PHYSICS, BACHELOR OF SCIENCE

Requirements

The Bachelor of Science (B.S.) degree in physics is offered with three different options for students to follow: Option I is for the student who intends to go on to graduate school in physics; Option II allows for the degree to be enhanced by a second discipline; and finally, the Bachelor of Science in physics with a concentration in education leads to a physics teaching certificate at the secondary-school level. To help prospective physics majors make optimal decisions, they are encouraged to speak with a departmental adviser as early as possible.

To obtain a B.S. with a major in physics, a student must fulfill university, college, and departmental requirements. Hour requirements follow:

- **46 hours of University General Education courses**
  Most commonly, physics majors do not complete 46 hours of coursework solely for the purpose of meeting University General Education requirements. Instead, they often test out of at least three hours of fundamental academic skills, take courses that meet both the six hours of diversity requirements and six hours of distribution requirements, and meet 4 hours of the natural sciences distribution requirement through completing major courses. In such cases, the number of credit hours taken solely to meet General Education requirements is reduced to 33 or fewer.

- **12-19 hours college breadth requirement**

- **55 hours of major courses**

- **15-16 hours of cognate courses**

- **0-4 hours of electives**

**TOTAL HOURS: 120**

**Code** | **Title** | **Credits**
---|---|---
PHYS 1950 | PHYSICS GATEWAY COURSE | 1
PHYS 2110 | GENERAL PHYSICS I - CALCULUS LEVEL and GENERAL PHYSICS LABORATORY I | 5
PHYS 2120 | GENERAL PHYSICS-CALCULUS LEVEL and GENERAL PHYSICS LABORATORY II | 5
PHYS 2130 | MODERN PHYSICS | 4
PHYS 3250 | MATHEMATICAL METHODS OF PHYSICS I | 3
MATH 1950 | CALCULUS I | 5
MATH 1960 | CALCULUS II | 4
PHYS 2110 | GENERAL PHYSICS-CALCULUS LEVEL and GENERAL PHYSICS LABORATORY II | 5
PHYS 2120 | GENERAL PHYSICS-CALCULUS LEVEL and GENERAL PHYSICS LABORATORY II | 5
PHYS 2130 | MODERN PHYSICS | 4
PHYS 3250 | MATHEMATICAL METHODS OF PHYSICS I | 3
MATH 1950 | CALCULUS I | 5
MATH 1960 | CALCULUS II | 4
MATH 1970 | CALCULUS III | 4

**Physics Core Courses**

PHYS 3450 | CLASSICAL MECHANICS | 3
PHYS 3600 | THERMODYNAMICS AND STATISTICAL PHYSICS | 3
PHYS 3750 | ELECTRICITY AND MAGNETISM I | 3
PHYS 3800 | OPTICS | 3
PHYS 4200 | INTRODUCTION TO QUANTUM MECHANICS | 3

**Advanced Laboratory**

PHYS 3504 | EXPERIMENTAL PHYSICS I | 1
Select one of the following: | | 1
PHYS 3524 | EXPERIMENTAL MATERIALS SCIENCE | 1
PHYS 3544 | EXPERIMENTAL PHYSICS III | 1
PHYS 3564 | EXPERIMENTAL PHYSICS IV | 1

**Senior Project and Physics Electives**

In addition to the above requirements, a senior project (1 credit) and two upper level (3000/4000) elective physics courses (6 credits) are required. 2

**Two 3-credit PHYS 3000/4000 Level Electives | 6**

**Total Credits | 55**

1 Students taking a number of 2000-level mathematics courses may be permitted to waive PHYS 3250 or PHYS 3260.

2 Please see more details about the senior project in the “Other Information” portion of the physics section.

This roadmap is a suggested plan of study and does not replace meeting with an advisor. Please note that students may need to adjust the actual sequence of courses based on course availability. Please consult an advisor in your major program for further guidance.

Additional Information About this Plan:

**University Degree Requirements:**
The minimum number of hours for a UNO undergraduate degree is 120 credit hours. Please review the requirements for your specific program to determine all requirements for the program. In order to graduate on-time (four years for an undergraduate degree), you need to take 30 hours each year.

**Placement Exams:**
For Math, English, Foreign Language, a placement exam may be required. More information on these exams can be found at [https://www.unomaha.edu/enrollment-management/testing-center/placement-exams/information.php](https://www.unomaha.edu/enrollment-management/testing-center/placement-exams/information.php)

**Transfer credit or placement exam scores may change suggested plan of study**

**GPA Requirements: 2.0**

**Graduation Requirements:** Physics majors must also take the two assessment tests (Major Field Test and Local test) and complete the exit interview.

The senior project must be approved and the department chair notified at least eight months prior to graduation as a Physics major and the student must register for either PHYS 4950 ([https://catalog.unomaha.edu/search/?P=PHYS%204950](https://catalog.unomaha.edu/search/?P=PHYS%204950)) or PHYS 4960 ([https://catalog.unomaha.edu/search/?P=PHYS%204960](https://catalog.unomaha.edu/search/?P=PHYS%204960)).
