employment landscape by equipping them with nimble entrepreneurial approaches, mindsets, and skills.

| <b>History</b>  |   | <b>3</b> |
| THEA 3230   | AMERICAN MUSICAL THEATRE REPERTOIRE HISTORY |          |

## Writer's Workshop: Creative Writing

The Writer's Workshop mission is to offer creative writing students an apprenticeship with professional writers. We prepare students to read closely, think critically, write professionally and find their voices in poetry,

fiction, creative nonfiction, and screenwriting. Students will also sharpen their capacity for empathy, opening themselves to diverse cultural points of view.

Other Information

Thesis Option

Students whose work is above average and who are considering doing graduate work in creative writing may apply after one Advanced Studio to pursue the BFA with Senior Thesis. The result is a book-length manuscript of original work in the student’s area of concentration (e.g. a collection of poems, a collection of short stories, a novel, a collection of essays, or a screenplay), prepared during the last year of study while working one-on-one with a WRWS faculty member. To earn this special designation on their official transcripts, candidates for the degree must take two semesters of WRWS 4990.

Student Groups

The Crop Literary Club  
13th Floor Literary Magazine

For More Information on Creative Writing

| Upper-Level Literature       | 3 |
| Elective                     | 3 |

**Credits** **17**

**Total Credits** **120-122**

<sup>1</sup> If student enters UNO with AP Comp credit, they can take Comp II in Freshman Fall semester, and Fundamentals of Fiction/Poetry in Freshman Spring semester.

<sup>2</sup> \*Fundamentals of Fiction or Poetry is, on rare occasion, accepted from another institution.

\*\*Fundamentals fulfills the Writing in the Discipline requirement

<sup>3</sup> Most pre-reqs for CNF and Screenwriting Electives overlap with WRWS required courses; however, the pre-reqs for a few CNF/Screenwriting Electives adds 3-6 hours to the Road Map.

This roadmap is a suggested plan of study and does not replace meeting with an advisor. Please note that students may need to adjust the actual sequence of courses based on course availability. Please consult an advisor in your major program for further guidance.

This plan is not a contract and curriculum is subject to change

**Additional Information About this Plan:**

**University Degree Requirements:** The minimum number of hours for a UNO undergraduate degree is 120 credit hours. Please review the requirements for your specific program to determine all requirements for the program. In order to graduate on-time (four years for an undergraduate degree), you need to take 30 hours each year.

**Placement Exams:** For Math, English, Foreign Language, a placement exam may be required. More information on these exams can be found at <https://www.unomaha.edu/enrollment-management/testing-center/placement-exams/information.php>

\*\*Transfer credit or placement exam scores may change suggested plan of study

**GPA Requirements:** Students must successfully complete all major courses with a grade of "C" (2.0) or better.

**Graduation Requirements:** The BFA in Creative Writing requires a minimum of 75 semester hours of major coursework designated by the candidate's area of emphasis (Fiction, Poetry, Creative Nonfiction or Screenwriting) in consultation with the student's program advisor. The degree requires 120 total credit hours of coursework.

# Creative Nonfiction Concentration

## Creative Writing, Bachelor of Fine Arts Creative Nonfiction Concentration Requirements

| Code  | Title   | Credits   |
|---|---|-----------|
| <b>GENERAL EDUCATION REQUIREMENTS - 34 Hours Required</b>   |   |           |
| Minimum of "C-" required  |   |           |
| <b>Fundamental Skills</b>   |   | <b>15</b> |
| <b>Writing – 6 hrs.</b>   |   |           |
| ENGL 1150   | ENGLISH COMPOSITION I                                   |           |
| ENGL 1160   | COLLEGE RESEARCH AND INFORMATION LITERACY               |           |
| <b>Oral Communication – 3 hrs.</b>  |   |           |
| CMST 1110   | PUBLIC SPEAKING FUNDS                                   |           |
| or CMST 2120  | ARGUMENTATION AND DEBATE                                |           |
| <b>Quantitative Literacy – 3 hrs.</b>   |   |           |
| MATH 1120   | INTRODUCTION TO MATHEMATICAL AND COMPUTATIONAL THINKING |           |
| or MATH 1130  | QUANTITATIVE LITERACY                                   |           |
| or MATH 1140  | QUANTITATIVE REASONING FOR HEALTHCARE PROFESSIONALS     |           |
| or MATH 1300  | COLLEGE ALGEBRA WITH SUPPORT                            |           |
| <b>Data Literacy – 3 hrs.</b>   |   |           |
| Select one from the following:  |   |           |
| STAT 1100   | DATA LITERACY AND VISUALIZATION                         |           |
| STAT 1530   | ELEMENTARY STATISTICS                                   |           |
| Until Fall 2028, students can satisfy this requirement with an approved data literacy course, or any approved natural or social science general education course. |   |           |
| <b>Breadth of Knowledge</b>   |   | <b>13</b> |
| Social Science – 3 hrs.   |   |           |
| Humanities – 3 hrs.   |   |           |
| Natural & Physical Science (must complete a lab) – 4 hrs.   |   |           |
| Arts – 3 hrs.   |   |           |
| <b>Individual and Social Responsibility</b>   |   | <b>6</b>  |
| Cultural Knowledge – 3 hrs.   |   |           |
| Civic Knowledge and Engagement – 3 hrs.   |   |           |
| <b>MAJOR REQUIREMENTS - 76 Hours Required</b>   |   |           |
| **Course will satisfy UNO's General Education requirement   |   |           |

# College of Education, Health, and Human Sciences

## Mission/Vision

The College of Education, Health, and Human Science's philosophy and purpose are grounded in the central principles identified by the faculty for preparing graduates who are dedicated practitioners, reflective scholars, and responsible citizens. The outcomes/goals related to the principles focus on the knowledge, skills, and disposition espoused by the faculty and are built on the fundamental belief that all children can learn. The full text of the conceptual framework may be found here (<https://www.unomaha.edu/college-of-education-health-and-human-sciences/>)

Please note the information contained in this portion of the catalog is general information for the College of Education, Health, and Human Sciences. For more specific details please consult information specific to your intended department.

## General Information

### Overview of degree programs

The College of Education, Health, and Human Sciences is comprised of six academic units; the Departments of Counseling; Educational Leadership; Special Education and Communication Disorders; Teacher Education; Biomechanics, and Health and Kinesiology. Through its departments and school, the college seeks to prepare individuals for careers in a variety of fields including teaching, educational administration, counseling, public health, athletic training, exercise science, library science, special education, sign language interpreting, biomechanics, early childhood inclusive education and communication disorders. The college offers programs at the undergraduate and graduate levels. This catalog describes only those programs at the undergraduate level.

The college offers the following undergraduate degrees: Bachelor of Science in Education, Bachelor of Science in Biomechanics, Bachelor of Science in Kinesiology, and Bachelor of Science in Public Health. Some programs must be completed in conjunction with one (or more) other programs. Educator preparation programs lead to state certification. Additionally, the college offers a number of special course sequences which do not result in a degree but which result in added teaching endorsements.

All students in a degree program in the college must meet the university general education requirements. Additional information on these requirements can be found at the University General Education [website](https://www.unomaha.edu/general-education/) (<https://www.unomaha.edu/general-education/>). Please contact an academic advisor for recommended choices for the major.

Certain majors/programs in the College of Education, Health, and Human Sciences require specifically related content coursework. For further information, and to view the requirements for specific majors/programs, visit the college website (<https://www.unomaha.edu/college-of-education-health-and-human-sciences/>) or contact an academic advisor.

## Accreditation Information

The following programs in the College of Education, Health, and Human Sciences are accredited by:

| Major             | Degree | Accreditation Body   |
|-------------------|--------|--|
| Athletic Training | MA     | Commission on Accreditation of Athletic Training Education (CAATE) |

|   |                |  |
|---|----------------|--|
| Counseling:<br>Concentration in<br>Community Counseling   | MA MS          | Council for Accreditation of Counseling and Related Educational Programs (CACREP)  |
| Counseling:<br>Concentration in School<br>Counseling K-12 | MA MS          | - Council for Accreditation of Counseling and Related Educational Programs (CACREP) - Nebraska Department of Education   |
| Educational Leadership                                    | MS Ed.S. Ed.D  | Nebraska Department of Education   |
| Early Childhood<br>Inclusive                              | BSED           | - Association for Advancing Quality in Educator Preparation (AAQEP) - Nebraska Department of Education   |
| Elementary Education                                      | BSED           | - Association for Advancing Quality in Educator Preparation (AAQEP) - Nebraska Department of Education   |
| Public Health   | BS             | Council on Education for Public Health (CEPH)  |
| School Library  | MS/Endorsement | - Nebraska Department of Education and National Recognition by the American Library Association (ALA) and the American Association of School Librarians (AASL) |
| Secondary Education                                       | BSED           | - Association for Advancing Quality in Educator Preparation (AAQEP) - Nebraska Department of Education   |
| Special Education   | BSED           | - Association for Advancing Quality in Educator Preparation (AAQEP) - Nebraska Department of Education   |
| Speech-Language<br>Pathology                              | MS             | - Council of Academic Accreditation of the American Speech-Language-Hearing Association (ASHA) - Nebraska Department of Education                              |

All preparation programs within the college adhere to the national standards promulgated by their respective professional organizations.

## Admission Requirements

Prospective students may apply for admission to the college by indicating their preference on the University Application for Admission.

Complete admission files (application and additional materials) must be received by the Undergraduate Admission Application deadline dates, which are one week before the start of classes for each term. See UNO Admissions Application Deadline information (p. 23) for specific dates.

Admission to the College of Education, Health, and Human Sciences does not guarantee admission to a specific program. Certain programs, such as educator preparation, require a separate application and admission process. Specific admission requirements for programs within the College of Education, Health, and Human Sciences are noted in the departments'/school's section of this catalog or on the college website.

## Academic Requirements for the College Degrees

### Number of Hours to Graduate

The bachelor's degrees (BS in Education, BS in Biomechanics, BS in Kinesiology, and BS in Public Health) require a minimum of 120 credit hours; 30 of the last 36 hours must be taken in residence. University General Education requirements apply to all programs. The College of Education, Health, and Human Sciences will accept toward a degree program those courses for which credit by examination is given (up to 30 hours) and recommended by the respective departments within the college of the university. Up to eight credit hours of elective credit may be allowed for military service.

Program specifications and expectations are noted in the departments'/school's sections of this catalog or on the college website (<https://www.unomaha.edu/college-of-education/>). Candidates in educator preparation programs must also complete all requirements in the professional education sequence, and the requirements for their teaching certification and endorsements/emphasis area(s). Students in non-educator preparation programs must complete all the requirements of the particular program.

### Minimum GPA/Additional Requirements

Students in the College of Education, Health, and Human Sciences must maintain a 2.5 cumulative grade point average. This GPA is calculated based on all courses taken in the University of Nebraska system (UNL, UNO, UNK). The cumulative GPA determines eligibility for professional coursework.

Individual major programs within the College of Education, Health, and Human Sciences can require students to maintain higher GPA standards to remain in good standing. In addition, course prerequisites may require higher GPA to enter upper-level coursework.

### College Requirements, BA/BS Requirements

For specific program requirements, see the department/school section of this catalog or the college website.

## Transfer Credit Policy

Students may transfer into the college from other institutions by completing the application process and meeting the minimum cumulative grade point average GPA of 2.5 (on a 4.0 scale).

Transfer credit from outside the NU system can be applied to course requirements, but outside credit does not affect the NU system GPA or a student's good standing in the college. Transfer GPA is only considered before a student has earned 12 or more hours in the NU system. In this time period, students may be permitted into courses or accepted to professional programs based on their transfer cumulative GPA. Once students complete 12 credits or more in the NU system, the NU system GPA will be used to measure quality of work.

Official transcripts must be sent to the UNO Office of Admissions from each previous college or university attended whether credit was earned or not. Hand-carried or student-submitted transcripts are not acceptable. Only 64 credit hours can be transferred from an approved 2-year institution.

Only credits earned at accredited institutions will be accepted by the college. In accordance with University policies, the college will accept, for transfer, grades of "C-" or better for University General Education courses. Credits earned at an institution which is part of the Nebraska Network of Community Colleges will be accepted by the college provided the grades are the equivalent of a "C-" or better for University General Education courses. Credits from institutions seeking regional accreditation (but not yet accredited) may be accepted after 30 hours of work are satisfactorily completed at UNO. Acceptance of any transfer credits by the college does not ensure application to a particular program or endorsement.

Determination of applicability is the responsibility of the specific department/school. Departments within the college and programs will determine applicability of transfer credits and of grades to meet specific requirements. The University accepts "C-" grades, but programs may have a higher standard of applicability of transfer credits. For specific program requirements, see the department/school section of this catalog or the college website.

Individuals with degrees in education, transferring to the College of Education, Health, and Human Sciences for teacher certification only, must successfully complete all program requirements prior to clinical practice. (The program coursework for any endorsement must total a minimum of 12 hours, six of which are in the major area.)

Special Note: Transfer Admission from Colleges within UNO

Students transferring from another college on the UNO campus to the College of Education, Health, and Human Sciences must meet the minimum cumulative GPA requirement of 2.5.

### Unacceptable Credits

Professional education courses will be accepted only from institutions which are accredited for teacher education by the national, state and/or regional accrediting agency and those classes are good for a 10 year period. Education courses will not be accepted from two-year institutions or other institutions unless the college has a specific articulation agreement with that institution or the course has received departmental approval.

**Retroactive Credit Policy >> (p. 33)****Advanced Placement Credits >> (p. 33)****Military Credit >> (p. 33)****IB Credit >> (p. 33)****Placement Exams and Credit by Department Policies/Practices >> (p. 63)****Residency Requirement**

The bachelor's degrees (BS in Education, BS in Biomechanics, BS in Kinesiology, and BS in Public Health) require a minimum of 120 credit hours; 30 of the last 36 hours must be taken in residence.

**Quality of Work**

The following quality of work standards apply to all individuals in the college.

- Maintain a cumulative GPA of 2.5 or higher for admission to the College of Education, Health, and Human Sciences. For specific program requirements, see the department/school section of this catalog or the college website.
- Maintain a 2.5 cumulative grade point average to remain in good standing with the College of Education, Health, and Human Sciences. This GPA is calculated based on all courses taken in the University of Nebraska system (UNL, UNO, UNK). The cumulative GPA determines eligibility for professional coursework.
- Individual major programs within the College of Education, Health, and Human Sciences can require students to maintain higher GPA standards to remain in good standing. In addition, course prerequisites may require a higher GPA to enter upper-level coursework. For specific program requirements, see the department/school section of this catalog or the college website.
- Individuals are expected to progress steadily toward the degree. Majors will complete work for the degree according to the requirements of the catalog of the year in which they entered the college. For interruptions in enrollment of more than one semester, individuals will be held to the requirements of the catalog of the year when they re-enter the college.

NOTE: Please see departments'/school's sections for information on programs, lists of courses, and additional academic performance requirements

**General Education courses**

Per General Education policy, College of Education, Health, and Human Sciences general education courses meeting Humanities/ Fine Arts, MavEd Humanities, MavEd Arts, Social Science, MavEd Social Science, MavEd Natural/ Physical Science or Natural/ Physical Science requirements are exempt from the repeat policy and students do not need to meet the minimum CEHHS 2.5 NU GPA requirement to take courses filling these distribution requirements.

Courses that meet only U.S., Global, MavEd Cultural Knowledge, or MavEd Civic Knowledge and Engagement requirements may enforce prerequisites of the program or department.

For undergraduate CEHHS courses that have no listed pre-requisite, any UNO student is eligible to enroll.

A minimum grade of "C-" must be earned in all coursework in the university general education requirements to be applied to a College of Education, Health, and Human Sciences degree.

**Good Academic Standing Policy >> (p. 37)****Credit/No Credit (CR/NC) Grades >> (p. 37)****Completion of Incomplete Grade**

Under certain circumstances, a student may be eligible for an "I" grade in a course. Please see information in the grades information section of the [catalog \(p. 70\)](#).

Questions about the procedures to follow in the college should be directed to the respective department chair or school director.

Students who do receive a grade of "I" in a course with a department prefix of BMCH, CDIS, COUN, HEKI, KINS, PHHB, SPED, or TED may not enroll in any course for which the "I" course is a prerequisite until the "I" grade has been removed and replaced with a passing grade.

**Repeatable Grades/Courses**

For a general education course offered by the College of Education, Health, and Human Sciences, any student may repeat this course.

A College of Education, Health, and Human Sciences student in an educator preparation program, non-certification concentration, Library Science, Communication Disorders or Sign Language Interpreting concentration who receives a grade below "C" or a "W" (Withdraw) in any undergraduate course with a department prefix of BMCH, CDIS, COUN, HEKI, KINS, PHHB, SPED, or TED may re-enroll in that course for one additional time for a total of two attempts. For exceptions to this rule, please review program-specific requirements.

A College of Education, Health, and Human Sciences student in Biomechanics, Kinesiology, or Public Health who receives a grade below "C-" or a "W" (Withdraw) in any undergraduate course with a department prefix of BMCH, CDIS, COUN, HEKI, KINS, PHHB, SPED, or TED may re-enroll in that course for one additional time for a total of two attempts. For exceptions to this rule, please review program-specific requirements.

A candidate who is removed from, withdraws from, or receives a grade of "I" in field, internship, clinical, practicum, or clinical practice experience, regardless of reason, must appeal to the Academic Review Committee (ARC) to be allowed to repeat the experience. If the appeal is granted, the candidate must reapply for a placement. A candidate may repeat such experiences only once.

See also "Completion of Incomplete Grade" for additional information.

**Overload Appeal Guidelines**

Student appeals to take overload hours in any semester must be directed to the Associate Dean of the college. An overload is defined as anything above 18 credit hours in the fall or spring semester. The appeal request may be submitted in writing or via UNO e-mail address. The appeal request must contain the following information.

- Student name.
- Semester for which the overload is requested.
- List of all courses (arranged by course number, title, and number of credit hours) to be taken in that semester.
- Current, cumulative GPA.

- Reasons for requesting the overload.

*Please note:*

This is a formal process. Appropriate language and “business letter” format should be used in the appeal.

Failure to provide the required information will delay the process and may jeopardize your ability to enroll in desired courses.

All responses will be sent through your UNO e-mail address.

Dr. Jason Coleman, Associate Dean  
jdcoleman@unomaha.edu  
Roskens Hall 211

## Appeal Process >> (p. 37)

### Grade Appeal Policy

Individuals who believe that their grade in a particular course does not properly reflect their performance, or that the instructor acted in an arbitrary or capricious manner in determining the grade, should first contact the instructor to determine the rationale for the grade or if there was an error in reporting. Consultation with the instructor should take place before taking any formal action in regard to a grade appeal.

After the instructor has provided the rationale for the grade in question and has indicated that no error in reporting was made, the individual may then wish to petition the department/school for reconsideration. In such instances, the student should contact the department chair/school director to obtain information on the procedures to follow in requesting an appeal at the department/school level.

If an individual believes that the department/school action did not comply with the due process procedures or did not provide legitimate relief, he/she may petition the Student Affairs Committee of the College of Education, Health, and Human Sciences. This committee is the appellate body for grade appeals after a student has received a decision at the department/school level. Students wishing to appeal a grade to the Student Affairs Committee should contact the Dean's Office (Roskens Hall 211) to obtain the procedures to follow in filing an appeal.

## Academic Amnesty

Academic Amnesty provides relief from a poor academic record acquired within the University of Nebraska system by excluding substandard coursework with a final grade of “D” or “F” from a student's cumulative grade point average (GPA) calculation. Academic Amnesty will not remove course(s) or grade(s) from the transcript but once granted, will not count as part of the overall GPA.

### Eligibility:

To be eligible for Academic Amnesty, students must:

- Have been out of the Nebraska system for at least one calendar year (12-month period).
- Have substandard coursework (“F” or “D” grades) earned within the University of Nebraska system (UNO, UNL, UNK, UNMC) prior to the year out (substandard grades earned after the year out will not be included in the Academic Amnesty contract).
- Be admitted as a degree-seeking student at the University of Nebraska.

### Amnesty Requirements:

- Academic Amnesty will begin with the first course(s) taken upon return to UNO.

- Students may apply for Academic Amnesty at any time after taking the one-year break.
- After returning from the one-year break, demonstrate academic success in new UNO coursework.  
Academic success may be demonstrated by one of the following:
  - Completing at least 12 semester hours (simultaneous or sequential) with a minimum of 3.0 cumulative GPA,
  - Completing at least 24 semester hours (simultaneous or sequential) with a minimum of 2.5 cumulative GPA.
- Students must maintain continuous enrollment (at least six (6) semester hours completed within any 12-month period).
- Students will work with their academic advisor to select the coursework to be amnestied.
- Students must inform an academic advisor when the Academic Amnesty requirements are met.

### Notes:

- All amnestied coursework will remain on the student's academic record (transcript); however, the courses will not be included in calculation of the student's grade point average. Courses will be annotated “Academic Amnesty Excluded from GPA” on the transcript.
- Once Academic Amnesty is granted, students will not be eligible for honors at graduation. Students are still eligible for Dean's List and Chancellor's List honors.
- While demonstrating academic success, no changes are made to the student's academic record. If a student's cumulative GPA is still below standard, the students will continue to be reported as “continued on probation.” Should the student revert to substandard academic performance while working on Academic Amnesty, the student can still be suspended. Academic Amnesty is intended to provide relief from the past without providing immunity from future substandard academic performance.
- Students must still meet all university and college requirements to graduate.

## Academic Probation and Suspension

Students whose GPA fall below 2.5 on a 4.0 scale will be placed on academic probation with the College of Education, Health, and Human Sciences for one semester. During the probationary semester, students may enroll in a voluntary support program and make efforts to raise the cumulative GPA.

During a probation semester, CEHHS students are allowed to repeat College of Education, Health, and Human Sciences courses in which they did not earn a passing grade (see program requirements for minimum passing grade). Students who want to repeat a course with field or practicum requirements must appeal and/or seek permission in accordance with departmental guidelines to be allowed to repeat the experience.

Students are encouraged to repeat courses in which they earned below the minimum passing grade to return to good standing in the College of Education, Health, and Human Sciences. Per Office of the University Registrar policy, when an undergraduate course is repeated, only the most recent grade will be calculated into the GPA.

Students whose cumulative GPA remains below the 2.5 minimum for the second consecutive semester are ineligible to remain in the College of Education, Health, and Human Sciences and must change their major and college. Such students may re-enter the College of Education, Health, and Human Sciences should they repair their cumulative GPA to the standard required for their program.

Students whose GPAs fall below 2.0 on a 4.0 scale may be subject to suspension based on the Office of the University Registrar's posted

guidelines. (<https://www.unomaha.edu/registrar/faculty-and-staff/additional-information/probation-suspension-deans-list.php>)

## Reinstatement Policy Following Academic Suspension >> (p. 37)

## Academic Advising

Working in partnership with academic advisors is key to student success. Programs in the College of Education, Health, and Human Sciences are carefully sequenced. To move through these programs in a timely manner, students must plan carefully and regularly consult their advisors. In addition to program requirements, academic advisors assist students in exploring and defining an academic career, life goals, and pathways for success. Advisors will assist in developing problem-solving and decision-making skills through a collaborative and process-oriented advising approach. Advisors provide information about university requirements; discuss career goals, graduate or professional programs, or licensure requirements; and refer to campus resources that improve students' academic experiences. Students are expected to meet with their advising partners every semester.

- The Roskens Hall 204 academic advising office serves Elementary, Secondary, Early Childhood Inclusive, Special Education, Library Science, and Communication Disorders majors.
- The Health and Kinesiology advising office is located in 207 in the H&K building and serves pre-Athletic Training, Biomechanics, Kinesiology, and Public Health majors as well as students in exploratory Health & Kinesiology.

## Mission of College of Education, Health, and Human Sciences Academic Advising

Our mission is to empower students to explore and achieve their educational goals through intentional partnerships.

## Vision of College of Education, Health, and Human Sciences Academic Advising

College of Education, Health, and Human Sciences advisors help students make the most of their education. We support the personal and professional growth of the whole student with the goal of promoting persistence and success.

## Values of College of Education, Health, and Human Sciences Academic Advising

As advisors, we value engaged student learning. We believe high expectations and consistent support are key to helping emerging professionals navigate the university curriculum. We work in our college and on our campus to advocate for student success.

## Advising Holds >> (p. 30)

## Student Holds >> (p. 30)

## Senior Check

Senior checks are completed in conjunction with academic advisors. For specific program requirements, see the department/school section of this catalog or the college website.

## Application for Degree

All students graduating from UNO must file an "Application for Degree" with the Records and Registration Office and pay the required fee at the beginning of the semester in which they will graduate and not later than the date listed in the university calendar. Failure to file for the degree by this deadline may postpone a student's graduation date. Applications are available online via MavLink. After applying for the degree, students should visit the UNO Bookstore as soon as possible to order the cap and gown and graduation announcements. For more information click [here](#)

(<https://www.unomaha.edu/registrar/students/graduation-and-diplomas/graduation-general-information.php>).

## Biomechanics

The mission of the Division of Biomechanics and Research Development is to serve not only the University of Nebraska at Omaha but the entire University of Nebraska system and the state of Nebraska by (a) educating and developing a dynamic workforce to meet our scientific needs at a national and international level and by (b) enhancing economic growth through development of biotechnology and biomechanical intellectual property produced by students and faculty performing innovative research in the multiple laboratories of the Biomechanics Research Building. The research performed in the Division will provide a new understanding of the dynamic aspects of human and animal biomechanics via multidisciplinary approaches. In particular, we aim to achieve the following specific objectives:

1. Quantitatively characterize and improve our understanding of the complex biomechanical systems in healthy and abnormal states via innovative analyses.
2. Educate and train students, basic scientists, and clinicians, so that they may apply concepts of biomechanics in their careers as educators and researchers.
3. Develop new diagnostic and prognostic tests and related biomechanical technology for a variety of movement and cardiovascular disorders and aging.
4. Provide biomechanically related services to interested parties and University and community partners.
5. Participate in community outreach activities that involve biomechanically related educational opportunities.

Biomechanics is the study of forces that act on the body and the effects they produce. It is an intersection of biology, physiology, anatomy, physics, mathematics, and chemistry. Biomechanics is a rapidly growing discipline that has many applications in robotics, forensics, ergonomics, clinical assessment and rehabilitation of movement disorders, design of prosthetics, sports performance, sports equipment design, safety, etc.

The B.S. in Biomechanics is an excellent choice for students planning to a) pursue graduate education and careers in research, b) work in biomechanically related industry and hospital laboratories, and c) pursue graduate education in professional schools for physical therapy, occupational therapy, medicine and other science-based programs.

The Minor in Biomechanics is ideal for those students who have a major outside of Biomechanics and would benefit from learning the basic principles of Biomechanics.

## Other Information

Once students are admitted to the Bachelor of Science in Biomechanics they will be in the College of Education, Health, and Human Sciences and will be required to maintain a cumulative college GPA of 3.0/4.0 scale and grades of "C-" or better in the core courses to remain in good standing in the College of Education, Health, and Human Sciences.

The department highly encourages students to engage in undergraduate research with a faculty mentor. A list of Biomechanics faculty can be found on our website (<https://www.unomaha.edu/college-of-education-health-and-human-sciences/biomechanics-core-facility/about-us/directory/>). There are also many undergraduate volunteer and student worker opportunities available in the Department.

## Fast Track Program

The Department of Biomechanics has developed a Fast Track program for highly qualified and motivated students providing the opportunity to

complete a bachelor's degree and a master's degree in an accelerated time frame. With Fast Track, students may count up to 9 graduate hours toward the completion of their undergraduate program as well as the graduate degree program.

#### Program Specifics:

- This program is available for undergraduate students pursuing a BS in Biomechanics desiring to pursue a MS in Biomechanics.
- Students must have completed no less than 60 undergraduate hours
- Students must have a minimum undergraduate GPA of 3.0
- Students must complete the Fast Track Approval form and obtain all signatures and submit to the Office of Graduate Studies prior to first enrollment in a graduate course
- Students will work with their undergraduate advisor to register for the graduate courses
- A minimum cumulative GPA of 3.0 is required for graduate coursework to remain in good standing
- Students remain undergraduates until they meet all the requirements for the undergraduate degree and are eligible for all rights and privileges granted undergraduate status including financial aid.
- Near the end of the undergraduate program, formal application to the graduate program is required. The application fee will be waived, the applicant will need to contact the Office of Graduate Studies for a fee waiver code.
  - Admission to Fast Track does NOT guarantee admission to the graduate program.
  - Applicants for this program are highly encouraged to pursue research opportunities in the Department of Biomechanics or comparable programs.
  - The admit term must be after the completion term of the undergraduate degree.

All 8000 level BMCH courses are eligible for students part of the Fast Track program.

## Contact Information

Department of Biomechanics  
Biomechanics Research Building

## Degrees Offered

- Biomechanics, Bachelor of Science (p. 517)

## Minors Offered

- Biomechanics Minor (p. 519)
- Sports Biomechanics Minor (p. 519)

Biomechanics is the study of the mechanical laws that create human and animal motion. Biomechanics applies principles from engineering, mechanics, physics, and biology to study human and animal movement. Biomechanics majors have the ability to pursue a wide variety of careers. These careers range from being technologically centered to human health centered.

## Potential career opportunities/settings:

- Physical and Occupational Therapy\*
  - Physical Therapist
  - Occupational Therapist
- Prosthetics and Orthotics\*
  - Prosthetist
- Medical Device Design
  - Research Scientist
- Clinical Research
  - Gait Analysis Biomechanist
- Robotics
  - Field Application Engineer
  - Robotics Technician
- Ergonomics
  - Ergonomist
- Medicine\* (Orthopedics, Cardiology, Neurology)
  - Orthopedic Surgery
  - Sports Medicine
- Athletic Training\*
  - Athletic Trainer
- Sports Performance
  - Footwear Material Developer
  - Footwear Research and Development

\*Requires graduate study

<sup>1</sup> BIOL2740 and BIOL2840 can be taken in place of BMCH 2400 and 2500

This roadmap is a suggested plan of study and does not replace meeting with an advisor. Please note that students may need to adjust the actual sequence of courses based on course availability. Please consult an advisor in your major program for further guidance.

This plan is not a contract and curriculum is subject to change

#### Additional Information About this Plan:

**University Degree Requirements:** The minimum number of hours for a UNO undergraduate degree is 120 credit hours. Please review the requirements for your specific program to determine all requirements for the program. In order to graduate on-time (four years for an undergraduate degree), you need to take 30 hours each year.

**Placement Exams:** For Math, English, Foreign Language, a placement exam may be required. More information on these exams can be found at <https://www.unomaha.edu/enrollment-management/testing-center/placement-exams/information.php>

\*\*Transfer credit or placement exam scores may change suggested plan of study

| KINS 4940                   | PHYSIOLOGY OF EXERCISE          |           |

Must earn grade of "C-" or higher in coursework

# Health and Kinesiology

## Our Mission

The School of Health and Kinesiology (H&K) is committed to excellence and the faculty is dedicated to teaching, scholarly activity, and service. The primary mission of the School of H&K is to prepare students for successful careers or advanced academic studies in kinesiology, public health, and physical education. The faculty shares a common sense of purpose to provide the knowledge, resources, and opportunities that will enable students to possess the skills and dispositions necessary to become dedicated practitioners, reflective scholars, and responsible citizens.

## Accreditation

The teacher educator programs in Health and Physical Education are accredited by the National Council for Accreditation of Teacher Education (NCATE) and the Nebraska Department of Education.

The Bachelor of Science in Public Health program is accredited by the Council on Education for Public Health (CEPH).

## Contact

School of Health and Kinesiology  
6323 Maverick Plaza  
Omaha, NE 68182  
402.554.2670

**Website (<https://www.unomaha.edu/college-of-education/health-kinesiology/>)**

## Admissions

### Public Health Admission Information

Students must have a cumulative and major GPA of at least 2.5.

### Kinesiology Admission Information

Students must have a cumulative and major GPA of at least 2.5.

### Physical Education and Health Education Educator Preparation Program Admission Information

The college offers educator preparation programs at the following levels: elementary education, middle level, and secondary education. For a complete listing of the endorsement areas at each level can be found here (<https://www.unomaha.edu/college-of-education/student-services/certification/endorsements.php>).

## Degrees Offered

- Bachelor of Science in Public Health (p. 521)
- Bachelor of Science in Kinesiology (p. 523)

## Minors Offered

- Human Performance Minor (p. 525)
- Public Health Minor (p. 525)
- Sports Medicine Minor (p. 526)
- Worksite Wellness Minor (p. 526)

## Endorsements Offered

- Health Science Education Endorsement (p. 593)
- Physical Education (PK-12) and Health Education (p. 578)

- Physical Education (7-12) and Health Education (7-12) (p. 581)
- Coaching (7-12) (p. 592)

## Public Health, Bachelor of Science

A degree in Public Health prepares students to become professionals who promote the health of the general public through education and skills for individuals and communities. Public Health professionals are leaders who engage in advocacy for policies that enhance and ensure healthy populations.

### Potential Career Opportunities/settings and examples:

- Government agencies
  - Centers for Disease Control and Prevention (CDC)
  - Department of Health and Human Services
  - State, Regional, County, and City Health Departments
  - Legislative bodies
  - Housing Authority
  - Peace Corps
- School Systems
  - Primary – 12 education
  - Colleges/Universities
  - Administration
- Non-profit organizations
  - American Red Cross
  - American Cancer Society
  - Women's Center for Advancement
  - Diabetes Educational Center of the Midlands
  - Planned Parenthood
  - Multiple Sclerosis Society
  - Wellness Council of the Midlands
- Non-Governmental Organizations (Global Health)
  - World Food Program
  - CARE International
  - International Red Cross
  - Oxfam
  - Catholic Relief Services
  - World Vision
- Foundations
  - Buffett Foundation
  - Gates Foundation
- Hospitals
- Corporations

## Kinesiology, Bachelor of Science in Education

The Kinesiology program is designed to prepare students to assume positions as fitness or health promotion directors and exercise consultants.

### Potential Career Opportunities/settings:

- Biomechanist
- Community Fitness Specialist
- Exercise Physiologist
- Fitness Club Management
- Hospital Based Fitness & Wellness Specialist
- Laboratory Technician
- Personal Trainer

- Physical Activity Specialist
- Physical Therapy Aid or Technician
- Sports Industry/Equipment Exercise Science Specialist
- Strength & Conditioning Specialist
- Worksite Fitness/Wellness Specialist

## Physical Education Teaching Preparation

The Physical Education Teaching program prepares students to become certified physical educators in the state of Nebraska. Students may select an endorsement that includes Physical Education PK-6 and 7-12 dual endorsement or Physical Education 7-12 and Health Education 7-12 dual endorsement. The program includes hands on field experience in both urban and suburban schools beginning with observations and culminating with student teaching the final semester.

### Potential Career Opportunities/settings:

- Elementary School
- Middle School
- High School

\*Requires additional degrees/certifications.

## Public Health, Bachelor of Science

### Degree Description

The public health program prepares students to become professionals who promote the health of local, national, and global populations through education and skills for individuals and communities. A degree in public health prepares students to think critically about societal issues through a justice-based framework, and public health professionals engage in advocacy for policies that ensure and support healthy populations. Students who graduate with a degree in public health pursue careers in a variety of fields, including health administration; health promotion, and behavior; epidemiology; and environmental health. Students are also prepared to pursue graduate degrees in public health or related fields.

### Admissions

Students must have a cumulative and major GPA of at least 2.5.

### Fast Track Program

The School of Health and Kinesiology has developed a Fast Track program for highly qualified and motivated students providing the opportunity to complete a bachelor's degree and a master's degree in an accelerated time frame. With Fast Track, students may count up to 9 graduate hours toward the completion of their undergraduate program as well as the graduate degree program.

Program Specifics:

- This program is available for undergraduate students pursuing a BS in Public Health major desiring to pursue a MS in Health & Kinesiology with a Health Behavior concentration, or those pursuing a BS in Kinesiology major desiring to pursue a MS in Health & Kinesiology with an Exercise Science concentration.
- Students must have completed no less than 60 undergraduate hours.
- Students must have a minimum undergraduate GPA of 3.0.
- Students must complete the Fast Track Approval form and obtain all signatures and submit to the Office of Graduate Studies prior to first enrollment in a graduate course.

- Students will work with their undergraduate advisor to register for the graduate courses.
- A minimum cumulative GPA of 3.0 is required for graduate coursework to remain in good standing.
- Students remain undergraduates until they meet all the requirements for the undergraduate degree and are eligible for all rights and privileges granted undergraduate status including financial aid.
- Near the end of the undergraduate program, formal application to the graduate program is required. The application fee will be waived, the applicant will need to contact the Office of Graduate Studies for a fee waiver code.
  - Admission to Fast Track does NOT guarantee admission to the graduate program.
  - The admit term must be after the completion term of the undergraduate degree.

<sup>1</sup> Pick 2 Section - PHHB 2070, PHHB 2850, PHHB 3080, PHHB 3310 OR HEKI 3090

This roadmap is a suggested plan of study and does not replace meeting with an advisor. Please note that students may need to adjust the actual sequence of courses based on course availability. Please consult an advisor in your major program for further guidance.

This plan is not a contract and curriculum is subject to change

#### Additional Information About this Plan:

**University Degree Requirements:** The minimum number of hours for a UNO undergraduate degree is 120 credit hours. Please review the requirements for your specific program to determine all requirements for the program. In order to graduate on-time (four years for an undergraduate degree), you need to take 30 hours each year.

**Placement Exams:** For Math, English, Foreign Language, a placement exam may be required. More information on these exams can be found at <https://www.unomaha.edu/enrollment-management/testing-center/placement-exams/information.php>

\*\*Transfer credit or placement exam scores may change suggested plan of study

## Kinesiology, Bachelor of Science in Kinesiology Degree Description

The kinesiology major is designed to prepare students to assume positions as fitness or health promotion directors and exercise consultants in private or public agencies, health centers, cardiac rehabilitation programs, as well as corporate fitness programs. This major is also well-suited as a pre-professional program for students interested in further pursuing a career in athletic training, physical therapy, occupational therapy, nursing, physician assistant, and other medical fields. Additionally, the kinesiology major will prepare students for research intensive graduate programs in exercise physiology, biomechanics, physical activity, and others.

## Admissions

Students must have a cumulative and major GPA of at least 2.5.

## Fast Track Program

The School of Health and Kinesiology has developed a Fast Track program for highly qualified and motivated students providing the opportunity to complete a bachelor's degree and a master's degree in an accelerated time frame. With Fast Track, students may count up to 9 graduate hours toward the completion of their undergraduate program as well as the graduate degree program.

Program Specifics:

- This program is available for undergraduate students pursuing a BS in Public Health major desiring to pursue a MS in Health & Kinesiology with a Health Behavior concentration, or those pursuing a BS in Kinesiology major desiring to pursue a MS in Health & Kinesiology with an Exercise Science concentration.
- Students must have completed no less than 60 undergraduate hours.
- Students must have a minimum undergraduate GPA of 3.0.
- Students must complete the Fast Track Approval form and obtain all signatures and submit to the Office of Graduate Studies prior to first enrollment in a graduate course.
- Students will work with their undergraduate advisor to register for the graduate courses.
- A minimum cumulative GPA of 3.0 is required for graduate coursework to remain in good standing.
- Students remain undergraduates until they meet all the requirements for the undergraduate degree and are eligible for all rights and privileges granted undergraduate status including financial aid.
- Near the end of the undergraduate program, formal application to the graduate program is required. The application fee will be waived, the applicant will need to contact the Office of Graduate Studies for a fee waiver code.
  - Admission to Fast Track does NOT guarantee admission to the graduate program.
  - The admit term must be after the completion term of the undergraduate degree.

## Alternative Entry into the MA in Athletic Training from the BS in Kinesiology

The School of Health and Kinesiology offers an alternative entry into the MA in Athletic Training, which allows outstanding students to complete the BS undergraduate Kinesiology degree and the MA in Athletic Training graduate degree. The alternative entry program is designed for dedicated students who are motivated and willing to take on early the challenges relating to graduate education. Interested students are encouraged to meet with their academic advisor for more information about this program.

**Credits** **12**

**Total Credits** **120**

<sup>1</sup> BIOL2740 and BIOL2840 can be taken in place of BMCH 2400 and 2500

<sup>2</sup> Professional electives are chosen from the Elective Core Categories on the degree worksheet. Other courses may qualify following advisor approval

This roadmap is a suggested plan of study and does not replace meeting with an advisor. Please note that students may need to adjust the actual sequence of courses based on course availability. Please consult an advisor in your major program for further guidance.

This plan is not a contract and curriculum is subject to change

### Additional Information About this Plan:

**University Degree Requirements:** The minimum number of hours for a UNO undergraduate degree is 120 credit hours. Please review the requirements for your specific program to determine all requirements for

the program. In order to graduate on-time (four years for an undergraduate degree), you need to take 30 hours each year.

**Placement Exams:** For Math, English, Foreign Language, a placement exam may be required. More information on these exams can be found at <https://www.unomaha.edu/enrollment-management/testing-center/placement-exams/information.php>

\*\*Transfer credit or placement exam scores may change suggested plan of study

**GPA Requirements:** 2.5 cumulative and major GPA

**Graduation Requirements:** Students must have a cumulative and major GPA of at least 2.5, no grade lower than "C-" in required courses, and no incomplete in required courses to be recommended for graduation.

## Human Performance Minor

## Teacher Education

Teacher Education at UNO is dedicated to your success and the success of our region's children and teens. As an undergraduate student you will receive one-on-one guidance from an instructional coach who will give you meaningful feedback on your skills as you practice teaching in one of our many partner schools. This process will prepare you for the clinical practice experience and the real world of teaching upon graduation. As a graduate student in one of our award-winning programs, you'll experience blended learning with distance friendly classes taught by professors with PK-12 classroom experience.

Whether you want to teach kindergarten or high school math, whether you are a first-year student or an experienced educator seeking more skills, you will benefit from the unique network of support offered by our department, UNO and the schools of our city. You will receive the opportunities you need and the support you can rely on to become a dedicated practitioner, a reflective scholar and a responsible citizen.

## Accreditation

For program accreditation information, please refer to this table (p. 512).

## Other Information

### Praxis II Content Test:

All educator preparation candidates seeking certification are required to take a Praxis II content test in each endorsement area of their preparation prior to being awarded initial teacher certification through the Nebraska Department of Education (NDE). It is recommended that candidates take the Praxis II content test the semester prior to their clinical practice semester.

This link (<http://www.ets.org/praxis/ne/requirements/>) will take you to the ETS website page for the Nebraska Department of Education requirements. The page lists the Nebraska requirements for each endorsement area.

### Professional Education Sequence

All candidates in programs leading to teacher certification must complete the courses that constitute the professional education sequence. The professional education sequence is composed of 15 credit hours organized into three courses of three credits each and one course of six credits: TED 2100, TED 2200 or TED 2060, TED 2300 or TED 2380, and TED 2400 or MUS 3600 or TED 2410/ TED 2420.

TED 2100 and TED 2200 (Pre-professional Education Core) are open to all students on the UNO campus with a cumulative 2.0 GPA. TED 2200, TED 2060, and TED 2400 meet the Nebraska Department of Education requirement for human relations. To enroll in the other professional education sequence courses (TED 2300 or TED 2380 and TED 2400), candidates must have successfully applied to the Educator Preparation Program and must satisfy any other prerequisites listed for the course.

Candidates who receive a grade below "C", "I" (incomplete), or a "W" (Withdraw) in a professional education sequence course may not continue in the professional course sequence until that grade is removed.

Note: Candidates, who receive a grade below "C" or an "I"; or who voluntarily withdraw from any practicum or field experience after being identified as a student in jeopardy; or who are withdrawn from any practicum or field experience must petition to continue in the program.

### Professional Dispositions Statement

Teaching is a profession that requires its potential candidates to be individuals of integrity. Prospective teachers must be able to demonstrate they are individuals of strong moral character who can make mature decisions for themselves and for the students whom they will teach. Teachers are responsible for the education, safety, and well-being of anyone in their charge. The University of Nebraska at Omaha College of Education, Health, and Human Sciences prepares future teachers who show a high degree of moral character and the ability to act responsibly inside and outside the classroom. These individuals must be able to serve as representatives of the College and the University and must demonstrate the personal and professional dispositions of the teaching profession.

Inappropriate behaviors on the part of the candidates, which in the College's reasonable judgment, violate the University's Student Code of Conduct, establish a lack of integrity or moral/ethical character, or demonstrate conduct or patterns of behavior inconsistent with the personal and professional dispositions expected in the teaching profession, shall be sufficient grounds for 1) denial of admission to or enrollment in

educator preparation programs, 2) dismissal or removal from programs, courses, observations, field experiences, practica, clinical practice, and similar field-based experiences, and 3) withholding institutional recommendation for certification. Such behaviors could be evidenced within the University or PK-12 school environment, outside the University or PK-12 school environment, and/or in an electronic or digital context. Displays or patterns of behaviors may be established by any credible means including, but not limited to, the facts surrounding a record of arrests or convictions or information obtained by the University directly from a school or district official. Teacher candidates should note that the College of Education, Health, and Human Sciences must provide a recommendation for certification in order for a student to obtain his/her teaching certificate. Accordingly, inappropriate behaviors by candidates could jeopardize not only their educational goals at UNO but also their professional goals including the ability to become a certified teacher.

Candidates who exhibit inappropriate behaviors may be referred for a Conference of Concern to formally identify the unsuitable behaviors, recommend corrective action(s), and determine the candidate's suitability for continuing in educator preparation. Candidates who have convictions outlined in the Nebraska Department of Education's Rule 20, Section 005.07A, will be allowed to continue in the educator preparation program or referred for certification only through an appeal to the Commissioner or State Board of Education.

**Note:** In accordance with the Nebraska Department of Education, Rule 20, the following information must be provided to all persons who apply for admission to programs leading to teacher certification: *Persons who have felony convictions or misdemeanor convictions involving abuse, neglect or sexual misconduct are automatically rejected by the Nebraska Department of Education for certification.*

## Field/Clinical/Practicum/Clinical Practice Experiences

As part of their educator preparation program, candidates are required to complete various field, clinical, practicum, and clinical practice experiences.

In accordance with policies and procedures of the Nebraska Department of Education, and in compliance with the requests of cooperating school districts, no candidate will be permitted to participate in PK-12 classroom-based experiences (including clinical practice) until a signed statement of personal and professional fitness to teach has been completed. The statement of personal and professional fitness is required as part of the admission application to an educator preparation program.

## Clinical Practice Policies

All candidates for Elementary, Middle level, Special education, or Secondary teacher certification will be required to complete one semester of full-day clinical practice for a total of 12 credit hours. Candidates seeking an additional endorsement to the basic certificate will be required to complete additional clinical practice experiences in their endorsement area(s). Clinical practice experiences will be completed in identified, local, metropolitan, area schools where placement and supervision are arranged through the College of Education, Health, and Human Sciences.

Admission to clinical practice is by application only. Application for clinical practice must be made in the fall or spring term preceding the clinical practice semester. Applicants cannot be considered for placement unless all application materials are submitted by the announced deadline:

September 15 for spring clinical practice and February 1 for fall clinical practice.

Candidates must have satisfactorily completed all required coursework prior to clinical practice.

A minimum grade of "C" must be earned in all certification requirements, endorsements, and concentrations. All grades of incomplete and any grades below "C" in these specific requirements must be removed prior to

clinical practice. Candidates are responsible for contacting their advisor regarding said grades.

Candidates must have a minimum cumulative GPA of 2.75 or higher in order to be eligible for clinical practice (3.0 GPA required for social science endorsement).

**Special Note:** Candidates who are withdrawn from any clinical practice experience, or who voluntarily withdraw after being identified as a candidate in jeopardy, must petition if they wish to continue in their professional preparation program.

## Certification

Upon successful completion of all coursework and clinical practice, candidates are eligible to apply and may be recommended for a State of Nebraska teaching certificate. Candidates may be recommended to NDE once all holds with UNO are cleared. If a candidate applies for certification 5 years or more after completing all coursework and clinical practice, a review is required to determine if more coursework is needed.

Information on application procedures can be obtained in the Office of Academic Advising and Field Experiences, Roskens Hall 204. You may also email [unocertification@unomaha.edu](mailto:unocertification@unomaha.edu)

## Students interested in becoming teachers must formally apply for admission to the Educator Preparation Program (EPP).

Admission policies can be found on the college website (<https://www.unomaha.edu/college-of-education-health-and-human-sciences/teacher-education/>). Deadlines for applying are monthly on the first of every month.

All students accepted into the Educator Preparation Program (EPP) must complete a background check. The background check must be conducted in the time frame and by the vendor determined by the College of Education, Health, and Human Sciences. The student is responsible for the cost of the background check.

## Application for Admission to Educator Preparation Program (EPP)

### Step 1:

The following requirements must be met prior to submitting an **Initial Application** to the Educator Preparation Program (EPP).

- All candidates must apply to and be accepted to UNO
- Candidates pursuing an **Educator Preparation Program pathway** (Elementary Education endorsement only) have the following application requirements:
  - Completion of UNO's English Composition I or its transfer equivalents: ENGL 1140, ENGL 1150 (<https://>

[catalog.unomaha.edu/search/?P=ENGL%201150](https://catalog.unomaha.edu/search/?P=ENGL%201150)) or ENGL 1154 (<https://catalog.unomaha.edu/search/?P=ENGL%201154>) (C- or higher)

- Completion or current enrollment in UNO's courses or their transfer equivalents:
  - ENGL Composition II (ENGL 1160 (<https://catalog.unomaha.edu/search/?P=ENGL%201160>) or ENGL 1164 (<https://catalog.unomaha.edu/search/?P=ENGL%201164>)) (C- or higher) and
  - Communication Studies (CMST 1110 (<https://catalog.unomaha.edu/search/?P=CMST%201110>) or CMST 2120 (<https://catalog.unomaha.edu/search/?P=CMST%202120>)) (C- or higher) and
  - Quantitative Literacy (MATH 1120 (<https://catalog.unomaha.edu/search/?P=MATH%201120>), MATH 1130, MATH 1140, or MATH 1300) (C- or higher) or proficiency through Math ACT score
- Completion or current enrollment in UNO's course or their transfer equivalent:
  - Elementary Education, Elementary Special Education, Secondary Education, Secondary Special Education: TED 2100 (C or higher)
  - Early Childhood Inclusive: TED 2250 or TED 2100 (C or higher)
- Established cumulative University of Nebraska System GPA of 2.50 or higher (12+ credit hours in the NU system) Transfer students with credit hours from institutions other than the NU System must have a minimum combined cumulative GPA of 2.5 for all attempted coursework.

Candidates pursuing a **Paraprofessional Pathway** have the following application requirements:

- Completion of UNO's English Composition I or its transfer equivalents: ENGL 1140, ENGL 1150 (<https://catalog.unomaha.edu/search/?P=ENGL%201150>) or ENGL 1154 (<https://catalog.unomaha.edu/search/?P=ENGL%201154>) (C- or higher)
- Completion or current enrollment in UNO's courses or their transfer equivalents:
  - Quantitative Literacy (MATH 1120 (<https://catalog.unomaha.edu/search/?P=MATH%201120>), MATH 1130, MATH 1140, or MATH 1300) (C- or higher) or proficiency through Math ACT score
  - Communication Studies (CMST 1110 (<https://catalog.unomaha.edu/search/?P=CMST%201110>) or CMST 2120 (<https://catalog.unomaha.edu/search/?P=CMST%202120>)) (C- or higher) and
  - ENGL Composition II (ENGL 1160 (<https://catalog.unomaha.edu/search/?P=ENGL%201160>) or ENGL 1164 (<https://catalog.unomaha.edu/search/?P=ENGL%201164>)) (C- or higher) and
- Established cumulative University of Nebraska System GPA of 2.50 or higher (12+ credit hours in the NU system) Transfer students with credit hours from institutions other than the NU System must have a minimum combined cumulative GPA of 2.5 for all attempted coursework.

Enrollment in classes must be posted before the electronic application is submitted:

- Monthly application deadlines: 1st of every month
  - Jan. 1, Feb. 1, March 1, April 1, May 1, June 1, July 1, Aug. 1: deadline for Fall term start
  - Sept. 1, Oct. 1, Nov. 1, Dec. 1: deadline for Spring term start

For any in-progress classes, final grades will be checked. Students who do not meet minimum grade requirements or minimum GPA requirements cannot begin the Educator Preparation Program until the minimum grade is achieved.

## Step 2:

The following requirements must be met for **Formal Admission** to the Educator Preparation Program (EPP).

- Established cumulative University of Nebraska System GPA of 2.75 or higher. Social Science endorsement candidates must have a 3.0 cumulative GPA or higher.
- Completion of TED 2400 (<https://catalog.unomaha.edu/search/?P=TED%202400>) or TED 2410/ TED 2420 or MUS 3600 with a grade of "C" or better

The Office of Academic Advising will verify GPA requirements and passing grades for coursework. Students who are admitted to the Educator Preparation Program, but do not pass TED 2400 (<https://catalog.unomaha.edu/search/?P=TED%202400>) or TED 2410/ TED 2420 or MUS 3600 with a grade of "C" or better, or do not achieve the minimum 2.75 GPA requirement (or 3.0 GPA for social science endorsement candidates), will not be permitted to continue in the Educator Preparation Program course sequence until such grade(s) are received.

Those seeking the non-certification pathway must apply to the Non-Certification Program in order to take upper level education coursework.

The non-certification program does not lead to Nebraska Educator Certification and is designed for community-based work and careers supporting children, youth, adults, and families. Application information can be found on the college website (<https://www.unomaha.edu/college-of-education-health-and-human-sciences/student-services/certification/non-cert-education.php>).

## Application to Program

- Admission to UNO
- Completion of UNO's English Composition I or their transfer equivalents: ENGL 1140, ENGL 1150 (<https://catalog.unomaha.edu/search/?P=ENGL%201150>), or ENGL 1154 (<https://catalog.unomaha.edu/search/?P=ENGL%201154>) (C- or higher)
- Completion or in progress at the time of application of UNO's courses or their transfer equivalents:
  - ENGL Composition II (ENGL 1160 (<https://catalog.unomaha.edu/search/?P=ENGL%201160>) or ENGL 1164 (<https://catalog.unomaha.edu/search/?P=ENGL%201164>)) (C- or higher) and
  - Communication Studies (CMST 1110 (<https://catalog.unomaha.edu/search/?P=CMST%201110>) or CMST 2120 (<https://catalog.unomaha.edu/search/?P=CMST%202120>)) (C- or higher) and
  - Quantitative Literacy (MATH 1120, MATH 1130, MATH 1140, MATH 1300) (C- or higher) or proficiency through Math ACT score, and
  - Foundations of Education: TED 2100 (C or higher), and
  - Human Relations: TED 2200 (<https://catalog.unomaha.edu/search/?P=TED%202200>) (C or higher).
- GPA Requirements (UNO Students)
  - Currently enrolled UNO students must have a minimum cumulative GPA of 2.5.
- GPA Requirements (Transfer Students)
  - Transfer students with 12 or more credit hours in the Nebraska System (UNL, UNK, UNO) must have a minimum cumulative GPA of 2.5 for all attempted coursework taken in the NU System.

- Transfer students with credit hours from institutions other than the NU System must have a minimum combined cumulative GPA of 2.5 for all attempted coursework.
- Grades must be posted before packet is submitted: fall semester grades for March 1 deadline, spring semester grades for June 1 deadline, and summer semester grades for October 1 deadline.

## GPA Requirements (UNO Students)

- Currently enrolled UNO students with 12 or more credit hours in the Nebraska System (UNK, UNL, UNO) must have a minimum cumulative GPA of 2.50 for Initial Application and a minimum cumulative GPA of 2.75 for Formal Admission.
- GPA Requirements (Transfer Students): Transfer students with 12 or more credit hours in the Nebraska System (UNL, UNK, UNO) must have a minimum cumulative **NU system** GPA of 2.50 for all attempted coursework for initial application and a minimum cumulative **NU system** GPA of 2.75 for formal admission.

## Degrees Offered

- Elementary Education, Bachelor of Science (p. 532)
- Library Science, Bachelor of Science (p. 542)
- Secondary Education, Bachelor of Science (p. 544)
- Early Childhood Inclusive, Bachelor of Science (p. 530)

## Secondary Education Concentration

**For more information** and a complete listing of program requirements visit the College of Education, Health, and Human Sciences website here (<http://www.unomaha.edu/college-of-education/teacher-education/>).

## Minor Offered

- Education Minor (p. 593)

## Endorsements Offered

Candidates seeking 6-12, 7-12 or PK-12 certification must complete one of the endorsements below.

- Biology (7-12) Endorsement (p. 549)
- Business, Marketing, Information Technology (BMIT) (6-12) Endorsement (p. 551)
- Chemistry (7-12) Endorsement (p. 553)
- English Language Arts (7-12) Endorsement (p. 555)
- Secondary English (7-12) with ESL Supplemental Endorsement (p. 557)
- Secondary English (7-12) with Additional Subject Endorsement (p. 560)
- Mathematics (6-12) Endorsement (p. 566)
- Middle Level (5-9) Endorsement (p. 568)
- Music (PK-12) Endorsement (p. 576)
- Physics (7-12) Endorsement (p. 576)
- Physical Education (PK-12) Endorsement (p. 578)
- Physical Education (7-12) and Health (7-12) Endorsement (p. 581)
- Science (7-12) Endorsement (p. 583)
- Social Science (7-12) Endorsement (p. 585)
- World Language - Spanish (7-12) Endorsement (p. 588)
- World Language - French (7-12) Endorsement (p. 561)
- World Language - German (7-12) Endorsement (p. 564)

## Dual Endorsement Programs Offered

Candidates may elect to complete a second endorsement as part of their secondary education program. These dual endorsements require two semesters of clinical practice (student teaching) and result in two teaching endorsements on the Nebraska teaching certificate. The following dual endorsements are available.

- Special Education (7-12) Endorsement (p. 590)

## Supplemental Endorsements Offered

Supplemental endorsements are content areas which can be added to a Nebraska teaching certificate in the presence of other earned endorsements. A supplemental endorsement cannot stand alone on an initial teaching certificate. The following supplemental endorsements are available.

- English as a Second Language (7-12) Endorsement (p. 591)
- Coaching (7-12) Endorsement (p. 592)
- Information Technology (PK-12) (p. 593) Endorsement (p. 593)
- Health Sciences Education (6-12) Endorsement (p. 593)
- Work-Based Learning (9-12) Endorsement (p. 593)

For more information and a complete listing of program requirements visit the College of Education, Health, and Human Sciences website (<https://www.unomaha.edu/college-of-education-health-and-human-sciences/>)

## Early Childhood Inclusive, Bachelor of Science

The early childhood inclusive education major is designed for students seeking Nebraska certification to teach in Birth - age 3 or age 3 through third grade in elementary schools. This major allows students to learn more about early childhood education policy, social-cultural understanding and the well-being of infants and toddlers.

### Potential Career Opportunities/settings:

- Preschool Teacher or Preschool Special Educator
- Infant/Toddler teacher
- Kindergarten – Grade 3 Teacher
- Special Education Teacher (Kindergarten – Grade 3)
- Early intervention home visitor
- Head Start family educator

## Elementary Education, Bachelor of Science

The elementary education major is designed for students seeking Nebraska certification to teach in K-6 elementary schools. This major allows students to explore developmental issues of children, learning theory, elementary school content, and teaching methods. One of the strengths of the preparation program is the field experiences with local school districts.

### Potential Career Opportunities/settings:

- Public School systems
- Private School systems

# Secondary Education, Bachelor of Science

The secondary education major is designed for students seeking Nebraska certification to teach in secondary content areas in grades 7-12, or in PK-12 settings in the areas of Art, Music, or Physical Education. This major allows students to explore developmental issues of children, learning theory, secondary content area(s), and teaching methods. One of the strengths of the preparation program is the field experiences with local school districts.

**Potential Career Opportunities/settings:**

- Public School systems
- Private School systems

# Library Science, Bachelor of Science

UNO's College of Education, Health, and Human Sciences offers an undergraduate degree in Library Science that provides credentials and continuing education for those seeking employment in 21st Century library and information agencies.

**Potential Career Opportunities/settings:**

- Special libraries
- Public libraries
- Academic libraries
- Information Management

# Education - Early Childhood Inclusive, Bachelor of Science

This roadmap is a suggested plan of study and does not replace meeting with an advisor. Please note that students may need to adjust the actual sequence of courses based on course availability. Please consult an advisor in your major program for further guidance.

This plan is not a contract and curriculum is subject to change.

**Additional Information About this Plan:**

**University Degree Requirements:** The minimum number of hours for a UNO undergraduate degree is 120 credit hours. Please review the requirements for your specific program to determine all requirements for the program. In order to graduate on-time (four years for an undergraduate degree), you need to take 30 hours each year. Information based on 2025-2026 University of Nebraska at Omaha undergraduate catalog.

**Placement Exams:** For Math, English, Foreign Language, a placement exam may be required. More information on these exams can be found at <https://www.unomaha.edu/enrollment-management/testing-center/placement-exams/information.php>

**\*\*Transfer credit or placement exam scores may change suggested plan of study**

**GPA Requirements:**

2.5 minimum GPA to remain in College of Education, Health, and Human Sciences, 2.5 minimum GPA to apply to Educator Preparation Program, 2.75 minimum GPA to progress in Educator Preparation Program

# Professional education course: a grade of C or higher is required to pass the class

**Graduation Requirements:** 2.75 minimum NU GPA

Education - Elementary Education, Bachelor of Science

Candidates completing the elementary education program are eligible for initial teacher certification and endorsement to teach in K-6 classrooms. The program of study is divided into five areas: General Education, Professional Education Sequence, Related Content Courses, Elementary Professional requirements, and a concentration area. The concentrations enhance the knowledge, skills, and marketability of the prospective teacher.

**Concentration required:** **12**

Inclusive Educator or Child, Youth, and Community Science

### ELECTIVES

Elective hours as required to reach a total of 120 hours

## Optional Endorsement

A candidate in elementary education may elect to complete an additional endorsement program, instead of or in addition to a concentration.

Candidates must have satisfactorily completed all required coursework prior to clinical practice.

A minimum grade of "C" must be earned in all certification requirements, endorsements, and concentrations. All grades of incomplete and any grades below "C" in these specific requirements must be removed prior to clinical practice. Candidates are responsible for contacting their advisor regarding said grades.

For courses in this major/ endorsement that require a grade of C or higher, CR/ NC is not permissible.

Candidates must have a minimum cumulative GPA of 2.75 or higher in order to be eligible for clinical practice.

## Education, Elementary Education Bachelor of Science Concentrations

- Child, Youth, and Community Science (p. 533) (non-certification education option) (p. 533)
- Inclusive Educator (p. 536)

Candidates must have satisfactorily completed all required coursework prior to clinical practice.

A minimum grade of "C" must be earned in all certification requirements, endorsements, and concentrations. All grades of incomplete and any grades below "C" in these specific requirements must be removed prior to clinical practice. Candidates are responsible for contacting their advisor regarding said grades.

For courses in this major/ endorsement that require a grade of C or higher, CR/ NC is not permissible.

Candidates must have a minimum cumulative GPA of 2.75 or higher in order to be eligible for clinical practice.

## Education, Elementary Education Bachelor of Science Endorsements

- English as a Second Language (p. 538)
- Special Education (p. 540)

Candidates must have satisfactorily completed all required coursework prior to clinical practice.

A minimum grade of "C" must be earned in all certification requirements, endorsements, and concentrations. All grades of incomplete and any grades below "C" in these specific requirements must be removed prior to clinical practice. Candidates are responsible for contacting their advisor regarding said grades.

For courses in this major/ endorsement that require a grade of C or higher, CR/ NC is not permissible.

Candidates must have a minimum cumulative GPA of 2.75 or higher in order to be eligible for clinical practice.

## Child, Youth, and Community Science (non-certification education option)

This roadmap is a suggested plan of study and does not replace meeting with an advisor. Please note that students may need to adjust the actual sequence of courses based on course availability. Please consult an advisor in your major program for further guidance.

This plan is not a contract and curriculum is subject to change

#### Additional Information About this Plan:

The BS in Elementary Education – Child, Youth, & Community Science Concentration does not lead to teacher certification. Students in the Teacher Education Department have the flexibility to earn an education degree without pursuing teacher certification. Students will complete 120 credit hours of coursework including a capstone course with 200-hour internship (TED 4700 Education Capstone). Flexibility exists for minor programs and elective credits. For list of approved Child, Youth, & Community Science concentration courses, view the current degree worksheet and program website here:

<https://www.unomaha.edu/college-of-education-health-and-human-sciences/student-services/certification/non-cert-education.php>

**University Degree Requirements:** The minimum number of hours for a UNO undergraduate degree is 120 credit hours. Please review the requirements for your specific program to determine all requirements for the program. In order to graduate on-time (four years for an undergraduate degree), you need to take 30 hours each year. Information based on 2025-2026 University of Nebraska at Omaha undergraduate catalog.

**Placement Exams:** For Math, English, Foreign Language, a placement exam may be required. More information on these exams can be found at <https://www.unomaha.edu/enrollment-management/testing-center/placement-exams/information.php>

\*\*Transfer credit or placement exam scores may change suggested plan of study

**GPA Requirements:** 2.5 cumulative and major GPA

**Graduation Requirements:** Students must have a cumulative and major GPA of at least 2.5, no grade lower than "C" in required courses, and no incomplete in required courses to be recommended for graduation.

## Inclusive Educator Concentration Elementary Education, Bachelor of Science in Education - Inclusive Educator Concentration Requirements

| Code  | Title  | Credits      |
|---|--|--------------|
| <b>GENERAL EDUCATION REQUIREMENTS - 34 Hours Required</b>   |  |              |
| Minimum of "C-" required  |  |              |
| <b>Fundamental Skills</b>   |  | <b>15</b>    |
| <b>Writing – 6 hrs.</b>   |  |              |
| ENGL 1150   | ENGLISH COMPOSITION I  |              |
| ENGL 1160   | COLLEGE RESEARCH AND INFORMATION LITERACY  |              |
| <b>Oral Communication – 3 hrs.</b>  |  |              |
| CMST 1110   | PUBLIC SPEAKING FUNDS  |              |
| or CMST 2120  | ARGUMENTATION AND DEBATE   |              |
| <b>Quantitative Literacy – 3 hrs.</b>   |  |              |
| MATH 1120   | INTRODUCTION TO MATHEMATICAL AND COMPUTATIONAL THINKING                            |              |
| or MATH 1130  | QUANTITATIVE LITERACY  |              |
| or MATH 1140  | QUANTITATIVE REASONING FOR HEALTHCARE PROFESSIONALS                                |              |
| or MATH 1300  | COLLEGE ALGEBRA WITH SUPPORT   |              |
| <b>Data Literacy – 3 hrs.</b>   |  |              |
| Select one from the following:  |  |              |
| STAT 1100   | DATA LITERACY AND VISUALIZATION  |              |
| STAT 1530   | ELEMENTARY STATISTICS  |              |
| Until Fall 2028, students can satisfy this requirement with an approved data literacy course, or any approved natural or social science general education course. |  |              |
| <b>Breadth of Knowledge</b>   |  | <b>13</b>    |
| Social Science – 3 hrs.   |  |              |
| Humanities – 3 hrs.   |  |              |
| Natural & Physical Science (must complete a lab) – 4 hrs.   |  |              |
| Arts – 3 hrs.   |  |              |
| <b>Individual and Social Responsibility</b>   |  | <b>6</b>     |
| Cultural Knowledge – 3 hrs.   |  |              |
| Civic Knowledge and Engagement – 3 hrs.   |  |              |
| <b>MAJOR REQUIREMENTS - 70-71 Hours Required</b>  |  |              |
| **Course will satisfy UNO's General Education requirement   |  |              |
| ^Course requires pre-requisite(s)   |  |              |
| <b>All of the following:</b>  |  | <b>68-69</b> |
| MATH 1120   | INTRODUCTION TO MATHEMATICAL AND COMPUTATIONAL THINKING (^ if not taken in Gen Ed) |              |
| or MATH 1300  | COLLEGE ALGEBRA WITH SUPPORT   |              |

#### ELECTIVES

Elective hours as required to reach a total of 120 hours

Candidates must have satisfactorily completed all required coursework prior to clinical practice.

A minimum grade of "C" must be earned in all certification requirements, endorsements, and concentrations. All grades of incomplete and any grades below "C" in these specific requirements must be removed prior to clinical practice. Candidates are responsible for contacting their advisor regarding said grades.

For courses in this major/ endorsement that require a grade of C or higher, CR/ NC is not permissible.

Candidates must have a minimum cumulative GPA of 2.75 or higher in order to be eligible for clinical practice.

This roadmap is a suggested plan of study and does not replace meeting with an advisor. Please note that students may need to adjust the actual sequence of courses based on course availability. Please consult an advisor in your major program for further guidance.  
This plan is not a contract and curriculum is subject to change

**Additional Information About this Plan:**

**University Degree Requirements:** The minimum number of hours for a UNO undergraduate degree is 120 credit hours. Please review the requirements for your specific program to determine all requirements for the program. In order to graduate on-time (four years for an undergraduate degree), you need to take 30 hours each year. Information based on the 2025-2026 University of Nebraska undergraduate catalog.

**Placement Exams:** For Math, English, Foreign Language, a placement exam may be required. More information on these exams can be found at <https://www.unomaha.edu/enrollment-management/testing-center/placement-exams/information.php>

\*\*Transfer credit or placement exam scores may change suggested plan of study

**GPA Requirements:** Cumulative 2.5 GPA for Educator Preparation Program initial acceptance, cumulative 2.75 GPA for formal admission and graduation.

#Professional education course: a grade of C or higher is required to pass the class.

**Graduation Requirements:** Students must have a cumulative GPA of at least 2.75, no grade lower than "C" in required courses, and no incomplete in required courses to be recommended for graduation.

## Special Education Endorsement

This roadmap is a suggested plan of study and does not replace meeting with an advisor. Please note that students may need to adjust the actual sequence of courses based on course availability. Please consult an advisor in your major program for further guidance.

This plan is not a contract and curriculum is subject to change

## Additional Information About this Plan:

**University Degree Requirements:** The minimum number of hours for a UNO undergraduate degree is 120 credit hours. Please review the requirements for your specific program to determine all requirements for the program. In order to graduate on-time (four years for an undergraduate degree), you need to take 30 hours each year. Information based on the [2025-2026](#) catalog.

**Placement Exams:** For Math, English, Foreign Language, a placement exam may be required. More information on these exams can be found at <https://www.unomaha.edu/enrollment-management/testing-center/placement-exams/information.php>

**\*\*Transfer credit or placement exam scores may change suggested plan of study**

**GPA Requirements:**  
2.5 minimum GPA to remain in College of Education, 2.5 minimum GPA to apply to Educator Preparation Program, 2.75 minimum GPA to progress in Educator Preparation Program

**# Professional education course:** a grade of C or higher is required to pass the class

**Graduation Requirements:** 2.75 minimum NU GPA

## Education - Library Science, Bachelor of Science

The library science program is designed to prepare candidates for employment in 21st century public, academic and special libraries, and information agencies. The library science courses engage candidates in classroom, field site, and service experiences that support the development of the personal, professional and technical skills and dispositions required to work effectively with patrons in today's diverse communities.

**University Degree Requirements:** The minimum number of hours for a UNO undergraduate degree is 120 credit hours. Please review the requirements for your specific program to determine all requirements for the program. In order to graduate on-time (four years for an undergraduate degree), you need to take 30 hours each year. Information based on 2025-2026 University of Nebraska at Omaha undergraduate catalog.

**Placement Exams:** For Math, English, Foreign Language, a placement exam may be required. More information on these exams can be found at <https://www.unomaha.edu/enrollment-management/testing-center/placement-exams/information.php>

\*\*Transfer credit or placement exam scores may change suggested plan of study

### GPA Requirements:

2.5 minimum GPA to remain in College of Education, Health, and Human Sciences. 2.75 required to remain and progress in Library Science major.

# Professional education course: a grade of C or higher is required to pass the class

**Graduation Requirements:** 2.75 minimum NU GPA

## Education - Secondary Education, Bachelor of Science

The program in secondary education is designed to prepare candidates to meet Nebraska requirements for a related (5-9, 6-12 or 7-12) level teaching certificate or a PK-12 teaching certificate. The coursework for a Secondary Education Endorsement is divided into four areas: General Education, Endorsement Content, Professional Education Sequence, and Secondary Professional requirements. Secondary candidates must select one of the approved endorsement areas.

## Secondary Education, Bachelor of Science in Education Requirements

| Code  | Title   | Credits   |
|---|---|-----------|
| <b>GENERAL EDUCATION REQUIREMENTS - 34 Hours Required</b>   |   |           |
| Minimum of "C-" required  |   |           |
| <b>Fundamental Skills</b>   |   | <b>15</b> |
| <b>Writing – 6 hrs.</b>   |   |           |
| ENGL 1150   | ENGLISH COMPOSITION I                                   |           |
| ENGL 1160   | COLLEGE RESEARCH AND INFORMATION LITERACY               |           |
| <b>Oral Communication – 3 hrs.</b>  |   |           |
| CMST 1110   | PUBLIC SPEAKING FUNDS                                   |           |
| or CMST 2120  | ARGUMENTATION AND DEBATE                                |           |
| <b>Quantitative Literacy – 3 hrs.</b>   |   |           |
| MATH 1120   | INTRODUCTION TO MATHEMATICAL AND COMPUTATIONAL THINKING |           |
| or MATH 1130  | QUANTITATIVE LITERACY                                   |           |
| or MATH 1140  | QUANTITATIVE REASONING FOR HEALTHCARE PROFESSIONALS     |           |
| or MATH 1300  | COLLEGE ALGEBRA WITH SUPPORT                            |           |
| <b>Data Literacy – 3 hrs.</b>   |   |           |
| <b>Select one from the following:</b>   |   |           |
| STAT 1100   | DATA LITERACY AND VISUALIZATION                         |           |
| STAT 1530   | ELEMENTARY STATISTICS                                   |           |
| Until Fall 2028, students can satisfy this requirement with an approved data literacy course, or any approved natural or social science general education course. |   |           |
| <b>Breadth of Knowledge</b>   |   | <b>13</b> |
| Social Science - 3 hrs  |   |           |
| Humanities - 3 hrs  |   |           |
| Natural & Physical Science (must complete a lab) – 4 hrs.   |   |           |
| Arts - 3 hrs  |   |           |
| <b>Individual and Social Responsibility</b>   |   | <b>6</b>  |
| Cultural Knowledge - 3 hrs  |   |           |
| Civic Knowledge and Engagement - 3 hrs  |   |           |
| <b>MAJOR REQUIREMENTS - 42 Hours Required</b>   |   |           |
| **Course will satisfy UNO's General Education requirement   |   |           |
| ^Course requires pre-requisite(s)   |   |           |

### Endorsement required

#### ELECTIVES

Elective hours as required to reach a total of 120 hours

Candidates must have satisfactorily completed all required coursework prior to clinical practice.

A minimum grade of "C" must be earned in all certification requirements, endorsements, and concentrations. All grades of incomplete and any grades below "C" in these specific requirements must be removed prior to clinical practice. Candidates are responsible for contacting their advisor regarding said grades.

Candidates must have a minimum cumulative GPA of 2.75 or higher in order to be eligible for clinical practice.

## Education, Secondary Education Bachelor of Science Concentrations

- Inclusive Practices (p. 545)
- Middle Level 5-9 (p. 545)

Candidates must have satisfactorily completed all required coursework prior to clinical practice.

A minimum grade of "C" must be earned in all certification requirements, endorsements, and concentrations. All grades of incomplete and any grades below "C" in these specific requirements must be removed prior to clinical practice. Candidates are responsible for contacting their advisor regarding said grades.

Candidates must have a minimum cumulative GPA of 2.75 or higher in order to be eligible for clinical practice.

## Endorsements Offered

Candidates seeking 5-9, 6-12, 7-12 or PK-12 certification must complete one of the endorsements below.

- Biology (7-12) Endorsement (p. 549)
- Business, Marketing, Information Technology (BMIT) (6-12) Endorsement (p. 551)
- Chemistry (7-12) Endorsement (p. 553)

- Secondary English (7-12) with ESL Supplemental Endorsement (p. 557)
- Secondary English (7-12) with Additional Subject Endorsement (p. 560)
- World Language - French (7-12) Endorsement (p. 561)
- World Language - German (7-12) Endorsement (p. 564)
- Language Arts/English (7-12) Endorsement (p. 555)
- Mathematics (6-12) Endorsement (p. 566)
- Middle Level (5-9) Endorsement (p. 568)
- Music (PK-12) Endorsement (p. 576)
- Physics (7-12) Endorsement (p. 576)
- Physical Education (PK-12) Endorsement (p. 578)
- Physical Education (7-12) and Health (7-12) Endorsement (p. 581)
- Science (7-12) Endorsement (p. 583)
- Social Science (7-12) Endorsement (p. 585)
- World Language - Spanish (7-12) Endorsement (p. 588)

## Dual Endorsement Programs Offered

Candidates may elect to complete a second endorsement as part of their secondary education program. These dual endorsements require two semesters of clinical practice (student teaching) and result in two teaching endorsements on the Nebraska teaching certificate. The following dual endorsements are available.

- Special Education (7-12) Endorsement (p. 590)

## Supplemental Endorsements Offered

Supplemental endorsements are content areas which can be added to a Nebraska teaching certificate in the presence of other earned endorsements. A supplemental endorsement cannot stand alone on an initial teaching certificate. The following supplemental endorsements are available.

- Coaching (7-12) Endorsement (p. 592)
- English as a Second Language (7-12) Endorsement (p. 591)
- Health Sciences Education (6-12) Endorsement (p. 593)
- Information Technology (PK-12) Endorsement (p. 593)

## Inclusive Practices Concentration

**Secondary Education Concentration in Inclusive Practices is optional that a student can add to a degree plan.**

| Code                  | Title  | Credits   |

Apply for graduation

**Credits 12**

**Total Credits 120**

This roadmap is a suggested plan of study and does not replace meeting with an advisor. Please note that students may need to adjust the actual sequence of courses based on course availability. Please consult an advisor in your major program for further guidance.

This plan is not a contract and curriculum is subject to change.

## Additional Information About this Plan:

**University Degree Requirements:** The minimum number of hours for a UNO undergraduate degree is 120 credit hours. Please review the requirements for your specific program to determine all requirements for the program. In order to graduate on-time (four years for an undergraduate degree), you need to take 30 hours each year. Information based on 2025-2026 University of Nebraska at Omaha undergraduate catalog.

**Placement Exams:** For Math, English, Foreign Language, a placement exam may be required. More information on these exams can be found at <https://www.unomaha.edu/enrollment-management/testing-center/placement-exams/information.php>

\*\*Transfer credit or placement exam scores may change suggested plan of study

#### GPA Requirements:

2.5 minimum GPA to remain in College of Education, 2.5 minimum GPA to apply to Educator Preparation Program, 2.75 minimum GPA to progress in Educator Preparation Program

# Professional education course: a grade of C or higher is required to pass the class

**Graduation Requirements:** 2.75 minimum NU GPA

## Secondary Education, Bachelor Science in Education - Middle Level Science and Social Science Endorsement Four Year Plan

### Freshman

| Fall  |  | Credits   |
|---|--|-----------|
| ENGL 1150   | ENGLISH COMPOSITION I                                | 3         |
| CMST 1110<br>or CMST 2120   | PUBLIC SPEAKING FUNDS<br>or ARGUMENTATION AND DEBATE | 3         |
| MATH 1200   | QUANTITATIVE LITERACY                                | 3         |
| PSCI 1100   | INTRODUCTION TO AMERICAN<br>NATIONAL GOVERNMENT      | 3         |
| HIST 1000   | WORLD HISTORY TO 1500                                | 3         |
| Attend Welcome Week events; other campus events   |  |           |
| Advising appointment for spring: Sept. - Oct.   |  |           |
| Note: ENGL 1150, ENGL 1160, CMST 1110 or 2120, and approved math (Quantitative Literacy) course should be taken and passed in the first academic year |  |           |
| <b>Credits</b>  |  | <b>15</b> |

### Spring

|  |  |           |
|--|--|-----------|
| ENGL 1160  | COLLEGE RESEARCH AND<br>INFORMATION LITERACY | 3         |
| BIOL 1330  | ENVIRONMENTAL BIOLOGY                        | 3         |

### ELECTIVES

Elective hours as required to reach a total of 120 hours

Candidates must have satisfactorily completed all required coursework prior to clinical practice.

A minimum grade of "C" must be earned in all certification requirements, endorsements, and concentrations. All grades of incomplete and any grades below "C" in these specific requirements must be removed prior to clinical practice. Candidates are responsible for contacting their advisor regarding said grades.

For courses in this major/ endorsement that require a grade of C or higher, CR/ NC is not permissible.

Candidates must have a minimum cumulative GPA of 2.75 or higher in order to be eligible for clinical practice.

| <b>Total Credits</b> |  | <b>120</b> |

This roadmap is a suggested plan of study and does not replace meeting with an advisor. Please note that students may need to adjust the actual sequence of courses based on course availability. Please consult an advisor in your major program for further guidance.

This plan is not a contract and curriculum is subject to change

### Additional Information About this Plan:

**University Degree Requirements:** The minimum number of hours for a UNO undergraduate degree is 120 credit hours. Please review the requirements for your specific program to determine all requirements for the program. In order to graduate on-time (four years for an undergraduate

degree), you need to take 30 hours each year. Information based on the 2025-2026 catalog.

**Placement Exams:** For Math, English, Foreign Language, a placement exam may be required. More information on these exams can be found at <https://www.unomaha.edu/enrollment-management/testing-center/placement-exams/information.php>

\*\*Transfer credit or placement exam scores may change suggested plan of study

**GPA Requirements:**

2.5 minimum GPA to remain in College of Education, 2.5 minimum GPA to apply to Educator Preparation Program, 2.75 minimum GPA to progress in Educator Preparation Program

# Professional education course: a grade of C or higher is required to pass the class

**Graduation Requirements:** 2.75 minimum NU GPA

## Business, Marketing, Information Technology (BMIT) (6-12) Endorsement Secondary Education, Bachelor Science in Education - Business, Marketing, Information Technology (BMIT) (6-12) Endorsement Requirements

| Code  | Title   | Credits   |
|---|---|-----------|
| <b>GENERAL EDUCATION REQUIREMENTS - 34 Hours Required</b> |   |           |
| Minimum of "C-" required                                  |   |           |
| <b>Fundamental Skills</b>                                 |   | <b>15</b> |
| <b>Writing – 6 hrs.</b>                                   |   |           |
| ENGL 1150   | ENGLISH COMPOSITION I                                   |           |
| ENGL 1160   | COLLEGE RESEARCH AND INFORMATION LITERACY               |           |
| <b>Oral Communication – 3 hrs.</b>                        |   |           |
| CMST 1110   | PUBLIC SPEAKING FUNDS                                   |           |
| or CMST 2120  | ARGUMENTATION AND DEBATE                                |           |
| <b>Quantitative Literacy – 3 hrs.</b>                     |   |           |
| MATH 1120   | INTRODUCTION TO MATHEMATICAL AND COMPUTATIONAL THINKING |           |
| or MATH 1130  | QUANTITATIVE LITERACY                                   |           |
| or MATH 1140  | QUANTITATIVE REASONING FOR HEALTHCARE PROFESSIONALS     |           |
| or MATH 1300  | COLLEGE ALGEBRA WITH SUPPORT                            |           |
| <b>Data Literacy – 3 hrs.</b>                             |   |           |
| Select one from the following:                            |   |           |
| STAT 1100   | DATA LITERACY AND VISUALIZATION                         |           |
| STAT 1530   | ELEMENTARY STATISTICS                                   |           |

Until Fall 2028, students can satisfy this requirement with an approved data literacy course, or any approved natural or social science general education course.

**ELECTIVES**

Elective hours as required to reach a total of 120 hours

Candidates must have satisfactorily completed all required coursework prior to clinical practice.

A minimum grade of "C" must be earned in all certification requirements, endorsements, and concentrations. All grades of incomplete and any grades below "C" in these specific requirements must be removed prior to clinical practice. Candidates are responsible for contacting their advisor regarding said grades.

For courses in this major/ endorsement that require a grade of C or higher, CR/ NC is not permissible.

Candidates must have a minimum cumulative GPA of 2.75 or higher in order to be eligible for clinical practice.

## Secondary Education, Bachelor Science in Education - Business, Marketing, Information Technology (BMIT) (6-12) Endorsement Four Year Plan

**Freshman**

| Fall  |                              | Credits   |

<sup>1</sup> Selection Area: Chose three of the five options (9 credit hours)  
ENTR 3710, MGMT 4030, SCMT 3410, MGMT 4040, or MKT 3100

This roadmap is a suggested plan of study and does not replace meeting with an advisor. Please note that students may need to adjust the actual sequence of courses based on course availability. Please consult an advisor in your major program for further guidance.  
This plan is not a contract and curriculum is subject to change

#### Additional Information About this Plan:

**University Degree Requirements:** The minimum number of hours for a UNO undergraduate degree is 120 credit hours. Please review the requirements for your specific program to determine all requirements for the program. In order to graduate on-time (four years for an undergraduate degree), you need to take 30 hours each year. Information based on the 2025-2026 University of Nebraska undergraduate catalog.

**Placement Exams:** For Math, English, Foreign Language, a placement exam may be required. More information on these exams can be found at <https://www.unomaha.edu/enrollment-management/testing-center/placement-exams/information.php>

\*\*Transfer credit or placement exam scores may change suggested plan of study

**GPA Requirements:** Cumulative 2.5 GPA for Educator Preparation Program initial acceptance, cumulative 2.75 GPA for formal admission and graduation.

#Professional education course: a grade of C or higher is required to pass the class.

**Graduation Requirements:** Students must have a cumulative GPA of at least 2.75, no grade lower than "C" in required courses, and no incomplete in required courses to be recommended for graduation.

## Chemistry (7-12) Endorsement

**ELECTIVES**

Elective hours as required to reach a total of 120 hours

Candidates must have satisfactorily completed all required coursework prior to clinical practice.

A minimum grade of "C" must be earned in all certification requirements, endorsements, and concentrations. All grades of incomplete and any grades below "C" in these specific requirements must be removed prior to clinical practice. Candidates are responsible for contacting their advisor regarding said grades.

For courses in this major/ endorsement that require a grade of C or higher, CR/ NC is not permissible.

Candidates must have a minimum cumulative GPA of 2.75 or higher in order to be eligible for clinical practice.

Secondary Education, Bachelor Science in Education - Chemistry (7-12) Endorsement Four Year Plan

**Freshman**

|                       |  |                |
|-----------------------|--|----------------|
| <b>Fall</b>           |  | <b>Credits</b> |
| ENGL 1150             | ENGLISH COMPOSITION I                                  | 3              |
| MATH 1950             | CALCULUS I   | 5              |
| CHEM 1180 & CHEM 1184 | GENERAL CHEMISTRY I and GENERAL CHEMISTRY I LABORATORY | 4              |

\*Student must test into MATH 1950 Calculus I based off of ACT Math scores or Accuplacer exam, or bring transfer credit for MATH 1320 & 1330 or MATH 1340. These additional math courses may be required before MATH 1950 if the student does not test into it.

Attend Welcome Week events; other campus events  
Advising appointment for spring: Sept. - Oct.  
Note: ENGL 1150, ENGL 1160, CMST 1110 or 2120, and approved math (Quantitative Literacy) course should be taken and passed in the first academic year

This roadmap is a suggested plan of study and does not replace meeting with an advisor. Please note that students may need to adjust the actual sequence of courses based on course availability. Please consult an advisor in your major program for further guidance.

This plan is not a contract and curriculum is subject to change

**Additional Information About this Plan:**

**University Degree Requirements:** The minimum number of hours for a UNO undergraduate degree is 120 credit hours. Please review the requirements for your specific program to determine all requirements for the program. In order to graduate on-time (four years for an undergraduate degree), you need to take 30 hours each year. Information based on 2025-2026 University of Nebraska at Omaha undergraduate catalog.

**Placement Exams:** For Math, English, Foreign Language, a placement exam may be required. More information on these exams can be found

at <https://www.unomaha.edu/enrollment-management/testing-center/placement-exams/information.php>

\*\*Transfer credit or placement exam scores may change suggested plan of study

**GPA Requirements:**

2.5 minimum GPA to remain in College of Education, 2.5 minimum GPA to apply to Educator Preparation Program, 2.75 minimum GPA to progress in Educator Preparation Program

# Professional education course: a grade of C or higher is required to pass the class

**Graduation Requirements:** 2.75 minimum NU GPA

## English/Language Arts (7-12) Endorsement

### Secondary Education, Bachelor Science in Education - English/Language Arts (7-12) Endorsement Requirements

| Code | Title | Credits |
|------|-------|---------|
|------|-------|---------|

#### GENERAL EDUCATION REQUIREMENTS - 34 Hours Required

Minimum of "C-" required

#### Fundamental Skills **15**

##### Writing – 6 hrs.

|           |                       |
|-----------|-----------------------|
| ENGL 1150 | ENGLISH COMPOSITION I |
|-----------|-----------------------|

|           |   |
|-----------|---|
| ENGL 1160 | COLLEGE RESEARCH AND INFORMATION LITERACY |
|-----------|---|

##### Oral Communication – 3 hrs.

|              |                          |
|--------------|--------------------------|
| CMST 1110    | PUBLIC SPEAKING FUNDS    |
| or CMST 2120 | ARGUMENTATION AND DEBATE |

##### Quantitative Literacy – 3 hrs.

|              |   |
|--------------|---|
| MATH 1120    | INTRODUCTION TO MATHEMATICAL AND COMPUTATIONAL THINKING |
| or MATH 1130 | QUANTITATIVE LITERACY                                   |
| or MATH 1140 | QUANTITATIVE REASONING FOR HEALTHCARE PROFESSIONALS     |
| or MATH 1300 | COLLEGE ALGEBRA WITH SUPPORT                            |

##### Data Literacy – 3 hrs.

Select one from the following:

|           |                                 |
|-----------|---------------------------------|
| STAT 1100 | DATA LITERACY AND VISUALIZATION |
| STAT 1530 | ELEMENTARY STATISTICS           |

Until Fall 2028, students can satisfy this requirement with an approved data literacy course, or any approved natural or social science general education course.

#### Breadth of Knowledge **13**

Social Science - 3 hrs

Humanities - 3 hrs

Natural & Physical Science (must complete a lab) – 4 hrs.

Arts - 3 hrs

#### Individual and Social Responsibility **6**

|   |  |
|---|--|
| Cultural Knowledge - 3 hrs                                |  |
| Civic Knowledge and Engagement - 3 hrs                    |  |
| <b>MAJOR REQUIREMENTS - 84 Hours Required</b>             |  |

This roadmap is a suggested plan of study and does not replace meeting with an advisor. Please note that students may need to adjust the actual sequence of courses based on course availability. Please consult an advisor in your major program for further guidance.

This plan is not a contract and curriculum is subject to change.

#### Additional Information About this Plan:

**University Degree Requirements:** The minimum number of hours for a UNO undergraduate degree is 120 credit hours. Please review the requirements for your specific program to determine all requirements for the program. In order to graduate on-time (four years for an undergraduate degree), you need to take 30 hours each year. Information based on 2025-2026 University of Nebraska at Omaha undergraduate catalog.

**Placement Exams:** For Math, English, Foreign Language, a placement exam may be required. More information on these exams can be found at <https://www.unomaha.edu/enrollment-management/testing-center/placement-exams/information.php>

\*\*Transfer credit or placement exam scores may change suggested plan of study

#### GPA Requirements:

2.5 minimum GPA to remain in College of Education, 2.5 minimum GPA to apply to Educator Preparation Program, 2.75 minimum GPA to progress in Educator Preparation Program

# Professional education course: a grade of C or higher is required to pass the class

**Graduation Requirements:** 2.75 minimum NU GPA

## Secondary English (7-12) with ESL Supplemental Endorsement

Candidates must have satisfactorily completed all required coursework prior to clinical practice.

A minimum grade of "C" must be earned in all certification requirements, endorsements, and concentrations. All grades of incomplete and any grades below "C" in these specific requirements must be removed prior to clinical practice. Candidates are responsible for contacting their advisor regarding said grades.

For courses in this major/ endorsement that require a grade of C or higher, CR/ NC is not permissible.

Candidates must have a minimum cumulative GPA of 2.75 or higher in order to be eligible for clinical practice.

## Secondary Education, Bachelor Science in Education - Secondary English (7-12) with ESL Supplemental Endorsement Requirements

| Code  | Title   | Credits   |
|---|---|-----------|
| <b>GENERAL EDUCATION REQUIREMENTS - 34 Hours Required</b>   |   |           |
| Minimum of "C-" required  |   |           |
| <b>Fundamental Skills</b>   |   | <b>15</b> |
| <b>Writing – 6 hrs.</b>   |   |           |
| ENGL 1150   | ENGLISH COMPOSITION I                                   |           |

This roadmap is a suggested plan of study and does not replace meeting with an advisor. Please note that students may need to adjust the actual sequence of courses based on course availability. Please consult an advisor in your major program for further guidance.

This plan is not a contract and curriculum is subject to change.

**Additional Information About this Plan:**

**University Degree Requirements:** The minimum number of hours for a UNO undergraduate degree is 120 credit hours. Please review the requirements for your specific program to determine all requirements for the program. In order to graduate on-time (four years for an undergraduate degree), you need to take 30 hours each year. Information based on 2025-2026 University of Nebraska at Omaha undergraduate catalog.

**Placement Exams:** For Math, English, Foreign Language, a placement exam may be required. More information on these exams can be found at <https://www.unomaha.edu/enrollment-management/testing-center/placement-exams/information.php>

\*\*Transfer credit or placement exam scores may change suggested plan of study

**GPA Requirements:**

2.5 minimum GPA to remain in College of Education, 2.5 minimum GPA to apply to Educator Preparation Program, 2.75 minimum GPA to progress in Educator Preparation Program

# Professional education course: a grade of C or higher is required to pass the class

**Graduation Requirements:** 2.75 minimum NU GPA

This roadmap is a suggested plan of study and does not replace meeting with an advisor. Please note that students may need to adjust the actual sequence of courses based on course availability. Please consult an advisor in your major program for further guidance.

This plan is not a contract and curriculum is subject to change.

#### Additional Information About this Plan:

**University Degree Requirements:** The minimum number of hours for a UNO undergraduate degree is 120 credit hours. Please review the requirements for your specific program to determine all requirements for the program. In order to graduate on-time (four years for an undergraduate degree), you need to take 30 hours each year. Information based on 2025-2026 University of Nebraska at Omaha undergraduate catalog.

**Placement Exams:** For Math, English, Foreign Language, a placement exam may be required. More information on these exams can be found at <https://www.unomaha.edu/enrollment-management/testing-center/placement-exams/information.php>

\*\*Transfer credit or placement exam scores may change suggested plan of study

**GPA Requirements:** 2.5 minimum GPA to remain in College of Education, 2.5 minimum GPA to apply to Educator Preparation Program, 2.75 minimum GPA to progress in Educator Preparation Program

# Professional education course: a grade of C or higher is required to pass the class

**Graduation Requirements:** 2.75 minimum NU GPA

# World Language - German (7-12) Endorsement

## Secondary Education, Bachelor Science in Education - World Language-German (7-12) Endorsement Requirements

| Code  | Title   | Credits   |
|---|---|-----------|
| <b>GENERAL EDUCATION REQUIREMENTS - 34 Hours Required</b>   |   |           |
| Minimum of "C-" required  |   |           |
| <b>Fundamental Skills</b>   |   | <b>15</b> |
| <b>Writing – 6 hrs.</b>   |   |           |
| ENGL 1150   | ENGLISH COMPOSITION I                                   |           |
| ENGL 1160   | COLLEGE RESEARCH AND INFORMATION LITERACY               |           |

Take Praxis II- German #5183

Advising appointment for spring: Sept. - Oct.

Apply for clinical practice at beginning of fall term.

**Credits 15**

### Spring

|          |  |    |
|----------|--|----|
| TED 4600 | CLINICAL PRACTICE AND SEMINAR: ELEMENTARY OR SECONDARY LEVEL | 12 |
|----------|--|----|

Apply for graduation

**Credits 12**

**Total Credits 120**

This roadmap is a suggested plan of study and does not replace meeting with an advisor. Please note that students may need to adjust the actual sequence of courses based on course availability. Please consult an advisor in your major program for further guidance.

This plan is not a contract and curriculum is subject to change.

**Additional Information About this Plan:**  
**University Degree Requirements:** The minimum number of hours for a UNO undergraduate degree is 120 credit hours. Please review the requirements for your specific program to determine all requirements for the program. In order to graduate on-time (four years for an undergraduate degree), you need to take 30 hours each year. Information based on 2025-2026 University of Nebraska at Omaha undergraduate catalog.

**Placement Exams:** For Math, English, Foreign Language, a placement exam may be required. More information on these exams can be found at <https://www.unomaha.edu/enrollment-management/testing-center/placement-exams/information.php>

\*\*Transfer credit or placement exam scores may change suggested plan of study

**GPA Requirements:**  
 2.5 minimum GPA to remain in College of Education, 2.5 minimum GPA to apply to Educator Preparation Program, 2.75 minimum GPA to progress in Educator Preparation Program

# Professional education course: a grade of C or higher is required to pass the class

**Graduation Requirements:** 2.75 minimum NU GPA

Mathematics (6-12) Endorsement  
 Secondary Education, Bachelor Science in Education - Mathematics (6-12) Endorsement Requirements

| Code  | Title   | Credits   |
|---|---|-----------|
| <b>GENERAL EDUCATION REQUIREMENTS - 34 Hours Required</b> |   |           |

| MATH 4560 | NUMBER THEORY & CRYPTOGRAPHY |

**ELECTIVES**

Elective hours as required to reach a total of 120 hours

Candidates must have satisfactorily completed all required coursework prior to clinical practice.

A minimum grade of "C" must be earned in all certification requirements, endorsements, and concentrations. All grades of incomplete and any grades below "C" in these specific requirements must be removed prior to clinical practice. Candidates are responsible for contacting their advisor regarding said grades.

For courses in this major/ endorsement that require a grade of C or higher, CR/ NC is not permissible.

Candidates must have a minimum cumulative GPA of 2.75 or higher in order to be eligible for clinical practice.

**University Degree Requirements:** The minimum number of hours for a UNO undergraduate degree is 120 credit hours. Please review the requirements for your specific program to determine all requirements for the program. In order to graduate on-time (four years for an undergraduate degree), you need to take 30 hours each year. Information found in this document is based on the 2025-2026 catalog.

**Placement Exams:** For Math, English, Foreign Language, a placement exam may be required. More information on these exams can be found at <https://www.unomaha.edu/enrollment-management/testing-center/placement-exams/information.php>

\*\*Transfer credit or placement exam scores may change suggested plan of study

**GPA Requirements:**  
2.5 minimum GPA to remain in College of Education, 2.5 minimum GPA to apply to Educator Preparation Program, 2.75 minimum GPA to progress in Educator Preparation Program

# Professional education course: a grade of C or higher is required to pass the class

**Graduation Requirements:** 2.75 minimum NU GPA

# Middle Level (5-9) Endorsement

## Secondary Education, Bachelor Science in Education - Middle Level Endorsement (5-9) Requirements

| Code  | Title | Credits |
|---|-------|---------|
| <b>GENERAL EDUCATION REQUIREMENTS - 34 Hours Required</b> |       |         |
| Minimum of "C-"required                                   |       |         |

|   |  |              |

**ELECTIVES**

Elective hours as required to reach a total of 120 hours

Candidates must have satisfactorily completed all required coursework prior to clinical practice.

A minimum grade of "C" must be earned in all certification requirements, endorsements, and concentrations. All grades of incomplete and any grades below "C" in these specific requirements must be removed prior to clinical practice. Candidates are responsible for contacting their advisor regarding said grades.

For courses in this major/ endorsement that require a grade of C or higher, CR/ NC is not permissible.

Candidates must have a minimum cumulative GPA of 2.75 or higher in order to be eligible for clinical practice.

This roadmap is a suggested plan of study and does not replace meeting with an advisor. Please note that students may need to adjust the actual sequence of courses based on course availability. Please consult an advisor in your major program for further guidance.

This plan is not a contract and curriculum is subject to change.

## Additional Information About this Plan:

**University Degree Requirements:** The minimum number of hours for a UNO undergraduate degree is 120 credit hours. Please review the requirements for your specific program to determine all requirements for the program. In order to graduate on-time (four years for an undergraduate degree), you need to take 30 hours each year. Information based on 2025-2026 University of Nebraska at Omaha undergraduate catalog.

**Placement Exams:** For Math, English, Foreign Language, a placement exam may be required. More information on these exams can be found at <https://www.unomaha.edu/enrollment-management/testing-center/placement-exams/information.php>

\*\*Transfer credit or placement exam scores may change suggested plan of study

### GPA Requirements:

2.5 minimum GPA to remain in College of Education, 2.5 minimum GPA to apply to Educator Preparation Program, 2.75 minimum GPA to progress in Educator Preparation Program

# Professional education course: a grade of C or higher is required to pass the class

**Graduation Requirements:** 2.75 minimum NU GPA

## Secondary Education, Bachelor Science in Education - Middle Level Science and Social Science Endorsement Four Year Plan

## Physics (7-12) Endorsement

## Secondary Education, Bachelor Science in Education - Physics (7-12) Endorsement Requirements

| Code | Title | Credits |
|------|-------|---------|
|------|-------|---------|

### GENERAL EDUCATION REQUIREMENTS - 34 Hours Required

Minimum of "C-" required

### Fundamental Skills 15

#### Writing – 6 hrs.

|           |                       |
|-----------|-----------------------|
| ENGL 1150 | ENGLISH COMPOSITION I |
|-----------|-----------------------|

|           |  |
|-----------|--|
| ENGL 1160 | COLLEGE RESEARCH AND<br>INFORMATION LITERACY |
|-----------|--|

#### Oral Communication – 3 hrs.

|              |                          |
|--------------|--------------------------|
| CMST 1110    | PUBLIC SPEAKING FUNDS    |
| or CMST 2120 | ARGUMENTATION AND DEBATE |

#### Quantitative Literacy – 3 hrs.

|              |  |
|--------------|--|
| MATH 1120    | INTRODUCTION TO MATHEMATICAL<br>AND COMPUTATIONAL THINKING |
| or MATH 1130 | QUANTITATIVE LITERACY                                      |
| or MATH 1140 | QUANTITATIVE REASONING FOR HEALTHCARE<br>PROFESSIONALS     |
| or MATH 1300 | COLLEGE ALGEBRA WITH SUPPORT                               |

#### Data Literacy – 3 hrs.

Select one from the following:

|           |                                 |
|-----------|---------------------------------|
| STAT 1100 | DATA LITERACY AND VISUALIZATION |
| STAT 1530 | ELEMENTARY STATISTICS           |

Until Fall 2028, students can satisfy this requirement with an approved data literacy course, or any approved natural or social science general education course.

### **Breadth of Knowledge 13**

Social Science - 3 hrs

Humanities - 3 hrs

Natural & Physical Science (must complete a lab) – 4 hrs.

Arts - 3 hrs

### **Individual and Social Responsibility 6**

Cultural Knowledge - 3 hrs

Civic Knowledge and Engagement - 3 hrs

### **MAJOR REQUIREMENTS 94 Hours Required**

\*\*Course will satisfy UNO's General Education requirement

^Course requires pre-requisite(s)

### **ELECTIVES**

Elective hours as required to reach a total of 120 hours

Candidates must have satisfactorily completed all required coursework prior to clinical practice.

A minimum grade of "C" must be earned in all certification requirements, endorsements, and concentrations. All grades of incomplete and any grades below "C" in these specific requirements must be removed prior to clinical practice. Candidates are responsible for contacting their advisor regarding said grades.

For courses in this major/ endorsement that require a grade of C or higher, CR/ NC is not permissible.

Candidates must have a minimum cumulative GPA of 2.75 or higher in order to be eligible for clinical practice.

## **Secondary Education, Bachelor Science in Education - Physics (7-12) Endorsement Four Year Plan**

### **Freshman**

| <b>Fall</b>           |  | <b>Credits</b> |
|-----------------------|--|----------------|
| ENGL 1150             | ENGLISH COMPOSITION I                                  | 3              |
| MATH 1950             | CALCULUS I   | 5              |
| TED 2100              | EDUCATIONAL FOUNDATIONS                                | 3              |
| PHYS 1350 & PHYS 1354 | PRINCIPLES OF ASTRONOMY and INTRODUCTORY ASTRONOMY LAB | 4              |

Student must test into MATH 1950 Calculus one based off of AP Math scores or Accuplacer exam, or bring transfer credit for MATH 1320 & 1330 or MATH 1340. These additional math courses may be required before MATH 1950 if the student does not test into it.

Advising appointment for spring: Sept. - Oct.

Attend welcome week events.

This roadmap is a suggested plan of study and does not replace meeting with an advisor. Please note that students may need to adjust the actual sequence of courses based on course availability. Please consult an advisor in your major program for further guidance.

This plan is not a contract and curriculum is subject to change

**Additional Information About this Plan:**

**University Degree Requirements:** The minimum number of hours for a UNO undergraduate degree is 120 credit hours. Please review the requirements for your specific program to determine all requirements for the program. In order to graduate on-time (four years for an undergraduate degree), you need to take 30 hours each year. Information based on the 2025-2026 University of Nebraska at Omaha undergraduate catalog.

**Placement Exams:** For Math, English, Foreign Language, a placement exam may be required. More information on these exams can be found at <https://www.unomaha.edu/enrollment-management/testing-center/placement-exams/information.php>

\*\*Transfer credit or placement exam scores may change suggested plan of study

**GPA Requirements:** Cumulative 2.5 GPA for Educator Preparation Program initial acceptance, cumulative 2.75 GPA for formal admission and graduation.

#Professional education course: a grade of C or higher is required to pass the class.

**Graduation Requirements:** Students must have a cumulative GPA of at least 2.75, no grade lower than "C" in required courses, and no incomplete in required courses to be recommended for graduation.

## Physical Education (P-6, 7-12) Endorsement

### Secondary Education, Bachelor Science in Education - Physical Education PK-12 Endorsement Requirements

| Code  | Title                                     | Credits   |
|---|---|-----------|
| <b>GENERAL EDUCATION REQUIREMENTS - 34 Hours Required</b> |   |           |
| Minimum of "C-" required                                  |   |           |
| <b>Fundamental Skills</b>                                 |   | <b>15</b> |
| <b>Writing – 6 hrs.</b>                                   |   |           |
| ENGL 1150   | ENGLISH COMPOSITION I                     |           |
| ENGL 1160   | COLLEGE RESEARCH AND INFORMATION LITERACY |           |

**Oral Communication – 3 hrs.**

CMST 1110 PUBLIC SPEAKING FUNDS  
or CMST 2120 ARGUMENTATION AND DEBATE

**Quantitative Literacy – 3 hrs.**

MATH 1120 INTRODUCTION TO MATHEMATICAL  
AND COMPUTATIONAL THINKING  
or MATH 1130 QUANTITATIVE LITERACY  
or MATH 1140 QUANTITATIVE REASONING FOR HEALTHCARE  
PROFESSIONALS  
or MATH 1300 COLLEGE ALGEBRA WITH SUPPORT

**Data Literacy – 3 hrs.**

Select one from the following:

STAT 1100 DATA LITERACY AND VISUALIZATION  
STAT 1530 ELEMENTARY STATISTICS

Until Fall 2028, students can satisfy this requirement with an approved data literacy course, or any approved natural or social science general education course.

**Breadth of Knowledge 13**

Social Science - 3 hrs

Humanities - 3 hrs

Natural & Physical Science (must complete a lab) – 4 hrs.

Arts - 3 hrs

**Individual and Social Responsibility 6**

Cultural Knowledge - 3 hrs

Civic Knowledge and Engagement - 3 hrs

**MAJOR REQUIREMENTS - 83 Hours Required**

\*\*Course will satisfy UNO's General Education requirement

^Course requires pre-requisite(s)

**All of the following: 50**

TED 2100 EDUCATIONAL FOUNDATIONS (^)  
TED 2200 HUMAN RELATIONS FOR BIAS-FREE  
CLASSROOMS (\*\* ^)  
or TED 2060 EQUITY, LANGUAGE, AND CULTURAL LITERACY

### ELECTIVES

Elective hours as required to reach a total of 120 hours

Candidates must have satisfactorily completed all required coursework prior to clinical practice.

A minimum grade of "C" must be earned in all certification requirements, endorsements, and concentrations. All grades of incomplete and any grades below "C" in these specific requirements must be removed prior to clinical practice. Candidates are responsible for contacting their advisor regarding said grades.

For courses in this major/ endorsement that require a grade of C or higher, CR/ NC is not permissible.

Candidates must have a minimum cumulative GPA of 2.75 or higher in order to be eligible for clinical practice.

## Secondary Education, Bachelor Science in Education - Physical Education and Health Education 7-12 Dual Endorsement Four Year Plan

### Freshman

|   |                              | Credits   |
|---|------------------------------|-----------|
| Fall  |                              |           |
| ENGL 1150   | ENGLISH COMPOSITION I        | 3         |
| MATH 1300   | COLLEGE ALGEBRA WITH SUPPORT | 4         |
| CMST 1110   | PUBLIC SPEAKING FUNDS        | 3         |
| or CMST 2120  | or ARGUMENTATION AND DEBATE  |           |
| KINS 1800   | FITNESS FOR LIVING           | 3         |
| Attend Welcome Week events; other campus events   |                              |           |
| Advising appointment for spring: Sept. - Oct.   |                              |           |
| Note: ENGL 1150, ENGL 1160, CMST 1110 or 2120, and approved math (Quantitative Literacy) course should be taken and passed in the first academic year |                              |           |
| <b>Credits</b>  |                              | <b>13</b> |

### Spring

|                |   |           |
|----------------|---|-----------|
| ENGL 1160      | COLLEGE RESEARCH AND INFORMATION LITERACY             | 3         |
| BMCH 2400      | HUMAN PHYSIOLOGY & ANATOMY I                          | 4         |
| PHHB 2070      | SUBSTANCE ABUSE AND MISUSE: PREVENTION AND MANAGEMENT | 3         |
| KINS 2320      | TEACHING GAMES 2                                      | 3         |
| TED 2200       | HUMAN RELATIONS FOR BIAS-FREE CLASSROOMS              | 3         |
| or TED 2060    | or EQUITY, LANGUAGE, AND CULTURAL LITERACY            |           |
| <b>Credits</b> |   | <b>16</b> |

### Summer

|   |                              |          |
|---|------------------------------|----------|
| Cultural Knowledge                              |                              | 3        |
| PHHB 1500                                       | FOUNDATIONS IN PUBLIC HEALTH | 3        |
| Advising appointment for fall: February - March |                              |          |
| Join a student organization                     |                              |          |
| <b>Credits</b>                                  |                              | <b>6</b> |

### Sophomore

|  |                            |           |
|--|----------------------------|-----------|
| Fall   |                            |           |
| KINS 2430  | FOUNDATIONS IN KINESIOLOGY | 3         |
| PHHB 4060  | SCHOOL HEALTH PROGRAMS     | 3         |
| TED 2100   | EDUCATIONAL FOUNDATIONS    | 3         |
| KINS 2310  | TEACHING GAMES 1           | 3         |
| PHHB 3080  | HUMAN SEXUALITY            | 3         |
| Apply to Educator Preparation Program by Oct. 1 deadline |                            |           |
| Advising appointment for spring: Sept. - Oct.            |                            |           |
| <b>Credits</b>   |                            | <b>15</b> |

### Spring

|   |   |   |
|---|---|---|
| TED 2380  | DEVELOPMENT AND LEARNING IN ADOLESCENCE   | 3 |
| TED 2400  | PLANNING FOR EFFECTIVE TEACHING   | 6 |
| KINS 2220 & KINS 1600                           | THEORY AND PRACTICE OF TEACHING RESISTANCE TRAINING and FUNDAMENTALS OF RESISTANCE TRAINING | 3 |
| Humanities                                      |   | 3 |
| Advising appointment for fall: February - March |   |   |

Identify professional organization to get involved with. Begin resume development.

MUST by August 1st have 2.75 minimum NU GPA to progress in Educator Preparation Program.

|                |                   | Credits  |
|----------------|-------------------|----------|
| Summer         |                   |          |
| PHHB 2310      | HEALTHFUL LIVING  | 3        |
| PHHB 2850      | STRESS MANAGEMENT | 3        |
| <b>Credits</b> |                   | <b>6</b> |

### Junior

|   |                                      |           |
|---|--------------------------------------|-----------|

|----------------------|--|------------|
| TED 4600             | CLINICAL PRACTICE AND SEMINAR: ELEMENTARY OR SECONDARY LEVEL | 12         |
| Apply for graduation |  |            |
| <b>Credits</b>       |  | <b>12</b>  |
| <b>Total Credits</b> |  | <b>132</b> |

This roadmap is a suggested plan of study and does not replace meeting with an advisor. Please note that students may need to adjust the actual sequence of courses based on course availability. Please consult an advisor in your major program for further guidance.

This plan is not a contract and curriculum is subject to change

#### Additional Information About this Plan:

**University Degree Requirements:** The minimum number of hours for a UNO undergraduate degree is 120 credit hours. Please review the requirements for your specific program to determine all requirements for the program. In order to graduate on-time (four years for an undergraduate degree), you need to take 30 hours each year. Information based on 2025-2026 University of Nebraska at Omaha undergraduate catalog.

**Placement Exams:** For Math, English, Foreign Language, a placement exam may be required. More information on these exams can be found at <https://www.unomaha.edu/enrollment-management/testing-center/placement-exams/information.php>

\*\*Transfer credit or placement exam scores may change suggested plan of study

**GPA Requirements:** 2.5 minimum GPA to remain in College of Education, 2.5 minimum GPA to apply to Educator Preparation Program, 2.75 minimum GPA to progress in Educator Preparation Program

# Professional education course: a grade of C or higher is required to pass the class

**Graduation Requirements:** 2.75 MINIMUM NU GPA

## Science (7-12) Endorsement Secondary Education, Bachelor Science in Education - Science (7-12) Endorsement Requirements

| Code  | Title   | Credits   |
|---|---|-----------|
| <b>GENERAL EDUCATION REQUIREMENTS - 34 Hours Required</b> |   |           |
| Minimum of "C-" required                                  |   |           |
| <b>Fundamental Skills</b>                                 |   | <b>15</b> |
| <b>Writing – 6 hrs.</b>                                   |   |           |
| ENGL 1150   | ENGLISH COMPOSITION I                                   |           |
| ENGL 1160   | COLLEGE RESEARCH AND INFORMATION LITERACY               |           |
| <b>Oral Communication – 3 hrs.</b>                        |   |           |
| CMST 1110   | PUBLIC SPEAKING FUNDS                                   |           |
| or CMST 2120  | ARGUMENTATION AND DEBATE                                |           |
| <b>Quantitative Literacy – 3 hrs.</b>                     |   |           |
| MATH 1120   | INTRODUCTION TO MATHEMATICAL AND COMPUTATIONAL THINKING |           |
| or MATH 1130  | QUANTITATIVE LITERACY                                   |           |
| or MATH 1140  | QUANTITATIVE REASONING FOR HEALTHCARE PROFESSIONALS     |           |

|   |  |
|---|--|
| or MATH 1300 COLLEGE ALGEBRA WITH SUPPORT   |  |
| <b>Data Literacy – 3 hrs.</b>   |  |
| Select one from the following:  |  |
| STAT 1100   | DATA LITERACY AND VISUALIZATION                                  |
| STAT 1530   | ELEMENTARY STATISTICS  |
| Until Fall 2028, students can satisfy this requirement with an approved data literacy course, or any approved natural or social science general education course. |  |
| <b>Breadth of Knowledge</b>   |  |
| <b>13</b>   |  |
| Social Science - 3 hrs  |  |
| Humanities - 3 hrs  |  |
| Natural & Physical Science (must complete a lab) – 4 hrs.   |  |
| Arts - 3 hrs  |  |
| <b>Individual and Social Responsibility</b>   |  |
| <b>6</b>  |  |
| Cultural Knowledge - 3 hrs  |  |
| Civic Knowledge and Engagement - 3 hrs  |  |
| <b>MAJOR REQUIREMENTS - 87 Hours Required</b>   |  |
| **Course will satisfy UNO's General Education requirement   |  |
| ^Course requires pre-requisite(s)   |  |

| MATH 1300   | COLLEGE ALGEBRA WITH SUPPORT (**)                                |

**ELECTIVES**

Elective hours as required to reach a total of 120 hours

Candidates must have satisfactorily completed all required coursework prior to clinical practice.

A minimum grade of "C" must be earned in all certification requirements, endorsements, and concentrations. All grades of incomplete and any grades below "C" in these specific requirements must be removed prior to clinical practice. Candidates are responsible for contacting their advisor regarding said grades.

For courses in this major/ endorsement that require a grade of C or higher, CR/ NC is not permissible.

Candidates must have a minimum cumulative GPA of 2.75 or higher in order to be eligible for clinical practice.

## Secondary Education, Bachelor Science in Education - Science (7-12) Endorsement Four Year Plan

**Freshman**

|   |  | Credits   |
|---|--|-----------|
| <b>Fall</b>   |  |           |
| ENGL 1150   | ENGLISH COMPOSITION I                                | 3         |

This roadmap is a suggested plan of study and does not replace meeting with an advisor. Please note that students may need to adjust the actual sequence of courses based on course availability. Please consult an advisor in your major program for further guidance.

This plan is not a contract and curriculum is subject to change

#### Additional Information About this Plan:

**University Degree Requirements:** The minimum number of hours for a UNO undergraduate degree is 120 credit hours. Please review the requirements for your specific program to determine all requirements for the program. In order to graduate on-time (four years for an undergraduate degree), you need to take 30 hours each year. Information in this document is based off of the 2025-2026 catalog.

**Placement Exams:** For Math, English, Foreign Language, a placement exam may be required. More information on these exams can be found at <https://www.unomaha.edu/enrollment-management/testing-center/placement-exams/information.php>

\*\*Transfer credit or placement exam scores may change suggested plan of study

**GPA Requirements:** Cumulative 2.5 GPA for Educator Preparation Program initial acceptance, cumulative 2.75 GPA for formal admission and graduation.

**Graduation Requirements:** Students must have a cumulative GPA of at least 2.75, no grade lower than "C" in required courses, and no incomplete in required courses to be recommended for graduation.

## Social Science (7-12)

## Endorsement

### Secondary Education, Bachelor Science in Education - Social Science (7-12) Endorsement Requirements

| Code  | Title                                     | Credits   |
|---|---|-----------|
| <b>GENERAL EDUCATION REQUIREMENTS - 34 Hours Required</b> |   |           |
| Minimum of "C-" required                                  |   |           |
| <b>Fundamental Skills</b>                                 |   | <b>15</b> |
| <b>Writing – 6 hrs.</b>                                   |   |           |
| ENGL 1150   | ENGLISH COMPOSITION I                     |           |
| ENGL 1160   | COLLEGE RESEARCH AND INFORMATION LITERACY |           |
| <b>Oral Communication – 3 hrs.</b>                        |   |           |
| CMST 1110   | PUBLIC SPEAKING FUNDS                     |           |
| or CMST 2120  | ARGUMENTATION AND DEBATE                  |           |

#### Quantitative Literacy – 3 hrs.

|              |   |
|--------------|---|
| MATH 1120    | INTRODUCTION TO MATHEMATICAL AND COMPUTATIONAL THINKING |
| or MATH 1130 | QUANTITATIVE LITERACY                                   |
| or MATH 1140 | QUANTITATIVE REASONING FOR HEALTHCARE PROFESSIONALS     |
| or MATH 1300 | COLLEGE ALGEBRA WITH SUPPORT                            |

#### Data Literacy – 3 hrs.

Select one from the following:

|           |                                 |
|-----------|---------------------------------|
| STAT 1100 | DATA LITERACY AND VISUALIZATION |
| STAT 1530 | ELEMENTARY STATISTICS           |

Until Fall 2028, students can satisfy this requirement with an approved data literacy course, or any approved natural or social science general education course.

#### Breadth of Knowledge **13**

|   |
|---|
| Social Science - 3 hrs                                    |
| Humanities - 3 hrs  |
| Natural & Physical Science (must complete a lab) – 4 hrs. |
| Arts - 3 hrs  |

#### Individual and Social Responsibility **6**

|  |
|--|
| Cultural Knowledge - 3 hrs             |
| Civic Knowledge and Engagement - 3 hrs |

#### MAJOR REQUIREMENTS

\*\*Course will satisfy UNO's General Education requirement

^Course requires pre-requisite(s)

#### ELECTIVES

Elective hours as required to reach a total of 120 hours

Candidates must have satisfactorily completed all required coursework prior to clinical practice.

A minimum grade of "C" must be earned in all certification requirements, endorsements, and concentrations. All grades of incomplete and any grades below "C" in these specific requirements must be removed prior to clinical practice. Candidates are responsible for contacting their advisor regarding said grades.

For courses in this major/ endorsement that require a grade of C or higher, CR/ NC is not permissible.

Candidates must have a minimum cumulative GPA of 3.00 or higher to be formally accepted into the Educator Preparation Program with an endorsement in social science, be eligible to take TED and SPED required coursework that require formal admission, and to be eligible for clinical practice.

## Secondary Education, Bachelor Science in Education - Social Science (7-12) Endorsement Four Year Plan

### Freshman

| Fall      |                              | Credits |
|-----------|------------------------------|---------|
| ENGL 1150 | ENGLISH COMPOSITION I        | 3       |

This roadmap is a suggested plan of study and does not replace meeting with an advisor. Please note that students may need to adjust the actual sequence of courses based on course availability. Please consult an advisor in your major program for further guidance.

This plan is not a contract and curriculum is subject to change.

#### Additional Information About this Plan:

**University Degree Requirements:** The minimum number of hours for a UNO undergraduate degree is 120 credit hours. Please review the requirements for your specific program to determine all requirements for the program. In order to graduate on-time (four years for an undergraduate degree), you need to take 30 hours each year. Information based on 2025-2026 University of Nebraska at Omaha undergraduate catalog.

**Placement Exams:** For Math, English, Foreign Language, a placement exam may be required. More information on these exams can be found at <https://www.unomaha.edu/enrollment-management/testing-center/placement-exams/information.php>

\*\*Transfer credit or placement exam scores may change suggested plan of study

#### GPA Requirements:

2.5 minimum GPA to remain in College of Education, 2.5 minimum GPA to apply to Educator Preparation Program, 2.75 minimum GPA to progress in Educator Preparation Program

# Professional education course: a grade of C or higher is required to pass the class

**Graduation Requirements:** 2.75 minimum NU GPA

# World Language - Spanish (7-12) Endorsement

## Secondary Education, Bachelor Science in Education - World Language-Spanish (7-12) Endorsement Requirements

| Code  | Title   | Credits   |
|---|---|-----------|
| <b>GENERAL EDUCATION REQUIREMENTS - 34 Hours Required</b>   |   |           |
| Minimum of "C-" required  |   |           |
| <b>Fundamental Skills</b>   |   | <b>15</b> |
| <b>Writing – 6 hrs.</b>   |   |           |
| ENGL 1150   | ENGLISH COMPOSITION I                                   |           |
| ENGL 1160   | COLLEGE RESEARCH AND INFORMATION LITERACY               |           |
| <b>Oral Communication – 3 hrs.</b>  |   |           |
| CMST 1110   | PUBLIC SPEAKING FUNDS                                   |           |
| or CMST 2120  | ARGUMENTATION AND DEBATE                                |           |

This roadmap is a suggested plan of study and does not replace meeting with an advisor. Please note that students may need to adjust the actual sequence of courses based on course availability. Please consult an advisor in your major program for further guidance.

This plan is not a contract and curriculum is subject to change.

**Additional Information About this Plan:**

**University Degree Requirements:** The minimum number of hours for a UNO undergraduate degree is 120 credit hours. Please review the requirements for your specific program to determine all requirements for the program. In order to graduate on-time (four years for an undergraduate degree), you need to take 30 hours each year. Information based on 2025-2026 University of Nebraska at Omaha undergraduate catalog.

**Placement Exams:** For Math, English, Foreign Language, a placement exam may be required. More information on these exams can be found at <https://www.unomaha.edu/enrollment-management/testing-center/placement-exams/information.php>

\*\*Transfer credit or placement exam scores may change suggested plan of study

**GPA Requirements:**

2.5 minimum GPA to remain in College of Education, 2.5 minimum GPA to apply to Educator Preparation Program, 2.75 minimum GPA to progress in Educator Preparation Program

# Professional education course: a grade of C or higher is required to pass the class

**Graduation Requirements:** 2.75 minimum NU GPA

## Special Education (7-12) Endorsement

| SOC 4550   | ORGANIZATIONAL DIVERSITY AND<br>INCLUSION                               |           |
| *Requires PSYC 1010 as a pre-requisite   |   |           |
| **Additional course options for the 5th course are subject to<br>approval by faculty through advising. |   |           |
| <b>Total Credits</b>   |   | <b>15</b> |

**Admission Requirements:** Students must have a minimum 2.0 GPA. Students must talk with their academic advisor about adding this minor, and the advisor will submit the request to add this minor.

**Student Performance:** No grade lower than a C will count toward the minor.

## Special Education and Communication Disorders

The mission of the Special Education and Communication Disorders department is to prepare dedicated practitioners, reflective scholars, and responsible citizens who are unique in their ability to facilitate, design, implement, and evaluate programs for individuals with disabilities. This is accomplished by creating opportunities for the acquisition and maintenance of knowledge, skills, and dispositions as prescribed by the Council for Exceptional Children, the Council on Academic Accreditation in Audiology and Speech-Language Pathology (for graduate program only), and state and federal regulations.

Undergraduate candidates follow a course of study with accompanying practical experiences that are grounded in theory, research, evidence-based practice, and experience. Our candidates develop essential interpersonal skills that make them valued members of collaborative, interdisciplinary teams in a variety of settings. Thus, each program of study is designed to promote problem solving skills that enable candidates to continue to broaden their skills and enhance their expertise throughout their professional career. These skills facilitate the recognition and integration of professional ethics with the individual needs and values of the communities they serve.

## Accreditation

For program accreditation information, please refer to this table (p. 512).

The undergraduate degree in communication disorders provides the fundamental prerequisite knowledge necessary for pursuing a graduate degree. The graduate degree is the minimal requirement for employment as a speech-language pathologist in Nebraska. The speech-language pathology graduate program provides candidates with the opportunity to acquire and maintain the knowledge, skills, and dispositions as prescribed by the Council on Academic Accreditation in Audiology and Speech-Language Pathology (CFCC), by the Nebraska Department of Education, and by Nebraska Health and Human Services.

## Students interested in becoming special education teachers must formally apply for admission to the Educator Preparation Program (EPP).

In order to be formally admitted to a program in special education and remain in good standing, a candidate must maintain an overall GPA of 2.75 or better. No grade below a "C" will be accepted in any professional education course, or any course in the specialization area.

- Application instructions (p. 527) for the Educator Preparation Program.

## Communication Disorders

For students pursuing the Communication Disorders major, no application is required. To continue with Communication Disorders (CDIS) courses, students must maintain a 3.0 NU GPA or higher.

## Early Admission to the Speech-Language Pathology Graduate Program via FAST track

For information regarding early admission to the Speech-Language Pathology Graduate Program via FAST Track, please refer to application information online here (p. 602).

## Degrees Offered

- Early Childhood Inclusive, Bachelor of Science (p. 530)
- Special Education Dual Endorsement with Elementary Education or Secondary Education, Bachelor of Science (p. 594)
- Special Education, Bachelor of Science (p. 595)
- Communication Disorders (Pre-Professional Program), Bachelor of Science

## Minor Offered

American Sign Language (ASL) Minor (p. 605)

## Education - Special Education Dual Endorsement with Elementary Education or Secondary Education, Bachelor of Science

This program is designed for candidates preparing for careers serving children and youth with disabilities. This program is part of the educator preparation program at either the elementary or secondary level. In the educator preparation program candidates must complete a dual endorsement in special education and elementary or secondary education. The preparation meets or exceeds the Council for Exceptional Children (CEC)

initial level special educator preparation standards for special education teachers.

## Elementary (K-6) Requirements

- Elementary and Special Education Dual Endorsement K-6 (p. 540)

## Secondary (7-12) Requirements

- Secondary and Special Education Dual Endorsement 7-12 (p. 590)

Candidates must have satisfactorily completed all required coursework prior to clinical practice.

A minimum grade of "C" must be earned in all certification requirements, endorsements, and concentrations. All grades of incomplete and any grades below "C" in these specific requirements must be removed prior to clinical practice. Candidates are responsible for contacting their advisor regarding said grades.

For courses in this major/ endorsement that require a grade of C or higher, CR/ NC is not permissible.

Candidates must have a minimum cumulative GPA of 2.75 or higher in order to be eligible for clinical practice.

## Education, Special Education Bachelor of Science Concentration

- Sign Language Interpreter (p. 599)

## Education - Special Education, Bachelor of Science

The BSED degree certificate in Special Education allows UNO to recommend graduates for Nebraska licensure in special education.

### Potential Career Opportunities/settings:

- Public School systems
- Private School systems

## Education - Special Education, Bachelor of Science

This program is designed for candidates preparing for careers serving children and youth with disabilities. This program prepares candidates to be special education teachers at the elementary or secondary level. The preparation meets or exceeds the Council for Exceptional Children (CEC) initial level special educator preparation standards for special education teachers.

## Other Information

### Praxis II Content Test

All educator preparation candidates are required to receive a passing score on the Praxis II content test in each endorsement area of their preparation prior to being awarded initial teacher certification through the Nebraska Department of Education (NDE).

This link (<http://www.ets.org/praxis/ne/requirements/>) will take you to the ETS website page for the Nebraska Department of Education requirements. The page lists the Nebraska requirements for each endorsement area.

## Student Organizations

### Allies for Sign Language (<https://www.unomaha.edu/college-of-education-health-and-human-sciences/special-education-communication-disorders/student-involvement/asl.php>)

The main objective of this organization shall be to unite members and community for the purpose of fellowship, friendship and promote academic achievement; act as a resource to attract and retain deaf and hard of hearing students; provide a basis for cultural exchange among the Deaf students and the hearing students; advocate for accessibility; further the understanding of Deaf culture throughout the world; promote discussion of current trends and issues relating to deaf education; as well as provide social activities that include members of the deaf community.

For more information contact Julie Delkamiller by email at [jdelkamiller@unomaha.edu](mailto:jdelkamiller@unomaha.edu) or Jonathan Scherling via email at [jscherling@unomaha.edu](mailto:jscherling@unomaha.edu).

## Student Council for Exceptional Children

Student Council for Exceptional Children (SCEC) is an organization that is dedicated to advocating on behalf of individuals with disabilities. The student chapter is associated with the International Council for Exceptional Children. For more information contact Dr. Lisa Epp at [lepp@unomaha.edu](mailto:lepp@unomaha.edu) or Dr. Apryl Poch at [apoch@unomaha.edu](mailto:apoch@unomaha.edu).

**Credits 12**

**Total Credits 120**

This roadmap is a suggested plan of study and does not replace meeting with an advisor. Please note that students may need to adjust the actual sequence of courses based on course availability. Please consult an advisor in your major program for further guidance.

This plan is not a contract and curriculum is subject to change.

### Additional Information About this Plan:

**University Degree Requirements:** The minimum number of hours for a UNO undergraduate degree is 120 credit hours. Please review the requirements for your specific program to determine all requirements for the program. In order to graduate on-time (four years for an undergraduate degree), you need to take 30 hours each year. Information based on 2025-2026 University of Nebraska at Omaha undergraduate catalog.

**Placement Exams:** For Math, English, Foreign Language, a placement exam may be required. More information on these exams can be found at <https://www.unomaha.edu/enrollment-management/testing-center/placement-exams/information.php>  
**\*\*Transfer credit or placement exam scores may change suggested plan of study**

**GPA Requirements:**

2.5 minimum GPA to remain in College of Education, Health and Human Sciences, 2.5 minimum GPA to apply to Educator Preparation Program, 2.75 minimum GPA to progress in Educator Preparation Program

# Professional education course: a grade of C or higher is required to pass the class

**Graduation Requirements:** 2.75 minimum NU GPA

## Education - Communication Disorders

The undergraduate degree in communication disorders provides the fundamental, prerequisite knowledge necessary for pursuing a graduate degree. Entry for practice in the field of communication disorders is a clinical doctorate (Au.D.) for audiology and a master's degree (M.S. or M.A.) in speech-language pathology.

## Other Information

Majors in communication disorders must maintain an overall cumulative GPA of 3.0 or better. No courses taken on a Credit/No Credit basis will be accepted for the purpose of fulfilling any of the required content, professional, or major speech-language pathology coursework. A minimum grade of "C" must be earned in all professional courses for the Bachelors in Communication Disorders program.## All grades of incomplete and any new grades below "C" in these specific requirements must be removed.## Candidates are responsible for contacting their academic advisor.

The undergraduate degree in Communication Disorders is a pre-professional degree which does not lead to a certificate or license. Completion of the UNO undergraduate communication disorders program does not guarantee admission to the UNO Speech-Language Pathology graduate program.

## Communication Disorders

For students pursuing the Communication Disorders major, no application is required.## To continue with Communication Disorders (CDIS) courses, students must maintain a 3.0 NU GPA or higher.

### Early Admission to the Speech-Language Pathology Graduate Program via FastTrack

CDIS undergraduates are able to apply for early admission to the UNO Speech-Language Pathology graduate program.## Interested candidates must meet the application requirements below:

Apply March of Junior Year

1. Application (minimum of 3.5 undergraduate GPA to apply)
  - Resume
  - Statement of Purpose: Please include the following in your response: Your aptitude and motivation for graduate study in speech-language pathology; your preparation for this field of study; your academic plans or research interests; and why would UNO be a good intellectual fit for you?
  - Transcripts (unofficial)

If selected, then applicants become eligible to enroll in a Fast Track program. To maintain eligibility, they must meet or exceed minimum requirements throughout their senior year. Additionally, they must complete the speech-language pathology (SLP) graduate application to be considered for full acceptance into the Speech-Language Pathology graduate program at UNO.

## Fast Track Program

The Department of Special Education and Communication Disorders has developed a Fast Track program for highly qualified and motivated students providing the opportunity to complete a bachelor's degree and a master's degree in an accelerated time frame. With Fast Track, students may count up to 6 graduate hours toward the completion of their undergraduate program as well as the graduate program.

## Program Specifics:

- This program is available for undergraduate students pursuing a Bachelor of Science in Education in communication disorders desiring to pursue a MS in Speech-Language Pathology (SLP) at UNO.
- Students must submit the departmental application to be considered for the Fast Track program.
  - Complete the department application in March of the junior year (no less than 60 undergraduate hours). Application requirements are:
    - Successfully completed CDIS#242Q CDIS#255Q CDIS#345QCDIS#346Q CDIS#3370
    - 3.5 undergraduate GPA
    - Resume
    - Statement of Purpose (Please include the following in your response: Your aptitude and motivation for graduate study in speech-language pathology; your preparation for this field of study; your academic plans or research interests; and why would UNO be a good intellectual fit for you?)
- If the departmental application is approved, students must complete the Fast Track Approval form and obtain all signatures and submit to the Office of Graduate Studies prior to first enrollment in a graduate course.
- Students will work with their undergraduate advisor to register for the graduate courses (for a total of six [6] graduate credit hours).
  - During the fall semester of the senior year, students will register for CDIS 8310 Adv Audiology (1 credit hour) and CDIS#8560AAC (2 credit hours)
  - During the spring semester of the senior year, students will register for CDIS 8420- Voice Disorders (3 credit hours)
- A minimum cumulative GPA of 3.0 is required for the graduate course work to remain in good standing.
- Students remain undergraduates until they meet all the requirements for the undergraduate degree and are eligible for all the rights and privileges granted undergraduate status including financial aid.
- Formal application to the graduate program is required by January 15 of the student's senior year. The application fee will be waived and the applicant must contact the Office of Graduate Studies for a fee waiver code.
  - Admission to Fast Track does not guarantee admission to the graduate program.
  - Fast Track students must successfully complete their undergraduate BS degree with a minimum cumulative GPA of 3.5 and all graduate courses with a minimum of 3.0 or better, be in good standing, and complete formal graduate admission application to be considered for full admission into the speech-language pathology graduate program.
  - The official admit term must be after the completion term of the undergraduate degree

## Fast Track Courses:

Fall of senior year:

- CDIS 8310 (1.0) Adv Audiology
- CDIS 8560 (2.0) Augmentative and Alternative Communication

Spring of senior year:

- CDIS 8420 (3.0) Voice Disorders

## GENERAL EDUCATION REQUIREMENTS - 34 Hours Required

Minimum of "C-" required

### Fundamental Skills 15

#### Writing – 6 hrs.

|           |   |
|-----------|---|
| ENGL 1150 | ENGLISH COMPOSITION I                     |
| ENGL 1160 | COLLEGE RESEARCH AND INFORMATION LITERACY |

#### Oral Communication – 3 hrs.

|              |                          |
|--------------|--------------------------|
| CMST 1110    | PUBLIC SPEAKING FUNDS    |
| or CMST 2120 | ARGUMENTATION AND DEBATE |

#### Quantitative Literacy – 3 hrs.

|              |   |
|--------------|---|
| MATH 1120    | INTRODUCTION TO MATHEMATICAL AND COMPUTATIONAL THINKING |
| or MATH 1130 | QUANTITATIVE LITERACY                                   |
| or MATH 1140 | QUANTITATIVE REASONING FOR HEALTHCARE PROFESSIONALS     |
| or MATH 1300 | COLLEGE ALGEBRA WITH SUPPORT                            |

#### Data Literacy – 3 hrs.

Select one from the following:

|           |                                 |
|-----------|---------------------------------|
| STAT 1100 | DATA LITERACY AND VISUALIZATION |
| STAT 1530 | ELEMENTARY STATISTICS           |

Until Fall 2028, students can satisfy this requirement with an approved data literacy course, or any approved natural or social science general education course.

### Breadth of Knowledge 13

Social Science - 3 hrs

Humanities - 3 hrs

Natural & Physical Science (must complete a lab) – 4 hrs.

Arts - 3 hrs

### Individual and Social Responsibility 6

Cultural Knowledge - 3 hrs

Civic Knowledge and Engagement - 3 hrs

## MAJOR REQUIREMENTS - 83 Hours Required

\*\*Course will satisfy UNO's General Education requirement

^Course requires pre-requisite(s)

## All of the following: 83

|                       |   |

**College of Engineering Description****Administration**

Lance C. Pèrez, Ph.D., Dean

Website: <https://engineering.unl.edu/>

**Administrative Structure**

The College of Engineering is located on three campuses (Lincoln City Campus, Lincoln East Campus, and Scott Campus in Omaha) and has two Dean's Offices (641 Kiewit Hall in Lincoln and 301 Peter Kiewit Institute in Omaha). The College is subdivided into units, each under the leadership of a chairperson, department head, or director.

**Role and Mission**

The College of Engineering improves the lives of every Nebraskan. We pursue this vision through our shared values of Community, Impact, and Inclusion. These values are embedded in and strengthened by the academic ideals of the university, the ethos of Nebraskans, and the principles of the entire Nebraska Engineering Community.

Our mission is to drive economic development in the state and region while solving problems of global importance. The College of Engineering will fulfill this mission through our deep commitment to engineering, computing, and construction education, research, and engagement. As the only engineering college in Nebraska, we have a particularly strong mandate to the state to ensure our resources and opportunities are accessible to all Nebraskans.

An essential and distinctive pillar of our mission is the notion of the Complete Engineer®. At its most fundamental, the Complete Engineer® is a commitment by the college to the development of every student in technical, professional, and personal dimensions. It enables everyone to become the best version of themselves in support of the fulfillment of the college's mission and reinforces the values of Community, Impact, and Inclusion.

**College Admission****College Entrance Requirements**

Students must meet both the University and College of Engineering entrance requirements. The following includes both the University and College of Engineering entrance requirements.

Students must have high school credit for (one unit is equal to one high school year):

1. Mathematics – 4 units: 2 of algebra, 1 of geometry, and 1 of precalculus and trigonometry
2. English – 4 units
3. Natural sciences – 3 units that must include 1 unit of physics and 1 unit of chemistry (chemistry requirement waived for students in construction management or computer science)
4. Foreign language – 2 units of a single foreign language
5. Social studies – 3 units
6. Students having a composite ACT score of 28 or greater (or equivalent SAT score) will be admitted to the College of Engineering even if

they lack any one of the following: trigonometry, chemistry, or physics. Students without test scores who are missing a full unit of trigonometry/pre-calculus/calculus or chemistry or physics will be evaluated through College Review.

A total of 16 units is required for admission.

Engineering requires that student performance meet one of the following standards: composite ACT of 24, SAT of 1180, ACT Math subscore of 24, SAT Math subscore of 580, or a 3.5 cumulative GPA.

Any domestic first-year student who does not gain admission to Engineering but does gain admission to the University of Nebraska-Lincoln (UNL) will be reviewed through College Review. College Review is conducted through the College Review Committee which considers factors beyond standardized testing. Any first-year student who is not admitted through college review is placed in Pre-Engineering (PENG) within the college and are advised by the Engineering Student Services.

Students who lack entrance units may complete precollege training by Independent Study through the University of Nebraska-Lincoln Office of On-line and Distance Education, in summer courses, or as a part of their first or second semester course loads while in the Academic and Career Development Center at the University of Nebraska Omaha.

Students should consult their advisor, their department chair, or Engineering Student Services (ESS) if they have questions on current policies.

## Other Admission Requirements

Students who transfer to the University of Nebraska Omaha from other accredited colleges or universities and wish to be admitted to the College of Engineering (COE) must meet COE first-year student entrance requirements, have a minimum cumulative GPA of 2.5, and be calculus-ready. Students not meeting either of these requirements must enroll in another University college until they meet COE admission requirements. Students transferring from UNO, UNL, or UNK to the College of Engineering must be in good academic standing with their institution.

The COE accepts courses for transfer for which a C or better grade was received. Although the University of Nebraska-Lincoln accepts D grades from the University of Nebraska Kearney and the University of Nebraska Omaha, not all majors in the COE accept such low grades. Students must conform to the requirements of their intended major and, in any case, are strongly encouraged to repeat courses with a grade of C- or less.

Students who were previously admitted to COE and are returning to the College of Engineering must demonstrate a cumulative GPA of 2.5 to be readmitted to COE.

# Classification and Professional Admission

## Student Classification

**Sophomore Standing.**For admission to sophomore standing, a student must have completed all the College entrance requirements except foreign language, earned a minimum of 27 semester hours of credit, and attained a total grade point average of at least 2.0.

**Junior Standing.**A student has junior standing after meeting the requirements for sophomore standing and completing 53 semester hours of credit.

**Senior Standing.**A student has senior standing after meeting the requirements for junior standing and completing 89 semester hours of credit.

## Professional Admission

Professional admission to a student's degree program is a requirement for graduation from that program. The progression to Professional Admission is as follows.

**Explore Center Pre-Engineering Students.**These are students who aspire to enter the College of Engineering but who are not immediately admitted due to not meeting one or more admission criteria such as required high school mathematics, chemistry or physics course(s), ACT, or other qualifications. These students are admitted to the Explore Center and receive advising services from the Explore Center. These students may enroll in any engineering courses provided they meet the prerequisites on a space-available basis. Once the student has earned a 2.5 cumulative GPA in at least 12 graded credit hours and has removed all entrance deficiencies, they will be admitted to the College of Engineering (COE).

After being admitted to the COE, students wishing to pursue degree programs in the College of Engineering will be classified as described below.

**Pre-Professionally Admitted COE Students.**These are students who have been admitted to the College of Engineering and are in the process of establishing their academic credentials and confirming their choice of major. Transfer students from other colleges and universities or from the Explore Center will be classified as pre-professionally admitted for at least one semester (12 credits) while they confirm their career path and establish their academic credentials (see Professional Admission). Most students are in pre-professionally admitted status for one to four semesters. Pre-professionally admitted students may enroll in upper-level engineering courses provided they meet the prerequisites, space is available, and no departmental restrictions exist.

**Professionally Admitted COE Students.**These students may register for engineering courses where they meet all prerequisites or have permission. A professionally admitted student who wishes to transfer from one COE major to another must re-apply for Professional Admission to gain professionally admitted status in the new major, subject to the admission criteria of the new major.

Students who are enrolled in the Explore Center or in other colleges may enroll in any engineering courses for which they have met the prerequisites. Those with greater than a 2.5 cumulative GPA may register for upper-level engineering courses, but only on a space-available basis in courses where they meet all prerequisites and have permission from the department. These students may retake an engineering course for C-, D, and F removal, on a space-available basis and with permission.

Professional Admission must be earned by a student to move from pre-professionally admitted status to professionally admitted status within the College of Engineering. A review of the student's academic history is completed by the department of the student's intended major after the student has completed at least 43 credit hours within his or her intended degree program. Additional review criteria are based on the individual degree program and can be found under that major's information in the undergraduate catalog.

A student may be reviewed up to two times for Professional Admission in a single major. If the student is rejected for Professional Admission on the second review, the student will not be allowed to continue in that major. The student may choose to pursue a new College of Engineering major but will be subject to the review criteria of the new major. If the student is rejected for Professional Admission by the new major, the student will be dismissed from the College of Engineering. Further reviews for Professional Admission

will not be allowed and the student will no longer be eligible to enroll in College of Engineering courses.

## Catalog to Use

Students must fulfill the requirements stated in the catalog for the academic year in which they are first admitted at the University of Nebraska–Lincoln. In consultation with advisors, a student may choose to follow a subsequent catalog for any academic year in which they are admitted to and enrolled as a degree-seeking student at Nebraska in the College of Engineering. Students must complete all degree requirements from a single catalog year. The catalog which a student follows for degree requirements may not be more than 10 years old at the time of graduation.

Students who have transferred from a community college may be eligible to fulfill the requirements as stated in the catalog for an academic year in which they were enrolled at the community college prior to attending the University of Nebraska–Lincoln. This decision should be made in consultation with the student's College of Engineering academic advising team (e.g., ESS professional advisor and the chief faculty advisor for the student's declared degree program). The chief faculty advisor has the final authority for this decision. Eligibility is based on a) enrollment in a community college during the catalog year the student wishes to utilize, b) maintaining continuous enrollment of at least 12 credit hours per semester at the previous institution for at least 2 semesters, and c) continuous enrollment at the University of Nebraska–Lincoln within 1 calendar year from the student's last term at the previous institution. # Students must complete all degree requirements from a single catalog year and within the timeframe allowable for that catalog year.

## Academic Advising

Advisors assigned to students are either part of the Engineering Student Services located at 107 Peter Kiewit Institute (PKI) or are in the student's major department.

## Student Responsibility

Students are responsible for fulfilling all the requirements of the curriculum in which they are enrolled. Students are also responsible for initiating advising contacts and preparing for advising sessions. The mentoring relationship between academic advisors and students is confidential and is strengthened by advisors' ability to listen with empathy.

Students are expected to take responsibility for successful university experiences and effective advising sessions by:

1. Participating in New Student Orientation and priority registration programs.
2. Scheduling appointments with advisors well in advance of priority registration and at other times as needed.
3. Identifying class choices from the requirements of the selected program.
4. Identifying questions to address in advising sessions.
5. Informing advisors of any special needs, deficiencies, or barriers that might affect academic success.
6. Following academic policies and procedures and meeting academic calendar deadlines (e.g., registration, fee payment, degree audit, filing for degree, etc.).
7. Knowing and completing degree or program requirements.
8. Monitoring their progress toward meeting degree requirements by maintaining a copy of their academic records and seeking assistance to resolve any errors or questions.

9. Acting on recommendations to seek assistance from the various student support services provided by the University and College.

## Academic Load

College of Engineering (COE) students may register for up to 18 credit hours per semester. Permission must be obtained from the student's advisor to exceed the credit hour maximum and must be filed with an Override Authorization form at the time of registration. Students must be enrolled for 12 credit hours at the University of Nebraska Omaha to be considered full-time students. For recognition on the Dean's List, these 12 University of Nebraska Omaha credit hours must be for a letter grade.

## Application for Graduation

Students are expected to develop a clear understanding of degree requirements and to plan their course of study with the academic advisor. Students requiring clarification of outstanding degree requirements should visit their academic advisor promptly.

Students should access their Degree Audit via MavLink at least once each term to review degree requirements and progress toward graduation. It is the student's responsibility to make sure their Degree Audit accurately reflects their current College and program of study.

Students who believe their Degree Audit has errors or omissions should visit their academic advisor promptly. It is important that these matters be resolved as soon as practicable to avoid a delay in graduation.

Each student who expects to receive a diploma must file an application of candidacy for the diploma online on MavLINK. Announcements about deadline dates are posted on the University of Nebraska Omaha's (UNO) Academic Calendar webpage, Maverick Weekly email to students, and by an email sent by the UNO Registrar's office.

It is the responsibility of the students to inform the Registrar's Office of their graduation plans including their mailing address and the manner in which they are completing their requirements.

Failure to meet these stipulations may necessitate the postponement of graduation until the next semester.

Scott Campus COE students wishing to attend Commencement on the UNL campus may do so by completing the online form found at <https://engineering.unl.edu/undergraduate-programs/alternate-campus-commencement-ceremony-application/>.

## Academic Programs & Policies Engineering

To meet the need for innovative engineers, the College's programs offer a broad education in the physical sciences, social sciences, mathematics, information sciences, and humanities. This education is complemented by a study of engineering methods of modeling, analysis, synthesis, and design in students' areas of specialization. In addition to preparing students for careers in engineering, the College's bachelor's degree programs provide excellent preparation for graduate study in those fields.

## Construction

This profession is allied with architecture, engineering, and business. Construction managers coordinate people, machines, and materials to produce (within the constraints of budget and time) buildings, highways, bridges, dams, and other structures essential to modern society. The College's construction management program provides a solid technical background, develops business knowledge, and considers ethical issues of the profession.

## Computing

Computer scientists are collaborators, working within teams from other areas of expertise to determine and resolve needs and issues. Students will learn to use and build the tools to make the technology currently being used - and will in the future - work better. Computer science majors learn programming languages and theory that will prepare them for any computing career path.

## Undergraduate Degree Programs

**Engineering.** The College offers Bachelor of Science degree programs in each of the following engineering fields: agricultural engineering (Lincoln only), architectural engineering (Omaha only), biological systems engineering (Lincoln only), chemical engineering (Lincoln only), civil engineering, computer engineering, construction engineering, electrical engineering, environmental engineering, mechanical engineering (Lincoln only), and software engineering (Lincoln only). Students with interests in specialty fields such as aerospace, or biomedical engineering should seek advice in the Engineering Student Services Center or with their faculty advisor

**Computer Science.** Lincoln only. The College offers the Bachelor of Science degree program and a minor in computer science.

**Construction Management.** The College offers the Bachelor of Science degree program and a minor in construction management.

**Data Science.** Lincoln only. The College offers the Bachelor of Science degree with a major in Data Science.

**Dual Degrees.** Students can major in two departments in the college by consulting their advisors (one from each department) and completing all the requirements for the departmental majors.

## Accreditation

- The Agricultural Engineering (BSAE) program is accredited by the Engineering Accreditation Commission of ABET, <https://www.abet.org>, under the commission's General Criteria and Program Criteria for Agricultural and Similarly Named Engineering Programs.
- The Architectural Engineering (MAE) program is accredited by the Engineering Accreditation Commission of ABET, <https://www.abet.org>, under the commission's General Criteria and Program Criteria for Architectural and Similarly Named Engineering Programs.
- The Biological Systems Engineering (BSBS) program is accredited by the Engineering Accreditation Commission of ABET, <https://www.abet.org>, under the commission's General Criteria and Program Criteria for Biological and Similarly Named Engineering Programs.
- The Chemical Engineering (BSCH) program is accredited by the Engineering Accreditation Commission of ABET, <https://www.abet.org>, under the commission's General Criteria and Program Criteria for Chemical, Biochemical, Biomolecular and Similarly Named Engineering Programs.
- The Civil Engineering (BSCE) program is accredited by the Engineering Accreditation Commission of ABET, <https://www.abet.org>, under the commission's General Criteria and Program Criteria for Civil and Similarly Named Engineering Programs.
- The Computer Engineering at Lincoln Campus (BSCP) program is accredited by the Engineering Accreditation Commission of ABET, <https://www.abet.org>, under the commission's General Criteria and Program Criteria for Electrical, Computer, Communications, Telecommunication(s) and Similarly Named Engineering Programs.
- The Computer Engineering at Omaha Campus (BSCP) program is accredited by the Engineering Accreditation Commission of ABET, <https://www.abet.org>, under the commission's General Criteria

and Program Criteria for Electrical, Computer, Communications, Telecommunication(s) and Similarly Named Engineering Programs.

- The Construction Engineering (BS) program is accredited by the Engineering Accreditation Commission of ABET, <https://www.abet.org>, under the commission's General Criteria and Program Criteria for Construction and Similarly Named Engineering Programs.
- The Electrical Engineering (BS) program is accredited by the Engineering Accreditation Commission of ABET, <https://www.abet.org>, under the commission's General Criteria and Program Criteria for Electrical, Computer, Communications, Telecommunication(s) and Similarly Named Engineering Programs.
- The Mechanical Engineering (BS) program is accredited by the Engineering Accreditation Commission of ABET, <https://www.abet.org>, under the commission's General Criteria and Program Criteria for Mechanical and Similarly Named Engineering Programs.
- The Software Engineering (BSSE) program is accredited by the Engineering Accreditation Commission of ABET, <https://www.abet.org>, under the commission's General Criteria and Program Criteria for Software and Similarly Named Engineering Programs.
- The Computer Science (BS) program is accredited by the Computing Accreditation Commission of ABET, <https://www.abet.org>, under the commission's General Criteria and Program Criteria for Computer Science and Similarly Named Computing Programs.
- The Construction Management (Bachelor of Science in Construction Management) program is accredited by the Applied and Natural Science Accreditation Commission of ABET, <https://www.abet.org>, under the commission's General Criteria and Program Criteria for Construction Management and Similarly Named Programs.

## Programs Seeking Accreditation

- The Environmental Engineering (BS) program is seeking accreditation through the Engineering Accreditation Commission of ABET, <https://www.abet.org>, under the commission's General Criteria and Program Criteria for Environmental and Similarly Named Engineering Programs.

## Minors & Areas of Specializations Offered

College faculty encourage students to minor in a discipline outside the College of Engineering to further develop critical thinking skills, curiosity, understanding of the connections between engineering and the social or natural sciences and fine arts, and sensitivity to ethical issues.

- A minor will not reduce or alter the existing course or degree requirements for students electing to pursue a minor.
- A student's minor program(s) must be reviewed by an advisor prior to the submission of the senior check to the department chair or head. It is the responsibility of the student to determine that all requirements for the minor are met.
- The minor(s) must be approved by the cognizant program offering the minor(s).
- The College of Engineering will follow the "A/B" format of the UNL College of Arts and Sciences in which a student pursuing a single minor must complete the "A" requirements. A student pursuing a double (or greater) minor must fulfill either the "A" or "B" requirements for both minors depending on which plan is offered by the cognizant department.
- Departments may restrict students in their major(s) from obtaining certain minor(s) at their discretion; see the bulletin entry for individual majors for details.

## General College Policies

These policies are applicable to all students in the College of Engineering:

1. Student priority for entrance into classes for which demand exceeds available class space will be based on accumulative GPA. This priority will be applied at the end of early registration (when applicable).
2. At least 30 of the last 36 credit hours needed for a degree must be registered for and completed at UNL or UNO while identified with the College of Engineering. This means that practically speaking, the last year of a student's work must be spent in residence. Credit earned during education abroad may be used toward degree requirements if students participate in prior approved programs and register through the University of Nebraska-Lincoln (see <http://educationabroad.unl.edu>) or the University of Nebraska Omaha (see <https://www.unomaha.edu/international-studies-and-programs/study-abroad/index.php> (<https://www.unomaha.edu/international-studies-and-programs/study-abroad/>)).
3. Credit/No Credit courses: Students in the College of Engineering must take ENGR#10 Freshman Engineering Seminar or CSCE#10 Introduction to CSE, or RAIK 10 Raikes School Freshman Seminar, or ENGR 30 Transfer Student Engineering Seminar, or ENGR 193 Kiewit Scholars Freshman Seminar, or AREN 1010 Introduction to Architectural Engineering, and ENGR#20 Sophomore Engineering Seminar with the grading option Credit/No Credit. Some majors in the College of Engineering also require taking ENGR#40 Professional Ethics and Social Responsibilities with the grading option Credit/No Credit. Outside of these courses, students may take up to 12 credit hours of courses certified as ACE 5, 6, 7, 8, or 9 with the grading option of Credit/No Credit, if the major does not require a predetermined engineering course to fulfill the ACE requirement (example, some majors require BSEN/CONE#20 Engineering Economic to fulfill the ACE 8 requirement). # Students in the College of Engineering may not take any other ACE category, required or engineering/technical elective courses, with the grade option of Credit/No Credit.
4. Credits for "international students who are non-native speakers of English" at UNL and "English as a Second Language" at UNO are not applicable to degree programs in the College of Engineering.
5. Students who enroll at UNL, UNO, or UNK under the academic year (Fall, Spring, Summer) of this catalog must fulfill the requirements stated in this University of Nebraska-Lincoln catalog or in any other University catalog which is published while they are enrolled in the College, provided that the catalog is no more than 10 years old at the time of graduation. A student must, however, meet the graduation requirements from one catalog only. A student may not choose a portion from one catalog and the remainder from another catalog.

**Undergraduate Seminars.** All College of Engineering students are required to attend ENGR#10 CSCE 10, RAIK 10, ENGR 30, AREN 1010, or ENGR 193. These seminars provide information on engineering, computing, and construction disciplines, resources and tools available to students at the University, and opportunities to meet engineering, computing, and construction faculty members. Sophomore engineering students are required to attend ENGR#20 The Sophomore Engineering Seminar provides information on career planning, interviewing, resumé preparation, and coop/internship opportunities.

**Curriculum Requirement.** All engineering majors require a minimum of 45 credit hours (or equivalent) of engineering topics appropriate to the program, consisting of engineering and computer sciences and engineering design, and utilizing modern engineering tools. Engineering design is a process of devising a system, component, or process to meet desired needs and specifications within constraints. It is an iterative, creative, decision-making process in which the basic sciences, mathematics, and engineering sciences are applied to convert resources into solutions. Engineering design involves identifying opportunities, developing requirements, performing analysis and synthesis, generating multiple solutions, evaluating solutions

against requirements, considering risks, and making trade-offs, for the purpose of obtaining a high-quality solution under the given circumstances.

**Experiential Learning Requirement.** All undergraduates in the University of Nebraska-Lincoln, starting with the 2022-2023 catalog requirements, must complete an Experiential Learning (EL) course. The capstone course for each program is designated as an experiential learning course.

## Grade Appeals

In the event of a dispute involving any college policies or grades, the student should appeal to their instructor, and appropriate department chair or school director (in that order). If a satisfactory solution is not achieved, the student may appeal their case through the College Academic Appeals Subcommittee.

## Appeals for Academic Bankruptcy or Amnesty

Academic bankruptcy or amnesty removes the grade point factors of a semester taken at the University of Nebraska-Lincoln or the University of Nebraska Omaha from a student's cumulative grade point average, but the course(s) and grades(s) remain on the student's academic record. To review the criteria for eligibility, see <https://registrar.unl.edu/academic-standards/policies/academicbankruptcy/>. Students seeking academic amnesty/bankruptcy should consult with their academic advisor first.

## Appeals of Academic Suspension

Appeals of academic suspension must be filed in writing with the Office of the Dean within 21 days after official electronic notification/posting of the grades by the Registrar for the semester at the end of which the suspension was invoked. Suspended students who have filed a notice of appeal may apply to the Office of the Dean for a temporary release from suspension pending the final disposition of their appeal by the Academic Appeals Subcommittee of the College of Engineering.

## Student Recognition & Organizations

### The Complete Engineer®

The goal of the Complete Engineer® program is to help students focus on and enhance specific non-technical competencies in coordination with their strong technical foundation. Based on industry input concerning what they seek from employees, six competencies have been identified allowing growth in three levels. The first level (Exposure) is addressed in their classes. The second (Engagement) and third (Transformation) levels are addressed when students create their own development pathways by engaging in additional experiences and opportunities to develop greater skills in these competencies. To learn more about the Complete Engineer®, go to <https://engineering.unl.edu/complete-engineer/>.

### Dean's List

The College recognizes students for academic achievement during the fall and spring semesters by placement on the College Dean's List. To qualify for the College of Engineering Dean's List, students must complete 12 credit hours of graded coursework (courses must be started and completed in one semester) by the census date of the grade reports and attain a minimum semester grade point average of 3.700. The following do not qualify as part of the 12 credit hours: Credit/No Credit hours, transfer hours, removals of incompletes, and grade changes submitted after the census grade reports.

### Dean's Commendation List

The College recognizes part-time students for academic achievement during the fall and spring semesters by placement on the College Dean's Commendation List. To qualify for the College of Engineering Dean's

Commendation List, students must complete 6 credit hours or more (up to 11 credit hours) of graded coursework (courses must be started and completed in one semester) by the census date of the grade reports and attain a minimum semester grade point average of 3.700. The following do not qualify as part of the 6-11 credit hours: Credit/No Credit credit, transfer hours, removals of incomplete, and grade changes submitted after the census grade reports.

## Graduation with Distinction

GPA requirements for engineering students to graduate with levels of distinction are:

Distinction: # # # # # # # # # 3.750 – 3.849

High Distinction: 3.850 – 3.949

Highest Distinction: 3.950 – 4.000

For engineering students to graduate with Distinction, High Distinction, or Highest Distinction, they must meet the GPA levels listed above, and be approved by a majority vote of the faculty in the department offering their respective academic program. The GPA level is based on the cumulative GPA earned in the semester prior to the semester in which the student graduates.

## Honor Societies

These recognize students who excel in scholarship and give promise of being leaders in professional areas. They are branches of national societies and are generally open upon invitation to juniors and seniors: Alpha Epsilon (agricultural engineering), Chi Epsilon (civil engineering, both campuses), Eta Kappa Nu (electrical engineering, both campuses), Pi Tau Sigma (mechanical engineering), Sigma Lambda Chi (construction management, both campuses), Upsilon Pi Epsilon (computing and information disciplines <https://upei.acm.org/>), Sigma Xi (scientific, all colleges), Tau Alpha Pi (engineering technology, Scott campus in Omaha), and Tau Beta Pi (all engineering).

## Honors Program

The College of Engineering encourages qualified students to participate in the University Honors Program which is a University of Nebraska Omaha program. The College's honors students pursue degree programs offered by the College while completing the required honors courses.

All University Honors Program students are expected to complete a mentored thesis project with a faculty member of their choosing.

Students may also seek support from the University of Nebraska–Lincoln's Undergraduate Creative Activities and Research Experience (UCARE) program.

For more information about the University Honors Program, contact:

Dr. Lucy Morrison  
University of Nebraska Omaha  
208 Kayser Hall  
Omaha, NE 68182

## Professional Licensure

The College encourages professional licensure. Most of the College's engineering seniors take the Fundamentals of Engineering (FE) examination prior to graduation. This examination is administered by NCEES (<https://ncees.org/>) and is the first step in the process of becoming a licensed professional engineer. To become a licensed professional engineer, one must pass the FE exam, have at least four years of experience, and pass the Principles and Practice of Engineering (PE) Examination, including the Structural Engineering (SE) Exam (<https://ea.nebraska.gov/engineer-initial->

licensure). Students may take the FE exam in the last semester of their baccalaureate program.

## Technical Societies

The technical student societies help develop greater personal and professional interest and understanding in engineering, computer science, and construction management. Student branches of the major national technical and scientific societies are sponsored by the academic programs and departments.

Scott Campus (Omaha). Acoustical Society of America; American Society of Heating, Refrigeration and Air-conditioning Engineers; Architectural Engineering Institute; Architectural Engineering Student Leadership and Advisory Committee; Associated General Contractors of America; Earthquake Engineering Research Institute; Emerging Green Builders; Illuminating Engineering Society of North America; Mechanical Electrical Specialty Contractors; National Association of Home Builders Student Chapter; American Society of Civil Engineers; American Water Works Association/Water Environment Federation; Engineers Without Borders; Institute for Transportation Engineers; Structural Engineering Association of Nebraska; and Institute of Electrical & Electronics Engineers.

## Experiential Learning

Experiential Learning provides students with hands-on experiences that inform the educational experience and allows students to practice what they are learning in the classroom. UNL requires all students seeking a bachelors degree to complete one Experiential Learning class. The College of Engineering programs automatically include experiential learning courses in their curriculum as well as providing for additional experiential learning opportunities.

## Internships and Coops

For a student who anticipates pursuing a career as a practicing engineer, it is strongly recommended that the student engages in an internship or equivalent practical training experience.

## Undergraduate Research

The College and UNO offer a variety of opportunities for undergraduate students to obtain hands-on experience through research. Learn more about opportunities at <https://engineering.unl.edu/undergraduate-programs/undergraduate-research/>.

## International Study/Education Abroad

The College offers a variety of opportunities for students to enhance their international awareness. All students are required to demonstrate that they have at least a minimal international awareness, either through coursework or experience. A minor in International Engineering is available for students who seek a broad understanding of the nature and role of engineering in the integrated world economy and the implications of world events for engineering. International study tours of one to three weeks in duration are also sponsored by UNL's Office of Global Experience. The Office of Global Experiences has opportunities of various lengths in numerous countries on all continents.

## Other Items of Note

### Scholarships and Financial Aid

Each year the College awards scholarships to first-year students and upper-level students worth more than \$750,000. Scholarship awards are made possible through generous gifts of alumni and friends, as well as local and national organizations. Contact the Office of the Dean or

the Office of Scholarships and Financial Aid for information regarding these awards and for other financial assistance.

Application for University of Nebraska–Lincoln first-year student scholarships automatically makes you eligible for College of Engineering scholarships, as well as other university awards such as the Regents and David scholarships. You must submit the University of Nebraska–Lincoln Application form (due January 15, prior to the beginning of the next academic year) to be eligible.

A significant number of entering students have academic records that qualify them for university-wide scholarship awards. Each year, about 25 percent of the first-year Regent Scholarship recipients are engineering students.

Many students can find part-time employment in fields related to their interests.

## Graduate Course Opportunities

Courses supporting several engineering graduate programs are offered both on and off campus. For details, see the University of Nebraska–Lincoln Graduate Studies Catalog (<https://catalog.unl.edu/graduate-professional/>) and contact the appropriate department or Engineering Student Services.

Seniors in this University who have obtained prior approval from the Dean of Graduate Studies may receive up to 12 hours credit for graduate courses taken in addition to their required undergraduate work. However, these credits must be earned within the calendar year prior to receipt of the bachelor's degree. For procedures, inquire at the University's Graduate Studies Office. Graduate credits earned prior to receipt of the bachelor's degree may not always be accepted for transfer to other institutions as graduate work.

## Lifelong Learning

The education of professionals in construction management, computing, and engineering is a continuing process. The groundwork in both technical and non-technical studies is laid while in college, but education continues after graduation. For a professional, education will continue not only in the technical areas but in areas that relate to human and social concerns. A professional may expect to take a leadership role in the community and must have a broad awareness of human and social accomplishments, needs, values, and a willingness to take the responsibility for meeting these needs. For these reasons, an integrated program of coursework in the humanities and social sciences is a part of the educational requirements.

## College Admission

### College Entrance Requirements

Students must meet both the University and College of Engineering entrance requirements. The following includes both the University and College of Engineering entrance requirements.

Students must have high school credit for (one unit is equal to one high school year):

1. Mathematics – 4 units: 2 of algebra, 1 of geometry, and 1 of precalculus and trigonometry
2. English – 4 units
3. Natural sciences – 3 units that must include 1 unit of physics and 1 unit of chemistry (chemistry requirement waived for students in construction management or computer science)
4. Foreign language – 2 units of a single foreign language
5. Social studies – 3 units
6. Students having a composite ACT score of 28 or greater (or equivalent SAT score) will be admitted to the College of Engineering even if

they lack any one of the following: trigonometry, chemistry, or physics. Students without test scores who are missing a full unit of trigonometry/pre-calculus/calculus or chemistry or physics will be evaluated through College Review.

A total of 16 units is required for admission.

Engineering requires that student performance meet one of the following standards: composite ACT of 24, SAT of 1180, ACT Math subscore of 24, SAT Math subscore of 580, or a 3.5 cumulative GPA.

Any domestic first-year student who does not gain admission to Engineering but does gain admission to the University of Nebraska–Lincoln (UNL) will be reviewed through College Review. College Review is conducted through the College Review Committee which considers factors beyond standardized testing. Any first-year student who is not admitted through college review is placed in Pre-Engineering (PENG) within the college and are advised by the Engineering Student Services.

Students who lack entrance units may complete precollege training by Independent Study through the University of Nebraska–Lincoln Office of On-line and Distance Education, in summer courses, or as a part of their first or second semester course loads while in the Academic and Career Development Center at the University of Nebraska Omaha.

Students should consult their advisor, their department chair, or Engineering Student Services (ESS) if they have questions on current policies.

## Other Admission Requirements

Students who transfer to the University of Nebraska Omaha from other accredited colleges or universities and wish to be admitted to the College of Engineering (COE) must meet COE first-year student entrance requirements, have a minimum cumulative GPA of 2.5, and be calculus-ready. Students not meeting either of these requirements must enroll in another University college until they meet COE admission requirements. Students transferring from UNO, UNL, or UNK to the College of Engineering must be in good academic standing with their institution.

The COE accepts courses for transfer for which a C or better grade was received. Although the University of Nebraska–Lincoln accepts D grades from the University of Nebraska Kearney and the University of Nebraska Omaha, not all majors in the COE accept such low grades. Students must conform to the requirements of their intended major and, in any case, are strongly encouraged to repeat courses with a grade of C- or less.

Students who were previously admitted to COE and are returning to the College of Engineering must demonstrate a cumulative GPA of 2.5 to be readmitted to COE.

## College of Engineering Programs

### Engineering

#### Architectural Engineering

- B.S. Degree Program (p. 612)

#### Civil Engineering

- B.S. Degree Program (p. 614)

#### Computer Engineering

- B.S. Degree Program (p. 618)

#### Construction Engineering

- B.S. Degree Program (p. 636)

## Construction Management

- B.S. Degree Program (<https://catalog.unomaha.edu/undergraduate/college-engineering/construction/construction-management-bs/>)

## Electrical Engineering

- B.S. Degree Program (p. 621)

## Environmental Engineering

- B.S. Degree Program (p. 625)

### First two years of:

- Agricultural Engineering (p. 632)
- Biological Systems Engineering (p. 633)
- Mechanical Engineering (p. 634)

## Graduate Programs

A variety of graduate programs in engineering and construction management are available. For details on programs leading to masters and doctorate degrees, including the application process, individuals should contact the appropriate department or office of the dean in the College of Engineering. Application forms are available at <http://www.unl.edu/gradstudies> (<http://www.unl.edu/gradstudies/>).

## Minors & Areas of Specializations Offered

College faculty encourage students to minor in a discipline outside the College of Engineering to further develop critical thinking skills, curiosity, understanding of the connections between engineering and the social or natural sciences and fine arts, and sensitivity to ethical issues.

### Policies

1. A minor will not reduce or alter the existing course or degree requirements for students electing to pursue a minor.
2. A student's minor program(s) must be reviewed by an advisor prior to the submission of the senior check to the department chair or head. It is the responsibility of the student to determine that all requirements for the minor are met.
3. The minor(s) must be approved by the cognizant program offering the minor(s).
4. Departments may restrict students in their major(s) from obtaining certain minor(s) at their discretion; see the catalog entry for individual majors for details.

## Architectural Engineering, Bachelor of Science

The architectural engineering (BSAE) undergraduate program is a four-year program requiring 128 credit hours. A one-year master of architectural engineering (MAE) program of 30 credits is also offered. The MAE degree is accredited by ABET, and almost all of our BSAE graduates continue to complete the MAE degree.

## Educational Objectives

The following are the BSAE/MAE program educational objectives (PEOs):

1. Professional Accomplishment: The AE program will prepare graduates to become licensed professional engineers a few years after graduation.

2. Career Accomplishment: The AE program will prepare graduates to contribute to society by working in an occupation related to the built environment a few years after graduation.

Architectural engineering (AE) is the engineering design of buildings. Students have the option to specialize in the design of one of the following:

1. Building structural systems
2. Building mechanical systems and acoustics
3. Building lighting and electrical systems

The first three years are common to all three fields of specialization and include the math and science courses common to all engineering programs. Students take an introductory course in AE in their first semester where they learn about the materials and systems that comprise a building, visit a construction site, and interact with their industry mentors. It provides a preview of the work they can expect to perform after graduation. This introductory course helps students decide if AE is the career path they wish to pursue.

In the third semester, the AE student begins the first of a three-course sequence of courses in AE Design and Simulation Studio. These courses familiarize the engineering student with building information technology (BIM), building systems, and how they support the design process of architects. The AE degree is keenly focused on integrating engineering concepts with architectural features to deliver aesthetic and high performing buildings. Exposure to construction is an important part of the AE student's education. It develops creativity and constructability where AE graduates enjoy a special ability to work effectively with all professionals on the design and construction team.

The AE program develops breadth and depth by requiring a good understanding of all the systems that comprise a building while also providing specialized education in one of the areas listed above. Breadth is provided in the fifth and sixth semesters, where all students take courses in each of the three areas of specialization. Depth is provided in the seventh and eighth semesters where courses are taken primarily in one of the three specialization tracks.

A one-year master of architectural engineering (MAE) degree follows the four-year undergraduate program. This fifth year continues the specialized education in each of the three option areas and provides the professional practice topics that architectural engineers need later in their careers.

The MAE year features a major interdisciplinary design project. The project requires students to practice the design skills and understanding of building systems previously developed. Student teams complete a significant building design in a manner that closely simulates professional practice. Industry and faculty members serve as consultants to the students.

Typically, students enter this design into the national Architectural Engineering Institute competition. Traditionally, our students do very well at this competition. Additionally, students complete an individual mastery project in a topic of their choice.

### Career Opportunities

Architectural engineering graduates normally enter the building design industry and become registered professional engineers. There are only about 20 accredited architectural engineering programs in the country, so there is a large unfulfilled demand for engineers educated in building design. In Nebraska, the home of several large architectural and engineering design firms, this is especially true.

Architectural engineering is accredited by the EAC-ABET, Inc. The accreditation is attached to the one-year master of architectural engineering degree.

### Major Department Admission

Students must complete at least 43 credit hours in the AE program before applying for professional admission to the degree program in AE.

Transfer students must have all transfer hours accepted before applying for professional admission. Professional admission in the BSAE program requires a minimum of 2.8 GPA and allows students to continue to take 300-level AREN courses. The number of admitted students will depend on the availability of space, faculty, and other academic resources. Students are not permitted to register for more than 61 credit hours of courses listed in the AE curriculum until they have been professionally admitted into the degree program.

## Learning Outcomes

Graduates of architectural engineering will develop:

1. An ability to identify, formulate, and solve complex engineering problems by applying principles of engineering, science, and mathematics.
2. An ability to apply engineering design to produce solutions that meet specified needs with consideration of public health, safety, and welfare, as well as global, cultural, social, environmental, and economic factors.
3. An ability to communicate effectively with a range of audiences.
4. An ability to recognize ethical and professional responsibilities in engineering situations and make informed judgments, which must consider the impact of engineering solutions in global economic, environmental, and societal contexts.
5. An ability to function effectively on a team whose members together provide leadership, create a collaborative and inclusive environment, establish goals, plan tasks, and meet objectives.
6. An ability to develop and conduct appropriate experimentation, analyze and interpret data, and use engineering judgment to draw conclusions.
7. An ability to acquire and apply new knowledge as needed, using appropriate learning strategies.

The above student outcomes have been approved by the ABET Engineering Area Delegation for use beginning with the 2019-20 academic year, and have been adopted by the faculty of the Department of Architectural Engineering.

## Additional Major Requirements

### AREN 1000 DSAEC Seminar Requirement

Undergraduate Architectural Engineering majors are required to complete this zero-credit-hour course every semester they are in the major.

## Grade Rules

### C- and D grades

Architectural engineering students must earn a grade of C or better in math, science, computer programming, and engineering courses to obtain credit for that course toward graduation. Additionally, all courses that are prerequisites for engineering courses must be passed with a grade of C or better.

## Catalog to Use

Because of rapid technical developments, the AE curriculum is continually reviewed and upgraded. Students currently enrolled are expected to modify their programs to take advantage of such revisions. Students who do not maintain continuous progress toward the degree through enrollment in applicable coursework will be considered as new students upon re-entering the program and will be subject to the requirements of the undergraduate catalog current at the time of their re-entry.

## ACE Requirements

The AE program follows the University of Nebraska–Lincoln Achievement Centered Education (ACE) requirements. Because of the specific needs of the program, most of these courses are specified in the curriculum.

Please contact [DurhamSchool@unl.edu](mailto:DurhamSchool@unl.edu) ([durhamschool@unl.edu](mailto:durhamschool@unl.edu)), if you are interested in more information about this program.

## Requirements

| Course                    | Title   | Credits   |
|---------------------------|---|-----------|
| <b>First Semester</b>     |   |           |
| AREN 1010                 | INTRODUCTION TO ARCHITECTURAL ENGINEERING                               | 1         |
| CMST 1110                 | PUBLIC SPEAKING FUNDS <small>ENGR 100 is an accepted equivalent</small> | 3         |
| MATH 1950                 | CALCULUS I  | 5         |
| CHEM 1180                 | GENERAL CHEMISTRY I   | 3         |
| CHEM 1184                 | GENERAL CHEMISTRY I LABORATORY  | 1         |

| CIVE 342  | STRUCTURAL DESIGN FUNDAMENTALS                                      | 1 |
| AREN 1000 | DURHAM SCHOOL OF ARCHITECTURAL ENGINEERING AND CONSTRUCTION SEMINAR | 0 |

**Credits** **17**

#### Sixth Semester

|           |   |   |
|-----------|---|---|
| AREN 3220 | ELECTRICAL SYSTEMS FOR BUILDINGS I                                  | 3 |
| AREN 3100 | HVAC FUNDAMENTALS   | 3 |
| CIVE 441  | STEEL DESIGN I  | 3 |
| AREN 4040 | BUILDING ENVELOPES  | 3 |
| STAT 3800 | APPLIED ENGINEERING PROBABILITY AND STATISTICS                      | 3 |
| AREN 3030 | AE DESIGN AND SIMULATION STUDIO III                                 | 3 |
| AREN 1000 | DURHAM SCHOOL OF ARCHITECTURAL ENGINEERING AND CONSTRUCTION SEMINAR | 0 |

**Credits** **18**

#### Seventh Semester

All options:

|                    |  |   |
|--------------------|--|---|
| TECHNICAL ELECTIVE | SELECT FROM PUBLISHED LIST ON DURHAM SCHOOL WEBSITE  | 3 |
| CONE 206           | ENGINEERING ECONOMICS  | 3 |
| ENGL 3980          | TECHNICAL WRITING ACROSS THE DISCIPLINES <small>ENGR 220 is an accepted equivalent</small> | 3 |
| AREN 1000          | DURHAM SCHOOL OF ARCHITECTURAL ENGINEERING AND CONSTRUCTION SEMINAR                        | 0 |

Select one of the following three options **9**

#### Lighting and Electrical Option

|           |  |  |
|-----------|--|--|
| AREN 4200 | LIGHTING II: THEORY, DESIGN & APPLICATION          |  |
| AREN 4120 | BUILDING ENERGY II: PRIMARY AND SECONDARY SYSTEMS  |  |
| PSYC 1010 | INTRODUCTION TO PSYCHOLOGY I (satisfies ACE SLO 6) |  |

#### Mechanical and Acoustics Option

|                      |   |  |
|----------------------|---|--|
| AREN 4120            | BUILDING ENERGY II: PRIMARY AND SECONDARY SYSTEMS |  |
| ACE ELECTIVE (SLO 6) |   |  |
| GENERAL ELECTIVE     | ELECTIVE MUST BE APPROVED BY ADVISOR              |  |

#### Structural Option

|                      |                              |  |
|----------------------|------------------------------|--|
| CIVE 440             | REINFORCED CONCRETE DESIGN I |  |
| CIVE 443             | ADVANCED STRUCTURAL ANALYSIS |  |
| ACE ELECTIVE (SLO 6) |                              |  |

**Credits** **18**

#### Eighth Semester

All options

|                           |   |   |
|---------------------------|---|---|
| ACE ELECTIVE (SLO 5 OR 7) | ONE OF ACE 5 OR 7 MUST INCLUDE ART 3770 (7 ONLY) OR ART 3780 (5 ONLY) | 3 |
| AREN 1000                 | DURHAM SCHOOL OF ARCHITECTURAL ENGINEERING AND CONSTRUCTION SEMINAR   | 0 |

Select one of the following three options: **7**

#### Lighting and Electrical Option

|           |                          |  |
|-----------|--------------------------|--|
| AREN 4250 | LIGHTING DESIGN          |  |
| PSYC 4210 | SENSATION AND PERCEPTION |  |

#### Mechanical and Acoustics Option

|           |                        |  |
|-----------|------------------------|--|
| AREN 4150 | HVAC DESIGN            |  |
| AREN 4300 | ADVANCED NOISE CONTROL |  |

#### Structural Option

|          |  |  |
|----------|--|--|
| CIVE 444 | STRUCTURAL DESIGN AND PLANNING           |  |
| CIVE 331 | INTRODUCTION TO GEOTECHNICAL ENGINEERING |  |

**Credits** **10**

**Total Credits** **128**

## Civil Engineering, Bachelor of Science

### Description

Website: <https://cee.unl.edu/>

The Department of Civil and Environmental Engineering offers a complete undergraduate program to students on the Lincoln and Omaha campuses of the University of Nebraska. Curriculum requirements are nearly identical on both campuses. The goal is to prepare students for entry into the civil engineering profession immediately after graduation or to pursue graduate-level studies.

The general educational objectives of the University of Nebraska–Lincoln civil engineering undergraduate program are to prepare our graduates so that, with a University of Nebraska–Lincoln BSCE degree, a few years beyond graduation, alumni will:

- Be employed in civil and environmental engineering or a closely related field; or, graduates will be pursuing an advanced degree in civil and environmental engineering or a closely related field.
- Contribute to society and address societal and environmental needs through engagement in professional, community, or service organizations.
- Agree that the civil engineering program prepared them for success in their careers in terms of knowledge and skillsets as embodied in the program and the Complete Engineer™ Initiative.

As a professional discipline, civil engineering is closely related to the total human environment. In all professional endeavors, the civil engineer must consider ecological effects as well as the social, economic, and political needs of people. The civil engineer designs systems to control and manage our water resources to provide electric power, agricultural irrigation, flood control, recreation, water supplies, and wastewater treatment systems for our urban and industrial needs.

The civil engineer plans, designs, and constructs our transportation systems—including highways, railroads, waterways, and airports—to connect rural, urban, and industrial areas. The civil engineer also designs and constructs housing and facilities for recreational, industrial, and commercial complexes, which comprise the urban environment. It is the responsibility of civil engineering to minimize air, water, and land pollution and protect the environment.

Instructional emphasis is placed on fundamental engineering principles derived from mathematics, chemistry, physics, and engineering science. These subjects provide a sound background for the subsequent introductory courses in environmental, geotechnical, structural, transportation, and water resources engineering. Students are introduced to design concepts in the freshman year. Design is incorporated throughout the curriculum that culminates in two senior-level courses, CIVE 401 (<https://nextcatalog.unl.edu/search/?P=CIVE%20401>) Civil Engineering Design I

and CIVE 402 (<https://nextcatalog.unl.edu/search/?P=CIVE%20402>) Civil Engineering Design II.

Instructional laboratories in environmental engineering, hydraulics, geotechnical engineering, structures, and surveying provide each student with an opportunity to learn, through individual participation, the operation of the testing equipment used to establish engineering design criteria and to monitor and model engineering facilities such as water and wastewater treatment plants, river control systems, and structural systems.

The Department of Civil and Environmental Engineering also offers a major and a minor in Environmental Engineering.

## Learning Outcomes

Graduates of the civil engineering program will have:

1. An ability to identify, formulate, and solve complex engineering problems by applying principles of engineering, science, and mathematics.
2. An ability to apply engineering design to produce solutions that meet specified needs with consideration of public health, safety, and welfare, as well as global, cultural, social, environmental, and economic factors.
3. An ability to communicate effectively with a range of audiences.
4. An ability to recognize ethical and professional responsibilities in engineering situations and make informed judgments, which must consider the impact of engineering solutions in global, economic, environmental, and societal contexts.
5. An ability to function effectively on a team whose members together provide leadership, create a collaborative and inclusive environment, establish goals, plan tasks, and meet objectives.
6. An ability to develop and conduct appropriate experimentation, analyze and interpret data, and use engineering judgment to draw conclusions.
7. An ability to acquire and apply new knowledge as needed, using appropriate learning strategies.

The above student outcomes have been approved by the ABET Engineering Area Delegation for use beginning with the 2019-20 academic year, and have been adopted by the faculty of the Department of Civil and Environmental Engineering.

## Criteria for Professional Admission to the Civil Engineering Degree Program

Students are expected to meet minimum college entrance requirements. After being admitted to the college as pre-civil engineering students, students wishing to pursue a degree in civil engineering must further be admitted to the degree program. Students who have completed 43 credit hours applicable to their civil engineering degree are considered for formal admission to the civil engineering degree program. Transfer students must have at least 12 credit hours of coursework from the University of Nebraska–Lincoln on record before an application will be considered. Students must receive a grade of C or better in the following classes to be professionally admitted to the civil engineering program:

CHEM 1180 General Chemistry I and CHEM 1184 General Chemistry I Laboratory ;

MATH 1950 Calculus I , MATH 1960 Calculus II , and MATH 2350 Differential Equations ;

CIST 1600 Introduction to Programming Using Practical Scripting;

PHYS 2110 General Physics I ; and

MECH 223 Engineering Statics , and MECH 325 Mechanics of Elastic Bodies .

PLEASE NOTE:

This document represents a SAMPLE 4-year plan for degree completion with this major. Actual course selection and sequence may vary and should be discussed individually with your college or department academic advisor. Advisors also can help you plan other experiences to enrich your undergraduate education such as internships, education abroad, undergraduate research, learning communities, and service learning and community-based learning.

| Course   | Title  | Credits   |
|--|--|-----------|
| <b>First Semester</b>  |  |           |
| CIVE 101   | INTRODUCTION TO CIVIL ENGINEERING<br>(This fulfills the ENGR 10 requirement)                                     | 3         |
| CHEM 1180  | GENERAL CHEMISTRY I (Students must receive a "C" or better in this course.)                                      | 3         |
| CHEM 1184  | GENERAL CHEMISTRY I LABORATORY   | 1         |
| MATH 1950  | CALCULUS I (Students must receive a "C" or better in this course.)   | 5         |
| MATH 1950 becomes critical to your success in the major if not completed by the end of the first term of enrollment. Not compng MATH 1950 in the first term can delay completion of your degree.       |  |           |
| ACE 2 Communication Skills Elective  | See note below   | 3         |
| <b>Credits</b>   |  | <b>15</b> |
| <b>Second Semester</b>   |  |           |
| CIVE 102   | GEOMATICS FOR CIVIL ENGINEERING  | 3         |
| CIST 1600  | INTRODUCTION TO PROGRAMMING<br>USING PRACTICAL SCRIPTING (Students must receive a "C" or better in this course.) | 3         |
| PHYS 2110  | GENERAL PHYSICS I - CALCULUS LEVEL<br>(Students must receive a "C" or better in this course.)                    | 4         |
| PHYS 2110 becomes critical to your success in the major if not completed by the end of the second term of enrollment. Not completing PHYS 2110 in the second term can delay completion of your degree. |  |           |
| MATH 1960  | CALCULUS II (Students must receive a "C" or better in this course.)  | 4         |
| MATH 1960 becomes critical to your success in the major if not completed by the end of the second term of enrollment. Not completing MATH 1960 in the second term can delay completion of your degree. |  |           |
| ACE 1 Writing Elective   | See note below   | 3         |
| <b>Credits</b>   |  | <b>17</b> |
| <b>Third Semester</b>  |  |           |
| CIVE 201   | CIVIL ENGINEERING ANALYSIS I   | 2         |
| MECH 223   | ENGINEERING STATICS (Students must receive a "C" or better in this course.)                                      | 3         |
| MECH 223 becomes critical to your success in the major if not completed by the end of the third term of enrollment. Not completing MECH 223 in the third term can delay completion of your degree.     |  |           |
| PHYS 2120  | GENERAL PHYSICS-CALCULUS LEVEL (or CHEM 1190 and CHEM 1194)  | 4         |
| MATH 1970  | CALCULUS III   | 4         |
| ACE 5 Humanities Elective  | See note below   | 3         |
| ENGR 20  | SOPHOMORE ENGINEERING SEMINAR  | 0         |
| <b>Credits</b>   |  | <b>16</b> |
| <b>Fourth Semester</b>   |  |           |
| CIVE 202   | CIVIL ENGINEERING ANALYSIS II  | 2         |
| CIVE 371   | Materials of Construction  | 3         |

|          |  |   |
|----------|--|---|
| MECH 325 | MECHANICS OF ELASTIC BODIES<br>(Students must receive a "C" or better in this course.) | 3 |
|----------|--|---|

MECH 325 becomes critical to your success in the major if not completed by the end of the fourth term of enrollment. Not completing MECH 325 in the fourth term can delay completion of your degree.

|                               |  |   |
|-------------------------------|--|---|
| MECH 373                      | ENGINEERING DYNAMICS   | 3 |
| MATH 2350                     | DIFFERENTIAL EQUATIONS (Students must receive a "C" or better in this course.) | 3 |
| ACE 6 Social Science Elective | See note below   | 3 |

**Credits** **17**

#### Fifth Semester

|           |  |   |
|-----------|--|---|
| CIVE 301  | CIVIL ENGINEERING SYNTHESIS I                  | 1 |
| CIVE 310  | FLUID MECHANICS                                | 3 |
| CIVE 310L | HYDRAULICS LAB                                 | 1 |
| CIVE 341  | STRUCTURAL ANALYSIS FUNDAMENTALS               | 3 |
| CIVE 342  | STRUCTURAL DESIGN FUNDAMENTALS                 | 1 |
| CIVE 361  | PRINCIPLES OF TRANSPORTATION ENGINEERING       | 3 |
| STAT 3800 | APPLIED ENGINEERING PROBABILITY AND STATISTICS | 3 |

CIVE 310, CIVE 310L, CIVE 341, CIVE 342, and CIVE 361 become critical to your success in the major if not completed by the end of the fifth term of enrollment. Not completing CIVE 310, CIVE 310L, CIVE 341, and CIVE 361 in the fifth term can delay completion of your degree.

**Credits** **15**

#### Sixth Semester

|                     |   |   |
|---------------------|---|---|
| CIVE 302            | CIVIL ENGINEERING SYNTHESIS II              | 1 |
| CIVE 321            | PRINCIPLES OF ENVIRONMENTAL ENGINEERING     | 3 |
| CIVE 321L           | ENVIRONMENTAL ENGINEERING LABORATORY        | 1 |
| CIVE 331            | INTRODUCTION TO GEOTECHNICAL ENGINEERING    | 4 |
| CIVE 351            | INTRODUCTION TO WATER RESOURCES ENGINEERING | 3 |
| ACE 7 Arts Elective | See note below                              | 3 |

CIVE 321, CIVE 321L, CIVE 331, and CIVE 351 become critical to your success in the major if not completed by the end of the sixth term of enrollment. Not completing CIVE 321, CIVE 321L, CIVE 331, and CIVE 351 in the sixth term can delay completion of your degree.

**Credits** **15**

#### Seventh Semester

|   |  |   |
|---|--|---|
| CIVE 401                                      | CIVIL ENGINEERING DESIGN I   | 3 |
| CIVE Depth Elective (Environmental and Water) | Choose 1 from CIVE 420, CIVE 425, CIVE 427, CIVE 419, CIVE 452   | 3 |
| Science Elective                              | BIOL 1020 or BIOL 1450 or GEOL 1170 or (PHYS 1350 and PHYS 1354) or (GEOG 3510 and GEOG 3514) or (CHEM 2210 and CHEM 2214) | 4 |
| Technical Elective                            | Work with your advisor to correctly select this elective.  | 3 |
| ACE 8 Ethics Elective                         | See note below   | 3 |

**Credits** **16**

#### Eighth Semester

|   |  |   |
|---|--|---|
| CIVE 402  | CIVIL ENGINEERING DESIGN II  | 3 |
| CIVE Depth Elective (Geotech/Materials, Structures, and Transportation)           | Choose 1 from CIVE 436, CIVE 440, CIVE 441, CIVE 462, CIVE 463                           | 3 |
| CIVE Depth Elective (Choose one that was not used to fulfill another requirement) | CIVE 419, CIVE 420, CIVE 425, CIVE 427, CIVE 436, CIVE 440, CIVE 441, CIVE 462, CIVE 463 | 3 |
| Technical Elective  | Work with your advisor to correctly select this elective                                 | 3 |
| ACE 9 Global Awareness and Human Diversity Elective                               | See note below   | 3 |

**Credits** **15**

**Total Credits** **126**

## Major Requirements

### Requirements for the Degree of Bachelor of Science in Civil Engineering

The BS degree in civil engineering is offered on both the Lincoln and Omaha campuses. Degree Requirements - 126 hours

| Code                             | Title   | Credits |
|----------------------------------|---|---------|
| <b>CIVIL ENGINEERING CORE</b>    |   |         |
| CIVE 101                         | INTRODUCTION TO CIVIL ENGINEERING<br>(This fulfills the ENGR 10 requirement.) | 3       |
| CIVE 102                         | GEOMATICS FOR CIVIL ENGINEERING   | 3       |
| CIVE 201                         | CIVIL ENGINEERING ANALYSIS I  | 2       |
| CIVE 202                         | CIVIL ENGINEERING ANALYSIS II   | 2       |
| CIVE 301                         | CIVIL ENGINEERING SYNTHESIS I   | 1       |
| CIVE 302                         | CIVIL ENGINEERING SYNTHESIS II  | 1       |
| CIVE 401                         | CIVIL ENGINEERING DESIGN I  | 3       |
| CIVE 402                         | CIVIL ENGINEERING DESIGN II   | 3       |
| Credit Hours Subtotal:           |   | 18      |
| <b>CIVIL ENGINEERING BREADTH</b> |   |         |
| CIVE 310                         | FLUID MECHANICS   | 3       |
| CIVE 310L                        | HYDRAULICS LAB  | 1       |
| CIVE 321                         | PRINCIPLES OF ENVIRONMENTAL ENGINEERING                                       | 3       |
| CIVE 321L                        | ENVIRONMENTAL ENGINEERING LABORATORY  | 1       |
| CIVE 331                         | INTRODUCTION TO GEOTECHNICAL ENGINEERING                                      | 4       |
| CIVE 341                         | STRUCTURAL ANALYSIS FUNDAMENTALS  | 3       |
| CIVE 342                         | STRUCTURAL DESIGN FUNDAMENTALS  | 1       |
| CIVE 351                         | INTRODUCTION TO WATER RESOURCES ENGINEERING                                   | 3       |
| CIVE 361                         | PRINCIPLES OF TRANSPORTATION ENGINEERING                                      | 3       |

|  |   |    |
|--|---|----|
| CIVE 371   | MATERIALS OF CONSTRUCTION                                       | 3  |
| Credit Hours Subtotal:   |   | 25 |
| <b>CIVIL ENGINEERING DEPTH ELECTIVES</b>   |   |    |
| Depth Electives in Environmental and Water Resources Engineering   |   | 3  |
| Choose one from:   |   |    |
| CIVE 420   | ENVIRONMENTAL ENGINEERING PROCESS DESIGN                        |    |
| CIVE 425   | DESIGN OF WATER TREATMENT FACILITIES                            |    |
| CIVE 419   | FLOW SYSTEMS DESIGN   |    |
| CIVE 452   | WATER RESOURCES DEVELOPMENT                                     |    |
| Depth Electives in Geotechnical, Structural and Transportation Engineering   |   | 3  |
| Choose one from:   |   |    |
| CIVE 436   | FOUNDATION ENGINEERING  |    |
| CIVE 440   | REINFORCED CONCRETE DESIGN I                                    |    |
| CIVE 441   | STEEL DESIGN I  |    |
| CIVE 462   | HIGHWAY DESIGN  |    |
| CIVE 463   | TRAFFIC ENGINEERING (General Civil Engineering Depth Electives) |    |
| General Civil Engineering Depth Electives  |   | 3  |
| Choose three credits from the following that were not used to fulfill another requirement:   |   |    |
| CIVE 420, CIVE 425, CIVE 419, CIVE 436, CIVE 440, CIVE 441, CIVE 462, CIVE 463   |   |    |
| Credit Hours Subtotal:   |   | 9  |
| <b>GENERAL ENGINEERING</b>   |   |    |
| CIST 1600  | INTRODUCTION TO PROGRAMMING USING PRACTICAL SCRIPTING           | 3  |
| MECH 223   | ENGINEERING STATICS   | 3  |
| MECH 325   | MECHANICS OF ELASTIC BODIES                                     | 3  |
| MECH 373   | ENGINEERING DYNAMICS  | 3  |
| ENGR 20  | SOPHOMORE ENGINEERING SEMINAR                                   | 0  |
| Credit Hours Subtotal:   |   | 12 |
| <b>TECHNICAL ELECTIVES</b>   |   |    |
| Choose a total of six credits from:  |   | 6  |
| Any 400-level CIVE course not taken to fulfill another requirement   |   |    |
| Any 200-, 300- or 400-level course in any engineering major not used to fulfill another requirement  |   |    |
| Any 200-, 300- or 400-level course in Biology, Chemistry, Public Administration (including PA 1010), Geology, GEOG 2620, Mathematics, Statistics, or Physics not used to fulfill another requirement.  |   |    |
| Any course in the following list: ACCT 2000, ANTH 3910, ANTH 3920, BIOL 1020, BIOL 1450, BIOL 1750, BIOS 4940, CHEM 1190, ECON 2200, ENTR 3710, GEOG 1030, (GEOG 3510 and GEOG 3514), GEOL 1170, GEOL 1180, GEOL 1010, MKT 3310 not used to fulfill another requirement. |   |    |
| Credit Hours Subtotal:   |   | 6  |
| <b>SCIENCE</b>   |   |    |
| CHEM 1180 & CHEM 1184  | GENERAL CHEMISTRY I and GENERAL CHEMISTRY I LABORATORY          | 4  |
| PHYS 2110  | GENERAL PHYSICS I - CALCULUS LEVEL                              | 4  |
| Select one of the following:   |   | 4  |
| PHYS 2120  | GENERAL PHYSICS-CALCULUS LEVEL                                  |    |

|   |  |            |
|---|--|------------|
| CHEM 1190 & CHEM 1194   | GENERAL CHEMISTRY II and GENERAL CHEMISTRY II LABORATORY                           |            |
| Science Elective-Select one of the following:   |  |            |
| BIOL 1020   | PRINCIPLES OF BIOLOGY  |            |
| CHEM 2210 & CHEM 2214   | FUNDAMENTALS OF ORGANIC CHEMISTRY and FUNDAMENTALS OF ORGANIC CHEMISTRY LABORATORY |            |
| GEOL 1170   | INTRODUCTION TO PHYSICAL GEOLOGY   |            |
| PHYS 1350 & PHYS 1354   | PRINCIPLES OF ASTRONOMY and INTRODUCTORY ASTRONOMY LAB                             |            |
| GEOG 3510 & GEOG 3514   | METEOROLOGY and INTRODUCTION TO METEOROLOGY LABORATORY                             |            |
| BIOL 1450   | BIOLOGY I  |            |
| Credit Hours Subtotal:  |  | 16         |
| <b>MATHEMATICS</b>  |  |            |
| MATH 1950   | CALCULUS I   | 5          |
| MATH 1960   | CALCULUS II  | 4          |
| MATH 1970   | CALCULUS III   | 4          |
| MATH 2350   | DIFFERENTIAL EQUATIONS   | 3          |
| STAT 3800   | APPLIED ENGINEERING PROBABILITY AND STATISTICS                                     | 3          |
| Credit Hours Subtotal:  |  | 19         |
| <b>ACE REQUIREMENTS</b>   |  |            |
| ACE 1: Writing  |  | 3          |
| Choose from the list of approved ACE 1 courses <sup>1</sup>   |  |            |
| ACE 2: Communication Skills   |  | 3          |
| Choose from the list of approved ACE 2 courses <sup>1</sup>   |  |            |
| ACE 3: Math/Stat Reasoning  |  |            |
| This requirement is satisfied by MATH 1950, MATH 1960, MATH 1970, MATH 2350, or STAT 3800                       |  |            |
| ACE 4: Science  |  |            |
| This requirement is satisfied by CHEM 1180, CHEM 1190, PHYS 2110, PHYS 2120, BIOL 1020, PHYS 1350, or GEOL 1170 |  |            |
| ACE 5: Humanities   |  | 3          |
| Choose from the list of approved ACE 5 courses <sup>1</sup>   |  |            |
| ACE 6: Social Sciences  |  | 3          |
| Choose from the list of approved ACE 6 courses <sup>1</sup>   |  |            |
| ACE 7: Arts   |  | 3          |
| Choose from the list of approved ACE 7 courses <sup>1</sup>   |  |            |
| ACE 8: Ethics   |  | 3          |
| Choose from the list of approved ACE 8 courses <sup>1</sup>   |  |            |
| ACE 9: Global Awareness and Human Diversity   |  | 3          |
| Choose from the list of approved ACE 9 courses <sup>1</sup>   |  |            |
| ACE 10: Capstone Experience   |  |            |
| This requirement is satisfied by CIVE 402   |  |            |
| Credit Hours Subtotal:  |  | 21         |
| <b>Total Credit Hours</b>   |  | <b>126</b> |

<sup>1</sup> List of approved ACE courses offered on the Omaha campus ([https://tes.collegesource.com/publicview/tes\\_publicview03\\_group\\_report.aspx?sid=12214&rid=1d4a5187-e01b-4f1f-aaa6-b0040e957167&aid=e4ff42df-9ddc-4416-a5dd-18e971d1c0e4&cgrid=5508](https://tes.collegesource.com/publicview/tes_publicview03_group_report.aspx?sid=12214&rid=1d4a5187-e01b-4f1f-aaa6-b0040e957167&aid=e4ff42df-9ddc-4416-a5dd-18e971d1c0e4&cgrid=5508))

# Electrical & Computer Engineering

The mission of the department of Electrical & Computer Engineering (ECE) at the University of Nebraska is to provide undergraduate and graduate level education in electrical and computer engineering, perform research and other scholarly activities, and furnish service to the state, nation, industry, and the profession. To fulfill this mission, the ECE department offers the degrees of Bachelor of Science in Electrical Engineering and in Computer Engineering, as well as several graduate programs. The faculty takes pride in its high level of interaction with both undergraduate and graduate students.

## General Requirements

The following sections apply to the electrical engineering and computer engineering programs. For more details visit the ECE department's website (<https://engineering.unl.edu/ece/>).

### Advisement

Upon entry into the curriculum, each student will be assigned an academic advisor. It is required that each student meet with the advisor prior to each class registration period and that all courses to be applied toward the degree be selected with the advice and approval of the advisor.

The student is expected to have his/her academic records reviewed and approval obtained from the ECE department prior to application to the University registrar for awarding of a degree in order to ensure that all curricular requirements have been satisfied by the time of the student's intended graduation.

### Curriculum

Because of the rapid developments in the fields of electrical and computer engineering, the curricular requirements are continually reviewed and updated to reflect technological advances. Curricular sequence and course descriptions contained herein are intended to serve as general guidelines. Contact the ECE department for information on any changes to the requirements that are currently in effect but not listed in this catalog.

Students who do not maintain continuous progress toward a degree through enrollment in applicable course work will be considered as new students upon reentering the electrical or computer engineering curricular sequence and will be subject to the requirements of the curriculum current at the time of their reentry. Certain courses may not be valid as prerequisites or as credit toward the degree after two academic years; the student's academic advisor should be consulted regarding applicability. The applicable University catalogs and college academic policies must be followed to ensure the student satisfies all of the Achievement Centered Education (ACE) requirements.

### Special Interest Areas

Opportunities are provided for the development of areas of special interest through enrollment in the individual study courses which are offered at the freshman through senior level for the student who may wish to develop a topic under the guidance of a department faculty member. Enrollment is by permission after a written proposal has been approved. Special topics courses are also offered by the department as the need arises. Academic advisers should be consulted regarding the particular topics to be covered and the necessary prerequisites for each offering of this course. Students who expect to continue their education at the graduate level after the award of the baccalaureate degree should consult their advisors regarding course selections that would enhance that objective.

Students are encouraged to develop their professional and leadership potential through participation in student chapters of related professional

organizations and in University extracurricular activities. Participation in the University Honors Program is encouraged for those who qualify.

### Transfer Course Work

The applicability of transfer course work with engineering content toward credit in the curriculum is determined on a case-by-case basis by the department.

### Financial Aid

Numerous opportunities exist for students to obtain financial aid during the course of their academic work at the university. The office of the dean of the college and the campus financial aid office should be consulted to determine the availability of such assistance.

### Degrees Offered

- Electrical Engineering (p. 621)
- Computer Engineering (p. 618)

## Computer Engineering, Bachelor of Science

The College of Engineering offers a complete computer engineering undergraduate program to students on the city (Lincoln) campus and the Scott (Omaha) campus of the University of Nebraska. Curriculum requirements are nearly identical on both campuses and students can complete all degree requirements on either campus.

In the college, the School of Computing and the Department of Electrical and Computer Engineering offer this challenging baccalaureate degree program in computer engineering that prepares graduates for professional practice in commerce, industry, and government and for post graduate education to enter careers in research and academia. The focus of the program is hands on integrated hardware/software system design.

Increasingly, diverse systems, products, and processes depend on computers for design, control, data acquisition, and other functions. The computer engineer possesses the range of expertise to have an integrated view of computer-based systems and to make global decisions.

The 124 credit-hours program in computer engineering leads to the Bachelor of Science degree in Computer Engineering. Thirty (30) hours of mathematics and science complement the required 58 hours of work in the computer engineering area. Six (6) hours in written and oral communications, twelve (12) hours in humanities and social sciences, and eighteen (18) hours of engineering electives provide the opportunity for the student to acquire a general educational background and gain cultural attributes with a university education.

The individual holding this degree will have advanced knowledge in his or her field of engineering interest and in addition will have a university educational background involving mathematics, the physical sciences, and the humanities and social sciences. Completion of this curriculum will enable the graduate to enter employment in positions involving computer hardware design and applications, computer software design and development, microcomputer based applications, and computer networking. The program also leads to the preparation for graduate work in computer engineering, computer science or electrical engineering.

## Program Educational Objectives

The Program Educational Objectives (PEOs) are a statement of what graduates are doing, or are capable of doing, three to five years after graduation. The students in the Computer Engineering program receive a strong foundation in engineering science and design that not only enables them to pursue productive careers in the computer engineering fields but also play an integral role in advancing other areas including business, management, medicine and manufacturing through computer engineering

technologies. The Program Educational Objectives for the Computer Engineering program are that graduates will be:

- Employed in business, non-profit, academia, government, or industry.
- Successful engineers who view computer systems as an integrated continuum of technologies, which engaging and collaborating with professionals in related fields to provide innovative, effective, responsible, and sustainable computer engineering solutions.
- Capable of quickly adapting to new work environments, assimilating new information, solving new problems, and creating new devices.
- Engaging in lifelong learning, which may include postgraduate education and being part of professional organizations, to successfully adapt to technological, industry specific, and cultural changes and to foster adept functioning in society.
- Performing engineering practice in a context that reflects awareness of the ethics of their profession and of the impacts of their work on the profession and society at large.

These Program Educational Objectives were developed with input from the program's constituency, consisting of employers (including the Industry Advisory Board), graduates of the program, and faculty .

## Student Outcomes

Student Outcomes are those abilities that a graduate of the Computer Engineering program will have attained so that he/she can meet the educational objectives established for the program.

At the time of graduation, students in the Computer Engineering program will have:

1. an ability to identify, formulate, and solve complex engineering problems by applying principles of engineering, science, and mathematics
2. an ability to apply engineering design to produce solutions that meet specified needs with consideration of public health, safety, and welfare, as well as global, cultural, social, environmental, and economic factors
3. an ability to communicate effectively with a range of audiences
4. an ability to recognize ethical and professional responsibilities in engineering situations and make informed judgments, which must consider the impact of engineering solutions in global, economic, environmental, and societal contexts
5. an ability to function effectively on a team whose members together provide leadership, create a collaborative and inclusive environment, establish goals, plan tasks, and meet objectives
6. an ability to develop and conduct appropriate experimentation, analyze and interpret data, and use engineering judgment to draw conclusions
7. an ability to acquire and apply new knowledge as needed, using appropriate learning strategies.

## Professional Admission Requirements

**Pre-professionally admitted College of Engineering students majoring in computer engineering will be granted profession admission into the computer engineering program if the students have:**

- maintained a cumulative GPA of at least 2.4 and is in good standing in the College of Engineering, and
- received at least a C in ECEN 215, ECEN 230 and CSCI 3320

## A transfer student will be admitted if he/she has:

- completed courses equivalent to ECEN 215, ECEN 230 and CSCI 3320 at other institutions with acceptable transfer grades of C or better, and
- earned a GPA of 2.4 or better during their first 12 credit hours in computer engineering course work at UNL/UNO.

Transfer students will be able to appeal to the College's Academic Appeals Committee for admission for an additional semester if they fail to meet the GPA requirement.

See the College of Engineering section of the catalog for details on admission to the college.

## Requirements

| Course                 | Title   | Credits   |
|------------------------|---|-----------|
| <b>First Year</b>      |   |           |
| <b>First Semester</b>  |   |           |
| MATH 1950              | CALCULUS I  | 5         |
| ECEN 155E              | COMPUTER SCIENCE I  | 3         |
| ECEN 164               | INTRODUCTION TO COMPUTER ENGINEERING                                    | 2         |
| ENGR 100               | INTERPERSONAL SKILLS FOR ENGINEERING LEADERS <sup>1</sup>               | 3         |
| ENGR 10                | FRESHMAN ENGINEERING SEMINAR  | 0         |
| <b>Credits</b>         |   | <b>13</b> |
| <b>Second Semester</b> |   |           |
| MATH 1960              | CALCULUS II   | 4         |

| <b>Total Credits</b>               |  | <b>124</b> |

<sup>1</sup> CMST 1110 may be substituted for ENGR 100

<sup>2</sup> ECEN 213 may be substituted for ECEN 215

<sup>3</sup> ECEN 218 may be substituted for ECEN 235

<sup>4</sup> ECEN 316 and ECEN 236 may be substituted for ECEN 2225

<sup>5</sup> ACE electives: Choose one course from not yet satisfied ACE outcomes 5, 6, 7 or 9

<sup>6</sup> ECEN 484 may be substituted for ECEN 487

<sup>7</sup> Engineering Electives

The Computer Engineering programs requires 18 hours of Engineering electives. Of these 18 credit hours, at least 12 credit hours must be taken in the Computer Engineering (ECEN) emphasis areas. Below is a list of courses in each of the emphasis area.

#### 1. Signal, Image, and Video Processing

ECEN 415 core Digital Image Processing

ECEN 463 core Digital Signal Processing

ECEN 465 (<https://catalog.unomaha.edu/search/?P=ECEN%20465>)  
Intro Data Compression

ECEN 444 (<https://catalog.unomaha.edu/search/?P=ECEN%20465>)  
Linear Control Systems

ECEN 498 (<https://catalog.unomaha.edu/search/?P=ECEN%20465>)  
Special Topics: Real Time DSP Application

ECEN 498 (<https://catalog.unomaha.edu/search/?P=ECEN%20465>)  
Special Topics: Introduction to Computer Visio2.

#### 2. Cyber Security

ECEN 498 core Special Topics: Cyber Security

ECEN 488 (<https://catalog.unomaha.edu/search/?P=ECEN%20467>) core  
Wireless Security

ECEN 462 (<https://catalog.unomaha.edu/search/?P=ECEN%20468>)  
Communication Systems

#### 3. Communications and Networking

ECEN 462 (<https://catalog.unomaha.edu/search/?P=ECEN%20310>) core  
Communication Systems

ECEN 471 core Computer Communication Networks

ECEN 465 (<https://catalog.unomaha.edu/search/?P=ECEN%20352>)  
Intro Data Compression

ECEN 475 (<https://catalog.unomaha.edu/search/?P=ECEN%20469>)  
Satellite Communications

ECEN 476 (<https://catalog.unomaha.edu/search/?P=ECEN%20470>)  
Wireless Communications

ECEN 479 (<https://catalog.unomaha.edu/search/?P=ECEN%20470>)  
Optical Fiber Communications

ECEN 488 (<https://catalog.unomaha.edu/search/?P=ECEN%20470>)  
Wireless Security

#### 4. IoT and Cyber Physical Systems

ECEN 438 Integrated Systems Programming

ECEN 462 Communication Systems

ECEN 469 Analog Integrated Circuits

ECEN 474 Digital Systems

ECEN 476 Wireless Communications

ECEN 477 Digital Systems Organization and Design  
ECEN 498 Special Topics: Real Time DSP Application

#### 5. Autonomous Systems & Robotics

ECEN 345 core Mobile Robotics I

ECEN 444 Linear Control Systems

#### 6. Machine Intelligence

ECEN 410 core Multivariate Random Processes

ECEN 437 core Parallel and Distributed Processing

ECEN 448 Decision Analysis

ECEN 498 Special Topics: Computational Modeling and Simulation

#### 7. High Performance Computing

ECEN 437 core Parallel and Distributed Processing

ECEN 451 core Intro VLSI System Design

ECEN 452 Intro Computer-Aided Digital Design

#### 8. Bioinformatics and Computational Biology

ECEN 450 core Bioinformatics

ECEN 453 core Computational and Systems Biology

ECEN 460 Labview Programming

**ECEN 498 Special Topics: Bioengineering Image and Signal Processing**

Three to six credit hours must include the required core courses depending on each emphasis area. Of the remaining six to nine credit hours, three must be in a different emphasis area, and the remaining three to six credit hours must be in the same emphasis area.

The remaining 6 credit hours of technical electives may be taken from any 300- or 400-level course offering (with the exception of those listed below) in the Department of Electrical and Computer Engineering or in any other engineering department within the College of Engineering at UNL, or in the UNO Departments of Biology, Chemistry, Computer Science, Mathematics, or Physics or in the UNL Departments of Biological Sciences, Chemistry, Computer Science and Engineering, Mathematics, Statistics, or Physics and Astronomy.

**Not Allowed 300- and 400-Level Technical Electives**

ENGR 469 (<https://catalog.unomaha.edu/search/?P=ENGR%20469>) Technology, Science and Civilization

BIOL 3500 (<https://catalog.unomaha.edu/search/?P=BIOL%203500>) Biological Principles of Aging

CSCI 3710 (<https://catalog.unomaha.edu/search/?P=CSCI%203710>) Introduction to Digital Design and Computer Organization

STAT 3000 (<https://catalog.unomaha.edu/search/?P=STAT%203000>) Statistical Methods I

UNL BIOS 310 School of Biological Sciences Seminar

UNL IMSE 305 Introduction to Engineering Management

MATH 4980 (<https://catalog.unomaha.edu/search/?P=MATH%204980>) Seminar or UNL MATH 495 (<http://bulletin.unl.edu/undergraduate/courses/MATH/495/>) Seminar

UNL MATH 496 (<http://bulletin.unl.edu/undergraduate/courses/MATH/496/>) Seminar in Mathematics

or any other seminar-type courses.

**Allowed 100 and 200 Level Technical Electives**

UNL AGEN 225 (<http://bulletin.unl.edu/undergraduate/courses/AGEN/225/>) Engineering Properties of Biological Materials (BSEN 225 (<http://bulletin.unl.edu/undergraduate/courses/BSEN/225/>))

PHYS 4350 (<https://catalog.unomaha.edu/search/?P=PHYS%204350>) Astrophysics or ASTR 204 Introduction to Astronomy & Astrophysics

UNL ASTR 224 (<http://bulletin.unl.edu/undergraduate/courses/ASTR/224/>) Astronomy & Astrophysics Lab

BIOL 2140 (<https://catalog.unomaha.edu/search/?P=BIOL%202140>) Genetics or UNL BIOS 206 (<http://bulletin.unl.edu/undergraduate/courses/BIOS/206/>) General Genetics

BIOL 2740 (<https://catalog.unomaha.edu/search/?P=BIOL%202740>) Human Physiology and Anatomy I or UNL BIOS 213 (<http://bulletin.unl.edu/undergraduate/courses/BIOS/213/>) Human Physiology

CHEM 1190 (<https://catalog.unomaha.edu/search/?P=CHEM%201190>) General Chemistry II and CHEM 1194 (<https://catalog.unomaha.edu/search/?P=CHEM%201194>) General Chemistry II Laboratory or UNL CHEM 110 (<http://bulletin.unl.edu/undergraduate/courses/CHEM/110/>) General Chemistry II

CHEM 1190 (<https://catalog.unomaha.edu/search/?P=CHEM%201190>) General Chemistry II or UNL CHEM 114 (<http://bulletin.unl.edu/undergraduate/courses/CHEM/114/>) Fundamental Chemistry II

Any 2000 level chemistry course or UNL CHEM 2xx

UNL MATL 260 (<http://bulletin.unl.edu/undergraduate/courses/MATL/260/>) Elements of Materials Science

UNL MATL 262 (<http://bulletin.unl.edu/undergraduate/courses/MATL/262/>) Materials Lab I

MECH 223 (<https://catalog.unomaha.edu/search/?P=MECH%20223>) Engineering Statics

MECH 200 (<https://catalog.unomaha.edu/search/?P=MECH%20200>) Engineering Thermodynamics

## Electrical Engineering, Bachelor of Science

The Department of Electrical and Computer Engineering offers a complete electrical engineering undergraduate program to students on the City (Lincoln) and Scott (Omaha) campuses of the University of Nebraska. Curriculum requirements are nearly identical on both campuses and students can complete all degree requirements on either campus.

Electrical engineering is concerned with the production, transmission, and utilization of electrical energy and the creation, transmission and processing of information. This includes power generation and transmission systems, renewable energy, electric transportation, automated vehicle systems, control systems, and power electronics as well as radio frequency (RF) systems, telecommunications, remote sensing, bioinformatics, computer vision, biomedical engineering, signal processing, analog & digital circuits, instrumentation, audio, video and opto-electronics. Employment opportunities for electrical engineers cover a wide spectrum of activities including design, development, research, sales, and management. These activities are carried on in industrial organizations, public and private utilities, the communications and computer industry, governmental and educational institutions, and consulting engineering firms. The objective of this major is to offer students an education to become productive electrical engineers and be active, contributing citizens of the nation and the world.

This department has over 40 faculty involved in research related to electronic materials, nanotechnology, optical systems, communications, biomedical applications, signal processing, integrated circuit design, energy systems, and electromagnetics. Students are encouraged to participate in research activities and have opportunities to travel and present their research results.

The department has extensive research facilities for all areas including state of the art computing facilities, integrated circuits and systems research facilities, communications and signal processing laboratories, applied electromagnetics research, solid state laboratories, nanostructures research, electro-optics research and energy systems laboratories.

The curriculum is designed to provide a broad education in fundamental principles and laboratory applications, and an awareness of the socioeconomic impact of technology. Technical electives are normally selected from advanced courses in electrical engineering to provide for specialization in selected areas. However, technical electives can also be selected from courses offered by other departments of the College of Engineering or from appropriate physics, chemistry, mathematics, and biological sciences courses.

## Accreditation

The Electrical Engineering Program (BS) is accredited by the Engineering Accreditation Commission of ABET: <https://www.abet.org>, under the

commission's General Criteria and Program Criteria for Electrical, Computer, Communications, Telecommunication(s) and Similarly Named Engineering programs.

## Program Educational Objectives

The Program Educational Objectives (PEOs) for the electrical engineering program are a statement of what its graduates are doing three to five years after graduation. Electrical engineering is concerned with the production, transmission, and utilization of electrical energy and the transmission and processing of information. Employment opportunities for electrical engineers cover a wide spectrum of activities including design, development, research, sales, and management. These activities are carried on in industrial organizations, public and private utilities, the communications and computer industry, governmental and educational institutions, and consulting engineering firms. Careers may encompass electronic materials, nanotechnology, optical systems, communications, biomedical applications, signal processing, integrated circuit design, energy systems, and electromagnetics. The objective of this program is to offer students an education to become productive electrical engineers and be active, contributing citizens of the nation and the world.

The Program Educational Objectives for the Electrical Engineering program are that graduates will be:

- Employed in business, academia, or government.
- Successful engineers who have established productive careers in their field and have contributed to improve and provide innovative and effective solutions in electrical engineering or related fields.
- Demonstrating technical and decision-making processes and the human interactions necessary to produce viable, responsible, and sustainable technological solutions.
- Engaging in lifelong learning, which may include postgraduate education, to successfully adapt to technological, industry specific, and cultural changes and to foster adept functioning in society.
- Performing engineering practice in a context that reflects awareness of the ethics of their profession and of the impacts of their work on the profession and society at large.

These Program Educational Objectives were developed with input from the program's educational objectives constituency, consisting of employers (including the Industry Advisory Board), graduates of the program, and faculty of the department.

## Student Outcomes

Student Outcomes are those abilities that a graduate of the Electrical Engineering program will have attained so that he/she can meet the educational objectives established for the program.

At the time of graduation, students in the Electrical Engineering program will have:

1. an ability to identify, formulate, and solve complex engineering problems by applying principles of engineering, science, and mathematics
2. an ability to apply engineering design to produce solutions that meet specified needs with consideration of public health, safety, and welfare, as well as global, cultural, social, environmental, and economic factors
3. an ability to communicate effectively with a range of audiences
4. an ability to recognize ethical and professional responsibilities in engineering situations and make informed judgments, which must consider the impact of engineering solutions in global, economic, environmental, and societal contexts
5. an ability to function effectively on a team whose members together provide leadership, create a collaborative and inclusive environment, establish goals, plan tasks, and meet objectives

6. an ability to develop and conduct appropriate experimentation, analyze, and interpret data, and use engineering judgment to draw conclusions
7. an ability to acquire and apply new knowledge as needed, using appropriate learning strategies.

## Professional Admission Requirements

**Pre-professionally admitted College of Engineering students majoring in electrical engineering will be granted profession admission into the electrical engineering program if the students have:**

- maintained a cumulative GPA of at least 2.4 and is in good standing in the College of Engineering, and
- completed ECEN 215 Electronics and Circuits I and ECEN 216 Electronics and Circuits II with a grade of C or better.

**A transfer student will be admitted if he/she has:**

- completed courses equivalent to ECEN 215 and ECEN 216 at other institutions with acceptable transfer grades of C or better, and
- earned a GPA of 2.4 or better during their first 12 credit hours in electrical engineering course work at UNL/UNO.

Transfer students will be able to appeal to the College's Academic Appeals Committee for admission for an additional semester if they fail to meet the GPA requirement.

See the College of Engineering section of the catalog for details on admission to the college.

Students graduating with a Bachelor of Science in Electrical Engineering degree must successfully complete 124 credit hours as follows:

| Code | Title                                       | Credits |
|------|---|---------|
|      | Required electrical engineering courses     | 46      |
|      | Required math and science courses           | 32      |
|      | Technical electives                         | 25      |
|      | ACE (15) and Written/Oral Communication (6) | 21      |

## Requirements

| Course                 | Title   | Credits   |
|------------------------|---|-----------|

**Credits** **15**

**Total Credits** **124**

<sup>5</sup> ECEN 316 and ECEN 236 may be substituted for ECEN 222

<sup>6</sup> The department maintains an approved list of technical electives (within and outside of ECE) on the department website

<sup>7</sup> ACE electives: Choose one course from not yet satisfied ACE outcomes 5,6,7, 8 or 9

Total Credit Hours Required for Graduation - 124 Hours

**Technical Electives**

Each EE undergraduate student must choose one of the emphasis areas listed below for the EE technical electives.

**Electrical Engineering Emphasis Areas**

Communications and Signal Processing

Electromagnetic Fields and Optics

Electronics

Energy and Power Systems

Materials and Devices

Bioengineering

Modeling and Simulation

Telecommunications

**Electives**

There are 25 credit hours of technical electives required. Of these 25 credit hours, at least 12 credit hours must be taken in one of the electrical engineering (ECEN) emphasis areas. Below is a list of courses in each emphasis area.

Communications & Signal Processing

ECEN 410 Multivariate Random Processes

ECEN 325 Communication and Networking

ECEN 462 core Communications Systems

ECEN 424/ECEN 463 core Digital Signal Processing/Digital Signal Processing

ECEN 464 Digital Communication Systems

ECEN 465 Intro Data Compression

Electromagnetic Fields and Optics

ECEN 408 core Engineering Electromagnetics

ECEN 468 Microwave Engineering

ECEN 479 Optical Fiber Communications

ECEN 480 Introduction to Lasers and Laser applications

ECEN 486 Applied Photonics

Electronics

ECEN 310/ ECEN 474 core Digital Design and Interfacing/Digital Systems

ECEN 352/ECEN 361 core Electronic Circuits II/Advanced Electronics and Circuits

<sup>1</sup> CMST 1110 may be substituted for ENGR 100

<sup>2</sup> ECEN 213 may be substituted for ECEN 215

<sup>3</sup> ECEN 218 may be substituted for ECEN 235

<sup>4</sup> ECEN 214 may be substituted for ECEN 216

|  |                                   |
|--|-----------------------------------|

| ECEN 466 core                              | Telecommunications Engineering I  |

Of the 12 credit hours required in an emphasis area which are referred to as "EE Option Technical Electives", 6 credit hours must be taken from one of the eight EE emphasis areas listed. This must include at least one Core Course in that area.

In addition, at least one 3 credit hour course from a different EE emphasis area must be taken. The remaining 3 credits may be satisfied by any non-

required 3000- or 4000-level ECEN course except ECEN 399 Undergraduate Research.

The remaining 13 credit hours of technical electives which are referred to as "EE or other Technical Electives" may be taken from any 3000- or 4000-level course offering (with the exception of those listed below) in the Department of Electrical and Computer Engineering or in any other engineering department within the College of Engineering at UNL, or in the UNO Departments of Biology, Chemistry, Computer Science, Mathematics, or Physics or in the UNL Departments of Biological Sciences, Chemistry, Computer Science and Engineering, Mathematics, Statistics, or Physics and Astronomy.

## Not Allowed 300- and 400-Level Technical Electives

ENGR 469 Technology, Science and Civilization

BIOL 3500 Biological Principles of Aging

CSCI 3710 Introduction to Digital Design and Computer Organization

STAT 3000 Statistical Methods I

UNL BIOS 310 School of Biological Sciences Seminar

UNL IMSE 305 Introduction to Engineering Management

MATH 4980 Seminar or UNL MATH 495 (<http://bulletin.unl.edu/undergraduate/courses/MATH/495/>) Seminar

UNL MATH 496 (<http://bulletin.unl.edu/undergraduate/courses/MATH/496/>) Seminar in Mathematics

or any other seminar-type courses.

## Allowed 100 and 200 Level Technical Electives

UNL AGEN 225 (<http://bulletin.unl.edu/undergraduate/courses/AGEN/225/>) Engineering Properties of Biological Materials (BSEN 225 (<http://bulletin.unl.edu/undergraduate/courses/BSEN/225/>))

PHYS 4350 Astrophysics or ASTR 204 Introduction to Astronomy & Astrophysics

UNL ASTR 224 (<http://bulletin.unl.edu/undergraduate/courses/ASTR/224/>) Astronomy & Astrophysics Lab

BIOL 2140 Genetics or UNL BIOS 206 (<http://bulletin.unl.edu/undergraduate/courses/BIOS/206/>) General Genetics

BIOL 2740 Human Physiology and Anatomy I or UNL BIOS 213 (<http://bulletin.unl.edu/undergraduate/courses/BIOS/213/>) Human Physiology

CHEM 1190 General Chemistry II and CHEM 1194 General Chemistry II Laboratory or UNL CHEM 110 (<http://bulletin.unl.edu/undergraduate/courses/CHEM/110/>) General Chemistry II

CHEM 1190 General Chemistry II or UNL CHEM 114 (<http://bulletin.unl.edu/undergraduate/courses/CHEM/114/>) Fundamental Chemistry II

Any 2000 level chemistry course or UNL CHEM 2xx

CSCI 1620 Introduction to Computer Science II or UNL CSCE 156 (<http://bulletin.unl.edu/undergraduate/courses/CSCE/156/>) Computer Science II

MATH 2030 Discrete Mathematics or UNL CSCE 235 (<http://bulletin.unl.edu/undergraduate/courses/CSCE/235/>) Introduction to Discrete Structures

UNL CSCE 251 (<http://bulletin.unl.edu/undergraduate/courses/CSCE/251/>)  
Unix Programming Environment

UNL MATL 260 (<http://bulletin.unl.edu/undergraduate/courses/MATL/260/>)  
Elements of Materials Science

UNL MATL 262 (<http://bulletin.unl.edu/undergraduate/courses/MATL/262/>)  
Materials Lab I

MECH 223 Engineering Statics

MECH 200 Engineering Thermodynamics

No more than a total of 3 credit hours may be taken in ECEN 399 or similar offerings from other departments.

However, students can choose a "Research Option." The purpose of research option is to provide research experiences and offer opportunities for students to work with a faculty advisor on a specific research topic. A certificate of completion of thesis will be awarded to the students, and outstanding thesis awards will be presented at the end of semester functions. Requirements for the research option are listed below.

## Research Option

1. Selection of a faculty advisor (ECE department faculty), research topic, and thesis committee (at least one other faculty).
2. Registration for 6 credit hours of undergraduate research (ECEN 399) over at least two consecutive semesters on the same research topic.
3. GPA of above 3.0.
4. Write an undergraduate thesis or report and make an oral presentation to be graded by thesis committee members.

## Science Electives

BIOL 1450 BIOLOGY I (5 cr) or UNL LIFE 120 and LIFE 120L  
FUNDAMENTALS OF BIOLOGY I

CHEM 1180 (3 cr) and CHEM 1184 (1 cr) or UNL CHEM 109 or CHEM 111 or CHEM 113

PHYS 2130 (4 cr) or UNL PHYS 213

# Environmental Engineering, Bachelor of Science

The Department of Civil and Environmental Engineering offers a complete environmental engineering undergraduate program to students on the Lincoln and Omaha campuses of the University of Nebraska. Curriculum requirements are nearly identical on both campuses. The goal is to prepare students for entry into the environmental engineering profession immediately after graduation or to pursue graduate-level studies.

The general educational objectives of the University of Nebraska–Lincoln environmental engineering undergraduate program are to prepare our graduates so that, with a UNL BS ENVE degree, a few years beyond graduation, alumni will:

- Be employed in environmental engineering or a closely related field and successfully pursue professional licensure; or, graduates will be pursuing an advanced degree in environmental engineering, a closely related field or professional education in engineering, medicine, business, or law.
- Contribute to society and address societal and environmental needs through engagement in professional, community, or service organizations.

- Agree that the environmental engineering program prepared them for success in their careers in terms of knowledge and skillsets as embodied in the program and the Complete Engineer™ Initiative.

The professional discipline of environmental engineering is defined as the application of engineering principles to improve and maintain the environment for the protection of human health, for the protection of nature's beneficial ecosystems, and for environment-related enhancement of the quality of human life. In all professional endeavors, the environmental engineer must consider ecological effects as well as the social, economic, and political needs of people.

The environmental engineer devises solutions for topics ranging from water and air pollution control and treatment, drinking water supply, wastewater management, solid waste management, public health, water resources management, sustainable design, and industrial ecology. Environmental engineers focus on minimizing the impacts of air, water, and land pollution, minimizing waste production, maximizing the use of renewable energy in environmental systems, and protecting the environment.

Instructional emphasis is placed on fundamental engineering principles derived from mathematics, chemistry, physics, biology, earth science, and engineering science. These subjects provide a sound background for the subsequent introductory courses in environmental engineering, water resources engineering, fate and transport, process design, and sustainable design. Students are introduced to design concepts in the freshman year. Design is incorporated throughout the curriculum that culminates in two senior-level courses, ENVE 401 Environmental Engineering Design I and ENVE 402 Environmental Design II.

Instructional laboratories in that provide experiences with more than one media (water, soil, and air) in environmental engineering provide each student with an opportunity to learn, through individual participation.

## Learning Outcomes

Graduates of the environmental engineering program will have:

1. An ability to identify, formulate, and solve complex engineering problems by applying principles of engineering, science, and mathematics.
2. An ability to apply engineering design to produce solutions that meet specified needs with consideration of public health, safety, and welfare, as well as global, cultural, social, environmental, and economic factors.
3. An ability to communicate effectively with a range of audiences.
4. An ability to recognize ethical and professional responsibilities in engineering situations and make informed judgments, which must consider the impact of engineering solutions in global, economic, environmental, and societal contexts.
5. An ability to function effectively on a team whose members together provide leadership, create a collaborative and inclusive environment, establish goals, plan tasks, and meet objectives.
6. An ability to develop and conduct appropriate experimentation, analyze and interpret data, and use engineering judgment to draw conclusions.
7. An ability to acquire and apply new knowledge as needed, using appropriate learning strategies.

The above student outcomes have been approved by the ABET Engineering Area Delegation for use beginning with the 2019-20 academic year, and have been adopted by the faculty of the Department of Civil and Environmental Engineering.

## Criteria for Professional Admission to the Environmental Engineering Degree Program

Students are expected to meet minimum college entrance requirements. After being admitted to the college as pre-environmental engineering students, students wishing to pursue a degree in environmental engineering must further be admitted to the degree program. Students who have completed 43 credit hours applicable to their environmental engineering degree are considered for formal admission to the environmental engineering degree program. Transfer students must have at least 12 credit hours of coursework from the University of Nebraska–Lincoln on record before an application will be considered. Students must receive a grade of C or better in the following classes to be professionally admitted to the environmental engineering program:

CHEM 1180 General Chemistry I and CHEM 1184 General Chemistry I Laboratory ;

MATH 1950 Calculus I , MATH 1960 Calculus II , and MATH 2350 Differential Equations ;

CIST 1600 Introduction to Programming Using Practical Scripting ;

PHYS 2110 General Physics I ;

MECH 223 MECH 223 Engineering Statics, and MECH 325 MECH 325 Mechanics of Elastic Bodies or MECH 373 MECH 373 Engineering Dynamics.

### PLEASE NOTE

This document represents a SAMPLE 4-year plan for degree completion with this major. Actual course selection and sequence may vary and should be discussed individually with your college or department academic advisor. Advisors also can help you plan other experiences to enrich your undergraduate education such as internships, education abroad, undergraduate research, learning communities, and service learning and community-based learning.

Students must have completed the equivalent of the fourth semester before admission to the environmental engineering program. Transfer students must have all transfer hours accepted before being considered for the degree program.

| Course                              | Title   | Credits   |
|-------------------------------------|---|-----------|
| <b>First Semester</b>               |   |           |

## Major Requirements

### Requirements for the Degree of Bachelor of Science in Environmental Engineering

The BS degree in environmental engineering is offered on both the Lincoln and Omaha campuses. Degree Requirements - 125 hours

# Engineering Leadership Minor

## Description

### Overview and Purpose

Open to College of Engineering students only.

The engineering leadership minor provides College of Engineering students an opportunity to focus on building leadership, management, teamwork and interpersonal skills needed to solve many of our societal challenges. Courses provide developmental skills with experiential learning to enhance personal growth, improve practice, and provide frameworks for continued application of concepts in these areas. Courses explore strategies and skills for effective leadership in the engineering profession, and the working world, and for building relationships.

The minor includes leadership courses led by faculty in the College of Engineering and faculty in the Department of Agricultural Leadership, Education and Communication.

The minor contributes to the National Academy of Engineers call to expose engineering students to formal studies of leadership development (NAE, 2004) and the College of Engineering's mission to graduate "Complete Engineers." The leadership minor provides the framework around the technical skills and coursework to achieve the ABET Outcomes:

1. an ability to identify, formulate, and solve complex engineering problems by applying principles of engineering, science, and mathematics.
2. an ability to apply engineering design to produce solutions that meet specified needs with consideration of public health, safety, and welfare, as well as global, cultural, social, environmental, and economic factors.
3. an ability to communicate effectively with a range of audiences.
4. an ability to recognize ethical and professional responsibilities in engineering situations and make informed judgments, which must consider the impact of engineering solutions in global, economic, environmental, and societal contexts.
5. an ability to function effectively on a team whose members together provide leadership, create a collaborative and inclusive environment, establish goals, plan tasks, and meet objectives.
6. an ability to develop and conduct appropriate experimentation, analyze and interpret data, and use engineering judgment to draw conclusions.
7. an ability to acquire and apply new knowledge as needed, using appropriate learning strategies.

## Admission

Open to students in the College of Engineering only.

## College Requirements

### College Admission

### College Entrance Requirements

Students must have high school credit for (one unit is equal to one high school year):

1. Mathematics – 4 units: 2 of algebra, 1 of geometry, and 1 of precalculus and trigonometry
2. English – 4 units
3. Natural sciences – 3 units that must include 1 unit of physics and 1 unit of chemistry (chemistry requirement waived for students in construction management or computer science)
4. Foreign language – 2 units of a single foreign language
5. Social studies – 3 units

6. Students having a composite ACT score of 28 or greater (or equivalent SAT score) will be admitted to the College of Engineering even if they lack any one of the following: trigonometry, chemistry, or physics. Students without test scores who are missing a full unit of trigonometry/pre-calculus/calculus or chemistry or physics will be evaluated through College Review.

A total of 16 units is required for admission.

Engineering requires that student performance meet one of the following standards: composite ACT of 24, SAT of 1180, ACT Math subscore of 24, SAT Math subscore of 580, or a 3.5 cumulative GPA.

Any domestic first-year student who does not gain admission to Engineering but does gain admission to the University of Nebraska-Lincoln (UNL) will be reviewed through College Review. College Review is conducted through the College Review Committee which considers factors beyond standardized testing. Any first-year student who is not admitted through college review is placed in Pre-Engineering (PENG) with the Exploratory and Pre-Professional Advising Center (Explore Center). Students in the Explore Center can transfer to the College of Engineering once college admission requirements are met.

Students for whom English is not their language of nurture must meet the minimum English proficiency requirements of the University.

Students who lack entrance units may complete precollege training by Independent Study through the University of Nebraska-Lincoln Office of On-line and Distance Education, in summer courses, or as a part of their first or second semester course loads while in the Explore Center or other colleges at UNL.

Students should consult their advisor, their department chair, or Engineering Student Services (ESS) if they have questions on current policies.

## Other Admission Requirements

Students who transfer to the University of Nebraska-Lincoln from other accredited colleges or universities and wish to be admitted to the College of Engineering (COE) must meet COE first-year student entrance requirements, have a minimum cumulative GPA of 2.5, and be calculus-ready. Students not meeting either of these requirements must enroll in the Explore Center or another University college until they meet COE admission requirements. Students transferring from UNO, UNL, or UNK to the College of Engineering must be in good academic standing with their institution.

The COE accepts courses for transfer for which a C or better grade was received. Although the University of Nebraska-Lincoln accepts D grades from the University of Nebraska Kearney and the University of Nebraska Omaha, not all majors in the COE accept such low grades. Students must conform to the requirements of their intended major and, in any case, are strongly encouraged to repeat courses with a grade of C- or less.

Students who were previously admitted to COE and are returning to the College of Engineering must demonstrate a cumulative GPA of 2.5 to be readmitted to COE.

## College Degree Requirements

### Grade Rules

### Grade Appeals

In the event of a dispute involving any college policies or grades, the student should appeal to their instructor, and appropriate department chair or school director (in that order). If a satisfactory solution is not achieved, the student may appeal their case through the College Academic Appeals Subcommittee.

## Catalog Rule

Students must fulfill the requirements stated in the catalog for the academic year in which they are first admitted at the University of Nebraska-Lincoln. In consultation with advisors, a student may choose to follow a subsequent catalog for any academic year in which they are admitted to and enrolled as a degree-seeking student at Nebraska in the College of Engineering. Students must complete all degree requirements from a single catalog year. The catalog which a student follows for degree requirements may not be more than 10 years old at the time of graduation.

Students who have transferred from a community college may be eligible to fulfill the requirements as stated in the catalog for an academic year in which they were enrolled at the community college prior to attending the University of Nebraska-Lincoln. # This decision should be made in consultation with the student's College of Engineering academic advising team (e.g., ESS professional advisor and the chief faculty advisor for the student's declared degree program). # The chief faculty advisor has the final authority for this decision. Eligibility is based on a) enrollment in a community college during the catalog year the student wishes to utilize, b) maintaining continuous enrollment of at least 12 credit hours per semester at the previous institution for at least 2 semesters, and c) continuous enrollment at the University of Nebraska-Lincoln within 1 calendar year from the student's last term at the previous institution. # Students must complete all degree requirements from a single catalog year and within the timeframe allowable for that catalog year.

## Requirements

The engineering leadership minor is an interdisciplinary program; providing course offerings through the College of Engineering (COE) and the Department of Agricultural Leadership, Education and Communication (ALEC) at the University of Nebraska - Lincoln (UNL). To successfully complete the minor, students are required to complete 18 credit hours in leadership and professional development; 9 of which come from engineering leadership and management courses. Many of the ALEC courses are available as online courses. All ALEC courses are taught at the UNL.

## Courses

| Code  | Title  | Credits  |
|---|--|----------|
| <b>ENGR Leadership &amp; Management Courses (9 credit hours required)</b> |  |          |
| ENGR 100  | INTERPERSONAL SKILLS FOR ENGINEERING LEADERS (ACE 2)               | 3        |
| ENGR 200  | PROFESSIONALISM & GLOBAL PERSPECTIVE (ACE 6 & 9)                   | 3        |
| ENGR 320  | LEADERSHIP, MANAGEMENT, AND ETHICS                                 | 3        |
| <b>Leadership Courses (9 credit hours required)</b>                       |  | <b>9</b> |
| Select one or two theory-based courses from the following:                |  |          |
| ALEC 202  | FOUNDATION OF LEADERSHIP THEORY & PRACTICE                         |          |
| ALEC 302  | DYNAMICS OF EFFECTIVE LEADERSHIP IN ORGANIZATIONS                  |          |
| ALEC 455  | DYNAMICS OF EFFECTIVE LEADERSHIP IN GROUPS & TEAMS <sup>1</sup>    |          |
| ALEC 477  | LEADERSHIP & MOTIVATION  |          |
| Select one or two application courses from the following:                 |  |          |
| ALEC 407  | SUPERVISORY LEADERSHIP   |          |
| ALEC 410  | ENVIRONMENTAL LEADERSHIP <sup>1</sup>                              |          |
| ALEC 422  | FACILITATION & PROJECT PLANNING <sup>1</sup>                       |          |
| ALEC 466  | LEADERSHIP & DIVERSITY IN ORGANIZATIONS & COMMUNITIES <sup>1</sup> |          |
| <b>Experiential Learning in Leadership (0 -3 cr hrs)</b>                  |  |          |

|                      |   |           |
|----------------------|---|-----------|
| ALEC 337             | INSTRUCTIONAL INTERNSHIP IN LEADERSHIP DEVELOPMENT <sup>2</sup> |           |
| <b>Total Credits</b> |   | <b>18</b> |

<sup>1</sup> Note that junior standing is required for these courses.

<sup>2</sup> Credit received for being an undergraduate teaching assistant at the selection of the instructor.

### Additional Minor Requirements

All courses must be completed with a Pass, or grade of C or higher.

Up to 6 credit hours may be taken as Pass/No Pass.

## Environmental Engineering Minor

### Grade Rules

#### C- and D Grades

All courses must be completed with a grade of D- or higher.

#### Pass/No Pass Limits

No course taken Pass/No Pass will be counted toward the minor.

## International Engineering Minor Description

This minor is for engineering majors ONLY.

This minor is designed to encourage and recognize undergraduate students who enhance their engineering education with courses and experiences consistent with the global nature of engineering and the economy.

The College of Engineering enables its students to participate in this approved minor subject to the following conditions:

1. A minor will not reduce or alter the existing course or degree requirements for students electing to pursue a minor.
2. A student's minor program must be organized and approved by an advisor prior to the submission of the senior check to the department chair or head.
3. The minor must be approved by the advisor, the department chair or head, the Dean, and the cognizant program offering the minor.
4. The College of Engineering will follow the "Plan A/B" format of the UNL College of Arts and Sciences in which a student pursuing a single minor must complete the "Plan A" requirements. A student pursuing a double (or greater) minor must fulfill either the "Plan A" or "Plan B" requirements for both minors depending on which plan is offered by the cognizant department.

## College Requirements

### College Admission

#### College Entrance Requirements

Students must have high school credit for (one unit is equal to one high school year):

1. Mathematics – 4 units: 2 of algebra, 1 of geometry, and 1 of precalculus and trigonometry
2. English – 4 units
3. Natural sciences – 3 units that must include 1 unit of physics and 1 unit of chemistry (chemistry requirement waived for students in construction management or computer science)
4. Foreign language – 2 units of a single foreign language
5. Social studies – 3 units
6. Students having a composite ACT score of 28 or greater (or equivalent SAT score) will be admitted to the College of Engineering even if they lack any one of the following: trigonometry, chemistry, or physics. Students without test scores who are missing a full unit of trigonometry/pre-calculus/calculus or chemistry or physics will be evaluated through College Review.

A total of 16 units is required for admission.

Engineering requires that student performance meet one of the following standards: composite ACT of 24, SAT of 1180, ACT Math subscore of 24, SAT Math subscore of 580, or a 3.5 cumulative GPA.

Any domestic first-year student who does not gain admission to Engineering but does gain admission to the University of Nebraska-Lincoln (UNL) will be reviewed through College Review. College Review is conducted through the College Review Committee which considers factors beyond standardized testing. Any first-year student who is not admitted through college review is placed in Pre-Engineering (PENG) with the Exploratory and Pre-Professional Advising Center (Explore Center). Students in the Explore Center can transfer to the College of Engineering once college admission requirements are met.

Students for whom English is not their language of nurture must meet the minimum English proficiency requirements of the University.

Students who lack entrance units may complete precollege training by Independent Study through the University of Nebraska-Lincoln Office of On-line and Distance Education, in summer courses, or as a part of their first or second semester course loads while in the Explore Center or other colleges at UNL.

Students should consult their advisor, their department chair, or Engineering Student Services (ESS) if they have questions on current policies.

## Other Admission Requirements

Students who transfer to the University of Nebraska-Lincoln from other accredited colleges or universities and wish to be admitted to the College of Engineering (COE) must meet COE first-year student entrance requirements, have a minimum cumulative GPA of 2.5, and be calculus-ready. Students not meeting either of these requirements must enroll in the Explore Center or another University college until they meet COE admission requirements. Students transferring from UNO, UNL, or UNK to the College of Engineering must be in good academic standing with their institution.

The COE accepts courses for transfer for which a C or better grade was received. Although the University of Nebraska-Lincoln accepts D grades from the University of Nebraska Kearney and the University of Nebraska Omaha, not all majors in the COE accept such low grades. Students must conform to the requirements of their intended major and, in any case, are strongly encouraged to repeat courses with a grade of C- or less.

Students who were previously admitted to COE and are returning to the College of Engineering must demonstrate a cumulative GPA of 2.5 to be readmitted to COE.

## College Degree Requirements

### Grade Rules

### Grade Appeals

In the event of a dispute involving any college policies or grades, the student should appeal to their instructor, and appropriate department chair or school director (in that order). If a satisfactory solution is not achieved, the student may appeal their case through the College Academic Appeals Subcommittee.

## Catalog Rule

Students must fulfill the requirements stated in the catalog for the academic year in which they are first admitted at the University of Nebraska-Lincoln. In consultation with advisors, a student may choose to follow a subsequent catalog for any academic year in which they are admitted to and enrolled as a degree-seeking student at Nebraska in the College of Engineering. Students must complete all degree requirements from a single catalog year. The catalog which a student follows for degree requirements may not be more than 10 years old at the time of graduation.

Students who have transferred from a community college may be eligible to fulfill the requirements as stated in the catalog for an academic year in which they were enrolled at the community college prior to attending the University of Nebraska-Lincoln.<sup>#</sup> This decision should be made in consultation with the student's College of Engineering academic advising team (e.g., ESS professional advisor and the chief faculty advisor for the student's declared degree program).<sup>#</sup> The chief faculty advisor has the final authority for this decision. Eligibility is based on a) enrollment in a community college during the catalog year the student wishes to utilize, b) maintaining continuous enrollment of at least 12 credit hours per semester at the previous institution for at least 2 semesters, and c) continuous enrollment at the University of Nebraska-Lincoln within 1 calendar year from the student's last term at the previous institution. <sup>#</sup> Students must complete all degree requirements from a single catalog year and within the timeframe allowable for that catalog year.

## Requirements for Minor Offered by Department Plan A (18 credits)

1. Twelve (12) credit hours of courses in international engineering and internationally related courses.

- a. A minimum of 3 credit hours must be ENGR 490 (<https://nextcatalog.unl.edu/search/?P=ENGR%20490>) Global Experiences or a 3-credit education abroad course from another University of Nebraska-Lincoln college (such as AGRI 310 (<https://nextcatalog.unl.edu/search/?P=AGRI%20310>) Study Tours in International Agriculture or BSAD 491 (<https://nextcatalog.unl.edu/search/?P=BSAD%20491>) International Studies in Business and Economics) or from another university. Substitution for ENGR 490 (<https://nextcatalog.unl.edu/search/?P=ENGR%20490>) with related COE courses, participation in a study abroad experience, or courses from another college or university must be pre-approved by the Engineering Student Services office. International students should meet this requirement in countries other than their own or the U.S.
- b. At least one of the following internationally-related economics, development, leadership, marketing, or trade courses:

| Code      | Title   | Credits |
|-----------|---|---------|
| AECN 346  | World Food Economics <sup>1</sup>                             | 3       |
| AECN 367  | Agricultural Development in Developing Countries <sup>1</sup> | 3       |
| AECN 420  | International Food and Agricultural Trade <sup>1</sup>        | 3       |
| ECON 3600 | INTRODUCTION TO INTERNATIONAL ECONOMICS                       | 3       |
| MGMT 414  | International Management <sup>1</sup>                         | 3       |

<sup>1</sup> This course is offered at UNL. Complete an Intercampus Application to enroll in this course through UNL.

1. a.
2. A maximum of 3 credits from special problems (projects) or honors thesis-type courses (e.g., departmental 3900, 3960, 3980, 3990, 4910, 4980, 4990 courses) may be used toward the 12-credit requirement.
3. Elective courses to complete the 12-credit requirement must be chosen from the list of courses maintained by the College of Engineering Student Services office.
4. A minimum of 3 credit hours, not including (a) through (c) above, must be in 2000-level courses or above.
5. A maximum of 6 credit hours may be taken Credit/No Credit.

6. Six (6) credit hours of modern language consisting of at least two courses. Entry-level modern language courses (such as the 5-credit 1010 and 1020 courses at the University of Nebraska Omaha) that are used to remove a University of Nebraska–Lincoln entrance deficiency in modern languages may not be used to satisfy this requirement. International students may not use modern language courses of origin in their native (first) language. Where modern language courses exceed 3 credits, a maximum of 3 total credits each will apply to the Plan A minor. These courses may not be taken Credit/No Credit.

Plan B (12 credits)

1. Nine (9) credit hours of courses in international engineering and internationally related courses.
- a. A minimum of 3 credit hours must be ENGR 490 (<https://nextcatalog.unl.edu/search/?P=ENGR%20490>) Global Experiences or a 3-credit education abroad course from another University of Nebraska college (such as AGRI 310 (<https://nextcatalog.unl.edu/search/?P=AGRI%20310>) Study Tours in International Agriculture or BSAD 491 (<https://nextcatalog.unl.edu/search/?P=BSAD%20491>) International Studies in Business and Economics) or from another university. Substitution for ENGR 490 (<https://nextcatalog.unl.edu/search/?P=ENGR%20490>) with related COE courses, participation in a study abroad experience, or courses from another college or university must be pre-approved by the Engineering Student Services office. International students should meet this requirement in countries other than their own or the U.S.
  - b. At least one of the following internationally related economics, development, leadership, marketing, or trade courses:
    - i.

| 1. Code   | Title  | Credits |
|-----------|--|---------|
| AECN 346  | World Food Economics <sup>1</sup>                                  | 3       |
| AECN 367  | Agricultural Development in Developing Countries <sup>1</sup>      | 3       |
| AECN 420  | International Food and Agricultural Trade <sup>1</sup>             | 3       |
| AECN 425  | Agricultural Marketing in a Multinational Environment <sup>1</sup> | 3       |
| ECON 3600 | INTRODUCTION TO INTERNATIONAL ECONOMICS                            | 3       |
| MGNT 414  | International Management <sup>1</sup>                              | 3       |

1. <sup>1</sup> This course is offered at UNL. Complete an Intercampus Application to enroll in this course through UNL.
1. a. i.
- b. A maximum of 3 credits from special problems (projects) or honors thesis type courses (e.g., departmental 3900, 3960, 3980, 3990, 4910, 4980, 4990 courses) may be used toward the 9 credit requirement.
  - c. Elective courses to complete the 9-credit requirement must be chosen from the list of courses maintained by the College of Engineering Student Services office.
  - d. A minimum of 3 credit hours, not including (a) through (c) above, must be in 2000-level courses or above.
  - e. A maximum of 6 credit hours may be taken Credit/No Credit.
2. Three (3) credit hours of modern language coursework. Entry-level modern language courses (such as the 5-credit 1010 and 1020 courses at the University of Nebraska) that are used to remove a University of Nebraska–Lincoln entrance deficiency in modern languages may not be used to satisfy this requirement. International students may not

use modern language courses of origin in their native (first) language. Where modern language courses exceed 3 credits, a maximum of 3 total credits each will apply to the Plan B minor. This course may not be taken Credit/No Credit.

Pre-Engineering

Two years of course work applicable to Bachelor of Science degrees in Agricultural Engineering, Biological Systems Engineering, and Mechanical Engineering are provided on the Scott Campus in Omaha.

The courses listed under each pre-engineering program are similar in content to equivalent courses at the University of Nebraska-Lincoln, allowing for maximum transferability of credit.

Students should select courses at UNO that meet degree requirements as stated in the Catalog of the institution to which they plan to transfer.

For more information, please call 402.554.3562

Programs Offered

- Pre-Agricultural Engineering (p. 632)
- Pre-Biological Systems Engineering (p. 633)
- Pre-Mechanical Engineering (p. 634)

Pre-Agricultural Engineering

Agricultural engineering (AGEN) is one of two engineering degree programs offered in the Department of Biological Systems Engineering at UNL. AGEN students emphasize coursework in one of three engineering areas: machine design, test, or soil and water resources. Thus, some agricultural engineers are involved in the analysis and design of field machinery systems and machine components through study of the principles of mechanical design, joining techniques, hydraulics, controls, ergonomics, and safety. Others are evaluating machine or mechanical system functional performance based on study of test procedure standards, measurements, data acquisition, electronic communication and statistics, and practical experience gained at the Nebraska Tractor Test Laboratory. Still others are analyzing and designing soil and water management-related infrastructure as aided through study of irrigation, drainage, erosion and runoff control techniques, crop tillage and cultivation practices, and natural resources management. Job opportunities for graduates are available in industry, public agencies, consulting, and private practice.

Students choosing the pre-agricultural engineering program on the Scott Campus in Omaha should be aware that there are five courses in the first two years (AGEN 100, AGEN 112, AGEN 225, AGEN 260, and MSYM 232); 12 total credit hours) for which there are no equivalents on the Scott Campus. AGEN 100 will be waived for students in the pre-agricultural engineering program who transfer to Lincoln to complete their degree program. This waiver doesn't reduce the minimum number of required credits to earn the degree.

Requirements

| Course                | Title  | Credits |
|-----------------------|--|---------|
| <b>First Year</b>     |  |         |
| <b>First Semester</b> |  |         |
| MATH 1950             | CALCULUS I                                   | 5       |
| CHEM 1180             | GENERAL CHEMISTRY I                          | 3       |
| CHEM 1184             | GENERAL CHEMISTRY I LABORATORY               | 1       |
| ENGR 100              | INTERPERSONAL SKILLS FOR ENGINEERING LEADERS | 3       |
| ENGR 10               | FRESHMAN ENGINEERING SEMINAR                 | 0       |

|                           |  |           |
|---------------------------|--|-----------|
| CSCI 2240                 | INTRODUCTION TO C PROGRAMMING  | 3         |
| <b>Credits</b>            |  | <b>15</b> |
| <b>Second Semester</b>    |  |           |
| MATH 1960                 | CALCULUS II  | 4         |
| CHEM 1190                 | GENERAL CHEMISTRY II   | 3         |
| CHEM 1194                 | GENERAL CHEMISTRY II LABORATORY                                      | 1         |
| PHYS 2110                 | GENERAL PHYSICS I - CALCULUS LEVEL                                   | 4         |
| ACE Elective <sup>1</sup> |  | 3         |
| <b>Credits</b>            |  | <b>15</b> |
| <b>Second Year</b>        |  |           |
| <b>First Semester</b>     |  |           |
| MATH 1970                 | CALCULUS III   | 4         |
| PHYS 2120                 | GENERAL PHYSICS-CALCULUS LEVEL                                       | 4         |
| MECH 223                  | ENGINEERING STATICS  | 3         |
| CONE 206                  | ENGINEERING ECONOMICS  | 3         |
| ECEN 211                  | ELEMENTS OF ELECTRICAL ENGINEERING                                   | 3         |
| ENGR 20                   | SOPHOMORE ENGINEERING SEMINAR  | 0         |
| <b>Credits</b>            |  | <b>17</b> |
| <b>Second Semester</b>    |  |           |
| MATH 2350                 | DIFFERENTIAL EQUATIONS   | 3         |
| MECH 373                  | ENGINEERING DYNAMICS   | 3         |
| ACE Elective <sup>1</sup> |  | 3         |
| MECH 200                  | ENGINEERING THERMODYNAMICS   | 3         |
| ENGL 3980                 | TECHNICAL WRITING ACROSS THE DISCIPLINES (ACE Elective) <sup>1</sup> | 3         |
| ACE Elective <sup>1</sup> |  | 3         |
| <b>Credits</b>            |  | <b>18</b> |
| <b>Total Credits</b>      |  | <b>65</b> |

Other courses available:

| Code                      | Title  | Credits |
|---------------------------|--|---------|
| BIOL 1020                 | PRINCIPLES OF BIOLOGY                          | 4       |
| CIVE 310                  | FLUID MECHANICS                                | 3       |
| STAT 3800                 | APPLIED ENGINEERING PROBABILITY AND STATISTICS | 3       |
| ACE Elective <sup>1</sup> |  | 3       |

<sup>1</sup> Ace elective: Selected from ACE elective (SLO 5, 6, 7, or 9) list.

<sup>2</sup> ENGL 3980: EPPE sophomore level placement or successful completion of ENGL 1160/ENGL 1164 required.

## Pre-Biological Systems Engineering

Biological Systems Engineering (BSEN) brings engineering to life by working with living systems and applying engineering, biology, and mathematics to improve lives and our world. Biological systems engineers are trained to solve problems in biomedical engineering, environmental and water resources engineering, and food and bioprocess engineering. Students who choose pre-biological systems engineering on the Scott Campus in Omaha, should be aware that there are three courses in the first two years (BSEN 100, BSEN 112, BSEN 225; six total credit hours) for which there are no equivalents on the Scott Campus. BSEN 100 will be waived for students in the pre-biological systems engineering program who transfer to Lincoln to complete their degree program. This waiver doesn't reduce the minimum number of required credits to earn the degree.

## Requirements

| Course                    | Title  | Credits   |
|---------------------------|--|-----------|
| <b>First Year</b>         |  |           |
| <b>First Semester</b>     |  |           |
| MATH 1950                 | CALCULUS I                                     | 5         |
| CHEM 1180                 | GENERAL CHEMISTRY I                            | 3         |
| CHEM 1184                 | GENERAL CHEMISTRY I LABORATORY                 | 1         |
| ENGR 100                  | INTERPERSONAL SKILLS FOR ENGINEERING LEADERS   | 3         |
| ENGR 10                   | FRESHMAN ENGINEERING SEMINAR                   | 0         |
| CSCI 2240                 | INTRODUCTION TO C PROGRAMMING                  | 3         |
| <b>Credits</b>            |  | <b>15</b> |
| <b>Second Semester</b>    |  |           |
| MATH 1960                 | CALCULUS II                                    | 4         |
| CHEM 1190                 | GENERAL CHEMISTRY II                           | 3         |
| CHEM 1194                 | GENERAL CHEMISTRY II LABORATORY                | 1         |
| PHYS 2110                 | GENERAL PHYSICS I - CALCULUS LEVEL             | 4         |
| ACE Elective <sup>1</sup> |  | 3         |
| <b>Credits</b>            |  | <b>15</b> |
| <b>Second Year</b>        |  |           |
| <b>First Semester</b>     |  |           |
| MATH 1970                 | CALCULUS III                                   | 4         |
| BIOL 1450                 | BIOLOGY I <sup>2</sup>                         | 5         |
| CHEM 2210                 | FUNDAMENTALS OF ORGANIC CHEMISTRY <sup>3</sup> | 4         |
| CHEM 2214                 | FUNDAMENTALS OF ORGANIC CHEMISTRY LABORATORY   | 1         |
| MECH 223                  | ENGINEERING STATICS                            | 3         |
| ENGR 20                   | SOPHOMORE ENGINEERING SEMINAR                  | 0         |
| <b>Credits</b>            |  | <b>17</b> |
| <b>Second Semester</b>    |  |           |
| MATH 2350                 | DIFFERENTIAL EQUATIONS                         | 3         |
| MECH 373                  | ENGINEERING DYNAMICS                           | 3         |
| PHYS 2120                 | GENERAL PHYSICS-CALCULUS LEVEL                 | 4         |
| MECH 200                  | ENGINEERING THERMODYNAMICS                     | 3         |
| CONE 206                  | ENGINEERING ECONOMICS                          | 3         |
| <b>Credits</b>            |  | <b>16</b> |
| <b>Total Credits</b>      |  | <b>63</b> |

<sup>1</sup> ACE electives: Selected from ACE elective (SLO 5 through 9) list.

<sup>2</sup> BIOL 1450: Four of the five hours can be used in BSEN.

<sup>3</sup> CHEM 2210: Three of the four hours can be used in BSEN.

Other courses that can be used to meet BSEN requirements:

| Code      | Title  | Credits |
|-----------|--|---------|
| CIVE 310  | FLUID MECHANICS                                | 3       |
| MECH 200  | ENGINEERING THERMODYNAMICS                     | 3       |
| STAT 3800 | APPLIED ENGINEERING PROBABILITY AND STATISTICS | 3       |
| CHEM 3650 | FUNDAMENTALS OF BIOCHEMISTRY                   | 3       |
| CHEM 3654 | FUNDAMENTALS OF BIOCHEMISTRY LABORATORY        | 1       |

# Pre-Mechanical Engineering

## Description

Mechanical engineers are considered the “general practitioners” of engineering because their education is extremely broad and their services span many interdisciplinary technical, social environmental and economic problems. These engineers deal with a wide realm of motion, all forms of energy conversion and transmission; the flow of fluids and heat; the development, design and operation of machinery and equipment; material structure and properties; and transportation processes. Here, you’ll choose among three major areas: thermal-fluid science engineering, systems and design engineering, and materials science engineering. Your career could include research and development, design of equipment and systems, testing, plant and sales engineering, and management.

## Grade Requirements

A "C" or better is required in the following courses to be considered for the Mechanical Engineering bachelors degree

- MATH 1950
- MATH 1960
- MATH 1970
- PHYS 1180 & 1184
- MECH 223

## Requirements

| Course                                    | Title  | Credits   |
|---|--|-----------|
| <b>First Year</b>                         |  |           |
| <b>First Semester</b>                     |  |           |
| MATH 1950                                 | CALCULUS I   | 5         |
| CHEM 1180                                 | GENERAL CHEMISTRY I  | 3         |
| CHEM 1184                                 | GENERAL CHEMISTRY I LABORATORY   | 1         |

| CIVE 310                  | FLUID MECHANICS | 3       |

# Robotics Engineering Minor

## Description

This interdisciplinary minor prepares students to understand, design, develop, and implement robotic systems. Robotic systems are composed of embedded systems, motor, sensors, actuators, and interfaces requiring an understanding of dynamics, control, sensing, artificial intelligence, human-robot interaction, and embedded computing and programming. Students will prepare for careers in robotic systems and related automated vehicle design, and for related graduate studies. **This minor is available to all majors. Consult with your advisor before declaring this minor.**

The robotics engineering minor is jointly administered by the:

- Electrical and Computer Engineering Department (ECE)
- School of Computing
- Mechanical and Materials Engineering Department (MME)

*Note that the College Entrance Requirements shown below apply only to students in the College of Engineering.*

## College Requirements

### College Admission

### College Entrance Requirements

Students must have high school credit for (one unit is equal to one high school year):

1. Mathematics – 4 units: 2 of algebra, 1 of geometry, and 1 of precalculus and trigonometry
2. English – 4 units
3. Natural sciences – 3 units that must include 1 unit of physics and 1 unit of chemistry (chemistry requirement waived for students in construction management or computer science)
4. Foreign language – 2 units of a single foreign language
5. Social studies – 3 units

6. Students having a composite ACT score of 28 or greater (or equivalent SAT score) will be admitted to the College of Engineering even if they lack any one of the following: trigonometry, chemistry, or physics. Students without test scores who are missing a full unit of trigonometry/pre-calculus/calculus or chemistry or physics will be evaluated through College Review.

A total of 16 units is required for admission.

Engineering requires that student performance meet one of the following standards: composite ACT of 24, SAT of 1180, ACT Math subscore of 24, SAT Math subscore of 580, or a 3.5 cumulative GPA.

Any domestic first-year student who does not gain admission to Engineering but does gain admission to the University of Nebraska-Lincoln (UNL) will be reviewed through College Review. College Review is conducted through the College Review Committee which considers factors beyond standardized testing. Any first-year student who is not admitted through college review is placed in Pre-Engineering (PENG) with the Exploratory and Pre-Professional Advising Center (Explore Center). Students in the Explore Center can transfer to the College of Engineering once college admission requirements are met.

Students for whom English is not their language of nurture must meet the minimum English proficiency requirements of the University.

Students who lack entrance units may complete precollege training by Independent Study through the University of Nebraska-Lincoln Office of On-line and Distance Education, in summer courses, or as a part of their first or second semester course loads while in the Explore Center or other colleges at UNL.

Students should consult their advisor, their department chair, or Engineering Student Services (ESS) if they have questions on current policies.

## Other Admission Requirements

Students who transfer to the University of Nebraska-Lincoln from other accredited colleges or universities and wish to be admitted to the College of Engineering (COE) must meet COE first-year student entrance requirements, have a minimum cumulative GPA of 2.5, and be calculus-ready. Students not meeting either of these requirements must enroll in the Explore Center or another University college until they meet COE admission requirements. Students transferring from UNO, UNL, or UNK to the College of Engineering must be in good academic standing with their institution.

The COE accepts courses for transfer for which a C or better grade was received. Although the University of Nebraska-Lincoln accepts D grades from the University of Nebraska Kearney and the University of Nebraska Omaha, not all majors in the COE accept such low grades. Students must conform to the requirements of their intended major and, in any case, are strongly encouraged to repeat courses with a grade of C- or less.

Students who were previously admitted to COE and are returning to the College of Engineering must demonstrate a cumulative GPA of 2.5 to be readmitted to COE.

## College Degree Requirements

### Grade Rules

### Grade Appeals

In the event of a dispute involving any college policies or grades, the student should appeal to their instructor, and appropriate department chair or school director (in that order). If a satisfactory solution is not achieved, the student may appeal their case through the College Academic Appeals Subcommittee.

## Catalog Rule

Students must fulfill the requirements stated in the catalog for the academic year in which they are first admitted at the University of Nebraska-Lincoln. In consultation with advisors, a student may choose to follow a subsequent catalog for any academic year in which they are admitted to and enrolled as a degree-seeking student at Nebraska in the College of Engineering. Students must complete all degree requirements from a single catalog year. The catalog which a student follows for degree requirements may not be more than 10 years old at the time of graduation.

Students who have transferred from a community college may be eligible to fulfill the requirements as stated in the catalog for an academic year in which they were enrolled at the community college prior to attending the University of Nebraska-Lincoln. # This decision should be made in consultation with the student's College of Engineering academic advising team (e.g., ESS professional advisor and the chief faculty advisor for the student's declared degree program). # The chief faculty advisor has the final authority for this decision. Eligibility is based on a) enrollment in a community college during the catalog year the student wishes to utilize, b) maintaining continuous enrollment of at least 12 credit hours per semester at the previous institution for at least 2 semesters, and c) continuous enrollment at the University of Nebraska-Lincoln within 1 calendar year from the student's last term at the previous institution. # Students must complete all degree requirements from a single catalog year and within the timeframe allowable for that catalog year.

## Grade Rules

### Pass/No Pass

No course taken Pass/No Pass will be counted toward the minor.

## Requirements

The robotics engineering minor consists of three core courses and three elective courses. When selecting electives, the student must take two courses outside of their major area of study. For example, a student in mechanical engineering might take an elective from the School of Computing and one from the Department of Electrical Engineering.

| Code  | Title  | Credits |
|---|--|---------|
| <b>Core Requirements</b>  |  |         |
| Select one course from each of the three following topic areas: |  | 9       |
| <b>Topic Area: Core Programming</b>                             |  |         |
| CSCE 155  | COMPUTER SCIENCE I (version A or E)                          |         |
| CSCE 156  | COMPUTER SCIENCE II  |         |
| ECEN 155E   | COMPUTER SCIENCE I: SYSTEMS ENGINEERING FOCUS                |         |
| ECEN 156  | COMPUTER SCIENCE II  |         |
| CIST 1400   | INTRODUCTION TO COMPUTER SCIENCE I (UNO course) <sup>1</sup> |         |
| <b>Topic Area: Controls</b>                                     |  |         |
| MECH 350  | INTRODUCTION TO DYNAMIC AND CONTROL OF ENGINEERING SYSTEMS   |         |
| ECEN 444  | LINEAR CONTROL SYSTEMS                                       |         |
| ECEN 491  | SPECIAL TOPICS IN ELECTRIC AND COMPUTER ENGINEERING IV       |         |
| <b>Topic Area: Embedded Systems</b>                             |  |         |
| ECEN 106  | MICROPROCESSOR APPLICATIONS                                  |         |
| ECEN 220  | INTRODUCTION TO EMBEDDED SYSTEMS                             |         |
| CSCE 336  | EMBEDDED SYSTEMS   |         |
| MECH 457  | MECHATRONIC SYSTEMS  |         |
| <b>Elective Requirements</b>                                    |  |         |

Select three of the following; two must be outside your department:

|                      |  |           |
|----------------------|--|-----------|
| ECEN 345             | MOBILE ROBOTICS I                                    |           |
| ECEN 400             | ELECTRONIC INSTRUMENTATION                           |           |
| ECEN 428             | POWER ELECTRONICS                                    |           |
| ECEN 433             | MICROPROCESSOR SYSTEM DESIGN                         |           |
| ECEN 435             | EMBEDDED MICROCONTROLLER DESIGN                      |           |
| ECEN 444             | LINEAR CONTROL SYSTEMS                               |           |
| ECEN 460             | LABVIEW PROGRAMMING                                  |           |
| ECEN 462             | COMMUNICATION SYSTEMS                                |           |
| ECEN 498             | SPECIAL TOPICS IN ELECTRICAL ENGINEERING IV          |           |
| CSCE 436             | ADVANCED EMBEDDED SYSTEMS                            |           |
| CSCE 439             | ROBOTICS ALGORITHMS APPLICATIONS                     |           |
| CSCE 473             | COMPUTER VISION                                      |           |
| CSCE 476             | INTRODUCTION TO ARTIFICIAL INTELLIGENCE <sup>1</sup> |           |
| CSCE 4XX             | (SPECIAL TOPICS COURSES ON ROBOTICS)                 |           |
| ECEN 345             | MOBILE ROBOTICS I                                    |           |
| ECEN 433             | MICROPROCESSOR SYSTEM DESIGN                         |           |
| ECEN 435             | EMBEDDED MICROCONTROLLER DESIGN                      |           |
| MECH 342             | KINEMATICS AND DYNAMICS OF MACHINERY                 |           |
| MECH 450             | MECHANICAL ENGINEERING CONTROL SYSTEMS DESIGN        |           |
| MECH 442             | INTERMEDIATE KINEMATICS                              |           |
| MECH 444             | INTERMEDIATE DYNAMICS OF MACHINERY                   |           |
| MECH 449             | ADVANCED DYNAMICS                                    |           |

| <b>Total Credits</b> |  | <b>18</b> |

<sup>1</sup> On the Scott Campus in Omaha, similar courses being offered by CIST could be substituted.

## Construction Construction Degrees

The Charles W. Durham School of Architectural Engineering and Construction offers students an education that opens up a full range of professional opportunities in the construction industry. The two bachelor's degree options, Construction Engineering and Construction Management, are found under the Majors tab.

There is also Construction Management Minor, found under the Minors tab, which is available to engineering, architecture and business majors.

## Degrees Offered

- Construction Engineering, Bachelor of Science (p. 636)
- Construction Management, Bachelor of Science (p. 638)
- Construction Management Minor (p. 640)

9

## Construction Engineering, Bachelor of Science

### Description

Construction engineering (CONE) is a program of the Charles W. Durham School of Architectural Engineering and Construction. The construction engineering major integrates engineering, construction and management courses. This program is designed for persons fulfilling the construction industry's need for licensed professional engineers. It resembles the construction management program but provides a greater emphasis on engineering, scientific, and technical courses to meet requirements for licensure as a professional engineer. The courses focus on the application of engineering principles to solve real-world construction problems. They include instruction in civil engineering, structural principles, material testing and evaluation, project management, computer-assisted design, 3D animation, sustainability, and graphic communication.

The Durham School Construction Engineering program is accredited by the Engineering Accreditation Commission (EAC) of ABET, Inc.

### Program Educational Objectives (PEOs)

1. Professional Achievement: The Construction Engineering program prepares graduates to become Licensed Professional Engineers and Certified Professional Constructors.
2. Career Achievement: The Construction Engineering program prepares graduates to contribute to society by working in an occupation related to the architecture-engineering-construction industry.

Under the stimulus of increasing demand for global services, many Nebraska companies have expanded their reach well beyond U.S. borders. This demand gives the construction engineering graduate an unprecedented number of opportunities for employment—locally, nationally and internationally—and for pursuing an advanced degree at the University of Nebraska—Lincoln or elsewhere.

Construction engineers participate in the preparation of engineering and architectural documents, including specifications, which they translate into finished projects such as buildings for housing, commerce and industry, highways, railroads, waterways, airports, power plants, energy distribution systems, military bases and space center complexes. These projects involve thousands of details shared by a team of owners, architects, engineers, general constructors, specialty constructors, manufacturers, material suppliers, equipment distributors, regulatory bodies and agencies, labor resources and others. The constructor assumes responsibility for delivery of the completed project at a specified time and cost and also accepts associated legal, financial and management obligations. Because of the broad scope of the construction engineer's project responsibility, they must assure the project's constructability as well as its capability to be operated and maintained.

Construction engineering students are required to enroll in a set of courses specifically designed for a general construction education. Each student selects, with the guidance of an advisor, a set of approved electives. The program outlined below leads to the bachelor of science degree in construction engineering.

### Professional Admission Requirements

In order to be professionally admitted into the construction engineering program, students must complete at least 43 credit hours of courses listed in the first two years of the required curriculum with a minimum GPA of 2.5 for those major courses (not necessarily the cumulative GPA).

### Learning Outcomes

Graduates of the construction engineering program will have:

1. An ability to identify, formulate, and solve complex engineering problems by applying principles of engineering, science, and mathematics.
2. An ability to apply engineering design to produce solutions that meet specified needs with consideration of public health, safety, and welfare, as well as global, cultural, social, environmental, and economic factors.
3. An ability to communicate effectively with a range of audiences.
4. An ability to recognize ethical and professional responsibilities in engineering situations and make informed judgments, which must consider the impact of engineering solutions in global, economic, environmental, and societal contexts.
5. An ability to function effectively on a team whose members together provide leadership, create a collaborative and inclusive environment, establish goals, plan tasks, and meet objectives.
6. An ability to develop and conduct appropriate experimentation, analyze and interpret data, and use engineering judgment to draw conclusions.
7. An ability to acquire and apply new knowledge as needed, using appropriate learning strategies.

The above student outcomes have been approved by the ABET Engineering Area Delegation for use beginning with the 2019-20 academic year, and have been adopted by the faculty of the Charles W. Durham School of Architectural Engineering and Construction.

## Requirements

Students are required to enroll in a predetermined set of courses specifically designed for general construction education. Each student selects, with the approval of their advisor, a set of approved electives.

| Course                               | Title  | Credits   |

| Design Elective <sup>4</sup>    |                                      | 3          |
| ACE Elective <sup>2</sup>       |                                      | 3          |
| <b>Credits</b>                  |                                      | <b>15</b>  |
| <b>Total Credits</b>            |                                      | <b>125</b> |

<sup>1</sup> PHYS 1154: PHYS 1164 is an acceptable substitute if taken with PHYS 2120.

<sup>2</sup> ACE elective: Choose one course from each ACE Student Learning Outcome (SLO) 5, 7 or 9 elective courses.

<sup>3</sup> ECON 2200 satisfies SLO area 6.

<sup>4</sup> See tables below for Design and Technical Elective options.

## Additional Major Requirements

### Grade Rules

#### C- and D Grades

All coursework must be of C grade level or higher to be credited toward graduation requirements or to be valid as a prerequisite for another course.

#### Electives

Students are required to enroll in a predetermined set of courses specifically designed for general construction education. Each student selects, with the approval of their advisor, a set of approved electives.

Technical electives are selected from the following list. One (3 credit hour) of the required two electives needs to be considered a design technical elective.

| Code                    | Title                          | Credits |
|-------------------------|--------------------------------|---------|
| <b>Design Electives</b> |                                |         |
| CONE 417                | FORMWORK SYSTEMS               | 3       |
| CONE 481                | HIGHWAY & BRIDGE CONSTRUCTION  | 3       |
| CONE 483                | SUPPORT OF EXCAVATION          | 3       |
| CIVE 443                | ADVANCED STRUCTURAL ANALYSIS   | 3       |
| CIVE 444                | STRUCTURAL DESIGN AND PLANNING | 3       |
| CIVE 446                | STEEL DESIGN II                | 3       |
| CIVE 447                | REINFORCED CONCRETE II         | 3       |
| CIVE 462                | HIGHWAY DESIGN                 | 3       |
| CIVE 468                | AIRPORT PLANNING AND DESIGN    | 3       |
| CIVE 472                | PAVEMENT DESIGN AND EVALUATION | 3       |

| Code                                   | Title   | Credits |
|--|---|---------|
| <b>Technical Electives</b>             |   |         |
| All previously listed Design Electives |   |         |
| CNST 305                               | BUILDING ENVIRONMENTAL TECHNICAL SYSTEMS I            | 3       |
| CNST 306                               | ELECTRICAL SYSTEMS                                    | 3       |
| CNST 379                               | CONSTRUCTION ESTIMATING II                            | 3       |
| CNST 405                               | MECHANICAL ESTIMATING                                 | 3       |
| CNST 406                               | ELECTRICAL ESTIMATING                                 | 3       |
| CNST 411                               | PROJECT ADMINISTRATION                                | 3       |
| CNST 415                               | MECHANICAL/ELECTRICAL PROJECT MANAGEMENT              | 3       |
| CNST 425                               | ALTERNATIVE PROJECT DELIVERY METHODS                  | 3       |
| CNST 434                               | THE DESIGN-BUILD PROJECT DELIVERY SYSTEM              | 3       |
| CNST 436                               | INTENT AND APPLICATION OF INTERNATIONAL BUILDING CODE | 3       |
| CNST 440                               | BUILDING INFORMATION MODELING (BIM) II                | 3       |
| CNST 442                               | HEALTHCARE DESIGN AND CONSTRUCTION                    | 3       |
| CONE 450                               | SUSTAINABLE CONSTRUCTION                              | 3       |
| CONE 466                               | HEAVY AND/OR CIVIL ESTIMATING                         | 3       |
| CNST 480                               | PRODUCTIVITY AND HUMAN FACTORS IN CONSTRUCTION        | 3       |
| CNST 486                               | CONSTRUCTION MANAGEMENT SYSTEMS                       | 3       |
| CNST 488                               | RESIDENTIAL CONSTRUCTION AND REAL ESTATE DEVELOPMENT  | 3       |
| CNST 495                               | INTERNSHIP  | 3       |

### ACE Requirements

The CONE program follows the University of Nebraska-Lincoln ACE general education requirements. Because of the specific needs of the program, several of these courses are specified in the curriculum. Please contact [DurhamSchool@unl.edu](mailto:DurhamSchool@unl.edu) (:durhamschool@unl.edu), if you are interested in more information about this program.

## Construction Management, Bachelor of Science

### Construction Management Durham School of Architectural Engineering and Construction

Construction management (CNST) is a complete undergraduate degree program available to students within the Charles W. Durham School of Architectural Engineering and Construction located at Nebraska Hall on the Lincoln City Campus and at the Peter Kiewit Institute (PKI) on the Scott Campus in Omaha. Construction is one of the largest and most diversified industries in the country, accounting for approximately four percent of the U.S. gross domestic product (GDP). The key professional in this vast enterprise is the “constructor,” a term given to leaders and managers in the construction industry who are responsible for planning, scheduling, and building the projects designed by architects and engineers. These highly-specialized efforts are indispensable in meeting the country’s growing need for new structures, infrastructure and environmental controls that are of high quality and are cost effective, efficient and sustainable.

Construction firms vary in size from large corporations to small proprietorships and partnerships. These are often classified according to the kind of construction work they do—general contractors, heavy and highway contractors, specialty contractors—including mechanical and electrical—and residential builders and developers. Many firms engage in more than one category of work. Some larger companies incorporate the architectural and engineering design functions as part of their role as a design/build firm. Collectively, constructors manufacture our entire built environment—buildings for housing, commerce and industry, highways, railroads, waterways, airports, power plants, energy distribution systems, military bases and space center complexes. Thus, the construction management field is broad, requiring a unique educational background for its professional practitioners.

Although the range of construction activities appears wide and diverse, the general education requirements for construction management are universal regardless of a particular firm’s area of specialization. Since construction is primarily a business enterprise, the graduate must have a sound background in business management and administration as well as an understanding of the fundamentals of architecture and engineering as they relate to project design and the actual construction process in the field. Professional expertise lies in the fields of construction science, methods and management. A working knowledge of structural design, mechanical and electrical systems, methods and materials, soil mechanics and construction equipment is also essential.

The construction management curriculum embraces a course of study in:

1. Construction project management from pre-design through commissioning.
2. Project life-cycle and sustainability.
3. Health and safety, accident prevention and regulatory compliance.
4. Law, contract documents administration and dispute prevention and resolution.
5. Materials, labor and methods of construction.
6. Finance and accounting principles.
7. Planning and scheduling.

8. Cost management including plan reading, quantity take offs and estimating.
9. Project delivery methods.
10. Leadership and managing people.
11. Business and communication skills.

## Program Educational Objectives

The following is a list of the Construction Management Program Educational Objectives (PEO) that graduates are expected to attain within a few years of graduation:

1. Develop construction project objectives and plans including delineation of scope, budget and schedule.
2. Select project participants and set performance requirements.
3. Maximize resource efficiency through judicious procurement and management of labor, materials and equipment.
4. Implement and complete construction activities through coordination and control of scheduling, contracting, estimating and cost control.
5. Develop effective communication protocols and mechanisms for resolving conflicts associated with the construction process.
6. Ensure quality and safety through design, measurement, analysis and control.

Educational standards and criteria were established by the construction faculty of The Charles W. Durham School of Architectural Engineering and Construction and approved by the Construction Industry Advisory Committee (CIAC) and ABET, the accrediting agency for the construction management program at the University of Nebraska–Lincoln.

## Professional Admission Requirements

Requirements for professional admission to the construction management degree program include: students must complete 28 semester hours, including the following courses with a C or better: MATH 1950, PHYS 1050 (or PHYS 1120 or PHYS 2120), ENGR 100 and at least one of ENGL 1160, ENGL 3980, ENGR 220, STAT 1530, or CNST 112. Additionally, a minimum cumulative GPA of 2.5 is required.

## Learning Outcomes

Graduates of the construction management program will have:

1. An ability to identify, formulate and solve broadly defined technical or scientific problems by applying knowledge of mathematics and science and/or technical topics to areas relevant to the discipline.
2. An ability to formulate or design a system, process, procedure or program to meet desired needs.
3. An ability to develop and conduct experiments or test hypotheses, analyze and interpret data and use scientific judgment to draw conclusions.
4. An ability to communicate effectively with a range of audiences.
5. An ability to understand ethical and professional responsibilities and the impact of technical and/or scientific solutions in global, economic, environmental and societal contexts.
6. An ability to function effectively on teams that establish goals, plan tasks, meet deadlines and analyze risk and uncertainty.

The above student outcomes have been approved by the ABET Applied and Natural Science Accreditation Commission for use beginning with the 2019-20 academic year, and have been adopted by the faculty of The Charles W. Durham School of Architectural Engineering and Construction.

## Grade Rules

C- and D Grades

All required and elective courses must be passed with a grade of C or better to be included in the 120 credit hours needed for degree completion.

## ACE Requirements

The CNST program follows the UNL ACE general education requirements. Because of the specific needs of the program, most of these courses are specified in the curriculum. Please contact [DurhamSchool@unl.edu](mailto:DurhamSchool@unl.edu) ([durhamschool@unl.edu](mailto:durhamschool@unl.edu)), if you are interested in more information about this program.

## Requirements

| Course  | Title   | Credits   |
|---|---|-----------|
| <b>First Semester</b>                                 |   |           |
| CNST 131  | INTRODUCTION TO THE CONSTRUCTION INDUSTRY                                 | 2         |

| CNST/CONE 476   | PROJECT BUDGETS AND CONTROLS                    | 3          |
| CNST/CONE 485   | CONSTRUCTION PLANNING, SCHEDULING, AND CONTROLS | 3          |
| CONSTRUCTION TECHNICAL ELECTIVE or MKT 3310, MGMT 3490, ENTR 3710, or any RELU 3xxx-4xxx course   |   | 3          |
| TECHNICAL ELECTIVE or MKT 3310, MGMT 3490, ENTR 3710, or any RELU 3xxx-4xxx course                |   | 3          |
| <b>Credits</b>  |   | <b>15</b>  |
| <b>Eighth Semester</b>  |   |            |
| CNST 480  | PRODUCTIVITY AND HUMAN FACTORS IN CONSTRUCTION  | 3          |
| CNST 489  | SENIOR CONSTRUCTION PROJECT                     | 3          |
| CONSTRUCTION TECHNICAL ELECTIVES or MKT 3310, MGMT 3490, ENTR 3710, or any RELU 3xxx-4xxx courses |   | 6          |
| <b>Credits</b>  |   | <b>12</b>  |
| <b>Total Credits</b>  |   | <b>120</b> |

<sup>1</sup> ACE elective: Choose one course from not yet satisfied ACE outcomes 5, 7, or 9

<sup>2</sup> PHYS 1120 or 2120 can be substituted for PHYS 1050. Credit for PHYS 1110 or 2110 can be applied as elective credit.

## Construction Management Minor

**This minor is for engineering, architecture and business majors ONLY.**

The College of Engineering enables its students to participate in this approved minor subject to the following conditions:

1. A minor will not reduce or alter the existing course or degree requirements for students electing to pursue a minor.
2. The minor program must be organized and approved by an advisor prior to the submission of the senior check to the department chair or head.
3. The minor must be approved by the advisor, the department chair or head, the dean, and the cognizant program offering the minor.
4. Minors on the Lincoln or Omaha campuses may be added by approval of the College of Engineering Curriculum Committee and faculty.
5. The minor requires taking one 3-credit course from each of the six required topics listed below for a total of 18 credit hours.

## Course Requirements

| Code  | Title                       | Credits  |

## Grade Rules

### C- and D Grades

A grade of C or better is required for all courses in the minor.

### Pass/No Pass

All courses must be taken for a letter grade.

## Achievement-Centered Education Electives

College of Engineering majors who will complete their undergraduate degree program on the UNL (City or East Campus in Lincoln) or Scott Campus in Omaha must satisfy the general education requirements of the Achievement Centered Education (ACE) program at UNL. The ACE program contains 4 Institutional Objectives with 10 Student Learning Outcomes (SLO). ACE electives are associated with SLO 5 through 9, and consists of course work primarily from the humanities, fine arts, social sciences, civics, ethics, human and cultural diversity areas. A minimum of one 3-credit hour course is to be selected from each of the following listed SLO areas to satisfy student learning outcomes 5 through 9. Although some courses are listed in more than one area, no individual course can be utilized to satisfy more than one SLO area.

## Program Specific Notes

Please read the description under your specific major to find out more about flexible ACE requirements

### Architectural Engineering

-Flexible ACE electives **include 5, 6, 7 and 9**

-Students **must complete one from each category:** for a total of four courses

-PSYC 1010 ust be the ACE 6 if completing the **Lighting and Electrical** option

-Students must complete **ART 3770 (ACE 5 or 7) or 3780 (ACE 7)** as either an **ACE 5 or 7**, then must complete **one more course to fulfill the missing elective**

## Civil, Electrical, and Environmental Engineering

- Flexible ACE electives include **5, 6, 7, 8, and 9**

- Students must complete **one from each category**; for a total of five courses

## Computer Engineering

- Flexible ACE electives include **5, 6, 7 and 9**

- Students **must complete one from each category**; for a total of four courses

- Students must complete **ENGR 469** as their **ACE 8**

## Construction Engineering and Management

- Flexible ACE electives include **5, 7, and 9**

- Students **must complete one from each category**; for a total of three courses

- Students must complete **ECON 2200** to fulfill the **ACE 6** elective

- Students must complete **CONE 206** to fulfill the **ACE 8** elective

## Pre-Programs (Mechanical, Agricultural, and Biological Systems)

- Flexible ACE electives include **5, 6, 7 and 9**

- Students **must complete one from each category**; for a total of four courses

- Students must complete **CONE 206** to fulfill the **ACE 8** elective

## SLO - Area 5

# College of Information Science & Technology

## Our Mission

We believe in the power of opportunity through technology—the kind that lifts people up, sparks innovation and transforms lives. The College of Information Science and Technology actively cultivates a thriving community of learners and innovators. Together we create pathways for social mobility and transformational growth in education and research, ensuring that everyone has a chance to contribute, succeed, and make our world better than we found it.

## Our Vision

Transforming lives through career-relevant computing education and impactful research for the public good.

## General Information

### Overview of Programs

The College is organized into three major units that manage the degree programs: the Department of Computer Science (CS), the Department of Information Systems and Quantitative Analysis (ISQA), and the School of Interdisciplinary Informatics (Si2).

The College of IS&T offers six undergraduate degree programs:

1. BS in Artificial Intelligence
2. BS in Applied Computing & Informatics
3. BS in Bioinformatics
4. BS in Computer Science
5. BS in Cybersecurity
6. BS in Management Information Systems

The College of IS&T also offers undergraduate minors across many of these content areas.

## Accreditation/External Designation Information

| Major                          | Degree | Accreditation Body |
|--------------------------------|--------|--------------------|
| Computer Science               | BS     | ABET               |
| Management Information Systems | BS     | ABET               |
| Cybersecurity                  | BS     | NSA CAE-CD, CAE-CO |

## College Contact Information

Dean's Office: 402.554.2380  
Advising: 402.554.3819

**Program Website (<http://www.ist.unomaha.edu>)**

## Admission Requirements for the College of IS&T

Application deadlines for the College of Information Science & Technology are as follows:

Fall Semester - First day of fall semester classes  
Spring Semester - First day of spring semester classes

### Summer Sessions - July 1

Incoming first year students must meet general university admission requirements to be admitted into the College of Information Science & Technology.

Transfer admission from other colleges or universities: Students may transfer into the College of Information Science & Technology from other institutions by completing the application process described above and meeting the minimum cumulative grade point average (GPA) of 2.5 (on a 4.00 scale) with a minimum of 12 credit hours.

## Academic Requirements for Degrees in the College of IS&T

### Number of Hours to Graduate

A minimum of 120 credit hours is required for a Bachelor of Science degree in the College of IS&T.

### Minimum GPA

A GPA of 2.5 or higher is required to graduate with a Bachelor of Science degree from the College of IS&T.

## Transfer Credit Policy

A maximum of 64 credit hours are accepted from an accredited community college. A minimum grade of C- is required to transfer credits toward College of IS&T degree programs with the exception of business courses and the equivalent of UNO's CIST 1400 and CSCI 1620, which require a grade of C or better.

### Unacceptable Credits

Courses such as ENGL 1090, ENGL 1100, MATH 1210, and orientation courses in other colleges or divisions may not be counted as part of the minimum 120 credit hours for College of IS&T degree programs. The course, US 1010 Critical Thinking and Problem Solving Skills for the Modern Day Student, can, however, be counted as elective credit if taken within the first 30 hours of the degree program. A maximum of four credit hours of different Physical Education Activities (PEA) courses may be applied toward the general elective area.

### Retroactive Credit Policy

<https://nextcatalog.unomaha.edu/aboutuno/registration-to-graduation/undergraduate-transfer-credit/> (p. 33)

### Advanced Placement Credits

<https://nextcatalog.unomaha.edu/aboutuno/registration-to-graduation/undergraduate-transfer-credit/> (p. 33)

### Military Credit

<https://nextcatalog.unomaha.edu/aboutuno/registration-to-graduation/undergraduate-transfer-credit/> (p. 33)

### International Baccalaureate (IB) Credit

<https://nextcatalog.unomaha.edu/aboutuno/registration-to-graduation/undergraduate-transfer-credit/> (p. 33)

## Placement Exams and Credit by Department Policies/Practices

<https://nextcatalog.unomaha.edu/aboutuno/student-services-a-z/testing-center/> (p. 63)

## Residency Requirement

Thirty of the last 36 credit hours must be University of Nebraska at Omaha courses.

## Quality of Work

Students in a College of IS&T undergraduate program must obtain a grade of C- or better in each class for the purpose of meeting General Education, College of Information Science & Technology (IS&T), and Departmental requirements for College of IS&T degrees with the exception of CIST 1400 and CSCI 1620, which require a minimum grade of C. Programs may have additional quality of work requirements.

## Good Academic Standing Policy

A minimum cumulative grade point average (GPA) of 2.5 is required by the College of Information Science & Technology.

## Student Academic Course Load

Students shall not carry 18 or more semester hours of work during the fall semester, 19 or more semester hours during the spring semester and 12 semester hours during the summer sessions unless they have maintained an average of "B" (3.0) in a regular 15-hour load during the preceding semester. Permission to register for additional semester hours should be obtained from the student's academic advisor. For more details, see the University Enrollment Policies (p. 30).

## Credit/No Credit (CR/NC) Grades

Courses required for College of IS&T undergraduate programs may be taken on a Credit/No Credit basis as described by the University Policy (p. 70) with the following limitations:

- A minimum grade of C- is required in to be awarded Credit in undergraduate courses applied to IS&T undergraduate major, minor, or certificate program requirements.
- Credit/No Credit may not be used for completion of CIST1400 or CSCI1620 in any IS&T undergraduate major, minor, or certificate.
- A maximum of nine credit hours taken on a Credit/No Credit basis can be applied to College of IS&T undergraduate major requirements, excluding free electives and general education courses not specifically required by the major. Use of Credit/No Credit for free elective and unrestricted general education courses in an IS&T undergraduate degree program of study are subject to general University limits.
- A maximum of three hours taken as Credit/No Credit can be applied to meet graduation requirements for any IS&T minor or undergraduate certificate.

Individual majors, minors, or certificate programs within IS&T may place further limitations on the use of Credit/No Credit to meet program requirements. Any such restrictions must be published in the corresponding catalog entry for each program, and the College policy applies in the absence thereof. Students should consult with their academic advisors if they have questions about Credit/No Credit within specific programs.

Students taking IS&T-based courses that are majoring in degree programs outside of IS&T are encouraged to consult with advising staff from their major to determine whether an IS&T course taken as Credit/No Credit can be used towards their graduation requirements.

For deadlines related to electing CR/NC and other restrictions relative to its use based on a student's class standing, see the campus policy.

## Completion of an Incomplete Grade

To receive an incomplete, students must contact their instructor prior to the end of the semester, request a grade of incomplete, and make arrangements to complete the work. The rules which govern the issuance of an incomplete are as follows:

1. The grade "I" is used by an instructor at the end of a semester or summer session to designate incomplete work in a course. It is given when a student, due to circumstances such as illness, military service, hardship, or death in the immediate family, is unable to complete the requirements of the course in the term in which the student is registered for credit. Incompletes will only be given if the student has already substantially completed the major requirements of the course.
2. Each instructor will judge each situation. The instructor will document the incomplete work and the conditions for removal of the incomplete grade, provide a copy to the student, and file this with the Assistant Dean for Student Success. If the instructor is at the University at the time of removal, they will supervise the makeup work and report the permanent grade.
3. In the event the instructor is not available at the time of the student's application for removal of an incomplete, the department chairperson will supervise the removal of the incomplete and turn in the permanent grade for the student.
4. A student shall have no longer than the end of the next regular semester following receipt of the "I" to remove the incomplete. After that time, the "I" will automatically become a "W," or such other grade specified by the instructor depending on the amount and quality of the coursework previously completed. Exceptions to this rule will be permitted if initiated by the student and approved by the instructor, department chairperson, and dean. Exceptions to this rule will be made only in response to circumstances over which the student has no control, and these must be detailed.
5. In registering for courses, students receiving one or more "I" grades from the previous semester should take into account the time needed to complete the required work and plan their schedules accordingly.

## Repeatable Grades/Courses

<https://nextcatalog.unomaha.edu/aboutuno/registration-to-graduation/grades/> (p. 37)

## Grade Appeal Policy and Process

#The Nebraska Regents By-Laws and the College of Information Science & Technology Policies and Procedures require a process that allows a student to appeal a final course grade. This process allows a student to initiate a grade appeal when the student believes a course grade was awarded prejudicially or capriciously.

*Capricious* means that the instructor acted with a sudden change of mind without notifying students about criteria and/or requirements which ultimately affected the student's grade. That is, the instructor acted impulsively and unpredictably.

*Prejudicial* means the instructor treated the student differently, apart from the norm, thereby detrimentally affecting the student's grade.

The student MUST provide specific information regarding how the instructor behaved in a capricious or prejudicial manner in awarding the student's grade.

Individuals who believe that their grade in a particular course does not properly reflect their course performance should first contact the instructor to determine the rationale for the grade or if there was an error in reporting. Consultation with the instructor should take place before taking any formal action in regard to a grade appeal. The student must document

in writing all conversations with (or attempts to contact) the instructor about the student's grade.

After the instructor has provided the rationale for the grade in question and has indicated that no error in reporting was made, the individual may then wish to petition the department or school for reconsideration. In such instances, the student should contact the department chair or school director to forward the grade appeal to the appropriate Undergraduate Program Committee (UPC), which will evaluate the grade appeal. If the instructor whose grade is being appealed is a member of the Undergraduate Program Committee, then they will recuse themselves from the grade appeal deliberation. The Undergraduate Program Committee will schedule a Student Grade Appeal Hearing within thirty (30) calendar days following the receipt of the individual's grade appeal. If the appeal hearing must be held after more than thirty (30) calendar days since the filing, the Dean or their designee must approve of the delay and the Dean or their designee shall provide a written explanation to the student and instructor, as to the reason(s) for the delay.

#At the hearing the student may present: the syllabus for the course, materials which were used to ascertain grades in the course (exams, papers, and so on), oral or written statements from students of the instructor's classes—past and/or present, the oral testimony or written statements of faculty and administrative employees, the testimony or written statement of any other person who the UPC Chair allows to provide information. Extraneous, immaterial or irrelevant materials, as determined by the UPC Chair, may NOT be presented.

#At the hearing the instructor may present: the syllabus for the course, materials that were used to determine grades in the course, a spreadsheet containing all recorded grades for all class members (student names and ID #s MUST be removed), oral or written statements from students members of the instructor's classes—past and/or present, the oral testimony or written statements of faculty and administrative employees, the testimony or written statement of any other person who the UPC Chair allows to provide information. Extraneous or irrelevant materials, as determined by the UPC Chair, may NOT be presented.

Upon completion of the hearing, all present are excused except the members of the Undergraduate Program Committee. Further discussion may follow. A vote to support or deny the grade appeal is made by secret ballot. The UPC Chair counts the votes in view of the committee and votes only if necessary to break a tie. The majority prevails. The ballots are destroyed immediately, and the vote count may be revealed ONLY to the IS&T Associate Dean for Academic and Faculty Affairs.

The Undergraduate Program Committee has the authority to change the grade awarded to the student. If the grade is changed, there will be no permanent record of the original grade. The IS&T Associate Dean for Academic and Faculty Affairs shall contact the UNO Registrar to officially request the grade change.

The student and instructor will be informed in writing by the UPC Chair of the decision made by the Committee.

#If an individual believes that the department or school action did not comply with the due process procedures or did not provide legitimate relief, he or she may petition the Academic Committee in the College of Information Science & Technology. The Academic Committee is the appellate body for grade appeals after a student has received a decision at the department or school level. Students wishing to appeal a grade to the IS&T Academic Committee should contact the Associate Dean for Academic and Faculty Affairs in the IS&T Dean's Office, who will forward the grade appeal to the Committee. If the instructor whose grade is being appealed is a member of the IS&T Academic Committee, then he or she will recuse themselves from the grade appeal deliberation. The process followed for this appeal mirrors that followed by the Undergraduate Program Committee.

## Academic Amnesty

**POLICY STATEMENT:** Academic Amnesty provides relief from a poor academic record acquired within the University of Nebraska system by excluding substandard coursework with a final grade of "D" or "F" from a student's cumulative grade point average (GPA) calculation. Academic Amnesty will not remove course(s) or grade(s) from the transcript but once granted, will not count as part of the overall GPA.

### Eligibility:

To be eligible for Academic Amnesty, students must:

- Have been out of the Nebraska system for at least one calendar year (12-month period).
- Have substandard coursework ("F" or "D" grades) earned within the University of Nebraska system (UNO, UNL, UNK, UNMC) prior to the year out (substandard grades earned after the year out will not be included in the Academic Amnesty contract).
- Be admitted as a degree-seeking student at the University of Nebraska.

### Amnesty Requirements:

- Academic Amnesty will begin with the first course(s) taken upon return to UNO.
- Students may apply for Academic Amnesty at any time after taking the one-year break.
- After returning from the one-year break, demonstrate academic success in new UNO coursework.  
Academic success may be demonstrated by one of the following:
  - Completing at least 12 semester hours (simultaneous or sequential) with a minimum of 3.0 cumulative GPA,
  - Completing at least 24 semester hours (simultaneous or sequential) with a minimum of 2.5 cumulative GPA.
- Students must maintain continuous enrollment (at least six (6) semester hours completed within any 12-month period).
- Students will work with their academic advisor to select the coursework to be amnestied.
- Students must inform an academic advisor when the Academic Amnesty requirements are met.

### Notes:

- All amnestied coursework will remain on the student's academic record (transcript); however, the courses will not be included in calculation of the student's grade point average. Courses will be annotated "Academic Amnesty Excluded from GPA" on the transcript.
- Once Academic Amnesty is granted, students will not be eligible for honors at graduation. Students are still eligible for Dean's List and Chancellor's List honors.
- While demonstrating academic success, no changes are made to the student's academic record. If a student's cumulative GPA is still below standard, the students will continue to be reported as "continued on probation." Should the student revert to substandard academic performance while working on Academic Amnesty, the student can still be suspended. Academic Amnesty is intended to provide relief from the past without providing immunity from future substandard academic performance.
- Students must still meet all university and college requirements to graduate.

## Academic Probation and Suspension

### Probation

Probation constitutes a period of formal warning that a student is doing unsatisfactory work. A student whose cumulative grade point average is below 2.0 after having attempted six or more semester hours of study will be placed on probation. Probationary status will remain in effect as long as the student's cumulative grade point average (GPA) remains below 2.0. No student will be allowed to enroll for any course on a Pass/Fail or Credit/No Credit basis while on probation.

The student is encouraged to use every opportunity while on probation to seek counsel and guidance from various university agencies which have been established to offer assistance and academic support. For information on such services, the student should consult with their academic advisor or counselor.

### Suspension

Students who are on probation will be suspended at the end of the spring semester if their semester grade point average is lower than 2.0 and their cumulative grade point average (GPA) falls below the following standards:

| Hours Attempted | Cumulative GPA |
|-----------------|----------------|
| 0-12            | No Suspension  |
| 13-45           | 1.75           |
| 46 or more      | 2.00           |

Academic suspension under these conditions will be automatic and will be for a minimum period of one year.

Students placed on suspension will be notified by the College of Information Science & Technology and given instructions on how to appeal, should they choose to do so, as well as any applicable deadlines associated with an appeal.

Appeals properly filed shall delay implementation of the suspension until the appropriate appeal committee has ruled on the appeal. However, if the appeal is denied, the student shall be disenrolled and tuition shall be refunded.

Students will only be suspended at the end of the spring term. This rule applies to all UNO colleges, including the Division of Continuing Studies and all University of Nebraska-Lincoln Omaha-based programs in the Colleges of Architecture, Agriculture, Education and Human Resources, and Engineering.

### Reinstatement Policy Following Academic Suspension

<https://nextcatalog.unomaha.edu/aboutuno/registration-to-graduation/grades/> (p. 37)

## Academic Advising

The College of IS&T's undergraduate academic advisors recognize that students have individual academic, career, and personal needs that may require special assistance. Below are some guidelines on how academic advisors help ensure success. Students are strongly encouraged to meet with their advisor regularly.

### What do IS&T academic advisors do?

IS&T academic advisors explain the rules and requirements of College of IS&T programs and help students understand how they apply to individual situations. The advisors prepare each student record so that students meet all the requirements for the degree in the final audit process. In addition, advisors provide advice about which degree-program specific courses and

scheduling will be most helpful. They can also help with difficult situations such as concerns about grades, course instruction, time management, scheduling conflicts, or other academic issues.

### When should I see an academic advisor?

First and second-year students in the College of IS&T are required to meet with an advisor every semester. Third and fourth-year students in good academic standing are strongly encouraged, though not required, to continue to meet with an advisor at least once per semester to plan their classes, to make sure all records are up-to-date, and to catch any problems early. All fourth-year students are required to schedule a meeting for a graduation check when they reach 91 earned hours. Students majoring in Applied Computing & Informatics are required to meet with an academic advisor every semester.

Any student whose GPA falls below 2.5 will be required to meet with an academic advisor regardless of class standing.

### Advising Holds

Advising holds are automatically placed each semester for first-year students, second-year students, all Applied Computing & Informatics students, and for any student whose GPA is below a 2.5.

### Student Holds

<https://nextcatalog.unomaha.edu/aboutuno/registration-to-graduation/enrollment/> (p. 30)

### Graduation Check

When students reach 91 hours of completed coursework, they must request a graduation check to be done by an academic advisor. Assuming satisfactory completion of all approved courses and degree requirements, this process will assure the student's graduation date. Should this procedure not be followed, responsibility for meeting graduation requirements falls to the student and may prevent graduation on the anticipated date.

## Application for Degree

Each student who expects to receive a diploma must file an Application for Degree whether or not that student plans to attend the commencement ceremony. The Application for Degree is available online by logging in to MavLINK. Announcements about deadlines are also posted in MavLINK.

It is the responsibility of the student to inform the Registrar's Office of their graduation plans and to provide a diploma mailing address. Failure to meet these stipulations may necessitate postponement of graduation until the following semester.

## Computer Science

The Computer Science program provides a firm foundation in the theory and application of computing while allowing for additional concentration in areas of choice, such as information systems, mainframe computing, computer networking, telecommunications, data and knowledge engineering, and software development. This discipline is based on building software tools that make computers useful.

## Mission and Vision

The mission of the Computer Science Department is:

- Pursue research promoting technological advances in computer science aligned with the needs of 21st century society.
- Leverage best practices to engage undergraduate and graduate students in unique research and learning experiences both in and out of the classroom, and

- Take a leading role in promoting computer science and computational thinking across communities we serve

The **vision** of the Department is to create dynamic research and teaching environments that promote a computationally empowered society ready to tackle complex problems in rapidly changing technological landscapes.

## Bachelor of Science in Computer Science

The Bachelor of Science in Computer Science provides students with a solid background in the fundamentals of computing and prepares each individual for employment in a wide variety of positions and for graduate study in computer science. The content of the Department's courses is continually monitored to ensure they are consistent with the fast-changing developments in the discipline. Appropriate university and departmental computing resources are available to students taking computer sciences courses.

## Accreditation

The Computer Science program is accredited by the Computing Accreditation Commission of ABET, Inc., which is the recognized accreditor of college and university programs in applied science, computing, engineering, and engineering technology. ABET accreditation demonstrates a program's commitment to providing its students with a quality education. General information about the College of IS&T's accreditation as well as specific educational objectives for its ABET accredited program in Computer Science can be found here (<https://www.unomaha.edu/college-of-information-science-and-technology/academics/abet-accreditation.php>).

## Repeatable Grades/Courses

A repeated course may count only once for graduation. Exceptions are internships, independent studies, physical education activities courses, and special topic courses.

For students repeating any Computer Science courses (CSCI 1xxx-4xxx):

1. A formal warning shall be conveyed to the student upon receiving a grade below C- in CSCI courses for a second time.
2. The student shall not be allowed to enroll in the course after receiving a grade below C- for the third time.

## Attendance Policy for Computer Science Courses

1. A formal warning shall be conveyed to the student upon the second instance (first instance for summer session) of unexcused absence from a class.
2. The student shall be withdrawn from the class after the third instance (second instance for summer session) of unexcused absence from the class.

## Contact

For more information, contact the College of IS&T Academic Advising Office at 402.554.3819.

**Website** (<https://www.unomaha.edu/college-of-information-science-and-technology/academics/advising.php>)

## Degrees Offered

- Artificial Intelligence, Bachelor of Science in Artificial Intelligence (p. 647)

- Computer Science, Bachelor of Science (p. 649)

## Minors Offered

- Computer Science Minor (p. 660)

## Careers Options:

Computer Science majors have gone on to become the following and more. We will prepare you for jobs that do not even exist yet.

- Software Engineers and Programmers
- Web and Mobile Application Developers
- Enterprise Architect
- Project Managers
- Network and Cloud Architects
- Database Developers
- Game Developers
- User Experience Designers
- Data Scientists
- Artificial Intelligence Engineers

## Artificial Intelligence, Bachelor of Science in Artificial Intelligence

Artificial Intelligence (AI) is a multidisciplinary field of computing that integrates principles from machine learning, natural language processing, computer vision, robotics, generative AI, and large language models (LLMs) to develop algorithms and software enabling machines to perform tasks that typically require human intelligence. As the field of AI continues its rapid advancement, it is pushing the boundaries of technological possibilities and is expected to be in great demand within the future workforce.

## Artificial Intelligence, Bachelor of Science in Artificial Intelligence Requirements

A minimum of 120 credit hours is required for a Bachelor of Science degree in Artificial Intelligence. Thirty of the last 36 hours must be University of Nebraska at Omaha courses. Registering for courses without having taken the stated prerequisites could result in administrative withdrawal. Students must have a C or better grade in CIST 1400 and CSCI 1620 to serve as the prerequisite for all subsequent Computer Science (CSCI) courses. For all other courses applied towards the major, a grade of C- or better will meet the prerequisite and degree requirements.

To obtain an artificial intelligence degree, a student must fulfill the University General Education, College, and Departmental requirements. Some courses may satisfy requirements in more than one area, but credit is awarded only once, thereby reducing the total number of credit hours for the degree to 120. (This total does not include prerequisites.)

| Code  | Title                                     | Credits   |
|---|---|-----------|
| <b>GENERAL EDUCATION REQUIREMENTS - 34 Hours Required</b> |   |           |
| Minimum of "C-" required                                  |   |           |
| <b>Fundamental Skills</b>                                 |   | <b>15</b> |
| <b>Writing – 6 hrs.</b>                                   |   |           |
| ENGL 1150   | ENGLISH COMPOSITION I                     |           |
| ENGL 1160   | COLLEGE RESEARCH AND INFORMATION LITERACY |           |

## Computer Science, Bachelor of Science

The Bachelor of Science in Computer Science provides students with a solid background in the fundamentals of computing and prepares them for employment in a wide variety of positions and for graduate study in computer science. The content of the department's courses is continually monitored to ensure they are consistent with fast-changing developments in the discipline. Courses are offered in the day, evening, and some online sections for the convenience of our students. Appropriate university and

departmental computing resources are available to students taking computer science courses.

Student Group

The Association of Computer Machinery (ACM) (<https://www.acm.org/>) is a major force in advancing the skills of information technology professionals and students worldwide, providing the industry’s leading portal to computing literature and more. The College of Information Science & Technology has two student chapters: UNO ACM and UNO ACM-W.

Fast Track

The department of Computer Science has developed a Fast Track program for highly qualified and motivated students providing the opportunity to complete a bachelor’s degree and a master’s degree in an accelerated time frame. With Fast Track, students may count up to 9 graduate credit hours towards the completion of their undergraduate program as well as the graduate degree program. Students will work with both undergraduate and graduate advisors to ensure graduate classes selected will count toward both programs, should a student wish to earn a graduate degree in a separate College of Information Science & Technology (CIST) area than their undergraduate degree.

Program Specifics:

- This program is available for undergraduate students pursuing any CIST undergraduate degree desiring to pursue an MS in either the same or a related CIST field.
- Students must have completed no less than 60 undergraduate hours.
- Students must have a minimum undergraduate GPA of 3.0.
- Students must complete the Fast Track Approval form and obtain all signatures and submit to the Office of Graduate Studies prior to first enrollment in a graduate course.
- Students will work with their undergraduate advisor to register for the graduate courses.
- A minimum cumulative GPA of 3.0 is required for graduate coursework to remain in good standing.
- Students remain undergraduates until they meet all the requirements for the undergraduate degree and are eligible for all rights and privileges granted undergraduate status including financial aid.
- Near the end of the undergraduate program, formal application to the graduate program is required. All applicants will need to meet any other admission requirements established for the MS in selected CIST program. The application fee will be waived if the applicant contacts the Office of Graduate Studies for a fee waiver code prior to submitting the MS application.
  - Admission to Fast Track does NOT guarantee admission to the graduate program.
  - The admit term must be after the completion term of the undergraduate degree.

Computer Science, Bachelor of Science in Computer Science Requirements

A minimum of 120 credit hours is required for a Bachelor of Science degree in Computer Science. Thirty of the last 36 hours must be University of Nebraska at Omaha courses. Registering for courses without having taken the stated prerequisites could result in administrative withdrawal. Students must have a C or better grade in CIST 1400 and CSCI 1620 to serve as the prerequisite for all subsequent Computer Science (CSCI) courses. For all other courses applied towards the major, a grade of C- or better will meet the prerequisite and degree requirements.

To obtain a computer science degree, a student must fulfill the University General Education, College, and Departmental requirements. Some courses may satisfy requirements in more than one area, but credit is awarded only once, thereby reducing the total number of credit hours for the degree to 120. (This total does not include prerequisites.)

| Code  | Title   | Credits   |
|---|---|-----------|
| <b>General Education Requirements - 34 Hours Required</b>   |   |           |
| Minimum of “C-”required   |   |           |
| <b>Fundamental Skills</b>   |   | <b>15</b> |
| <b>Writing – 6 hrs.</b>   |   |           |
| ENGL 1150   | ENGLISH COMPOSITION I                                   |           |
| ENGL 1160   | COLLEGE RESEARCH AND INFORMATION LITERACY               |           |
| <b>Oral Communication – 3 hrs.</b>  |   |           |
| CMST 1110   | PUBLIC SPEAKING FUNDS                                   |           |
| or CMST 2120  | ARGUMENTATION AND DEBATE                                |           |
| <b>Quantitative Literacy – 3 hrs.</b>   |   |           |
| MATH 1120   | INTRODUCTION TO MATHEMATICAL AND COMPUTATIONAL THINKING |           |
| or MATH 1130  | QUANTITATIVE LITERACY                                   |           |
| or MATH 1140  | QUANTITATIVE REASONING FOR HEALTHCARE PROFESSIONALS     |           |
| or MATH 1300  | COLLEGE ALGEBRA WITH SUPPORT                            |           |
| <b>Data Literacy – 3 hrs.</b>   |   |           |
| Select one from the following:  |   |           |
| STAT 1100   | DATA LITERACY AND VISUALIZATION                         |           |
| STAT 1530   | ELEMENTARY STATISTICS                                   |           |
| Until Fall 2028, students can satisfy this requirement with an approved data literacy course, or any approved natural or social science general education course. |   |           |
| <b>Breadth of Knowledge</b>   |   | <b>13</b> |
| Social Science – 3 hrs.   |   |           |
| Humanities – 3 hrs.   |   |           |
| Natural & Physical Science (must complete a lab) – 4 hrs.   |   |           |
| Arts – 3 hrs.   |   |           |
| <b>Individual and Social Responsibility</b>   |   | <b>6</b>  |
| Cultural Knowledge – 3 hrs.   |   |           |
| Civic Knowledge and Engagement – 3 hrs.   |   |           |
| <b>MAJOR REQUIREMENTS - 85 Hours Required</b>   |   |           |

GEOG 3514 INTRODUCTION TO METEOROLOGY LABORATORY (\*\* ^)

### ELECTIVES

Elective hours as required to reach a total of 120 hours

<sup>1</sup> Upper-level CSCI transfer credits can also be applied towards this requirement.

<sup>2</sup> Lower-level and upper-level CSCI transfer credits can also be applied towards this requirement.

## Computer Science Elective Concentrations

- Artificial Intelligence Concentration (p. 653)
- Game Programming Concentration (p. 654)
- Internet Technologies (iT) Concentration for Computer Science Majors (p. 657)
- Information Assurance Concentration (p. 658)
- Software Engineering Concentration (p. 656)

## Computer Science, Bachelor of Science in Computer Science Four Year Plan - Start 1300-1200-1280

### First Year

| Fall                                      |   | Credits   |
|---|---|-----------|
| ENGL 1150                                 | ENGLISH COMPOSITION I   | 3         |
| CMST 1110<br>or CMST 2120                 | PUBLIC SPEAKING FUNDS<br>or ARGUMENTATION AND DEBATE  | 3         |
| CIST 1300<br>or CSCI 1200<br>or CSCI 1280 | INTRODUCTION TO WEB DEVELOPMENT<br><br>or COMPUTER SCIENCE PRINCIPLES<br>or INTRODUCTION TO COMPUTATIONAL SCIENCE | 3         |
| MATH 1950                                 | CALCULUS I  | 5         |
| <b>Credits</b>                            |   | <b>14</b> |

### Spring

|   |   |           |
|---|---|-----------|
| ENGL 1160                                     | COLLEGE RESEARCH AND INFORMATION LITERACY | 3         |
| CIST 1400                                     | INTRODUCTION TO COMPUTER SCIENCE I        | 3         |
| Natural/Physical Science Requirement with Lab |   | 4         |
| General Education Course or Elective          |   | 3         |
| General Education Course or Elective          |   | 2         |
| <b>Credits</b>                                |   | <b>15</b> |

### Second Year

| Fall                                  |  | Credits   |
|---------------------------------------|--|-----------|
| CSCI 1620                             | INTRODUCTION TO COMPUTER SCIENCE II          | 3         |

This roadmap is a suggested plan of study and does not replace meeting with an advisor. Please note that students may need to adjust the actual sequence of courses based on course availability. Please consult an advisor in your major program for further guidance.

This plan is not a contract and curriculum is subject to change.

**Additional Information About this Plan:**

**University Degree Requirements:** The minimum number of hours for a UNO undergraduate degree is 120 credit hours. Please review the requirements for your specific degree program to determine all requirements for the program. In order to graduate on time (four years for an undergraduate degree), you need to take 30 credit hours each year.

**Placement Exams:** For Math, English, and Foreign Languages, a placement exam may be required. More information on these exams can be found at <https://www.unomaha.edu/enrollment-management/testing-center/placement-exams/information.php>

Please note that transfer credit or placement exam scores may change a suggested plan of study.

# Artificial Intelligence Concentration

## Computer Science, Bachelor of Science in Computer Science - Artificial Intelligence Concentration Requirements

The Artificial Intelligence concentration is intended to enable students to learn about the principal technologies and methods for programming autonomous behavior on software agents and robots as well as learn about the computational approaches towards solving problems that deemed to require human intelligence. Students will gain knowledge about the reasoning, planning and learning techniques and algorithms used by software agents for natural language understanding, and by robots and game-avatars for problem solving, mobility, and strategic decision making. Taking courses in this track will provide students the essential skills for writing programs for real-world problems that require software programs and robots to mimic human behavior and assist humans in performing complex, risky and tedious tasks. Students will also have an opportunity to participate in national and international AI and game programming competitions and do capstone course projects to explore selective topics in more in-depth manner.

**ELECTIVES**

Elective hours as required to reach a total of 120 hours

<sup>1</sup> CSCI 3450 and CSCI 3470 may only be used once each to meet concentration requirements.

<sup>2</sup> Upper-level CSCI transfer credits can also be applied towards this requirement.

## Game Programming Concentration

### Computer Science, Bachelor of Science in Computer Science - Game Programming Concentration Requirements

The game programming concentration provides students with the basic concepts involved in the video game development process. The required courses give the student an introductory knowledge of both 2D and 3D game programming, as well as resource management, concepts of designing games, and general graphics theory. The elective courses allow the student to focus on a particular aspect of game development: game design, game/player interaction, game programming, or graphics. This concentration is only open to undergraduate Computer Science majors in the College of IS&T.

| Code  | Title                                     | Credits   |

<sup>1</sup> Upper-level CSCI transfer credits can also be applied towards this requirement.

## Internet Technologies (iT) Concentration for Computer Science Majors

### Computer Science, Bachelor of Science in Computer Science - Internet Technologies Concentration Requirements

The internet technologies (iT) concentration supplements the Computer Science (CS) curriculum by focusing on the concepts and technologies needed to implement modern web applications. The concentration is designed to supplement the CS core curriculum by introducing the programming aspects as well as the theoretical concepts needed to build the infrastructure for web systems such as search engines, social networking sites, etc. The iT concentration provides extensive hands-on, project-based experience for students.

## Information Assurance Concentration

### Computer Science, Bachelor of Science in Computer Science - Information Assurance Concentration Requirements

The information assurance concentration is intended for students who wish to specialize in the security aspects of the computer science field. The concentration focuses on fundamental principles, worked examples, theory, and skills necessary to analyze, design, and construct secure information systems. The courses in this concentration address fundamental technologies, security policy, assurance, and ethics involved in the protection of the information systems. Hands-on experience is gained through numerous programming exercises associated with each course.

| Code  | Title   | Credits   |
|---|---|-----------|
| <b>General Education Requirements - 34 Hours Required</b> |   |           |

**ELECTIVES**

Elective hours as required to reach a total of 120 hours

<sup>1</sup> Upper-level CSCI transfer credits can also be applied towards this requirement.

## Computer Science Minor

### Computer Science Minor Requirements

A minor in computer science can be obtained by completing the following 18 hours:

| Code  | Title  | Credits   |
|---|--|-----------|
| <b>All of the following</b>   |  | <b>12</b> |
| CIST 1400   | INTRODUCTION TO COMPUTER SCIENCE I           |           |
| CSCI 1620   | INTRODUCTION TO COMPUTER SCIENCE II          |           |
| CSCI 2030   | MATHEMATICAL FOUNDATIONS OF COMPUTER SCIENCE |           |
| CSCI 3320   | DATA STRUCTURES                              |           |
| <b>Computer Science Courses - Select 6 additional hours of CSCI coursework at the 3000 level or above</b> |  | <b>6</b>  |

In all cases, students are responsible for completing any courses identified as prerequisites or co-requisite for the courses in the minor.

In addition, students must have a grade of C- or better in any prerequisite for a CSCI course.

## Information Systems and Quantitative Analysis

The study of Information Systems and Quantitative Analysis involves application of computers, mathematics, statistics, and other quantitative techniques in the solutions of a wide variety of business problems. While computer science often concentrates on building the computer tools which make computers useful, it is information systems and quantitative analysis that specifically focus on effectively applying these tools in the solutions of everyday business problems.

## Bachelor of Science in Management Information Systems

The Bachelor of Science in Management Information Systems degree will provide students with the educational background for pursuing an exciting career in applying information technology in business and government to process data and solve a wide variety of business problems.

## Accreditation Information

The Bachelor of Science in Management Information Systems has been accredited by the Computing Accreditation Commission of ABET, Inc., the recognized accreditor of college and university programs in applied science, computing, engineering, and technology. ABET accreditation demonstrates a program's commitment to providing its students with a quality education.

General information about the College of IS&T's accreditation as well as specific educational objectives for its ABET accredited program in Management Information Systems can be found at (<https://www.unomaha.edu/college-of-information-science-and-technology/academics/abet-accreditation.php>) or (<https://www.unomaha.edu/college-of-information-science-and-technology/academics/abet-accreditation.php>).

## Contact

For more information about the MIS undergraduate program, contact the academic advising office at 402.554.3819.

**Website (<https://www.unomaha.edu/college-of-information-science-and-technology/information-systems-and-quantitative-analysis/mis.php>)**

## Degrees Offered:

- Management Information Systems, Bachelor of Science (p. 660)

## Minor Offered

- Minor in Management Information Systems (p. 669)

## Certificates Offered

- Data Management Certificate (p. 669)
- Systems Development Certificate (p. 669)
- Information Technology Administration Certificate (p. 670)

Undergraduate certificates allow the College of IS&T to offer a path for individuals who do not hold a bachelor's degree to advance their education along a focused, profession-oriented course of study and to have those studies acknowledged, documented, and later, should the student so desire, applied to a related bachelor's degree program.

The goal of the certificate is to provide non-traditional and traditional students an opportunity to take a focused set of undergraduate courses and earn a certificate of completion. For prospective certificate students already in the workforce who have earned an associate's degree, such certifications may fit with organizational professional development requirements and could be used, at the discretion of the organization, as professional development units (PDUs).

The Bachelor of Science in Management Information Systems degree will provide students with the educational background to solve problems using technology for businesses, government, and nonprofit organizations.

## Career Options:

- Business Process Analyst
- Chief Information Officer
- Data Scientist
- Database Administrator
- Information Systems Manager
- IT Consultant
- IT Security Manager
- IT Technical Support Officer
- Network Architect
- Quality Assurance Specialist
- Software Engineer
- Systems Analyst

## Management Information Systems, Bachelor of Science

Information is the lens through which we see the world. Information systems professionals use technology to put information to use to bring value to people, organizations, and societies. The Bachelor of Science in Management Information Systems degree provides students with the

skills and educational background to develop & manage an organization's information resources, technology, and infrastructure.

Students pursuing a degree in Management Information Systems will learn how the computer-based information systems can be applied to improve organizational operations and decision-making, enhance products and services, and create new opportunities for business success. The study of information systems and quantitative analysis prepares students for career opportunities in business data management; data analytics, management information systems, systems analysis and design, decision support, information security, digital transformation, and other related areas.

## Fast Track

The department of Information Systems and Quantitative Analysis (ISQA) has developed a Fast Track program for highly qualified and motivated students providing the opportunity to complete a bachelor's degree and a master's degree in an accelerated time frame. With Fast Track, students may count up to 9 graduate credit hours towards the completion of their undergraduate program as well as the graduate degree program. Students will work with both undergraduate and graduate advisors to ensure graduate classes selected will count toward both programs, should a student wish to earn a graduate degree in a separate College of Information Science & Technology (CIST) area than their undergraduate degree.

### Program Specifics:

- This program is available for undergraduate students pursuing any CIST undergraduate degree desiring to pursue an MS in either the same or a related CIST field.
- Students must have completed no less than 60 undergraduate hours.
- Students must have a minimum undergraduate GPA of 3.0.
- Students must complete the Fast Track Approval form and obtain all signatures and submit to the Office of Graduate Studies prior to first enrollment in a graduate course.
- Students will work with their undergraduate advisor to register for the graduate courses.
- A minimum cumulative GPA of 3.0 is required for graduate coursework to remain in good standing.
- Students remain undergraduates until they meet all the requirements for the undergraduate degree and are eligible for all rights and privileges granted undergraduate status including financial aid.
- Near the end of the undergraduate program, formal application to the graduate program is required. All applicants will need to meet any other admission requirements established for the MS in selected CIST program. The application fee will be waived if the applicant contacts the Office of Graduate Studies for a fee waiver code prior to submitting the MS application.
  - Admission to Fast Track does NOT guarantee admission to the graduate program.
  - The admit term must be after the completion term of the undergraduate degree.

## Contact

For more information, contact the College of IS&T Academic Advising Office at 402.554.3819.

**Website** (<https://www.unomaha.edu/college-of-information-science-and-technology/academics/advising.php>)

## Management Information Systems, Bachelor of Science in Management Information Systems Requirements

A minimum of 120 credit hours is required for a Bachelor of Science degree in Management Information Systems. Thirty of the last 36 hours must be University of Nebraska at Omaha (UNO) courses. Registering for courses without having taken the stated prerequisites could result in administrative withdrawal.

To obtain a Bachelor of Science in Management Information Systems, a student must fulfill the University, College and Departmental requirements. Some courses may satisfy requirements in more than one area, but credit is awarded only once, thereby reducing the total number of credit hours for the degree to 120. (This total does not include prerequisites; students are accountable for all prerequisite courses.)

| Code  | Title   | Credits   |
|---|---|-----------|
| <b>General Education Requirements - 34 Hours Required</b>   |   |           |

| ISQA 4010 | BUSINESS INTELLIGENCE (^)   |
| ISQA 4060 | SPECIAL TOPICS: INFORMATION SYSTEMS & QUANTITATIVE ANALYSIS (^)       |
| ISQA 4070 | SPECIAL TOPICS: INFORMATION SYSTEMS & QUANTITATIVE ANALYSIS (^)       |
| ISQA 4100 | INFORMATION SYSTEMS ARCHITECTURE AND ORGANIZATION (^)                 |
| ISQA 4130 | INFORMATION TECHNOLOGY FOR DEVELOPMENT (^)                            |
| ISQA 4150 | ADVANCED STATISTICAL METHODS FOR IS&T (^)                             |
| ISQA 4160 | ENTERPRISE RESOURCE PLANNING SOFTWARE CONSULTING (^)                  |
| ISQA 4170 | DIGITAL SUPPLY CHAIN & LOGISTICS (^)                                  |
| ISQA 4180 | ELECTRONIC COMMERCE (^)   |
| ISQA 4190 | PROCESS REENGINEERING WITH INFORMATION TECHNOLOGY (^)                 |
| ISQA 4200 | INFORMATION AND DATA QUALITY MANAGEMENT (^)                           |
| ISQA 4300 | DATABASE ADMINISTRATION (^)   |
| ISQA 4380 | DISTRIBUTED TECHNOLOGIES AND SYSTEMS (^)                              |
| ISQA 4500 | SPECIAL PROBLEMS IN INFORMATION SYSTEMS AND QUANTITATIVE ANALYSIS (^) |
| ISQA 4510 | INFORMATION SYSTEMS INTERNSHIP (^)                                    |
| ISQA 4730 | DECISION SUPPORT SYSTEMS (^)  |
| ISQA 4880 | SYSTEMS SIMULATION AND MODELING (^)                                   |
| ISQA 4890 | DATA WAREHOUSING AND DATA MINING (^)                                  |

\*This area may also be used to complete concentration requirements

## ELECTIVES

#Elective hours as required to reach a total of 120 hours

## Optional Concentrations

Coursework taken to complete an optional MIS concentration also satisfies the 12 hours of specialization coursework within the MIS degree.

- Data Science Concentration (p. 666)
- Internet Technologies Concentration for MIS Majors (p. 667)
- i-Business Application Development and Management (p. 664)
- Information Assurance Concentration for MIS Majors (p. 665)
- IT Audit and Control (p. 668)

# Management Information Systems, Bachelor of Science in Management Information Systems Four Year Plan

## First Year

| Fall                      |   | Credits   |
|---------------------------|---|-----------|
| ENGL 1150                 | ENGLISH COMPOSITION I   | 3         |
| CMST 1110<br>or CMST 2120 | PUBLIC SPEAKING FUNDS<br>or ARGUMENTATION AND DEBATE  | 3         |
| CIST 1300                 | INTRODUCTION TO WEB DEVELOPMENT   | 3         |
| MATH 1930<br>or MATH 1370 | CALCULUS FOR THE MANAGERIAL, LIFE,<br>AND SOCIAL SCIENCES <sup>1</sup><br>or APPLIED ALGEBRA AND<br>OPTIMIZATION WITH DATA ANALYSIS | 3         |
| CYBR 1100                 | INTRODUCTION TO INFORMATION<br>SECURITY   | 3         |
| <b>Credits</b>            |   | <b>15</b> |

## Spring

|                                      |  |           |
|--------------------------------------|--|-----------|

| General Education Course or Elective   |                                  | 3 |

**Credits 15**

**Total Credits 120**

<sup>1</sup> MATH 1930 or MATH 1370 - Satisfy General Education Quantitative Literacy requirement

This roadmap is a suggested plan of study and does not replace meeting with an advisor. Please note that students may need to adjust the actual sequence of courses based on course availability. Please consult an advisor in your major program for further guidance.

This plan is not a contract and curriculum is subject to change.

### Additional Information About this Plan:

**University Degree Requirements:** The minimum number of hours for a UNO undergraduate degree is 120 credit hours. Please review the requirements for your specific degree program to determine all requirements for the program. In order to graduate on time (four years for an undergraduate degree), you need to take 30 credit hours each year.

**Placement Exams:** For Math, English, and Foreign Languages, a placement exam may be required. More information on these exams can be found at <https://www.unomaha.edu/enrollment-management/testing-center/placement-exams/information.php>

Please note that transfer credit or placement exam scores may change a suggested plan of study.

# i-Business Application Development and Management Concentration

## Management Information Systems, Bachelor of Science in Management Information Systems - i-Business Application Development and Management Concentration Requirements

| Code  | Title   | Credits   |
|---|---|-----------|
| <b>General Education Requirements - 34 Hours Required</b>   |   |           |
| Minimum of "C-" required  |   |           |
| <b>Fundamental Skills</b>   |   | <b>15</b> |
| <b>Writing – 6 hrs.</b>   |   |           |
| ENGL 1150   | ENGLISH COMPOSITION I                                   |           |
| ENGL 1160   | COLLEGE RESEARCH AND INFORMATION LITERACY               |           |
| <b>Oral Communication – 3 hrs.</b>  |   |           |
| CMST 1110   | PUBLIC SPEAKING FUNDS                                   |           |
| or CMST 2120  | ARGUMENTATION AND DEBATE                                |           |
| <b>Quantitative Literacy – 3 hrs.</b>   |   |           |
| MATH 1120   | INTRODUCTION TO MATHEMATICAL AND COMPUTATIONAL THINKING |           |
| or MATH 1130  | QUANTITATIVE LITERACY                                   |           |
| or MATH 1140  | QUANTITATIVE REASONING FOR HEALTHCARE PROFESSIONALS     |           |
| or MATH 1300  | COLLEGE ALGEBRA WITH SUPPORT                            |           |
| <b>Data Literacy – 3 hrs.</b>   |   |           |
| Select one from the following:  |   |           |
| STAT 1100   | DATA LITERACY AND VISUALIZATION                         |           |
| STAT 1530   | ELEMENTARY STATISTICS                                   |           |
| Until Fall 2028, students can satisfy this requirement with an approved data literacy course, or any approved natural or social science general education course. |   |           |
| <b>Breadth of Knowledge</b>   |   | <b>13</b> |
| Social Science – 3 hrs.   |   |           |
| Humanities – 3 hrs.   |   |           |
| Natural & Physical Science (must complete a lab) – 4 hrs.   |   |           |
| Arts – 3 hrs.   |   |           |
| <b>Individual and Social Responsibility</b>   |   | <b>6</b>  |
| Cultural Knowledge – 3 hrs.   |   |           |
| Civic Knowledge and Engagement – 3 hrs.   |   |           |
| <b>MAJOR REQUIREMENTS - 75 Hours Required</b>   |   |           |
| **Course will satisfy UNO's General Education requirement   |   |           |
| ^Course requires pre-requisite(s)   |   |           |
| <b>All of the Following:</b>  |   | <b>60</b> |
| CYBR 1100   | INTRODUCTION TO INFORMATION SECURITY (**)               |           |

# Information Assurance Concentration for MIS Majors

## Management Information Systems, Bachelor of Science in Management Information Systems - Information Assurance Concentration Requirements

| Code | Title | Credits |
|------|-------|---------|
|------|-------|---------|

**General Education Requirements - 34 Hours Required**

Minimum of "C-" required

**Fundamental Skills 15****Writing – 6 hrs.**

ENGL 1150 ENGLISH COMPOSITION I

ENGL 1160 COLLEGE RESEARCH AND INFORMATION LITERACY

**Oral Communication – 3 hrs.**

CMST 1110 PUBLIC SPEAKING FUNDS

or CMST 2120 ARGUMENTATION AND DEBATE

**Quantitative Literacy – 3 hrs.**

MATH 1120 INTRODUCTION TO MATHEMATICAL AND COMPUTATIONAL THINKING

or MATH 1130 QUANTITATIVE LITERACY

or MATH 1140 QUANTITATIVE REASONING FOR HEALTHCARE PROFESSIONALS

or MATH 1300 COLLEGE ALGEBRA WITH SUPPORT

**Data Literacy – 3 hrs.**

Select one from the following:

STAT 1100 DATA LITERACY AND VISUALIZATION

STAT 1530 ELEMENTARY STATISTICS

Until Fall 2028, students can satisfy this requirement with an approved data literacy course, or any approved natural or social science general education course.

**Breadth of Knowledge 13**

Social Science – 3 hrs.

Humanities – 3 hrs.

Natural &amp; Physical Science (must complete a lab) – 4 hrs.

Arts – 3 hrs.

**Individual and Social Responsibility 6**

Cultural Knowledge – 3 hrs.

Civic Knowledge and Engagement – 3 hrs.

**MAJOR REQUIREMENTS - 75 Hours Required**

\*\*Course will satisfy UNO's General Education requirement

^Course requires pre-requisite(s)

**All of the Following: 60**

CYBR 1100 INTRODUCTION TO INFORMATION SECURITY (\*\*)

CIST 1300 INTRODUCTION TO WEB DEVELOPMENT (^)

CIST 1400 INTRODUCTION TO COMPUTER SCIENCE I (^)

MATH 1930 CALCULUS FOR THE MANAGERIAL, LIFE, AND SOCIAL SCIENCES (^)

or MATH 1370 APPLIED ALGEBRA AND OPTIMIZATION WITH DATA ANALYSIS

CIST 2100 ORGANIZATIONS, APPLICATIONS AND TECHNOLOGY (\*\*^)

ACCT 2010 PRINCIPLES OF ACCOUNTING I (^)

ACCT 2020 PRINCIPLES OF ACCOUNTING II (^)

ECON 2200 PRINCIPLES OF ECONOMICS (MICRO) (\*\* ^)

ECON 2220 PRINCIPLES OF ECONOMICS (MACRO) (\*\* ^)

CIST 2500 INTRODUCTION TO APPLIED STATISTICS FOR IS&amp;T (^)

CIST 3000 TECHNICAL WRITING &amp; COMMUNICATION FOR IS&amp;T (^)

CIST 3110 INFORMATION TECHNOLOGY ETHICS (\*\*^)

ISQA 3310 MANAGING THE DATABASE ENVIRONMENT (^)

ISQA 3400 INFORMATION TECHNOLOGY INFRASTRUCTURE (^)

ISQA 3420 MANAGING IN A DIGITAL WORLD (^)

ISQA 3900 WEB APPLICATION DEVELOPMENT (^)

ISQA 3910 INTRODUCTION TO PROJECT MANAGEMENT (^)

ISQA 4110 INFORMATION SYSTEMS ANALYSIS (^)

ISQA 4120 SYSTEM DESIGN AND IMPLEMENTATION (^)

ISQA 4900 FULL STACK DEVELOPMENT (^)

**Business Co-Requirement - Select 1 course from the following: 3**

ACCT 3080 ACCOUNTING INFORMATION SYSTEMS (^)

ECON 3200 ECONOMIC THEORY: MICRO (^)

ECON 3220 ECONOMIC THEORY: MACRO (^)

ENTR 3710 ENTREPRENEURIAL FOUNDATIONS (^)

FNBK 3250 PRINCIPLES OF FINANCIAL MANAGEMENT (^)

MKT 3310 PRINCIPLES OF MARKETING (^)

MGMT 4030 HUMAN RESOURCE MANAGEMENT (^)

MGMT 4090 MANAGING COLLABORATIVE ENGAGEMENT (^)

**Information Assurance Concentration - Complete all of the following 12**

CYBR 2600 SYSTEM ADMINISTRATION (^)

CYBR 3600 CYBERSECURITY POLICY AND AWARENESS (^)

CYBR 3050 PRINCIPLES OF CYBER OPERATIONS AND DEFENSE

or CYBR 4360 PRINCIPLES OF SECURE SYSTEM DESIGN

CYBR 4540 COMPUTER SECURITY MANAGEMENT (^)

## Management Information Systems Minor

### Management Information Systems Minor Requirements

A grade of "C-" or better is required in each course applied toward the minor in Management Information Systems (MIS). Students are responsible for completing the prerequisites for all courses taken for the minor in MIS.

A minor in Management Information Systems may be obtained by completing the following courses:

| Code  | Title   | Credits  |
|---|---|----------|
| <b>15 Hours Required</b>                        |   |          |
| <b>All of the following</b>                     |   | <b>6</b> |
| ISQA 3310                                       | MANAGING THE DATABASE ENVIRONMENT                           |          |
| ISQA 3910                                       | INTRODUCTION TO PROJECT MANAGEMENT                          |          |
| <b>Select one of the following:<sup>1</sup></b> |   | <b>3</b> |
| ISQA 3420                                       | MANAGING IN A DIGITAL WORLD                                 |          |
| ISQA 3900                                       | WEB APPLICATION DEVELOPMENT                                 |          |
| ISQA 4110                                       | INFORMATION SYSTEMS ANALYSIS                                |          |
| <b>Select 6 hours from the following:</b>       |   | <b>6</b> |
| ISQA 3400                                       | INFORMATION TECHNOLOGY INFRASTRUCTURE                       |          |
| ISQA 3520                                       | GRAPHICAL USER INTERFACE DESIGN                             |          |
| ISQA 4000                                       | SPECIAL TOPICS: INFORMATION SYSTEMS & QUANTITATIVE ANALYSIS |          |
| ISQA 4010                                       | BUSINESS INTELLIGENCE                                       |          |
| ISQA 4100                                       | INFORMATION SYSTEMS ARCHITECTURE AND ORGANIZATION           |          |
| ISQA 4120                                       | SYSTEM DESIGN AND IMPLEMENTATION                            |          |
| ISQA 4130                                       | INFORMATION TECHNOLOGY FOR DEVELOPMENT                      |          |
| ISQA 4150                                       | ADVANCED STATISTICAL METHODS FOR IS&T                       |          |
| ISQA 4160                                       | ENTERPRISE RESOURCE PLANNING SOFTWARE CONSULTING            |          |
| ISQA 4170                                       | DIGITAL SUPPLY CHAIN & LOGISTICS                            |          |
| ISQA 4180                                       | ELECTRONIC COMMERCE   |          |
| ISQA 4200                                       | INFORMATION AND DATA QUALITY MANAGEMENT                     |          |
| ISQA 4300                                       | DATABASE ADMINISTRATION                                     |          |
| ISQA 4380                                       | DISTRIBUTED TECHNOLOGIES AND SYSTEMS                        |          |
| ISQA 4730                                       | DECISION SUPPORT SYSTEMS                                    |          |
| ISQA 4880                                       | SYSTEMS SIMULATION AND MODELING                             |          |
| ISQA/CSCI 4890                                  | DATA WAREHOUSING AND DATA MINING                            |          |
| CIST 4910                                       | SYSTEMS DEVELOPMENT IN OPEN SOURCE COMMUNITIES              |          |

<sup>1</sup> Additional courses can be used to satisfy the 6 additional credit hours needed for the minor.

## Data Management Certificate

Data Management (DM) is the practice of managing data-related issues for an organization. Data management practitioners seek to optimize the design, storage, and use of organizational data.

### Data Management Certificate Requirements

The certificate in Data Management is open to anyone with an associate's or bachelor's degree in IT. UNO students enrolled in the Division of Continuing Studies' Bachelor of Multidisciplinary Studies degree program with an IT-related concentration and students in any of the College of IS&T undergraduate degree programs are also eligible to enroll in this certificate program.

Students are responsible for completing the prerequisites for all courses taken for the Data Management Certificate.

#### Prerequisite Courses

| Code         | Title                                       | Credits |
|--------------|---|---------|
| CIST 2500    | INTRODUCTION TO APPLIED STATISTICS FOR IS&T | 3       |
| CIST 2100    | ORGANIZATIONS, APPLICATIONS AND TECHNOLOGY  | 3       |
| or MGMT 3100 | MANAGEMENT INFORMATION SYSTEMS              |         |

#### Requirements

| Code                                | Title                                   | Credits   |
|-------------------------------------|---|-----------|
| <b>15 Hours Required</b>            |   |           |
| <b>All of the following</b>         |   | <b>12</b> |
| ISQA 3310                           | MANAGING THE DATABASE ENVIRONMENT       |           |
| ISQA 4200                           | INFORMATION AND DATA QUALITY MANAGEMENT |           |
| ISQA 4300                           | DATABASE ADMINISTRATION                 |           |
| ISQA 4890                           | DATA WAREHOUSING AND DATA MINING        |           |
| <b>Select one of the following:</b> |   | <b>3</b>  |
| ISQA 4380                           | DISTRIBUTED TECHNOLOGIES AND SYSTEMS    |           |

## Information Technology Administration Certificate

The undergraduate certificate in Information Technology (IT) Administration is designed for students who are interested in managing the complex technical infrastructure of today's organizations. The certificate is offered in partnership with the University of Agder in Norway (UiA), a sister university to UNO. The certificate consists of 12 credit hours of courses covering such areas as systems administration, network administration, database administration, security administration, and distributed systems. All courses are offered online. Students will take courses taught by both UNO and UiA instructors and will have the opportunity to work with students residing in a country other than their own.

## Information Technology (IT) Administration Certificate Requirements

The certificate in Information Technology (IT) Administration is open to anyone with an associate's or bachelor's degree in IT. UNO students enrolled in the Division of Continuing Studies' Bachelor of Multidisciplinary Studies degree program with an IT-related concentration and students in any of the College of IS&T undergraduate degree programs are also eligible to enroll in this certificate program.

Students are responsible for completing the prerequisites for all courses taken for the IT Administration Certificate.

| Code   | Title   | Credits |
|--|---|---------|
| <b>Prerequisite Courses</b>                  |   |         |
| CIST 1400                                    | INTRODUCTION TO COMPUTER SCIENCE I                    | 3       |
| or CIST 1600                                 | INTRODUCTION TO PROGRAMMING USING PRACTICAL SCRIPTING |         |
| And one additional course of programming     |   | 3       |
| CIST 2100                                    | ORGANIZATIONS, APPLICATIONS AND TECHNOLOGY            | 3       |
| One semester of database management:         |   | 3       |
| ISQA 3310                                    | MANAGING THE DATABASE ENVIRONMENT                     |         |
| or IS 201-Data Modeling and Database Systems |   |         |

| Code                         | Title  | Credits   |
|------------------------------|--|-----------|
| <b>12 Hours Required</b>     |  |           |
| <b>All of the following:</b> |  | <b>12</b> |
| ISQA 3400                    | INFORMATION TECHNOLOGY INFRASTRUCTURE <sup>1</sup> |           |
| ISQA 4300                    | DATABASE ADMINISTRATION <sup>1</sup>               |           |

| CYBR 2600                    | SYSTEM ADMINISTRATION <sup>1</sup>                 |           |

<sup>1</sup> NOTE: The following substitutions will be accepted:  
 IS 212 (UiA) IT Resource Operations (3 hours) in place of ISQA 3400.  
 IS 309 (UiA) Advanced Database Systems (3 hours) in place of ISQA 4300 (<http://catalog.unomaha.edu/search/?P=ISQA%204300>).  
 IS 213 (UiA) Open Source (3 hours) in place of CYBR 2600.

## Interdisciplinary Informatics (Si2)

The mission of the School of Interdisciplinary Informatics (Si2) is to provide students and faculty the opportunity to pursue their passions, to use technology in all its facets, and to be transformative. We collaborate to deliver individualized education, world-class research, and immersive experiences to create and harmonize knowledge from multiple disciplines.

The School of Interdisciplinary Informatics reflects the role and mission of UNO's College of Information Science & Technology and the University of Nebraska at Omaha in a number of ways. It is a direct response to the opportunities and challenges presented by information technology as it relates to economic growth for the state and region in applied IT areas such as medical informatics, innovation, and cybersecurity. The School encourages the enhancement and fostering of new educational, research and creative activities by bringing together practitioners, researchers and students in interdisciplinary fields of importance to the state and the University. The School is unique in the country and leads to increased national visibility of the University of Nebraska in the area of interdisciplinary information technology applications.

The School of Interdisciplinary Informatics addresses the following needs and demands of our academic, business, and community stakeholders:

1. Growth of interdisciplinary areas;
2. Facilitation of innovative partnerships with external constituents, including leveraging the expertise of the local community;
3. Recruitment of personnel;
4. Reduction of barriers to collaboration;
5. Flexible and agile structure for quick response to opportunities;
6. Solidification of regional and national recognition as an important resource for the study and advancement of IT in the domain of healthcare, biosciences, and information security;
7. Visibility of the college and its interdisciplinary focus;
8. A magnet for collaborative external funding;
9. Development of the next generation workforce to address local, regional and national needs in exciting, new interdisciplinary domains.

## Accreditation

As a requirement of standards set by the Higher Learning Commission (HLC), the accrediting body of the University of Nebraska at Omaha, each of our undergraduate degree programs performs a regular assessment of student learning outcomes. The process of program assessment and program reviews helps to ensure students are being provided with an

academically rigorous curriculum that also reflects the demands of a rapidly changing job market.

## Contact

For more information, contact the College of IS&T Academic Advising Office at 402.554.3819.

## Website (<http://www.unomaha.edu/college-of-information-science-and-technology/school-of-interdisciplinary-informatics/>)

## Degrees Offered

The three degrees offered by the School are:

- Applied Computing and Informatics, Bachelor of Science (p. 678)
- Cybersecurity, Bachelor of Science (p. 674)

The degrees offered in the School share an interdisciplinary spirit within their curriculum, which reflects the School's mission to provide our students a transformative, individualized education. Our graduates are trained by faculty with expertise in multiple domains so that they may rise to real-world challenges that require interdisciplinary solutions.

## Minors Offered

- Applied Computing and Informatics Minor (p. 681)
- Bioinformatics Minor (p. 673)
- Cybersecurity Minor (p. 678)

## Bachelor of Science in Applied Computing and Informatics

The Applied Computing and Informatics major is the interdisciplinary practice of conceptualizing, designing, prototyping and fielding an IT-based product or service. IT focuses both on the technological and entrepreneurial aspects of IT products. Applied Computing and Informatics brings together aspects of Computer Science and Management Information Systems with other disciplines that inform IT design and application, such as health care, business, psychology, art, or music.

### Careers Options:

In addition to more general IT professions, students in the Applied Computing and Informatics program have found employment in the Applied Computing and Informatics field as:

- Applications Designer
- Digital Artist
- Founder
- Graphics/Web Designer
- Innovation Consultant
- Innovation Evangelist
- IT Applications Consultant
- New Product Designer/Developer
- New Ventures Specialist
- Product Innovation Specialist
- User Experience Designer
- Video Game Designer

## Bachelor of Science in Bioinformatics

Graduates from UNO's Bioinformatics (BIOI) program in the College of IS&T will be able to use their preparation to apply and investigate technology to

solve bioinformatics problems in a comprehensive, competitive and effective way. Students with an undergraduate degree in bioinformatics can expect to have a foundational knowledge in computer science, biology, statistics, and database administration.

The job outlook for Bioinformatics majors is excellent. Versatile and greatly in demand, our graduates have gone on to become programmers, data analysts, and senior-level scientists. Employment is available with private and public industries, research institutions, government institutions, non-profits, and universities around the globe. The Bioinformatics degree can also serve as a springboard to graduate work, opening the door to academic careers and other careers that require informatics skills coupled with biological background.

### Careers Options:

- Bioinformatics Scientist/Analyst
- Scientific Curator
- Computational Biologist
- Database Programmer
- Database Administrator
- Software Developer
- Consultant
- Network Analyst
- Structural Analyst
- Biostatistician
- Software Engineer
- Research Scientist
- Data Scientist
- Biotech Entrepreneur

## Bachelor of Science in Cybersecurity

Cybersecurity is a rapidly expanding field focused on keeping critical infrastructure, systems, and users safe. From phishing attacks on individuals to large-scale attacks on facilities like power plants, government systems, and industrial control systems, threaten the 21<sup>st</sup> century global economy. Adapting to these changing threat environments is a continual activity in which companies and governments must engage. These organizations rely on cybersecurity practitioners to identify threats, determine risk, and implement mitigating protections in their software, hardware, and online systems - such as those on mobile, web and Internet of Things (IoT) platforms. It is also important to build protections into new software and hardware during the design and development process, track and monitor developed systems for on-going risk, and assess them forensically when something goes wrong. The Bachelor of Science in Cybersecurity (CYBR) degree program at UNO focuses on technical curricula that prepare students for pathways into a range of careers that address these topics.

### Careers Options:

- Entry Level
  - Cybersecurity Specialist/Technician
  - Cyber Crime Analyst/Investigator
  - Incident Analyst / Responder
  - IT Auditor
  - Secure Applications Developer
- Mid-Level
  - Cybersecurity Analyst
  - Cybersecurity Consultant
  - Penetration and Vulnerability Tester

- Secure Systems Integrator
- Cybersecurity Lead Programmer
- Advanced level
  - Cybersecurity Manager/Administrator
  - Cybersecurity Engineer
  - Cybersecurity Architect
  - Chief Information Security Officer

# Biomedical Informatics Concentration

## Applied Computing and Informatics, Bachelor of Science - Biomedical Informatics Concentration Requirements

| Code  | Title   | Credits   |
|---|---|-----------|
| <b>General Education Requirements - 34 Hours Required</b>   |   |           |
| Minimum of "C-" required  |   |           |
| <b>Fundamental Skills</b>   |   | <b>15</b> |
| <b>Writing – 6 hrs.</b>   |   |           |
| ENGL 1150   | ENGLISH COMPOSITION I                                   |           |
| ENGL 1160   | COLLEGE RESEARCH AND INFORMATION LITERACY               |           |
| <b>Oral Communication – 3 hrs.</b>  |   |           |
| CMST 1110   | PUBLIC SPEAKING FUNDS                                   |           |
| or CMST 2120  | ARGUMENTATION AND DEBATE                                |           |
| <b>Quantitative Literacy – 3 hrs.</b>   |   |           |
| MATH 1120   | INTRODUCTION TO MATHEMATICAL AND COMPUTATIONAL THINKING |           |
| or MATH 1130  | QUANTITATIVE LITERACY                                   |           |
| or MATH 1140  | QUANTITATIVE REASONING FOR HEALTHCARE PROFESSIONALS     |           |
| or MATH 1300  | COLLEGE ALGEBRA WITH SUPPORT                            |           |
| <b>Data Literacy – 3 hrs.</b>   |   |           |
| Select one from the following:  |   |           |
| STAT 1100   | DATA LITERACY AND VISUALIZATION                         |           |
| STAT 1530   | ELEMENTARY STATISTICS                                   |           |
| Until Fall 2028, students can satisfy this requirement with an approved data literacy course, or any approved natural or social science general education course. |   |           |
| <b>Breadth of Knowledge</b>   |   | <b>13</b> |
| Social Science – 3 hrs.   |   |           |
| Humanities – 3 hrs.   |   |           |
| Natural & Physical Science (must complete a lab) – 4 hrs.   |   |           |
| Arts – 3 hrs.   |   |           |
| <b>Individual and Social Responsibility</b>   |   | <b>6</b>  |
| Cultural Knowledge – 3 hrs.   |   |           |
| Civic Knowledge and Engagement – 3 hrs.   |   |           |
| <b>MAJOR REQUIREMENTS - 61 Hours Required</b>   |   |           |
| **Course will satisfy UNO's General Education requirement   |   |           |
| ^Course requires pre-requisite(s)   |   |           |
| <b>All of the Following:</b>  |   | <b>43</b> |
| CIST 1010   | LEARN AND EARN: COLLEGE AND CAREER SUCCESS              |           |
| CSCI 1200   | COMPUTER SCIENCE PRINCIPLES (** ^)                      |           |

|              |   |
|--------------|---|
| CYBR 1100    | INTRODUCTION TO INFORMATION SECURITY (**)                                 |

## Bioinformatics Minor

### Bioinformatics Minor Requirements

Bioinformatics is a rapidly expanding interdisciplinary field focused on collecting, processing, and analyzing vast amounts of biological and biomedical data, and it has become an indispensable component of biomedical research. The Minor in Bioinformatics offers an opportunity for

students majoring in other disciplines to acquire the foundations of the field and add in-demand skills to their portfolio.

Students are responsible for completing the prerequisites for all courses taken for the Bioinformatics minor.

| Code  | Title  | Credits  |
|---|--|----------|
| <b>18 Hours Required</b>  |  |          |
| <b>All of the Following</b>   |  | <b>9</b> |
| BIOI 1000   | DIGITAL HEALTH AND BIOLOGICAL SYSTEMS                                |          |
| BIOI 3000   | APPLIED BIOINFORMATICS   |          |
| CIST 1400   | INTRODUCTION TO COMPUTER SCIENCE I                                   |          |
| <b>Select 9 hours from the following list, including at least 3 credits of courses with ACMP or BIOI prefixes</b> |  | <b>9</b> |
| ACMP 2000   | DATA ANALYSIS AND MACHINE LEARNING                                   |          |
| ACMP 3200   | DATA STRUCTURES AND ALGORITHMS FOR APPLIED COMPUTING AND INFORMATICS |          |
| BIOI 4500   | INDEPENDENT STUDY <sup>1</sup>                                       |          |
| BIOL 4050   | SUPERVISED RESEARCH IN BIOLOGY <sup>1</sup>                          |          |
| BIOI 4860   | BIOINFORMATICS ALGORITHMS  |          |
| BIOI 4870   | DATA MANAGEMENT AND KNOWLEDGE DISCOVERY IN COMPUTING AND INFORMATICS |          |
| BIOI 4890   | COMPUTERIZED GENETIC SEQUENCE ANALYSIS                               |          |
| BIOI 4950   | SPECIAL TOPICS IN BIOINFORMATICS                                     |          |
| BIOL 3020   | MOLECULAR BIOLOGY OF THE CELL  |          |
| BIOL 4130   | MOLECULAR GENETICS   |          |
| BIOL 4140   | CELLULAR BIOLOGY   |          |
| CSCI/MATH 4150  | GRAPH THEORY & APPLICATIONS  |          |
| CSCI 4850   | DATABASE MANAGEMENT SYSTEMS  |          |

<sup>1</sup> The number of combined credits from BIOI 4500 and BIOL 4050 cannot exceed 3.

## Cybersecurity, Bachelor of Science

### Bachelor of Science in Cybersecurity

Cybersecurity (CYBR) is an emerging, rapidly expanding science that addresses problems in the fundamental understanding of the design, development, implementation and lifecycle support of secure information systems. The need for secure information systems has become a paramount concern as the computer-enabled, internet-connected, digital-based global society of the 21st century continues to emerge. The lack of adequately secure information systems has been cited as one of the likely impediments to the emergence of the digital society.

### Student Groups

**NULLify** is UNO's student-led computer security group. Contact the group at nullify@unomaha.edu.

## Fast Track

The School of Interdisciplinary Informatics (SI2) has developed a Fast Track program for highly qualified and motivated students providing the opportunity to complete a bachelor's degree and a master's degree in an accelerated time frame. With Fast Track, students may count up to 9 graduate credit hours towards the completion of their undergraduate program as well as the graduate degree program. Students will work with both undergraduate and graduate advisors to ensure graduate classes selected will count toward both programs, should a student wish to earn a graduate degree in a separate College of Information Science & Technology (CIST) area than their undergraduate degree.

Program Specifics:

- This program is available for undergraduate students pursuing any CIST undergraduate degree desiring to pursue an MS in either the same or a related CIST field.
- Students must have completed no less than 60 undergraduate hours.
- Students must have a minimum undergraduate GPA of 3.0.
- Students must complete the Fast Track Approval form and obtain all signatures and submit to the Office of Graduate Studies prior to first enrollment in a graduate course.
- Students will work with their undergraduate advisor to register for the graduate courses.
- A minimum cumulative GPA of 3.0 is required for graduate coursework to remain in good standing.
- Students remain undergraduates until they meet all the requirements for the undergraduate degree and are eligible for all rights and privileges granted undergraduate status including financial aid.
- Near the end of the undergraduate program, formal application to the graduate program is required. All applicants will need to meet any other admission requirements established for the MS in selected CIST program. The application fee will be waived if the applicant contacts the Office of Graduate Studies for a fee waiver code prior to submitting the MS application.
  - Admission to Fast Track does NOT guarantee admission to the graduate program.
  - The admit term must be after the completion term of the undergraduate degree.

## Cybersecurity, Bachelor of Science in Cybersecurity Requirements

A minimum of 120 credit hours is required for a Bachelor of Science degree in Cybersecurity. Thirty of the last 36 hours must be University of Nebraska at Omaha courses. Registering for courses without having taken the stated prerequisites could result in administrative withdrawal.

To obtain a Bachelor of Science in Cybersecurity, a student must fulfill the University General Education, College, and Departmental requirements. Some courses may satisfy requirements in more than one area, but credit is awarded only once, thereby reducing the total number of credit hours for the degree to 120. (This total does not include prerequisites.)

| Code  | Title   | Credits   |
|---|---|-----------|
| <b>General Education Requirements - 34 Hours Required</b>   |   |           |
| Minimum of "C-" required  |   |           |
| <b>Fundamental Skills</b>   |   | <b>15</b> |
| <b>Writing – 6 hrs.</b>   |   |           |
| ENGL 1150   | ENGLISH COMPOSITION I                                       |           |
| ENGL 1160   | COLLEGE RESEARCH AND INFORMATION LITERACY                   |           |
| <b>Oral Communication – 3 hrs.</b>  |   |           |
| CMST 1110   | PUBLIC SPEAKING FUNDS                                       |           |
| or CMST 2120  | ARGUMENTATION AND DEBATE                                    |           |

| <b>Total Credits</b>                 |  | <b>120</b> |

This roadmap is a suggested plan of study and does not replace meeting with an advisor. Please note that students may need to adjust the actual sequence of courses based on course availability. Please consult an advisor in your major program for further guidance.

This plan is not a contract and curriculum is subject to change.

#### Additional Information About this Plan:

**University Degree Requirements:** The minimum number of hours for a UNO undergraduate degree is 120 credit hours. Please review the requirements for your specific degree program to determine all requirements for the program. In order to graduate on time (four years for an undergraduate degree), you need to take 30 credit hours each year.

**Placement Exams:** For Math, English, and Foreign Languages, a placement exam may be required. More information on these exams can be found at <https://www.unomaha.edu/enrollment-management/testing-center/placement-exams/information.php>

Please note that transfer credit or placement exam scores may change a suggested plan of study.

<sup>1</sup> Students who have previously earned credit for CYBR 4360 may substitute CYBR 4360 and PSCI 4260 in place of CYBR 3050.

## Cyber Operations Concentration

### Cybersecurity, Bachelor of Science in Cybersecurity - Cyber Operations Requirements

The University of Nebraska at Omaha's undergraduate Cybersecurity degree program is one of the few National Security Agency (NSA) certified National Centers of Academic Excellence in Cyber Operations (CAE-CO). The Cyber Operations concentration within the BS in Cybersecurity satisfies requirements defined by the NSA CAE-CO program, and students who complete this concentration will earn a special transcript designation indicating that they have met NSA CAE-CO's requirements upon graduation.

# Applied Computing and Informatics, Bachelor of Science

## Applied Computing and Informatics Program (ACMP)

The Applied Computing and Informatics (ACMP) program is tailored for those who aspire to make a difference with computing in a range of domain areas from web development to healthcare to game design. Enrolling in ACMP is a choice to focus less on theory and more on solving real-world challenges. Our curriculum is designed to immerse students in the core areas of data analytics, software development, and user experience design, ensuring that the solutions developed are not only technologically advanced but also user-centric and engaging.

## Pathways for Specialization

**Design and Innovation:** This pathway is ideal for students with a passion for creating aesthetically pleasing and functional technological solutions. It emphasizes the importance of understanding user needs and incorporates principles of startup thinking into the design process, preparing students to become pioneers in technological innovation.

**Biomedical Informatics:** Tailored for students interested in the intersection of computing and healthcare, this pathway focuses on applying informatics principles to biomedicine and healthcare challenges, equipping students with the skills needed to make significant contributions to medical advancements and patient care.

## Fast Track

The School of Interdisciplinary Informatics (SI2) has developed a Fast Track program for highly qualified and motivated students providing the opportunity to complete a bachelor's degree and a master's degree in an accelerated time frame. With Fast Track, students may count up to 9 graduate credit hours towards the completion of their undergraduate program as well as the graduate degree program. Students will work with both undergraduate and graduate advisors to ensure graduate classes selected will count toward both programs, should a student wish to earn a graduate degree in a separate College of Information Science & Technology (CIST) area than their undergraduate degree.

### Program Specifics:

- This program is available for undergraduate students pursuing any CIST undergraduate degree desiring to pursue an MS in either the same or a related CIST field.
- Students must have completed no less than 60 undergraduate hours.
- Students must have a minimum undergraduate GPA of 3.0.
- Students must complete the Fast Track Approval form and obtain all signatures and submit to the Office of Graduate Studies prior to first enrollment in a graduate course.
- Students will work with their undergraduate advisor to register for the graduate courses.
- A minimum cumulative GPA of 3.0 is required for graduate coursework to remain in good standing.
- Students remain undergraduates until they meet all the requirements for the undergraduate degree and are eligible for all rights and privileges granted undergraduate status including financial aid.
- Near the end of the undergraduate program, formal application to the graduate program is required. All applicants will need to meet any other admission requirements established for the MS in selected CIST program. The application fee will be waived if the applicant contacts the

Office of Graduate Studies for a fee waiver code prior to submitting the MS application.

- Admission to Fast Track does NOT guarantee admission to the graduate program.
- The admit term must be after the completion term of the undergraduate degree.

# Applied Computing and Informatics, Bachelor of Science Requirements

A minimum of 120 credit hours is required for a Bachelor of Science degree in applied Computing and Informatics. Thirty of the last 36 hours must be University of Nebraska at Omaha (UNO) courses. Registering for courses without having taken the stated prerequisites could result in administrative withdrawal.

To obtain a Bachelor of Science degree in Applied Computing and Informatics, a student must fulfill the university, college and departmental requirements. Some courses may satisfy requirements in more than one area, but credit is awarded only once, thereby reducing the total number of credit hours for the degree to 120. (This total does not include prerequisites.)

| Code  | Title   | Credits   |

This roadmap is a suggested plan of study and does not replace meeting with an advisor. Please note that students may need to adjust the actual sequence of courses based on course availability. Please consult an advisor in your major program for further guidance.

This plan is not a contract and curriculum is subject to change

#### Additional Information About this Plan:

University Degree Requirements: The minimum number of hours for a UNO undergraduate degree is 120 credit hours. Please review the requirements for your specific program to determine all requirements for the program. In order to graduate on-time (four years for an undergraduate degree), you need to take 30 hours each year.

Placement Exams: For Math, English, Foreign Language, a placement exam may be required. More information on these exams can be found at <https://www.unomaha.edu/enrollment-management/testing-center/placement-exams/information.php>

\*\*Transfer credit or placement exam scores may change suggested plan of study

## Applied Computing and Informatics Minor

### Applied Computing and Informatics Minor Requirements

The objective of the Applied Computing and Informatics minor is to provide students with a substantive qualification in information technology to augment their respective major and allow them to be even more innovative as to the application of Applied Computing and Informatics to their learning and career choices.

The Applied Computing and Informatics minor will serve all students that have a desire to pursue their academic major and wish to supplement it with an innovative approach of Applied Computing and Informatics to that major.

A minor may be earned by completing the following 18 hours:

| Code  | Title   | Credits  |
|---|---|----------|
| <b>All of the following</b>                                     |   | <b>9</b> |
| ACMP 1200   | HUMAN-CENTERED COMPUTING (**)                         |          |
| CIST 1400   | INTRODUCTION TO COMPUTER SCIENCE I                    |          |
| or CIST 1600  | INTRODUCTION TO PROGRAMMING USING PRACTICAL SCRIPTING |          |
| ACMP 3220   | CREATIVITY AND INNOVATION                             |          |
| <b>Select 9 hours of 3000 level or above from the following</b> |   | <b>9</b> |
| CIST 3110   | INFORMATION TECHNOLOGY ETHICS (**)                    |          |

|              |   |
|--------------|---|
| ACMP 3330    | DESIGN METHODS AND PROTOTYPING                                    |
| ART 3140     | COMPUTER-GENERATED IMAGERY (CGI) I: INTERACTIVE 3D VIRTUAL SPACES |
| ART 3150     | VIDEO ART   |
| ART 3160     | GAME DESIGN AS ART  |
| ART 3170     | DIGITAL GAME DESIGN   |
| ART 4180     | ADVANCED DIGITAL GAME DESIGN                                      |
| ACMP 4260    | USER EXPERIENCE DESIGN  |
| ISQA 3310    | MANAGING THE DATABASE ENVIRONMENT                                 |
| ISQA 3400    | INFORMATION TECHNOLOGY INFRASTRUCTURE                             |
| or CSCI 3550 | COMMUNICATION NETWORKS  |
| ISQA 3520    | GRAPHICAL USER INTERFACE DESIGN                                   |
| ENTR 3710    | ENTREPRENEURIAL FOUNDATIONS                                       |
| MUS 3170     | EXPLORING MUSIC TECHNOLOGY  |
| MUS 4200     | AUDIO RECORDING TECHNIQUES I                                      |
| MUS 4210     | AUDIO RECORDING TECHNIQUES II                                     |

We encourage Applied Computing and Informatics students to think broadly. The courses listed above are recommendations for completing the minor; other courses tailored to your individual program of study can be approved with permission of the ACMP Program Committee.

## College of Public Affairs and Community Service

### Mission

The College of Public Affairs and Community Service (CPACS) was established in 1973 to ensure university responsiveness to the critical social needs of the community and state. The college was charged with the mission of providing educational programs of the highest caliber to prepare students for leadership in public service and reaching out to the community to help solve public problems.

The mission of the College of Public Affairs and Community Service is to:

1. Foster a learning environment in which undergraduate students, graduate students, adult learners and both traditional and nontraditional students can gain a comprehensive and quality education helpful in preparing for careers in their respective fields;
2. Conduct research, especially as it relates to concerns of local and statewide constituencies; and,
3. Offer professional services to the community, including continuing education opportunities designed to further personal, professional, organizational, and community improvement goals.

### General Information

The College of Public Affairs and Community Service (CPACS) offers undergraduate coursework leading to the Bachelor of Science Degree in aviation, criminology and criminal justice, gerontology, social work, and emergency management. The Division of Continuing Studies administers the Bachelor of Multidisciplinary Studies (BMS) Degree. In addition to its undergraduate degree programs, CPACS offers courses in urban studies, nonprofit management, and public administration; the Goodrich Scholarship Program, a specialized program for students with marked financial need; and particular areas of independent study developed in conjunction with other UNO colleges or governmental units.

The College of Public Affairs and Community Service strives to make available to students an interdisciplinary education based on classroom

learning, research, and community service. Students are expected to participate in each of these activities.

## Goodrich Scholarship Program

Since 1972, the Goodrich Scholarship Program (<https://www.unomaha.edu/college-of-public-affairs-and-community-service/goodrich-scholarship-program/>) has enabled more than 3000 students to complete a first-class education at the University of Nebraska Omaha (UNO). Many recipients are the first in their families to attend college. All students are Nebraska residents, have financial need, and have demonstrated academic merit, earning an opportunity to continue their education at UNO. Goodrich scholars bring a spectacular variety of experiences, backgrounds and skills to UNO and the city of Omaha.

The Goodrich Scholarship has many benefits, including:

- Financial aid in the form of tuition and general fees
- A complementary MavEd core curriculum
- Academic and non-academic support services

For more information or to apply, visit <https://www.unomaha.edu/college-of-public-affairs-and-community-service/goodrich-scholarship-program/index.php> (<https://www.unomaha.edu/college-of-public-affairs-and-community-service/goodrich-scholarship-program/>)

Goodrich Scholarship Program  
123 College of Public Affairs and Community Service  
University of Nebraska at Omaha

Omaha, NE 68182  
Phone – 402.554.2274

## Center for Public Affairs Research

The Center for Public Affairs Research collaboratively produces and disseminates high-quality public scholarship about topics that impact the lives of Nebraskans. Ongoing projects from CPAR, include policy analyses for the Planning Committee of the Nebraska State Legislature, the Nebraska Rural Transit Project, governing.unomaha.edu, and designation by the U.S. Census Bureau as a statewide liaison for disseminating a range of data products. To learn more about CPAR and access many of our data resources go to [cpar.unomaha.edu](https://www.unomaha.edu/college-of-public-affairs-and-community-service/center-for-public-affairs-research/) (<https://www.unomaha.edu/college-of-public-affairs-and-community-service/center-for-public-affairs-research/>).

## The William Brennan Institute for Labor Studies

The William Brennan Institute for Labor Studies provides relevant and timely education for Nebraska wage earners, union leaders, labor organizations, and citizens to help attain the American Dream for all. Through non-credit educational instruction, wage earners gain knowledge and skills to be effective leaders in a democratic labor movement in a democratic society.

## Dean's List

Students enrolled in the College of Public Affairs and Community Service who maintain a GPA of 3.5 or better while carrying 12 hours or more of graded course work will earn the distinction of being placed on the Dean's Honor List at the end of each semester. Part-time students must earn a GPA of 3.5 or better for courses taken at UNO on a continuous part-time basis. These students may be placed on the Dean's List when they complete course work in 12 semester hour blocks at UNO (i.e., 12, 24, 48, etc.). Continuous part-time basis is defined as taking one or more courses totaling 1-11 semester hours during each fall and spring semester each academic year.

## Accreditation Information

| Major  | Degree   | Accreditation Body   |
|--|----------|--|
| Aviation: Specialization in Air Transport Administration | BS       | Aviation Accreditation Board, International (AABI)                       |
| Public Administration                                    | MPA      | Network of Schools of Public Policy, Affairs and Administration (NASPAA) |
| Social Work  | BSSW MSW | Council on Social Work Education (CSWE)                                  |

## Contact Information

CPACS Deans Office | 109 CPACS  
University of Nebraska at Omaha  
6001 Dodge Street  
Omaha, Nebraska 68182  
Phone – 402.554.2276  
Fax – 402.554.4871

College Website (<http://cpacs.unomaha.edu>)

## Admission to the College of Public Affairs and Community Service

Students who have been admitted to the University of Nebraska at Omaha may apply for admission into the College of Public Affairs and Community Service by indicating their preference in the appropriate place on the university application for admission. Refer to the section "Division of Continuing Studies" for DCS and Bachelor of Multidisciplinary Studies Degree admission requirements.

Students who wish to transfer into CPACS from another college or school within UNO must request permission from the department offering the student's intended major.

## Academic Requirements for the College Degrees

### Number of Hours to Graduate

Each candidate must present a total of at least 120 credit hours of college credit to meet graduation requirements.

### Minimum GPA/Additional Requirements

<https://nextcatalog.unomaha.edu/aboutuno/registration-to-graduation/grades/> (p. 37)

## College Requirements, BA/BS Requirements Major Field

Each student must present a major including at least 15 credit hours of upper division work designated as appropriate by the faculty of the department in which enrolled. A candidate meeting the requirements of each of two fields may present a double major in these fields. Individual departments should be consulted for the number of upper division hours required.

## Requirements for the Bachelor of Multidisciplinary Studies Degree

Refer to the section "Division of Continuing Studies" for Bachelor of Multidisciplinary Studies (BMS) Degree requirements.

## Prerequisite Courses

Completion of a course within the major with a grade below a "C-" will not be considered as having fulfilled prerequisite requirements for additional courses taken in the major field of study. A higher grade may be designated by the department/unit.

## General Education Requirements

All students in a CPACS degree program must meet the university general education requirements. Certain majors/programs in the College of Public Affairs and Community Service require specific foundational coursework that may also count for general education requirements. For more information on the foundational coursework, contact the department academic advisor.

## Transfer Credit Policy

All questions concerning the acceptability or transferability of credits earned at other institutions or via programs such as cooperative education and credit by examination should be directed to the department in which enrolled. Credit earned in courses below the 1000 level may not be applied toward the degree offered by the College of Public Affairs and Community Service.

## Unacceptable Credits

Remedial, developmental, or technical coursework may not be used toward the fulfillment of the 120 credit hour requirement.

Courses taken at a community college that are upper-division level courses in the College of Public Affairs and Community Service may not be counted as equivalent to upper-division College of Public Affairs and Community Service courses. At the discretion of the advisor and the department, these courses may be used toward required or elective coursework but may not be used to meet upper-division requirements.

Technical credit may be awarded to students in the Division of Continuing Studies. Please see a DCS academic advisor for more information.

## Retroactive Credit Policy

<https://nextcatalog.unomaha.edu/aboutuno/registration-to-graduation/undergraduate-transfer-credit/> (p. 33)

## Advanced Placement Credits

<https://nextcatalog.unomaha.edu/aboutuno/registration-to-graduation/undergraduate-transfer-credit/> (p. 33)

## Military Credit

<https://nextcatalog.unomaha.edu/aboutuno/registration-to-graduation/undergraduate-transfer-credit/> (p. 33)

## IB Credit

<https://nextcatalog.unomaha.edu/aboutuno/registration-to-graduation/undergraduate-transfer-credit/> (p. 33)

## Placement Exams and Credit by Department Policies/Practices

<https://nextcatalog.unomaha.edu/aboutuno/student-services-a-z/testing-center/> (p. 63)

## Residency Requirement

Thirty of the last 36 hours required for the degree must be registered for and carried within the University of Nebraska System.

## Quality of Work

Each candidate for the degree must attain a cumulative GPA of at least 2.0 ("C"). A grade of at least "C-" must be earned in all required courses

within the major, unless a higher grade is designated by the department/unit. All grades reported by the faculty to the registrar become a part of the student's permanent record and are included in the computation of the grade point average, even though some of these grades may be for work done in excess of the 120 hours required for graduation.

## Good Academic Standing Policy

<https://nextcatalog.unomaha.edu/aboutuno/registration-to-graduation/grades/> (p. 37)

## Credit/No Credit (CR/NC) Grades

<https://nextcatalog.unomaha.edu/aboutuno/registration-to-graduation/grades/> (p. 37)

## Completion of Incomplete Grade

<https://nextcatalog.unomaha.edu/aboutuno/registration-to-graduation/grades/> (p. 37)

## Repeatable Grades/Courses

<https://nextcatalog.unomaha.edu/aboutuno/registration-to-graduation/grades/> (p. 37)

## Appeal Process

Undergraduate students may appeal a final grade they feel was capriciously or prejudicially assigned. Students must contact the instructor in writing within 30 calendar days of the final course grade posting. The student shall indicate the reason they feel the final grade was capriciously or prejudicially assigned, the resolution they deem warranted, and the impact on the final grade in the course.

If the matter is not resolved, the student must meet with the department/school chair/director. If a satisfactory agreement cannot be reached the student must appeal, in writing, to the department/school curriculum committee. The appeal must be made in writing within 10 calendar days of meeting with the department/school chair/director. The student shall indicate the reason they feel the final grade was capriciously or prejudicially assigned, the resolution they deem warranted, and the impact on the final grade in the course.

If a satisfactory agreement cannot be reached with the department/school, the student may submit a written appeal to the Dean of the College of Public Affairs and Community Service within 10 calendar days of the exhaustion of the departmental procedures. The student shall indicate the reason they feel the final grade was capriciously or prejudicially assigned, the resolution they deem warranted, and the impact on the final grade in the course.

### Appeals to the Dean's office should include the following:

- an account of the facts surrounding the awarding of the disputed grade;
- a complete account of steps taken at the department or program level to resolve the dispute;
- copies of documents relevant to the grade appeal, including a copy of the course syllabus;
- an explanation of how the relevant grades were calculated/miscalculated and the impact on the final grade in the course.

The appeal will be reviewed by the CPACS Appeal's Committee to determine whether evaluation of a student has been prejudiced or capricious. The review will include a determination of whether grade appeal procedures have been followed during the prior appeal stages.

## Academic Amnesty

The College of Public Affairs and Community Service (CPACS) academic amnesty policy gives students the opportunity to rebuild their University of Nebraska system cumulative grade point average (GPA). Review the following information and consult your academic advisor to learn more.

### Eligibility:

To be eligible for Academic Amnesty, students must:

- Have been out of the Nebraska system for at least one calendar year (12-month period).
- Have substandard coursework ("F" or "D" grades) earned within the University of Nebraska system (UNO, UNL, UNK, UNMC) prior to the year out (substandard grades earned after the year out will not be included in the Academic Amnesty contract).
- Be admitted as a degree-seeking student at the University of Nebraska.

### Amnesty Requirements:

- Academic Amnesty will begin with the first course(s) taken upon return to UNO.
- Students may apply for Academic Amnesty at any time after taking the one-year break.
- After returning from the one-year break, demonstrate academic success in new UNO coursework.
- Academic success may be demonstrated by one of the following:
  - Completing at least 12 semester hours (simultaneous or sequential) with a minimum of 3.0 cumulative GPA,
  - Completing at least 24 semester hours (simultaneous or sequential) with a minimum of 2.5 cumulative GPA.
- Students must maintain continuous enrollment (at least six (6) semester hours completed within any 12-month period).
- Students will work with their academic advisor to select the coursework to be amnestied.
- Students must inform an academic advisor when the Academic Amnesty requirements are met.

### Notes:

- All amnestied coursework will remain on the student's academic record (transcript); however, the courses will not be included in calculation of the student's grade point average. Courses will be annotated "Academic Amnesty Excluded from GPA" on the transcript.
- Once Academic Amnesty is granted, students will not be eligible for honors at graduation. Students are still eligible for Dean's List and Chancellor's List honors.
- While demonstrating academic success, no changes are made to the student's academic record. If a student's cumulative GPA is still below standard, the students will continue to be reported as "continued on probation." Should the student revert to substandard academic performance while working on Academic Amnesty, the student can still be suspended. Academic Amnesty is intended to provide relief from the past without providing immunity from future substandard academic performance.
- Students must still meet all university and college requirements to graduate.

## Academic Probation and Suspension

[https://nextcatalog.unomaha.edu/aboutuno/registration-to-graduation/grades/ \(p. 37\)](https://nextcatalog.unomaha.edu/aboutuno/registration-to-graduation/grades/ (p. 37))

## Reinstatement Policy Following Academic Suspension

[https://nextcatalog.unomaha.edu/undergraduate/grades/ \(p. 70\)](https://nextcatalog.unomaha.edu/undergraduate/grades/ (p. 70))[https://nextcatalog.unomaha.edu/aboutuno/registration-to-graduation/grades/ \(p. 37\)](https://nextcatalog.unomaha.edu/aboutuno/registration-to-graduation/grades/ (p. 37))Academic Advising

The purpose of academic advising within the College of Public Affairs and Community Service is to provide guidance and support to students striving to meet degree requirements. CPACS academic advising is provided at the departmental level. Students are encouraged to communicate with an academic advisor prior to registration each semester and should contact an advisor with any academic program questions. It is especially important for students nearing graduation to consult with an academic advisor to ensure all program requirements are met.

### Advising Holds

Advising holds vary by academic unit. Please see your academic advisor for more information.

### Student Holds

[https://nextcatalog.unomaha.edu/aboutuno/registration-to-graduation/enrollment/ \(p. 30\)](https://nextcatalog.unomaha.edu/aboutuno/registration-to-graduation/enrollment/ (p. 30))

### Senior Check

The College of Public Affairs and Community Service expects that students are working with their academic advisor throughout the course of their program. Once 91 credit hours are achieved, we encourage you to schedule an appointment with your academic advisor to ensure there is a graduation plan in place to complete your requirements.

## Aviation

### College Vision Statement Mission/Vision

The mission of the Aviation Institute is to:

- provide an environment where students are supported and challenged as they develop the skills, knowledge, and experiences that prepare them for personally and professionally rewarding careers in aviation and transportation;
- conduct research that enhances the safety, security, efficiency, reliability, and sustainability of aviation and transportation services, and improves mobility and quality of life for the citizens of the State of Nebraska;
- engage the community through partnerships and other collaborative initiatives that improve the lives of the citizens of the State of Nebraska and others through innovative education, training, research, and service projects; and
- maintain the highest standards of integrity and transparency in the conduct of the Institute's business and the management and stewardship of its resources.

## Accreditation Information

One of the concentrations in the Bachelor of Science in Aviation, the Air Transport Administration Specialization, is accredited by the Aviation Accreditation Board, International

## General Information

### Maximum/Minimum Credits

Students are required to complete a minimum of 120 credit hours to complete a Bachelor of Science in Aviation.

## Residency Requirement

Default to College

## Transfer Credit Policy

See the Academic Advisor

## Unacceptable Credits

See the Academic Advisor

## Dean's List

Default to College

## Honors

Default to College

## Quality of Work

For purposes of meeting general education requirements, distribution requirements, and prerequisite requirements for courses, a grade of "C" performs the role of a grade of "C", and a grade of "D" performs the role of a grade of "D". A minimum grade of "C" (2.0) must be earned in each of the required courses within the major area of study.

## Completion of Incomplete Grade

Students who receive instructor permission to take an incomplete must have the incomplete resolved the following semester or the incomplete changes to withdraw. If a student has a question in regard to this policy, they should see their academic adviser for clarification

## Repeating Courses

n/a

## Grade Appeal Policy

Default to College

## Probation/Suspension

Default to College

## Academic Amnesty

Default to College

## Academic Advising

The Aviation Institute offers both academic and career advising to students. The academic advisor is available to assist students in meeting their career requirements and to interpret Institute and University policies regarding academic requirements. Students are encouraged to contact their advisor whenever questions arise concerning their academic program. As a minimum, students should see an advisor before registering for the next semester and review their academic progress, when choosing an area of specialty, and prior to registering for their senior year. The Aviation Institute faculty are also available to discuss career planning, opportunities, and advising. The faculty have a strong connection to the aviation industry and students are encouraged to use the faculty as a resource in determining their career goals. Students are encouraged to make an appointment as a freshman or sophomore with the Aviation Institute faculty to discuss their career path. For more information or to setup and appointment contact the Aviation Institute.

## Senior Check

See your Academic Advisor

## Application for Degree

Students apply for graduation through MavLINK.

## Scholarship and Internship Opportunities

There are several scholarship and internship opportunities available to students within the Aviation Institute. Scholarships for current UNOA students are awarded annually through an application process. The applications for these scholarships are available in November and are awarded at the Aviation Institute's annual honors convocation in April. Close partnerships with a number of Omaha metro organizations allow for several internship opportunities to current Aviation Institute students each semester. To apply for an internship, students must contact the internship coordinator, CPACS 120. A list of all UNOA scholarships and internships can be found on the Aviation Institute Website (<https://www.unomaha.edu/college-of-public-affairs-and-community-service/aviation/academics/>).

## Advanced Simulation Facility

Flight students will use the Advanced Simulation Facility on a regular basis. Simulator fees are built into their student fees and are paid directly to the University of Nebraska at Omaha. The amount of time a student spends in the simulator will vary per semester depending on the flight lab requirements. Students will need to work with the Flight Training Coordinator to provide all necessary TSA documentation in order to use the flight simulators. The Aviation Institute currently has three Redbird MCX Simulators, one motion, two non-motion and a Boeing 737-800 NG FTD.

## Aviation Resource Center

The Aviation Resource Center is available to all Aviation students. In the Aviation Resource Center, students can utilize the many resources offered to help them achieve academic success. Resources available are: computers for research, testing, and personal use, printing services, FAA Practical Test Study Guides, Gleim Test Prep Software, Jeppesen Study Materials, King CD-Rom Study Courses, free use of PC-ATD simulator, Current Trade Magazines and Publications, Complete AOPA Air Facts DVD Series, Sporty's Training DVDs, ASA Study Guides, complete collections of Jeppesen Training Videos, current copies of FAA's FAR/AIM, tutoring, various aviation related referencing textbooks, ASA-JSCH PP2 headsets, Garmin 396, and a Garmin 295.

In addition, the Aviation Resource Center is a certified FAA Testing Center, where students can take FAA Practical Exams.

## Financial Aid

Students should apply for financial aid as directed by the Office of Financial Support and Scholarships and at the beginning of each calendar year thereafter. Priority is given to applicants who apply early. Additional financial aid may be available to qualified students to pay for the added cost of flight training. See the Aviation Institute academic advisor for information regarding additional financial aid for flight training. Flight training is optional and not required for students working toward the Air Transport Administration or Unmanned Aircraft Systems concentrations.

## Language Fluency

International and other students enrolling in the Aviation Institute for whom English is not their primary language will be required to be sufficiently fluent in English as a second language. This requirement is particularly critical for successfully completing the flight training portion of the Institute's curriculum.

## Program Contact Information

402.554.3424

[unoaviation@unomaha.edu](mailto:unoaviation@unomaha.edu)

Program Website (<https://www.unomaha.edu/college-of-public-affairs-and-community-service/aviation/academics/>)

## Admission Requirements

Incoming students who are not considered transfer students are guaranteed admission to the Bachelor of Science in Aviation program upon admission to the University of Nebraska at Omaha. Transfer students who want to complete the Bachelor of Science in Aviation Program must have a cumulative GPA of 2.5 to be accepted into the College of Public Affairs and Community Service. Current UNO students accepted for admission to any of the University's colleges may enroll in the Institute's aviation courses for elective credit.

## Degrees Offered

- Aviation, Bachelor of Science (p. 687)

## Overview of Degree Programs

### Air Transport Administration Concentration

The Air Transport Administration area of concentration is conferred under the Bachelor of Science in Aviation degree program. This option is oriented toward the public/private sector interface of individuals looking for administration careers. Potential career opportunities exist within the Federal Aviation Administration, Transportation Security Administration, National Transportation Safety Board, state aviation organizations, local and regional aviation organizations, airport administration, fixed-based operators, aviation consulting firms, airline operations, flight department operations, aircraft manufacturing companies, aviation marketing firms, and non-profit organizations such as Aircraft Owners and Pilot Association, National Business Aviation Association, and the Experimental Aircraft Association. The Air Transport Administration specialization gives the student the opportunity to gain knowledge in several aspects of the aviation and aerospace industry. Students will take specific classes in areas of general aviation, airport planning, statistical analysis, security, and airline operations. Students will also have the opportunity to become involved in an internship or cooperative education experience. This experience will expose students to working in an area that relates to their potential career path; both local and national programs are available. Students who are looking to work in these highly competitive and regulated areas should choose the Air Transport Administration specialization program for their course of study.

### Professional Flight Concentration

The Aviation Institute offers flight training from private pilot to certified flight instructor. Flight training is closely coordinated through local flight schools. Students who successfully complete any of the training under UNO requirements courses will receive appropriate academic credit. The Aviation Institute's Professional Flight curriculum is approved by the FAA to grant the Restricted Airline Transport Pilot (R-ATP) authorization to graduates. With the R-ATP, a pilot can be hired by a FAA Part 121 scheduled airline at age 21 with 1,000 flight hours versus at age 23 and 1,500 flight hours. Students who plan on enrollment in a flight training course should be able to successfully complete a first class aviation medical examination conducted by an FAA designated Aviation Medical Examiner accordance with Federal Aviation Regulation Part 67, *Medical Standards and Certification*. **Flight costs are paid directly to the flight provider where you conduct your training and are in addition to regular University tuition and fees.** Approximate costs for flight training are available in the Aviation Student Handbook. Costs for each training phase are based on the average number of hours required by the FAA for that particular phase. If a student requires additional flying or ground training to complete a particular training phase course, the student will be obligated to pay for the extra training. Additional financial aid is available for flight training, but does not cover 100% of flight training costs.

Flight training schedules are arranged by the student and flight instructor at each flight center. Students are responsible for contacting the flight training provider and establishing a schedule that will allow for completion of course requirements within the time allowed. It is suggested that students plan to fly three times a week. Instructors are available day, night, and weekends. For a current list of flight providers, see the Aviation Institute Web site at [ai.unomaha.edu](http://ai.unomaha.edu) (<http://ai.unomaha.edu/>). Consult with an aviation academic adviser for additional information.

## Uncrewed Aircraft Systems Operations Concentration

The Uncrewed Aircraft Systems Operations area of concentration is conferred under the Bachelor of Science in Aviation degree program. This concentration will prepare a student for a career in operating uncrewed aircraft as well as management and operations of a company or organization that utilizes uncrewed aircraft.

## Minors

- Minor in Aviation (p. 693)
- Uncrewed Aircraft System (UAS) Drone Technology (p. 693)

## Bachelor of Science in Aviation-Air Transport Administration Concentration

The Bachelor of Science in Aviation-Air Transport Administration prepares students for careers in airport administration, corporate and general aviation, operations management, airline operations, consulting and federal government opportunities.

### Career Opportunities

- Airline Management
- Airline Operations
- Airport Management
- Airport Operations
- Airport Planning
- Government (FAA, TSA, NTSB)
- Corporate Aviation Management
- Client Services
- Fleet Planning
- Safety & Security
- Aircraft Sales/Aviation Parts & Avionics Sales
- FBO Operations
- FBO Management

## Bachelor of Science in Aviation-Professional Flight Specialization

The Bachelor of Science in Aviation-Professional Flight is designed for students interested in becoming a professional pilot. The program will prepare the student with a comprehensive general education program, aviation core of classes and take them through their Private, Instrument, Commercial, Certified Flight Instructor and Multi Engine Ratings. Graduates of this program will qualify for the Restricted Airline Transport Pilot program through the FAA.

### Career Opportunities

- Airline Pilot
- Corporate Pilot
- Cargo Pilot

- Charter Pilot
- Certified Flight Instructor

## Bachelor of Science in Aviation-Uncrewed Aircraft Systems Operations Specialization

The Bachelor of Science in Aviation-Uncrewed Aircraft Systems Operations is designed for students who would like to build a career in the new and developing world of UAS Operations. Courses will include a comprehensive general education curriculum, aviation core classes and concentrated areas in uncrewed aircrafts. Students will not only focus on flying uncrewed aircraft, but also developing the skills to manage a full operation and learn to utilize the data and imagery collected.

### Career Opportunities

- Drone Operator
- Agriculture
- Aerial Systems Logistics
- Emergency Management
- Photography/Videography
- Transportation Industry (Aviation, Rail, etc.)
- Real Estate

## Aviation, Bachelor of Science in Aviation, Air Transport Administration Concentration:

The curriculum includes the University of Nebraska at Omaha's (UNO) general education requirements, departmental requirements, a core of aviation classes and specialized courses in air transport administration. All students in a degree program in the aviation department must meet the university general education requirements. Additional information on these requirements can be found in this catalog and on the University General Education website (<https://www.unomaha.edu/general-education/>). Please contact an academic advisor for recommended choices for the major. Certain majors/programs in the Aviation Institute require specific foundational coursework that may also count for General Education requirements. For further information and details, contact an academic advisor.

## Bachelor of Science in Aviation, Professional Flight Concentration:

The curriculum includes the UNO's general education requirements, departmental requirements, a core of aviation classes and specialized courses in professional flight. All students in a degree program in the aviation department must meet the university general education requirements. Additional information on these requirements can be found in this catalog and on the University General Education website (<https://www.unomaha.edu/general-education/>). Please contact an academic advisor for recommended choices for the major. Certain majors/programs in the Aviation Institute require specific foundational coursework that may also count for General Education requirements. For further information and details, contact an academic advisor.

## Bachelor of Science in Aviation, Uncrewed Aircraft Systems Concentration:

The curriculum includes the UNO's general education requirements, departmental requirements, a core of aviation classes and specialized courses in unmanned aircraft systems. All students in a degree program in the aviation department must meet the university general education requirements. Additional information on these requirements can be found in this catalog and on the University General Education website (<https://www.unomaha.edu/general-education/>). Please contact an academic advisor for recommended choices for the major. Certain majors/programs in the Aviation Institute require specific foundational coursework that may also count for General Education requirements. For further information and details, contact an academic advisor.

**Credits 13****Total Credits 120**

<sup>1</sup> Student could potentially test out of Math 1220 or based off testing need a lower level math course.

<sup>2</sup> It is highly recommended that a student consider a Minor to fill open Electives

<sup>3</sup> Aviation Electives are classes a student chooses within the aviation department based on their specified interests. Each Administration student must complete 6 credit hours.

This roadmap is a suggested plan of study and does not replace meeting with an advisor. Please note that students may need to adjust the actual sequence of courses based on course availability. Please consult an advisor in your major program for further guidance.

This plan is not a contract and curriculum is subject to change

**Additional Information About this Plan:**

**University Degree Requirements:** The minimum number of hours for a UNO undergraduate degree is 120 credit hours. Please review the requirements for your specific program to determine all requirements for the program. In order to graduate on-time (four years for an undergraduate degree), you need to take 30 hours each year.

**Placement Exams:** For Math, English, Foreign Language, a placement exam may be required. More information on these exams can be found at <https://www.unomaha.edu/enrollment-management/testing-center/placement-exams/information.php>

\*\*Transfer credit or placement exam scores may change suggested plan of study

# Professional Flight Concentration

## Aviation, Bachelor of Science - Professional Flight Concentration Requirements

| Code  | Title   | Credits      |
|---|---|--------------|
| <b>GENERAL EDUCATION REQUIREMENTS - 34 Hours Required</b>   |   |              |
| Minimum of "C-" required  |   |              |
| <b>Fundamental Skills</b>   |   | <b>15</b>    |
| <b>Writing – 6 hrs.</b>   |   |              |
| ENGL 1150   | ENGLISH COMPOSITION I                                       |              |
| ENGL 1160   | COLLEGE RESEARCH AND INFORMATION LITERACY                   |              |
| <b>Oral Communication – 3 hrs.</b>  |   |              |
| CMST 1110   | PUBLIC SPEAKING FUNDS                                       |              |
| or CMST 2120  | ARGUMENTATION AND DEBATE                                    |              |
| <b>Quantitative Literacy – 3 hrs.</b>   |   |              |
| MATH 1120   | INTRODUCTION TO MATHEMATICAL AND COMPUTATIONAL THINKING     |              |
| or MATH 1130  | QUANTITATIVE LITERACY                                       |              |
| or MATH 1140  | QUANTITATIVE REASONING FOR HEALTHCARE PROFESSIONALS         |              |
| or MATH 1300  | COLLEGE ALGEBRA WITH SUPPORT                                |              |
| <b>Data Literacy – 3 hrs.</b>   |   |              |
| Select one from the following:  |   |              |
| STAT 1100   | DATA LITERACY AND VISUALIZATION                             |              |
| STAT 1530   | ELEMENTARY STATISTICS                                       |              |
| Until Fall 2028, students can satisfy this requirement with an approved data literacy course, or any approved natural or social science general education course. |   |              |
| <b>Breadth of Knowledge</b>   |   | <b>13</b>    |
| Social Science – 3 hrs.   |   |              |
| Humanities – 3 hrs.   |   |              |
| Natural & Physical Science (must complete a lab) – 4 hrs.   |   |              |
| Arts – 3 hrs.   |   |              |
| <b>Individual and Social Responsibility</b>   |   | <b>6</b>     |
| Cultural Knowledge – 3 hrs.   |   |              |
| Civic Knowledge and Engagement – 3 hrs.   |   |              |
| <b>MAJOR REQUIREMENTS - 49-50 Hours Required</b>  |   |              |
| **Course will satisfy UNO's General Education requirement   |   |              |
| ^Course requires pre-requisite(s)   |   |              |
| <b>All of the following:</b>  |   | <b>49-50</b> |
| MATH 1300   | COLLEGE ALGEBRA WITH SUPPORT                                |              |
| or MATH 1220  | COLLEGE ALGEBRA   |              |
