GEOGRAPHY, BACHELOR OF ARTS

To obtain a B.A. with a major in Geography, a student must fulfill university, college, and departmental requirements. Minimum hour requirements follow:

- 46 hours of University General Education courses
- 16 hours of foreign languages
- 12 hours college breadth requirement
- 42 hours of major courses
- Elective hours as required to total 120 hours.

TOTAL HOURS: 120

The BA degree with a major in Geography requires a minimum of 42 credits, 25 of which must be taken at the 3000 level or higher. All 3000 level or higher courses taken in the Geography Fundamentals and Geography Diversity Requirements count toward this requirement.

Students who wish more concentrated applications in geography may choose an optional concentration of either Geographic Information Systems or Travel and Tourism. The specific course requirements for these concentrations may also be used to satisfy the major requirements where the overlap of course options occurs.

The Bachelor of Arts degree with a major in Geography requires 42* credits of major coursework, of which 25 must be upper-level (3000-4000) Geography courses. Statistics and programming courses do not count toward the upper-level Geography requirement.

* CIST 1300 may be necessary if student does not have programming experience. In that case, the total would be 45.

• 24 credits of Geography Fundamentals Requirements
• 18-20 credits of Geography Diversity Requirements
• (0-3 credits of programming-see GEOG 3530)

TOTAL = 42-47

This roadmap is a suggested plan of study and does not replace meeting with an advisor. Please note that students may need to adjust the actual sequence of courses based on course availability. Please consult an advisor in your major program for further guidance.

This plan is not a contract and curriculum is subject to change.

**Additional Information About this Plan:**

**University Degree Requirements:** The minimum number of hours for a UNO undergraduate degree is 120 credit hours. Please review the requirements for your specific program to determine all requirements for the program. In order to graduate on-time (four years for an undergraduate degree), you need to take 30 hours each year.

**Placement Exams:** For Math, English, Foreign Language, a placement exam may be required. More information on these exams can be found at [https://www.unomaha.edu/enrollment-management/testing-center/placement-exams/information.php](https://www.unomaha.edu/enrollment-management/testing-center/placement-exams/information.php)
